and we ask this in God's name.
Amen.

Council Member Farías moved to spread the Invocation in full upon the record.

During the Communication from the Speaker segment of this meeting, the Speaker (Council Member Adams) wished to honor the late FDNY firefighter Timothy Klein, 31, of Ladder Company 170. Firefighter Klein, a six year veteran of the department, died on April 24, 2022 while bravely responding to a fire in Brooklyn. The blaze took place in Council Member Narcisse's district in Canarsie. The fire also killed Carlos Richards, 21, son of a retired NYPD officer and a registered nurse. On behalf of the Council, the Speaker (Council Member Adams) offered her thoughts and prayers to the family and friends of Firefighter Klein and Mr. Richards as well as to Ladder Company 170 and the entire FDNY. She also acknowledged the other injured fire fighters who had risked their lives on that day– the Speaker (Council Member Adams) wished them well and wished them a speedy recovery.

The Speaker (Council Member Adams) asked for a Moment of Silence in memory of those who had lost their lives in the line of duty during the past week.

At this point, a Moment of Silence was observed in the Chambers.

No. 134-A, a local law in relation to the employers required to post minimum and maximum salary information. On April 5, 2022 the Committee heard a previous version of this bill, Int. 134, which would amend Local Law 32 for the year 2022. Those invited to testify included representatives from the New York City Commission on Human Rights (CCHR), advocacy and community organizations, and members of the public. II. BACKGROUND

a. The Wage Gap in the United States

The wage gap represents the discrepancy in wages between men and women,¹ which is the average difference between the pay, or wages, for men and women in the workforce.² The median annual earnings of full-time, year-round workers is the most common measure for calculating the gender wage gap.³ Additionally, intersectional identities, including race, affect the wage gap.⁴ The Pew Research Center (“Pew”) found that, in 2015, among both full- and part-time workers in the United States (U.S.), Black people earned just 75 percent as much as whites in median hourly earnings and women earned 83 percent as much as men.⁵ According to the Institute for Women’s Policy Research, the gender wage gap in weekly earnings for full-time workers in the U.S. increased between 2017 and 2018.⁶ Pew’s research shows that this data has changed very little over the years as the gender wage gap held steady in 2020, with women earning 84% of what men earned.⁷

⁶ In 2018, the Institute reported that the ratio of women’s to men’s median weekly full-time earning was 81.1 percent, leaving a wage gap of 18.9 percent. Institute for Women’s Policy Research, *The Gender Wage Gap: 2018-Earnings Differences by Race and Ethnicity*, (Mar. 2018) Available at https://iwpr.org/wp-content/uploads/2019/03/C478_Gender-Wage-Gap-in-2018.pdf.

⁷ Notably, data has not yet been made available for 2021 and the impact of the coronavirus fueled economic downturn. Amanda Barroso and Anna Brown. Pew Research Center. *Gender Pay Gap in U.S. Held Steady in 2020*. (May 25, 2021) Available at <https://www.pewresearch.org/fact-tank/2021/05/25/gender-pay-gap-facts/>.

Despite efforts to narrow the gender pay gap since the 1960s, a woman working full-time in the U.S. still earns only a percentage of what a typical man earns in a year. Although the pay gap is narrower in New York State, at 88 percent, it results in a difference in the median annual income between women and men working full-time.⁸ Women in New York earn approximately \$10,157 less than men each year.⁹

i. Factors Affecting the Gender Wage Gap

Some of the factors driving the gender wage gap include: labor force participation; occupational title differences (for similar work); education; labor force experience and hours worked; gender differences in formal job training and retention; the impact of gender on the division of labor and on family caregiving; occupations and industries; and labor market discrimination.¹⁰ In addition to these factors, structural barriers to women's progress and enduring social attitudes about a "woman's place" contribute heavily to lower pay for women.¹¹

Despite the abovementioned factors, progress has been made in addressing some of the underlying issues that lead to the gender wage gap since World War II.¹² For example, women are now more likely to have a bachelor's degree than men,¹³ a trend which has seen women's participation in the U.S. labor force increase dramatically.¹⁴ However, most of the contributing underlying causes have been difficult to alleviate, allowing the gender wage gap to persist.¹⁵

It is apparent that the gender wage gap is more acute for women of color. For example, the median weekly earnings for Hispanic women were 61.6 percent, and for Black women 65.3 percent, of White men's earnings in 2018.¹⁶ In 2021, the American Association of University Women (AAUW) published a report comparing the annual earnings of white men working full-time year-round, to women belonging to different racial groups, across the U.S.¹⁷ In this report, based on Census data, AAUW found that overall women were paid 83 cents to every dollar a man earned. However, while the wage gap for White women working in the U.S. was 79 percent, the wage gap for Black women was 64 percent, 57 percent for Latinas, and 82 percent for Asian women.¹⁸ Further, according to a report by the NYC Commission on Gender Equity (CGE), in New York City, a white woman working full-time earns 84 cents for every dollar a white man earns while a Hispanic woman working full-time earns 46 cents; an African American woman earns 55 cents; and an Asian woman earns about 63 cents.¹⁹

For Lesbian, Gay, Bisexual, Transgender and Queer (LGBTQ) individuals who have secured a job, a 2018 survey showed that they make less money than non-LGBTQ people on average, with more than half of LGBTQ

¹⁸ *Id.* Notably, this report indicated that its results did not reflect the impact of unemployment on the racial and gender wage gap. While the share of men who are employed full-time fell from 52.2 percent in 2019 to 46.1 percent in 2020, the share of women who are employed full-time fell from 38.2 percent to 33.5 percent. As the people most likely to be unemployed are women with the lowest wages, the pay data reflects a narrower pay gap rather than progress towards pay equity.

respondents reporting wages of less than \$50,000 annually.²⁰ Meanwhile, the National Women’s Law Center reports that transgender women’s wages fall by nearly a third after they transition.²¹

ii. *The Gender Wage Gap in New York City*

Renewed focus on closing the gender wage gap has led many states, including New York, to pass legislation strengthening equal pay provisions by targeting some of the factors that perpetuate the gender pay gap. The state of New York has one of the smallest wage gaps among men and women in the nation, with women earning 88 cents to a man’s dollar when comparing annual median earnings.²² Yet, this gap still represents a significant difference in earnings within the state and city.²³ For example, 88 cents to the dollar means that women annually earn \$48,901 in comparison to the \$55,636 men earn.²⁴

In NYC, the wage gap in 2018 was 85.8 percent, with women earning \$54,587 to men earning \$63,594.²⁵ This represents a modest increase from 2016, when the wage gap in the city was 85 percent, and still shows a net difference in almost \$10,000 in earnings between the sexes.²⁶

