RESOLUTION COMPUTING AND CERTIFYING ADJUSTED BASE PROPORTION OF EACH CLASS OF REAL PROPERTY FOR FISCAL 2016 TO THE STATE BOARD OF REAL PROPERTY SERVICES PURSUANT TO SECTION 1803-2 OF THE REAL PROPERTY TAX LAW.

Introduction. The above-captioned resolution completes the certification procedure required by Section 1803-a of the Real Property Tax Law to establish the class shares used in levying the real property taxes for the adopted Fiscal 2016 budget.

In a separate resolution, the Council computed and certified the current base proportions for Fiscal 2016 (the "CBP Resolution"). The above-captioned resolution uses those current base proportions, together with data supplied by the New York City Department of Finance from the final assessment roll released on May 26, 2015, to determine the adjusted base proportions (or class shares) in accordance with the procedure established by the State Board of Real Property Services (the "SBRPS").

The current base proportion for each class of real property takes into account the market value changes in the class occurring between the assessment roll for the base period, 1989, and the latest roll for which SBRPS has established class equalization rates, 2014. The CBP Resolution modified the class shares for the Fiscal 2016 property tax levy accordingly. The remaining step, to be taken in the above-captioned resolution, adjusts these current base proportions to take account of the various physical changes (such as demolitions, new construction, changes in exempt status and transfers among classes) that are reflected in the new final assessment roll. The computations called for in the SBRPS procedure are designed to separate the effects of these physical changes from equalization changes made by local assessors.

Analysis. The calculations shown on the SBRPS Form RP-6702 attached to the above-captioned resolution modify the share for each class to reflect physical changes. For Fiscal 2016, all property tax classes show modest physical increases. The Fiscal 2016 adjusted base proportions for Classes 1 and 4 show modest declines of an average of 0.6 percent from the Fiscal 2016 current base proportions. Classes 2 and 3 on the other hand see increases due to physical increases pushing their adjusted base percentage up about 0.03 percent and 5.4 percent respectively.

However, the changes from the adjusted base proportions from Fiscal 2015 to Fiscal 2016, as reported in the table below, show an increase for Class 2, while Classes 1, 3, and 4 see decreases.

By Council Member Ferreras-Copeland

Whereas, this Resolution, dated June 26, 2015, computes and certifies the adjusted base proportion of each class of real property for the fiscal year beginning on July 1, 2015 and ending on June 30, 2016 ("Fiscal 2016") to the State Board of Real Property Services pursuant to Section 1803-a of the Real Property Tax Law; and

Whereas, on May 26, 2015, pursuant to Section 1514 of the Charter of the City of New York, the Commissioner of the Department of Finance delivered to the Council the certified assessment rolls for all real property assessable for taxation in the City in each borough thereof for Fiscal 2016, a certified copy of which is in the Office of the Clerk of the City pursuant to Section 516 of the Real Property Tax Law (the "Fiscal 2016 Assessment Rolls"); and

Whereas, pursuant to Section 1803-a (1) of the Real Property Tax Law the Council adopts herewith a resolution in which the Council computed and certified the current base proportion, the current percentage and the base percentage of each class of real property in the City for Fiscal 2016 (the "Current Base Proportion Resolution"); and

Whereas, Section 1803-a (5) of the Real Property Tax Law requires the Council, subsequent to the filing of the final Fiscal 2016 Assessment Rolls, to adjust current base proportions computed pursuant to the Current Base Proportion Resolution to reflect additions to and removals from the Fiscal 2016 Assessment Rolls as described therein (each such current base proportion so adjusted to be known as an "Adjusted Base Proportion"); and

Whereas, within five (5) days upon determination of the Adjusted Base Proportions, Section 1803-a (6) of the Real Property Tax Law, requires the Council to certify, to the State Board of Real Property Services ("SBRPS"), the Adjusted Base Proportion for each class of real property applicable to the City, the assessed value of all property in each class of real property, the net change in assessed value for each class on the Fiscal 2016 Assessment Rolls resulting from the additions to or removals from the Fiscal 2016 Assessment Rolls as described above, and the net change in assessed value for each class on the Fiscal 2016 Assessment Rolls resulting from changes other than those referred to above;

NOW, THEREFORE, be it resolved by The Council of The City of New York as follows:

Section 1. Computation and Certification of Adjusted Base Proportions and Related Information for Fiscal 2016. (a) The Council hereby computes and certifies the Adjusted Base Proportion for each class of real property applicable to the City, the assessed value of all property in each class of real property, the net change in assessed value for each class on the Fiscal 2016 Assessment Rolls resulting from the additions to or removals from the Fiscal 2016 Assessment Rolls as described in Section 1803-a (5) of the Real Property Tax Law, and the net change in assessed value for each class on the Fiscal 2016 Assessment Rolls resulting from changes other than those described in Section 1803-a (5) of the Real Property Tax Law, as shown on SBRPS Form RP-6702, attached hereto as Exhibit A and incorporated herein by reference (the "ABP Certificate").

(b) The Clerk of the Council is hereby authorized and directed to execute the ABP Certificate and to file it with the SBRPS no later than five (5) days after the date hereof.
