RESOLVED:

Having considered the FGEIS with respect to the Decision and Application, the Council finds that:

- (1) The FGEIS meets the requirements of 6 N.Y.C.R.R. Part 617;
- (2) Consistent with social, economic and other essential considerations, from among the reasonable alternatives thereto, the action is one which minimizes or avoids adverse environmental impacts to the maximum extent practicable; and
- (3) The adverse environmental impacts disclosed in the FGEIS will be minimized or avoided to the maximum extent practicable by incorporating as conditions to the approval, those mitigative measures that were identified as practicable.

The Decision and the FGEIS constitute the written statement of facts, and of social, economic and other factors and standards that form the basis of this determination, pursuant to 6 N.Y.C.R.R. §617.11(d).

Pursuant to Sections 197-d and 200 of the City Charter and on the basis of the Decision and Application, and based on the environmental determination and consideration described in the report, C 170278 PPM, incorporated by reference herein, the Council approves the Decision for the disposition of one city-owned property located at 2460 Second Avenue (Block 1803, Lot 1), Borough of Manhattan, with the modification that the disposition is restricted to require the provision of a minimum of 18,000 square feet of publicly accessible open space, to be located to the maximum extent feasible, within the historic footprint of the Harlem African Burial Ground on the Disposition Area.