Additionally, according to a 2018 report by then-Public Advocate Letitia James, the average salary of women at the top ten majority women NYC agencies²⁷ was \$10,000 less than the average salary of men at the top ten majority men NYC agencies.²⁸ However, the same report found that at some agencies, male and female employees of the same rank or position were paid equally. Furthermore, collective bargaining agreements and civil service examinations can be an effective tool in addressing both wage equity and other issues related to retention and promotion.²⁹

iii. *NYC Commission on Gender Equity*

The NYC CGE was codified in September 2016 to study the inequities facing women and girls, including the social and economic challenges individuals face due to gender.³⁰ CGE examines and provides resources to address the gender wage gap. One such resource is a guide, released in February 2018, for best practices for gender pay equity in the workplace.³¹ Along with identifying the many benefits of eliminating the gender wage gap, the guide discusses the various employment laws in place to protect workers.³² Among the best practices to achieve pay equity, the guide includes using gender neutral language in recruitment materials, eliminating the

use of salary history and negotiations when hiring and setting pay, establishing implicit bias training, instituting a name- and gender-blind application process, and utilizing structured interview questions and a diverse interview panel.³³ In addition to the guide, CGE's website identifies other resources provided by other City entities to reduce and eliminate the gender wage gap including salary negotiation trainings.³⁴

iv. Pay transparency

One strategy to achieve pay equity is to require pay transparency,³⁵ which eliminates the wage gaps that result from sex and race discrimination.³⁶ Pay transparency efforts often include at least one of the following strategies: (1) prohibiting employers from asking for salary history before an interview or hiring; (2) requiring employers to publish salary ranges; or (3) allowing the disclosure of current salary and salary history among employees.³⁷ The reasoning behind increasing pay transparency is that job applicants are otherwise calculating their salary expectations in a vacuum. According to the National Women's Law Center, studies show that women often ask for a lower salary when they negotiate than men, regardless of their qualifications or the nature of the role.³⁸ Accordingly, absent transparent guidelines for the position's salary, women might be paid less. Disclosing salary ranges might level the playing field by facilitating fairer negotiations. Companies may also be given the opportunity to review and evaluate compensation practices to address pay disparities.³⁹

Pay transparency laws have been enacted in various jurisdictions within and outside the United States and the impact of such laws on the gender and race wage gap are telling. Studies show that in some instances, pay transparency combined with a well-communicated compensation plan has a positive impact on job satisfaction, employee engagement, and productivity.⁴⁰ While the pay gap was not closed for all professions, pay transparency did narrow the gender wage gap when all other compensable factors were accounted for and controlled, and the gap completely closed across the majority of industries, occupations and job levels.⁴¹

A 2021 study of the impacts of pay transparency laws reveals how such laws can also provide a benefit to employers by raising the de facto bargaining power of the employer.⁴² According to the study, after pay transparency laws are enacted, the wage gap will shrink, however, average wages also may decline so long as the employer commits to a maximum wage.⁴³ Further, in markets where workers collectively bargained or utilized a union, transparency did not detract from worker leverage.⁴⁴

Another study showed that pay transparency had a significant and economically sizable effect in reducing pay inequity, reducing the gender pay gap and improving the precision with which pay is linked to observable performance metrics and promotion.⁴⁵ In aggregate, the study confirmed that pay transparency prompted organizations to reduce inequity and inequality in pay allocation. It also weakened the link between observable performance metrics and pay. Pay transparency appeared to pressure decision makers to remedy inequities in

I. BILL ANALYSIS

Int. No. 134-A - A Local Law to amend the administrative code of the city of New York, in relation to the employers required to post minimum and maximum salary information

In the last session, the City Council passed Local Law 32, which prohibits employers from posting job listings without minimum and maximum salary information by making such action an unlawful discriminatory practice under the City's Human Rights Law (HRL). The law intended to address long-standing gender and race discrimination in compensation, which increases when salary is not disclosed upfront. In consideration of concerns from the business community that compliance with local law 32 would be overly burdensome and creates confusion over who must comply, Int. 143-A would clarify and provide more detailed guidance on both the type of job related communications, and businesses and positions to which the law applies.

Several aspects of an earlier version of Int. 134-A, which aimed to respond to the needs of particularly small businesses, have been amended since introduction in consideration of Pay Equity advocates' response to the bill.

Section one of this bill amends subdivision 32 of section 8-107 of the Administrative Code to clarify that the requirement to post minimum and maximum salary information applies to positions that are paid hourly or through a salary.

This section also clarifies that a position that cannot or will not be performed in New York is exempt from this requirement. This language was also amended from an earlier version of Int. 134-A to be more in line with CCHR's interpretation of Local Law 32

Due to concerns that smaller businesses may have difficulty complying with Local Law 32, the original version of Int. No. 134-A carved out compliance for businesses with 15 or less employees. That carve-out was removed, however, concerns for small businesses' ability to comply with the law remain. To that end, unlike other provisions in the HRL, CCHR enforcement and fines would be used, exclusively, rather than allowing a private right of action based on failures to post. Accordingly, section one of this bill prevents a job seeker from bringing a lawsuit against an employer based on this law; however, a current employee could bring an action against their employer for advertising a job, promotion or transfer without posting a minimum and maximum hourly wage or annual salary.

This section would also clarify that the penalty for the first violation of this law would be \$0 and employers would have 30 days to correct the violation. This is another measure to assist smaller businesses. After the first violation, all would be subject to the penalties available to CCHR under the HRL.

Section two changes the effective date for local law 32 of 2022 to November 1, 2022. The bill, if passed, would take effect on November 1, 2022, except section three, which would take effect immediately.

II. CONCLUSION

At today's hearing, the Committee will vote on a bill amending the requirement that employers post minimum and maximum salary information.

FISCAL IMPACT STATEMENT

PROPOSED INT. NO. 134-A

COMMITTEE: Civil and Human Rights

TITLE: A Local Law to amend the administrative code of the city of New York, in relation to the employers required to post minimum and maximum salary information.

Sponsor: Council Members Williams, Brannan, Farías, Abreu, Richardson Jordan, and Brewer.

SUMMARY OF LEGISLATION: Proposed Intro. No. 134-A would revise Local Law 32 for 2022, the salary disclosure law, to clarify that the law applies to employees who are paid hourly or through an annual salary. The law would not apply to positions that cannot or will not be performed in New York City. A person would not be able to bring a lawsuit against an employer based on this law unless that individual is a current employee who is bringing an action against their employer for advertising a job, promotion or transfer without posting a minimum and maximum hourly wage or annual salary. Proposed Intro. No. 134-A would also clarify that the penalty for the first violation of this law would have no financial component and employers would have 30 days to correct the violation.

EFFECTIVE DATE: This local law would move the effective date of Local Law 32 from May 15, 2022 to November 1, 2022, except that the commission may take such actions as are necessary to implement this local law, including the promulgation of rules, before such date.

FISCAL YEAR IN WHICH FULL FISCAL IMPACT ANTICIPATED: Fiscal 2023

FISCAL IMPACT STATEMENT:

	Effective FY23	FY Succeeding Effective FY24	Full Fiscal Impact FY24
Revenues (+)	\$0	\$0	\$0

Net	(\$210,667)	(\$316,000)	(\$316,000)

IMPACT ON REVENUES: It is estimated that this legislation would have no impact on revenues.

IMPACT ON EXPENDITURES: It is anticipated that Commission on Human Rights would require three additional full-time staff to comply with the requirements of Proposed Intro. No. 134-A, for an annual cost of \$316,000. This includes one Supervising Attorney in the Law Enforcement Bureau, and two Human Rights Specialists. The new positions would result in an eight month prorated impact of \$210,667 in Fiscal 2023, \$139,644 in agency costs and \$71,023, and a full impact of \$209,466 in agency costs and \$106,534 in fringe in Fiscal 2024 and the outyears.

32. Employment; minimum and maximum salary in job listings. a. It shall be an unlawful discriminatory practice for an employment agency, employer, *or* employee or agent thereof to advertise a job, promotion or transfer opportunity without stating the minimum and maximum *annual salary or hourly wage* for such position in such advertisement. In stating the minimum and maximum *annual salary or hourly wage* for a position, the range may extend from the lowest to the highest *annual salary or hourly wage* the employer in good faith believes at the time of the posting it would pay for the advertised job, promotion or transfer opportunity.

b. This subdivision does not apply to:

d. Notwithstanding the penalties outlined in section 8-126, an employment agency, employer, or employee or agent thereof shall be subject to a civil penalty of \$0 for a first violation of this subdivision, or any rule promulgated thereunder, if such employment agency, employer, employee or agent thereof proves to the

The submission of proof of a cure, if accepted by the commission as proof that the violation has been cured, shall be deemed an admission of liability for all purposes. The option of presenting proof that the violation has been cured shall be offered as part of any service of a copy of an applicable complaint pursuant to section 8-109 to an employment agency, employer, or employee or agent thereof for the violation of this subdivision, or any rule promulgated thereunder, for the first time. The commission shall permit such proof to be submitted electronically or in person. An employment agency, employer, or employee or agent thereunder may seek review with the commission of the determination that proof of a cure has not been submitted within 15 days of receiving written notice of such determination.

