- (2) On weekends and New York state and federal holidays before nine a.m. and after six p.m., except that no gas-powered leaf blower shall be used before noon on these days; or
- (3) At any time in such a way as to create an unreasonable noise. For the purposes of this section

unreasonable noise shall include but shall not be limited to an aggregate sound level of 65 [db(A)] dB(A) or more for all non-gas-powered leaf blower lawn care devices, and an aggregate sound level exceeding 65 dB(A) for gas-powered leaf blowers, attributable to the source or sources, as measured at any point within a receiving property. The provisions of paragraph (1) of this subdivision shall not apply to an employee of the department of parks and recreation or an agent or contractor of the department of parks and recreation who operates or uses or causes to be operated or used any lawn care device between the hours of seven a.m. and eight a.m. in any location more than three hundred feet from any building that is lawfully occupied for residential use. The distance of three hundred feet shall be measured in a straight line from the point on the exterior wall of such building nearest to any point in the location at which such lawn care device is operated or used or caused to be operated or used.

(b) No person shall operate, [or] use, or cause to be operated or used, any gas-powered leaf blower [not equipped with a functioning muffler] between or on the dates of May 15 and September 15 of any calendar year.

(c) No person shall operate, use, or cause to be operated or used, a gas-powered leaf blower rated to produce a maximum sound level in excess of 65 dB(A) as determined in accordance with the most current version of American national standards institute (ANSI) B175.2-2000.

§ 2. Chapter 4 of title 20 of the administrative code of the city of New York is amended by adding a new subchapter 13 to read as follows:
