A Local Law to amend the administrative code of the city of New York, in relation to names of public datasets requested under the freedom of information law

Be it enacted by the Council as follows:

File #: Int 1528-2017, Version: A

Section 1. Subdivision f of Section 23-502 of the administrative code of the city of New York, as added

by local law number 7 for the year 2016, is amended to read as follows:

f. Agencies shall review responses to freedom of information law requests that include the release of

data to determine if such responses consist of or include public data sets that have not yet been included on the

prepared pursuant to section 23-506. Each agency shall disclose in the update to such compliance plan the total

number, since the last update, of such agency's freedom of information law responses that included the release

of data, the total number of such responses determined to consist of or include a public data set that had not yet

been included on the single web portal and the name of such public data set, where applicable, and the total

number of such responses that resulted in voluntarily disclosed information being made accessible through the

single web portal.