Report of the Committee on Finance

Report for Int. No. 47

Report of the Committee on Finance in favor of approving and adopting, a Local Law to amend the administrative code of the city of New York, in relation to the establishment of the Castle Hill business improvement district.

The Committee on Finance, to which the annexed proposed local law was referred on February 24, 2022 (Minutes, page 212), respectfully

REPORTS:

I. BACKGROUND

Under Local Law 82 of 1990, the City Council assumed responsibility for adopting the legislation that would establish individual business improvement districts (“BIDs”).

BIDs are specifically defined areas of designated properties. They use the City’s real property tax collection mechanism to collect a special tax assessment that the BID District Management Association uses to pay for additional services beyond those that the City provides. The additional services would be designed to enhance the area and to improve local business. Normally, a BID’s additional services would be in the areas of security, sanitation, physical/capital improvements (lighting, landscaping, sidewalks etc.), seasonal activities (Christmas lighting) and related business services (marketing and advertising).

Under the process established by the Law, the City Council adopted Resolution No. 19-2022, which set a public hearing date of March 24, 2022 at 10:00am in the City Hall Committee Room for the legislation that would authorize the establishment of the Castle Hill Business Improvement District.

Prior to the Council’s action, the Community Boards for the district in which the proposed BID is located -- Community Boards 9 and 10 of the Bronx -- waived their right to hold a public hearing regarding the proposed BID. The City Planning Commission (“CPC”) also reviewed the proposed BID and held a public hearing on October 6, 2021. The CPC approved a resolution on November 3, 2021 (Calendar No. 6), which certified the CPC’s unqualified approval of the establishment of the BID.

Resolution No. 19-2022 also directed that all notice provisions contained in the law be complied with. Therefore, the Department of Small Business Services was directed to publish the Resolution or its summary in the City Record or a newspaper of general circulation not less than 10 nor more than 30 days before the public hearing. The Castle Hill BID Steering Committee was directed to mail the Resolution or its summary to each owner of real property within the proposed district at the address shown on the latest City assessment roll, to such other persons as are registered with the City to receive tax bills for property within the BID, and to occupants of each building within the proposed district, also not less than 10 nor more than 30 days before the public hearing. Finally, the Castle Hill BID Steering Committee was also directed to publish in the City Record or a newspaper of general circulation a notice stating the time and place of the hearing and stating the increase in the amount to be expended annually in the district not less than 10 days prior to the hearing.

The public hearing to consider both the plan itself and the enacting legislation, according to the provisions of the law, is to be closed without a vote. The Committee then must wait at least 30 days before it can again consider and possibly vote to approve this legislation. The 30-day period immediately after this public hearing serves as an objection period. Any property owner may, during this time period, formally object to the plan by filing such objection in the Office of the City Clerk, on forms provided by the City Clerk. In the event that either at least 51 percent of the total number of property owners or owners with at least 51 percent of the assessed valuation of all the benefited real property within the district object to the plan, then the City Council is prohibited, by law, from approving such plan.

When the Committee considers this legislation after the conclusion of the objection period, it must answer the following four questions:

1. Were all notices of hearing for all hearings required to be held published and mailed as so required?;
2. Does all the real property within the district's boundaries benefit from the establishment of the district, except as otherwise provided by the law?;
3. Is all real property benefited by the district included within the district?; and
4. Is the establishment of the district in the best interests of the public?

If the Committee finds in the affirmative on these four questions and the number of objections required to prevent the creation of such district are not filed, then the legislation can be adopted.

This local law takes effect after the requirements contained in Section 25-408 of the Administrative Code are complied with.

II. CASTLE HILL BID DETAILS

The proposed Castle Hill Business Improvement District (hereinafter the "District") is located in the South Central section of the Bronx. The District is generally bound from the Cross Bronx Expressway to Manning Street, along the east and west side of Castle Hill Avenue; from Olmstead Avenue to just east of Glebe Avenue, along the south side of Westchester Avenue; and from Unionport Road to just east of Glebe Avenue, along the north side of Westchester Avenue. Of the District's 97 properties, 94 are partially, or wholly commercial, with ground-floor retail use, some second-floor residential space. There are two six-story apartment buildings with commercial occupancy at grade level. The current vacancy rate of the District is less than 10 percent. The District is overwhelmingly commercial retail with a few national eateries and only one large business. There is one property in the District that is wholly residential, and 36 properties have some residential use mixed with retail and/or commercial use.

The District will be managed by the Castle Hill BID District Management Association. Services to be provided within the District include: Marketing, Advertising and Promotional Materials; Services; Legal/Accounting, Liability Insurance; Personnel Expenses; Office Expenses; Miscellaneous. The BID's proposed first year budget is estimated to be \$300,000:

SERVICES	AMOUNT
Marketing, Advertising and Promotional Materials	\$83,000
Services	\$94,750
Legal/Accounting, Liability Insurance	\$9,250
Personnel Expenses	\$75,550
Office Expenses	\$35,000
Miscellaneous	\$2,450
TOTAL FIRST CONTRACT YEAR BUDGET	\$300,000

The District's assessment will be based on linear front footage. Commercial and mixed-use lots will be assessed at approximately \$18 per linear front foot per year, plus an added \$0.42 per commercial square foot per year. Tax lots with only residential uses would be assessed at an annual flat fee of \$100 per lot. Government and not-for-profit-owned property devoted solely to public or not-for-profit use would be exempt from an assessment. Commercial and mixed-use lots would be assessed at \$55 per linear front foot per year, plus an added \$300 annual fee if the parcel occupies a corner. Purely residential lots would be assessed at a flat fee of \$1 per year. Government- and not-for-profit-owned property devoted solely to public or not-for-profit use would be exempt from an assessment.

The average annual assessment for the District would be approximately \$3,333.32, the median assessment would be approximately \$1,703.97, the minimum assessment would be approximately \$960.64, and the highest assessment would be approximately \$17,291.46.

MARCH 24, 2022 HEARING

On March 24, 2022, as set forth in Resolution No. 19, the Committee on Finance held a public hearing to consider Int. No. 47 that would establish the Castle Hill BID. Representatives of the Department of Small Business Services and the Castle Hill BID testified in support of the proposed BID's establishment. Specifically, the Department of Small Business Services testified about its extensive outreach and close coordination with key stakeholders, the documented support among all stakeholder groups, its mailing of all required notices, and its publication of a copy of the summary of the Resolution in the City Record.

As required by law, the hearing closed without a vote and the 30-day period for property owners to file objections to the amended district plan with the Office of the City Clerk began. Copies of objection forms were made available at the Office of the City Clerk which is located at 1 Centre Street in Manhattan.

APRIL 28, 2022 HEARING

The objection period for the establishment of the BID closed thirty days after the public hearing. According to the City Clerk, out of the 97 property owners located in the proposed BID, none filed a valid objection to the establishment of the BID.

Since the number of objections required to prevent the creation of the BID have not been filed with the City Clerk, at today's hearing, if the Committee and the full Council finds in the affirmative on the four questions outlined above, then the legislation can be adopted, and the BID will be established.

Report for Int. No. 73

Report of the Committee on Finance in favor of approving and adopting, a Local Law to amend the administrative code of the city of New York, in relation to the establishment of the West Village business improvement district.

The Committee on Finance, to which the annexed proposed local law was referred on March 10, 2022 (Minutes, page 327), respectfully

REPORTS:

I. BACKGROUND

Under Local Law 82 of 1990, the City Council assumed responsibility for adopting the legislation that would establish individual business improvement districts (“BIDs”).

BIDs are specifically defined areas of designated properties. They use the City’s real property tax collection mechanism to collect a special tax assessment that the BID District Management Association uses to pay for additional services beyond those that the City provides. The additional services would be designed to enhance the area and to improve local business. Normally, a BID’s additional services would be in the areas of security, sanitation, physical/capital improvements (lighting, landscaping, sidewalks etc.), seasonal activities (Christmas lighting) and related business services (marketing and advertising).

Under the process established by the Law, the City Council adopted Resolution No. 59-2022, which set a public hearing date of March 24, 2022 for the legislation that would authorize the establishment of the West Village Business Improvement District.

Prior to the Council’s action, the Community Board for the district in which the proposed BID is located -- Community Board 2 of Manhattan -- voted to approve the establishment of the proposed BID on December 21, 2021. The City Planning Commission (“CPC”) also reviewed the proposed BID and held a public hearing on January 19, 2022. The CPC approved a resolution on February 16, 2022 (Calendar No. 14), which certified the CPC’s unqualified approval of the establishment of the BID.

Resolution No. 59-2022 also directed that all notice provisions contained in the law be complied with. Therefore, the Department of Small Business Services was directed to publish the Resolution or its summary in the City Record or a newspaper of general circulation not less than 10 nor more than 30 days before the public hearing. The West Village BID Steering Committee was directed to mail the Resolution or its summary to each owner of real property within the proposed district at the address shown on the latest City assessment roll, to such other persons as are registered with the City to receive tax bills for property within the BID, and to occupants of each building within the proposed district, also not less than 10 nor more than 30 days before the public hearing. Finally, the West Village BID Steering Committee was also directed to publish in the City Record or a newspaper of general circulation a notice stating the time and place of the hearing and stating the increase in the amount to be expended annually in the district not less than 10 days prior to the hearing.

The public hearing to consider both the plan itself and the enacting legislation, according to the provisions of the law, is to be closed without a vote. The Committee then must wait at least 30 days before it can again consider and possibly vote to approve this legislation. The 30-day period immediately after this public hearing serves as an objection period. Any property owner may, during this time period, formally object to the plan by filing such objection in the Office of the City Clerk, on forms provided by the City Clerk. In the event that either at least 51 percent of the total number of property owners or owners with at least 51 percent of the assessed valuation of all the benefited real property within the district object to the plan, then the City Council is prohibited, by law, from approving such plan.

When the Committee considers this legislation after the conclusion of the objection period, it must answer the following four questions:

1. Were all notices of hearing for all hearings required to be held published and mailed as so required?;
2. Does all the real property within the district's boundaries benefit from the establishment of the district, except as otherwise provided by the law?;
3. Is all real property benefited by the district included within the district?; and
4. Is the establishment of the district in the best interests of the public?

If the Committee finds in the affirmative on these four questions and the number of objections required to prevent the creation of such district are not filed, then the legislation can be adopted.

This local law takes effect after the requirements contained in Section 25-408 of the Administrative Code are complied with.

II. WEST VILLAGE BID DETAILS

The proposed West Village Business Improvement District (hereinafter the "District") is located in the Greenwich Village Historic District of the borough of the Manhattan, and in Manhattan Community Board 2. The proposed District generally includes blocks on five major commercial strips: 7th Avenue South; Avenue of the Americas (west side only); Bleecker Street; Christopher Street; and West 4th Street. It also includes smaller commercial and mixed-use streets that intersect the above-mentioned streets and are heavily trafficked by neighborhood visitors and residents. The proposed District contains approximately 872 properties, 60 percent of which are commercial or mixed-use after adjusting for residential condominiums (residential condominiums account for 440 tax lots in 20 building parcels). Additionally, 90 percent of the commercial square footage in the District is mixed-use, with ground-floor commercial and upper-floor residential. Lastly, approximately 45 percent of the District's commercial square footage is generally occupied by food and/or drink related businesses.

The District will be managed by the West Village BID District Management Association. Services to be provided within the District include: sanitation; beautification; security/Public Safety; community awareness/engagement; administration and advocacy (which includes economic development); and reserve. The BID's proposed first year budget is estimated to be \$594,906:

SERVICES	AMOUNT
Sanitation	\$231,000
Beautification	\$45,000
Security/Public Safety	\$83,606
Community Awareness/Engagement	\$32,000
Administration and Advocacy (inc. Economic Development)	\$159,666
Reserve	\$43,634
TOTAL FIRST CONTRACT YEAR BUDGET	\$594,906

The District's assessment will be based on linear front footage. Commercial and mixed-use lots will be assessed at approximately \$18 per linear front foot per year, plus an added \$0.42 per commercial square foot per year. Tax lots with only residential uses would be assessed at an annual flat fee of \$100 per lot. Government and not-for-profit-owned property devoted solely to public or not-for-profit use would be exempt from an assessment.

The average annual assessment for the District would be approximately \$1,945, the median assessment would be approximately \$1,281, the minimum assessment would be approximately \$186, and the highest assessment would be approximately \$17,171.

MARCH 24, 2022 HEARING

On March 24, 2022, as set forth in Resolution No. 59, the Committee on Finance held a public hearing to consider Int. No. 73 that would establish the West Village BID. Representatives of the Department of Small Business Services and the West Village BID testified in support of the proposed BID's establishment. Specifically, the Department of Small Business Services testified about its extensive outreach and close coordination with key stakeholders, the documented support among all stakeholder groups, its mailing of all required notices, and its publication of a copy of the summary of the Resolution in the City Record.

As required by law, the hearing closed without a vote and the 30-day period for property owners to file objections to the amended district plan with the Office of the City Clerk began. Copies of objection forms were made available at the Office of the City Clerk which is located at 1 Centre Street in Manhattan.

APRIL 28, 2022 HEARING

The objection period for the establishment of the BID closed thirty days after the public hearing. According to the City Clerk, out of the 872 property owners located in the proposed BID, one filed a valid objection to the establishment of the BID.

Since the number of objections required to prevent the creation of the BID have not been filed with the City Clerk, at today's hearing, if the Committee and the full Council finds in the affirmative on the four questions outlined above, then the legislation can be adopted, and the BID will be established.

The residential units would consists of 126 studio units, eight one-bedroom units, and 13 two-bedroom units (one unit reserved as a superintendent unit).

Currently, the exemption area contains three structures which includes two single story commercial buildings and a three-story residential building. Prior to construction of the proposed development, the existing structures will be demolished and the new development will be constructed to include a single building consisting of a shelter space, a residential space, and a rentable community facility space.

Developers Camber Property Group (CPG) and Bowery Residents' Committee (BRC) have memorialized their commitment to make good faith efforts to hire M/WBE subcontractors and local construction workers, to engage local businesses of the project schedule, and to work with HPD and the Department of Homeless Services (DHS)

to achieve a local community preference for half of the low-income residential units and establish a senior preference for half of the supportive residential units.

DHS has also memorialized its commitment to close 200 beds of hotel shelter capacity in Far Rockaway by the end of calendar year 2022 and pause on further shelter siting in your district pending a review of shelter siting policy citywide.

HPD is requesting that the Council approve a 40-year full Article XI property tax exemption. HPD and Owners would enter into a regulatory agreement that would require that 58 residential units be available for households making 60% of the Area Median Income (AMI), and 88 studio units be set aside as supportive housing for formerly homeless households supported by NYC 15/15 rental subsidy.

RESOLUTIONS

Presented for voice-vote

The following are the respective Committee Reports for each of the Resolutions referred to the Council for a voice-vote pursuant to Rule 8.50 of the Council:

Report for voice-vote item Res. No. 84-A

Report of the Committee on Immigration in favor of approving, as amended, a Resolution calling on the State Legislature to pass, and the Governor to sign, A.880A/S.1572A, to provide coverage for health care services under the basic health program for individuals whose immigration status renders them ineligible for federal financial participation.

The Committee on Immigration, to which the annexed amended resolution was referred on March 24, 2022 (Minutes, page 449), respectfully

REPORTS:

I. Introduction

On April 27, 2022, the Committee on Immigration, chaired by Council Member Shahana Hanif, held a vote on Res. No. 84-A and Res. No. 112, both sponsored by Council Member Hanif. The Committee previously held a joint hearing with the Committees on Hospitals and Health, and Subcommittee on COVID Recovery and Resiliency on these resolutions on April 18, 2022. At that hearing the Committee received testimony from representatives from the Mayor's Office of Immigrant Affairs and other City agencies, as well as advocates and other interested members of the public. Both resolutions passed with 7 votes in the affirmative, 0 votes in the negative, and 0 abstentions.

II. Res. No. 84-A: Coverage for All Act (A.880A/S.1572A)

The enactment of the Affordable Care Act in 2010 significantly reduced the number of uninsured New Yorkers. However, about 600,000 New York City residents are still uninsured.¹ Of those individuals, many are likely undocumented, based on data and the lack of availability of insurance options for this population. According to a 2018 report from the Mayor's Office of Immigrant Affairs, there are an estimated 560,000 undocumented individuals in New York City.² Approximately 96 percent of U.S.-born New Yorkers have health insurance, compared to only 78 percent of non-citizen New Yorkers.³ Additionally, only 54 percent of undocumented immigrants have health insurance compared to 93 percent of New York City's total population.⁴ Utilizing a 2018 estimate, this means about 257,600 people who are undocumented are uninsured. The lack of health insurance often means that uninsured adults do not see a doctor or health care professional and obtain

needed prescriptions due to cost.⁵ This has serious health consequences, such as delayed diagnoses⁶ and an increased risk of death.

The COVID-19 pandemic shows how important it is for uninsured immigrant New Yorkers to have access to quality affordable healthcare. Data on immigrant New Yorkers indicates that immigrant communities are at higher risk of COVID-19 exposure and poorer health outcomes than their U.S.-born counterparts, due to higher rates of crowded living arrangements, higher rates of poverty, and generally lower educational attainment and lower health insurance rates.⁷

Res. No. 84-A calls on the New York State Legislature to pass the Coverage for All Act (A.880A/S.1572A), which would allow undocumented individuals who are ineligible for federal financial participation, with household income below 200% of the federal poverty line, to purchase health insurance under the state-funded Essential Health Plan. The bill would also require eligible individuals to pay a small premium to contribute to their own coverage. While the bill is expected to cost \$345 million to expand coverage to uninsured immigrant New Yorkers, the expansion will save in emergency Medicaid spending on this same population. With roughly 154,000 immigrant New Yorkers uninsured because of their immigration status, the expansion of health care coverage would further drive down the state's uninsured rate while offering access to quality affordable healthcare to all New Yorkers regardless of immigration status.

III. Res. No. 112: New York for All Act (A.2328A/S.3076A)

The City Council passed two legislative packages in 2014 and 2017 to restrict discovery and disclosure of immigration status information and coordination with federal immigration enforcement. This was part of the Council's effort to end the entanglement between federal immigration enforcement and local law enforcement. However, immigrant New Yorkers interact with State agencies and State law enforcement out of necessity. As it stands, existing State laws can expose immigrant New Yorkers to federal immigration enforcement, which erodes trust in government and can decrease willingness to report crimes witnessed, cooperate in investigations and access critical government services.

Res. 112 calls on the New York State Legislature to pass the New York for All Act (A.2328A/S.3076A), which broadly prohibits state and local officers from enforcing federal immigration laws, funneling people into Immigration and Customs Enforcement (ICE) custody, and sharing information with federal immigration authorities; it also prohibits ICE and Customs and Border Protection (CBP) from entering non-public areas of state and local property without a judicial warrant; ensures people in custody are given notice of their rights before being interviewed by ICE; and starts the process of limiting ICE and CBP access to state information databases

Accordingly, this Committee recommends its adoption, as amended.

Res. No. 84-A

Resolution calling on the State Legislature to pass, and the Governor to sign, A.880A/S.1572A, to provide coverage for health care services under the basic health program for individuals whose immigration status renders them ineligible for federal financial participation.

By Council Members Hanif, Abreu, Moya, Schulman, Lee, Hudson, Brewer, Ung, Stevens, Brannan, Won, Restler, Avilés, Brooks-Powers, Menin, Joseph, Narcisse, Krishnan, Nurse, Dinowitz, De La Rosa, Ossé, Sanchez and Bottcher.

Whereas, About 154,000 low-income New York City residents are ineligible for health insurance coverage because of their immigration status, according to the New York Immigration Coalition; and

Whereas, Uninsured New Yorkers often avoid medical care for fear of costs, resulting in prolonged illness, suffering and even increased risk of death; and

Whereas, According to the Health Care For All New Yorkers Campaign, when people can no longer avoid care, they may incur huge medical bills that result in uncompensated care for providers; and

Whereas, According to Community Service Society and Citizens Budget Commission, insuring 46,000 uninsured people could save New York State \$19 million in uncompensated care costs; and

Whereas, Undocumented New Yorkers have been at the forefront of New York City's fight against COVID-19, representing 31 percent of the state's essential workers and playing a key role in all sectors of our battle against the virus; and

Whereas, According to a 2021 report by Families USA, more than 8,200 individuals in New York state died from COVID-19 due to lack of health coverage, of which an estimated 2,050 were undocumented; and

Whereas, Other states, such as California, Illinois, and Minnesota have taken bold steps to invest in the health of their immigrant residents by establishing state-only funded programs for certain groups of immigrants, such as young people and older people; and

Whereas, Since the enactment of the Affordable Care Act in 2010, the amount of New Yorkers who are uninsured has been reduced considerably from 3 million to 1 million individuals; and

Whereas, In January, 2021, New York State Assembly Member Richard Gottfried introduced A.880A, along with its companion bill S.1572A, which was introduced by New York State Senator Gustavo Rivera, to expand eligibility for the Essential Plan, a health care plan for individuals who do not qualify for Medicaid in New York, to individuals who currently face barriers to health care coverage due to their immigration status; and

Whereas, A.880A/S.1572A aims to improve the overall healthcare system by encouraging people with serious and chronic health conditions to seek care and not delay out of fear for the cost of service; and

Whereas, By expanding coverage under the existing Essential Plan, A.880A/S.1572A will protect New Yorkers from financial hardships related to medical expenses incurred, stabilize our State's healthcare economy, and save lives; and

Whereas, New York State's FY 2023 enacted budget expanded health coverage for those who are undocumented, yet only if they are over 65 years old; and

Whereas, The state will also expand postpartum coverage for all individuals eligible for Medicaid while pregnant, including all immigrants, from 60 days to one year after they give birth; and

Whereas, This is not sufficient enough, and access to healthcare is an inherent human right; and

Whereas, New York State must ensure health care is accessible for all New Yorkers, regardless of immigration status and age; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the State Legislature to pass, and the Governor to sign, A.880A/S.1572A, to provide coverage for health care services under the basic health program for individuals whose immigration status renders them ineligible for federal financial participation.

Pursuant to Rule 8.50 of the Council, the Majority Leader and Acting President Pro Tempore (Council Member Powers) called for a voice vote. Hearing those in favor, the Majority Leader and Acting President Pro Tempore (Council Member Powers) declared the Resolution to be adopted.

The following 6 Council Members formally noted their intention to vote negative on this item:

Council Members Ariola, Carr, Holden, Paladino, Vernikov, and the Minority Leader (Council Member Borelli).

Report of the Committee on Immigration in favor of approving a Resolution calling on the New York State Legislature to pass, and the Governor to sign, the New York for All Act (A.2328-A / S.3076-A), which would prohibit and regulate the discovery and disclosure of immigration status by New York state and local government entities.

The Committee on Immigration, to which the annexed resolution was referred on April 14, 2022 (Minutes, page 573), respectfully

REPORTS:

Accordingly, this Committee recommends its adoption.

Res. No. 112

Resolution calling on the New York State Legislature to pass, and the Governor to sign, the New York for All Act (A.2328-A / S.3076-A), which would prohibit and regulate the discovery and disclosure of immigration status by New York state and local government entities.

By Council Member Hanif, the Public Advocate (Mr. Williams) and Council Members Narcisse, Krishnan, Cabán, Restler, Nurse, Dinowitz, Avilés, De La Rosa, Ossé and Sanchez.

Whereas, Immigrants make up almost a quarter of New York state's population and account for 37 percent of New York City's population; and

Whereas, Immigrant New Yorkers are valuable members of our communities, contributing over \$61 billion in federal and state taxes in 2019; and

Whereas, Immigrants in New York City make up more than 50 percent of all individuals working on COVID-19 frontlines since the very first outbreak in 2020; and

Whereas, In recent years, New York State has made strides to be more inclusive to its foreign born residents, passing laws that extended driver's license eligibility to residents, regardless of immigration status, provided tuition assistance for undocumented New Yorkers, and investing in deportation defense programs such as the Liberty Defense Fund, mirroring similar programs in New York City; and

Whereas, State and municipal policies throughout New York that require and retain immigration status information can, however, unnecessarily expose immigrant New Yorkers to federal immigration enforcement; and

Whereas, Entanglement between federal immigration enforcement and local and state entities erodes trust between immigrant communities and local authorities, which can decrease willingness to report crimes witnessed, cooperate in investigations and access critical government services; and

Whereas, Research from the Center for American Progress published in 2017 showed that counties that restrict local interactions with ICE had lower crimes rates while experiencing higher median household incomes, lower unemployment and lower poverty rates; and

Whereas, A 2020 comparative study from the Stanford University Department of Political Science found that counties that disentangled local authorities from federal immigration enforcement; experienced decreased deportations without increases in crime and

Whereas, In 2021, New York State Assemblymember Karines Reyes and Senator Julia Salazar introduced the New York for All Act (A.2328-A / S.3076-A), which prohibits the discovery and disclosure of immigration status by state entities, including law enforcement; and

Whereas, The Act additionally directs municipalities throughout the state to prohibit the discovery and disclosure of such information; and

Whereas, The Act requires reporting to the State Attorney General's office, to be made publicly available, of every communication between federal immigration enforcement and state and local government entities; and

Whereas, The Act would require ICE to present a judicial warrant in order to access non-public areas of government property and require local jails to inform detained individuals of their rights related to ICE, including the right to decline an interview with ICE and to seek counsel; and

Whereas, In 2014 and 2017, New York City Council passed two packages of legislation that restricted the discovery and disclosure of immigration status information and the coordination with federal immigration enforcement, in an effort to end unchecked entanglement between federal immigration enforcement and local law enforcement; and

Whereas, Immigrant New Yorkers necessarily interact with State agencies and state law enforcement as residents of New York City, and deserve to be treated with dignity and respect; and

Whereas, Immigrant New Yorkers should not be held to different standards depending on the city or state agency with which they interact, regardless of immigration status; and

Whereas, Passage of the New York for All Act would distinguish New York State, joining ranks with other such states as California and Washington, in protecting all immigrant residents; now, therefore, be it

Resolved, that the Council of the City of New York calls on the New York State Legislature to pass, and the Governor to sign, the New York for All Act (A.2328-A / S.3076-A), which would prohibit and regulate the discovery and disclosure of immigration status by New York state and local government entities.

Pursuant to Rule 8.50 of the Council, the Majority Leader and Acting President Pro Tempore (Council Member Powers) called for a voice vote. Hearing those in favor, the Majority Leader and Acting President Pro Tempore (Council Member Powers) declared the Resolution to be adopted.

§ 8-101 Policy.

In the city of New York, with its great cosmopolitan population, there is no greater danger to the health, morals, safety and welfare of the city and its inhabitants than the existence of groups prejudiced against one another and antagonistic to each other because of their actual or perceived differences, including those based on race, color, creed, age, national origin, alienage or citizenship status, gender, sexual orientation, disability, marital status, partnership status, caregiver status, sexual and reproductive health decisions, uniformed service, *height, weight*, any lawful source of income, status as a victim of domestic violence or status as a victim of sex offenses or stalking, whether children are, may be or would be residing with a person or conviction or arrest record. The council hereby finds and declares that prejudice, intolerance, bigotry, and discrimination, bias-related violence or harassment and disorder occasioned thereby threaten the rights and proper privileges of its inhabitants and menace the institutions and foundation of a free democratic state. The council further finds and declares that gender-based harassment threatens the terms, conditions and privileges of employment. A city agency is hereby created with power to eliminate and prevent discrimination from playing any role in actions relating to employment, public accommodations, and housing and other real estate, and to take other actions against prejudice, intolerance, bigotry, discrimination, sexual harassment and bias-related violence or harassment as herein provided; and the commission established hereunder is hereby given general jurisdiction and power for such purposes.

Res. No. 127

Resolution calling upon the New York State Legislature to pass, and the Governor to sign, A. 6932/S.620, in relation to providing a tax credit for qualified caregiving expenses.

By Council Members Ayala, Yeger, Hudson, Sanchez, Williams, Ung, Restler, Abreu and De La Rosa.

Whereas, Every day, tens of millions of Americans provide unpaid care for others who are unable to care for themselves due to a mental and/or physical impairment; and

Whereas, According to the report *Caregiving in the U.S. 2020* by the National Alliance for Caregiving and the AARP, there are approximately 53 million adults in the United States who have provided unpaid care to an adult age 50 or older and approximately 6.1 million adults who provide unpaid care to a younger adult age 18–49; and

Whereas, According to the New York State Office for the Aging, every year, 4.1 million New Yorkers assume the role of caregiver at some point, providing more than 2.6 billion hours of unpaid work for friends and family; and

Whereas, In 2016, the New York City Council passed Local Law 97, which required the New York City Department for the Aging (DFTA) to conduct a survey of informal caregivers, public and private service providers, and service recipients within the City, to assess existing resources for informal caregivers and identify their needs, and to develop a comprehensive plan to address those needs of unpaid caregivers in the City; and

Whereas, According to *A Survey of Informal Caregivers in New York City* by DFTA in 2017, the economic value of the work family caregivers perform across the United States is estimated at \$470 billion a year, and the economic impact of unpaid caregiving on the families who both require and deliver those services is enormous; and

Whereas, Caregivers are often required to pay out of pocket for caregiving expenses, which was estimated to be an average of nearly \$7,000 a year and represented approximately 20 percent of caregivers incomes, according to DFTA's survey; and

Whereas, Additionally, some caregivers opt to leave the workforce early so that they can provide full-time care to a family member, which resulted in an average loss of \$304,000 in wages and benefits over the course of their lives, according to DFTA's survey; and

Whereas, According to DFTA's survey, the City is home to an estimated 900,000 to 1.3 million caregivers, many of whom are women or older adults who provide at least 30 hours of care each week while also working outside the home; and

Whereas, At least one-third of the City's caregiver population struggled financially, and many lacked the knowledge and financial resources to obtain the necessary services to care for their loved ones, according to DFTA's survey; and

Whereas, In 2021, the State Senate introduced S.620, sponsored by Senator Rachel May, and the State Assembly introduced A.6932, sponsored by Assembly Member Ron Kim, that would provide a tax credit for qualified caregiving expenses; and

Whereas, The legislation would provide a tax credit to an individual with a gross annual income of \$75,000 or less, and a couple with a gross annual income of \$150,000 or less, of up to \$3,500, or for expenses for goods and services provided to or for the benefit of a qualifying family member or to assist a qualified caregiver in caring for a qualifying family member; and

Whereas, With one of the largest population of caregivers in the nation, the State has an obligation to provide a tax credit to caregivers as they provide a significant economic benefit to the City and State by performing a number of activities allowing those in their care to remain at home in the community, while also

taking on the majority of all long-term care services to both older adults and individuals with disabilities; now, therefore, be it

A Local Law to amend the administrative code of the city of New York, in relation to the disclosure of information regarding past engagement in slavery by city contractors

Be it enacted by the Council as follows:

Section 1. Declaration of legislative intent and findings. In recent years, companies in existence today have discovered and revealed that they had engaged in and/or profited from the commerce generated by the trade or use of the labor of enslaved Africans during the period of the Trans-Atlantic Slave Trade, from approximately 1441 to 1888. It has been reported that some large companies, for example, Aetna, a company that apparently insured slaveholder interests in enslaved people in the case of their death or damage, have been found to have directly profited from such commerce. J.P. Morgan Chase issued a letter of apology after it discovered that two of its predecessor companies actually participated in the slave trade and owned enslaved people it had taken as collateral for loans. J.P. Morgan Chase attributed the discoveries to the requirement of disclosure for contractors of the City of Chicago.

While it is specifically not the intent of this legislation that the question of past links to slavery serve as a litmus test to determine who the city should do business with, such information is important for the city and the country as they reappraise the history of slavery as a result of these new findings. Accordingly, this local law would require companies doing business with the city to search their pasts and reveal whether they have engaged in or profited from slavery.

§ 2. Chapter 1 of title 6 of the administrative code of the city of New York is amended by adding a new section 6-115.2 to read as follows:

§ 6-115.2 *Disclosure of profit from or engagement in slavery. a. Definitions. For purposes of this section, the following terms have the following meanings:*

Affiliated company. The term “affiliated company” means the parent company of a contractor and any subsidiaries of the contractor.

Contract. The term “contract” means any written agreement, purchase order or instrument whereby the city is committed to expend or does expend funds in return for an interest in real property, work, labor, services, supplies, equipment, materials, construction, construction-related service or any combination of the foregoing.

Contracting agency. The term “contracting agency” means a city, county, borough or other office, position, administration, department, division, bureau, board or commission, or a corporation, institution or agency of government, the expenses of which are paid in whole or in part from the city treasury.

Contractor. The term “contractor” means any individual, sole proprietorship, partnership, joint venture, corporation or other form of doing business that enters into a contract with any contracting agency.

Predecessor company. The term “predecessor company” means an entity whose ownership, title and interest, including all rights, benefits, duties and liabilities, were acquired in an uninterrupted chain of succession by a contractor.

Subsidiary company. The term “subsidiary company” means an entity that is controlled directly or indirectly through one or more intermediaries by a contractor or such contractor’s parent company.

b. No contracting agency shall enter into or renew any contract for an amount in excess of \$100,000 with any proposed contractor who does not certify as a material condition of such contract that the proposed contractor has searched its records and relevant history to determine whether it or any predecessor or affiliated company ever engaged in or profited from the trade or use of enslaved people. Such certification shall also include a statement of the results of such search. If the proposed contractor determines that it or its predecessor or affiliated companies engaged in or profited from slavery, then the contractor shall also provide a statement detailing the nature and extent of such engagement or profit, including relevant historical and other documentation, to the contracting agency which shall forward such information to the council.

c. The requirements of this section do not apply: (i) to emergency contracts entered into pursuant to section 315 of the charter and for which no entity that will comply with the requirements of this section and which is capable of fulfilling such contract is immediately available; or (ii) where such compliance would violate or be inconsistent with the terms or conditions of a grant, subvention or contract with a public agency or the instructions of an authorized representative of any such agency with respect to any such grant, subvention or contract.

§ 3. This local law takes effect 120 days after it becomes law.

Section 1. Section 13 of the New York city charter, as amended by local law number 86 for the year 2015, is amended to read as follows:

§ 13. Office of Criminal Justice. *a. Definitions. For purposes of this section, the following terms have the following meanings:*

Immediate family member. The term “immediate family member” means a spouse, domestic partner, biological or adoptive parent, step-parent, legal guardian, biological or adopted child, child of a domestic partner or step-child of a wrongfully convicted individual.

Wrongfully convicted individual. The term “wrongfully convicted individual” means an individual who has been convicted of one or more felonies or misdemeanors and has served any part of a sentence of criminal imprisonment, and (i) who has been pardoned upon the ground of innocence of the crime or crimes for which the individual was sentenced or (ii) the individual’s judgment of conviction was reversed or vacated and the accusatory instrument dismissed or, if a new trial was ordered, either the individual was found not guilty at the new trial or the individual was not retried and the accusatory instrument dismissed. Res. No. 128

Resolution calling upon the New York State Legislature to introduce and pass, and the Governor to sign, legislation to allow the limitation on increases of assessed value of individual parcels of class one properties to reset upon transfer.

By Council Members Borelli and Yeger.

Whereas, Pursuant to the New York State Real Property Tax Law (RPTL), class one properties generally includes all one-to-three family residential homes in the City; and

Whereas, The market value of a property is the worth of the property as determined by the New York City Department of Finance based on its classification and other requirements; and

Whereas, The assessed value of a property is a figure assigned to the property, based on a set percent of its market value, for the purpose of computing the property tax; and

Whereas, The RPTL limits the amount by which the assessed value of an individual parcel of class one property can increase; and

Whereas, In any one year, the assessed value of a class one property cannot increase by more than six percent over the prior year's assessment and not more than twenty percent over a five-year period; and

Whereas, This cap applies only to increases in assessment due to market forces and does not apply to increases resulting from physical alterations or the expiration of any tax exemption; and

Whereas, The purpose of the cap is to ensure that an individual's property tax bill does not fluctuate too much from year-to-year; and

Whereas, Under current law, the first of the five-year periods is measured from 1980 for parcels that were on the assessment roll at that time, or from the first year after 1980 in which such parcel was added to the assessment roll; and

Whereas, In essence, assessment caps are tied to the property and do not reset when a property is transferred from owner to owner; and

Whereas, As a result, the assessed values of rapidly appreciating homes, often located in higher-income neighborhoods, are artificially suppressed thereby causing the assessed values to not keep up with the market values and for the property tax liabilities to be less than they would be were the cap not in place; and

Whereas, This allows higher-income homeowners in those areas to receive significant breaks in their property tax liabilities while homeowners in middle-income and low-income neighborhoods where the properties do not appreciate as quickly are paying a higher effective tax rate; and

Whereas, For example, according to a 2013 report by the Citizen’s Budget Commission, the average benefit an owner of a one-to-three family home in Greenwich Village receives from the assessment cap was between \$32,000 and \$39,000 per year, where the median household income for residents is \$105,000 and for homeowners is \$200,000; and

Whereas, By comparison, in Queens Village where the median income for all residents is \$74,000 and for homeowners is \$80,000, the average benefit from the assessment cap was just \$394 per year; and

Whereas, Allowing assessment caps on class one property to reset upon transfer would ensure that the assessed values of the properties more accurately reflect their market values while still preserving the original purpose of the cap; and

Whereas, Allowing the assessment caps to reset upon transfer would thereby level the playing field and ensure that all homeowners pay their fair share of property taxes; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to introduce and pass, and the Governor to sign, legislation to allow the limitation on increases of assessed value of individual parcels of class one properties to reset upon transfer.

Res. No. 129

Resolution calling upon the New York City Department of Education to carry out instruction in bicycle safety in all New York City schools.

By Council Members Bottcher, Joseph, Brooks-Powers, Ossé, Dinowitz, Marte, Abreu, Fariás, Hanif, Hudson, Brewer, Sanchez, Stevens, Schulman, Riley, Menin, Narcisse, Ung, Barron, Restler, De La Rosa, Williams and Krishnan.

Whereas, Over the past two decades, New York City has seen tremendous growth in cycling, according to the New York City Department of Transportation (NYC DOT); and

Whereas, According to the NYC DOT website, approximately 773,000 New Yorkers ride a bike regularly, with estimates that over 530,000 cycling trips are made each day in New York City—more than triple the amount taken 15 years ago; and

Whereas, This increase in cycling is a result of NYC DOT’s efforts to expand the city’s bicycle infrastructure, including both conventional bicycle lanes and protected bicycle lanes; and

Whereas, According to DOT’s *Cycling in the City* webpage, there have been 1,375 miles of bike lanes and 546 miles of protected bicycle lanes installed in New York City as of 2020, and the Citibike program has grown to 19.5 million bike trips in 2020 alone; and

Whereas, Given that cycling is a convenient and affordable way to get around, reduces air pollution, improves public health, and fights global climate change, cycling in New York City should be promoted; and

Whereas, In recent years there have been positive changes in cycling safety, due to efforts such as the creation of designated bicycle lanes and the introduction of the City’s Vision Zero program in 2014, which was designed to eliminate all traffic deaths and serious injuries on New York City streets by 2024; and

Whereas, Despite these efforts, in 2020, the latest year for which data is available, there were 5,175 cyclists injured and 24 killed in crashes with motor vehicles, according to NYC DOT’s 2020 *Bicycle Crash Data Report*; and

Whereas, City officials must increase efforts to improve cycling safety beyond the infrastructure changes and enforcement efforts currently employed; and

Whereas, Education is essential for safety and, along with protected, interconnected cycling infrastructure, providing instruction in bicycle and traffic safety would be helpful in efforts to reduce crashes and other bike safety incidents; and

Whereas, New York State Education Law §806 already requires that all students be provided “instruction in highway safety and traffic regulation which shall include bicycle safety, to be maintained and followed in all the schools of the state”; and

Whereas, However, neither New York State Education Law, nor Regulations of the Commissioner of Education specify the amount or duration of such instruction; and

Whereas, In fact, the DOE already participates in at least one bicycle education pilot program, in partnership with the NYC Department of Transportation and the non-profit Bike New York, to teach middle school students bike safety skills; and

Whereas, However, it is clear that most schools are not providing bicycle safety instruction as required; and

Whereas, Providing instruction in bicycle and traffic safety in schools, starting at an early age and continuing to reinforce such instruction throughout students’ years in school would be an effective measure to both promote cycling and prevent bicycle accidents and other safety incidents; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Department of Education to carry out instruction in bicycle safety in all New York City schools.

A Local Law to amend the administrative code of the city of New York, in relation to reducing noise caused by sightseeing helicopters that meet federal noise reduction standards

Be it enacted by the Council as follows:

Section 1. Legislative findings and intent. The Council finds that there is significant noise pollution caused by the dozens of sightseeing helicopters operating daily from heliports owned by the city. The heliports used by

sightseeing helicopters are near water which carries the sound of those helicopters and significantly disrupts the daily lives of city residents who live and work near the heliports or across the East River. A previous local law limited sightseeing tour operators to the stage 3 noise levels as determined by the federal aviation administration, however the Council finds that no current noise reduction measures will be acceptable to ensure the quiet repose of the affected communities. Therefore the Council finds that the prohibition on sightseeing helicopters needs to be extended to include helicopters that meet the stage 3 noise levels as well.

§ 2. Subdivision a of section 24-244.1 of the administrative code of the city of New York, as added by proposed introduction number 859-2015, is amended by adding a new definition of “stage 3 noise level” in alphabetical order to read as follows:

Stage 3 noise level. The term “stage 3 noise level” means stage 3 noise level as such term is defined by subsection (h) of section 36.1 of title 14 of the code of federal regulations.

§ 3. Subdivision b of section 24-244.1 of the administrative code of the city of New York, as added by proposed introduction number 859-2015, is amended to read as follows:

b. Sightseeing helicopters. No person shall use or permit the use of any sightseeing helicopter that meets stage 1 noise levels, [or] stage 2 noise levels *or stage 3 noise levels* to take off or land from any property owned or managed by the city of New York, except in emergency situations or as otherwise directed by an aviation control tower or air traffic control center.

§18-158 Drinking fountains and parks. a. For purposes of this section, “greenstreets” shall mean a location under the jurisdiction of the commissioner that is used as a pedestrian thoroughfare that is not inside of or adjacent to a park.

b. The commissioner shall on a regular basis, beginning on January 1, 2023 and no less than every five years thereafter, complete an evaluation of the need for drinking fountains on locations under the jurisdiction of the commissioner, that are adjacent to non-park land, including both greenstreets and the perimeters of public parks. Resolution calling on the Federal Government to halt the planned closure of Manhattan and Brooklyn’s Veteran Affairs Medical Centers.

By Council Members Brewer, Holden, Yeager, Hanif, Sanchez, Stevens, Schulman, Kagan, Ung, Barron, Joseph, Ayala, Restler, Paladino, Carr and Ariola.

Whereas, As of 2021, an estimated 210,000 veterans live in New York City (NYC) according to NYC Department of Veteran Services; and

Whereas, Veterans selflessly served and sacrificed for our city and our country, and we owe them a great deal of gratitude; and

Whereas, Veteran Affairs medical centers were created to best help veterans with services “under one roof” with (1) system-wide clinical expertise regarding service-connected conditions and disorders; (2) a team approach to primary care that is veteran-centric; (3) a holistic view that includes physical, psychosocial, and economic determinants; (4) and critical support services for family members and caregivers; and

Whereas, Veteran Affairs medical centers are essential and extraordinary in terms of bringing together comprehensive expertise in a single health care system with experts in preventive care, inpatient hospital services, urgent and emergency care services, mental health, and support services; and

Whereas, COVID-19 has greatly affected the veteran population’s health, has exacerbated social isolation and mental health needs, and made these centers more needed than ever; and

Whereas, The Veteran Affairs New York Harbor Healthcare System is a set of hospitals run by the United States Department of Veterans Affairs in the NYC area; and

Whereas, It is comprised of three medical centers, two community outpatient clinics, and three veteran centers; and

Whereas, We continue to keep our promise to veterans that dates back to President Lincoln's second inauguration when he charged a wounded nation to care for those "who shall have borne the battle" and for their families and their survivors; and

Whereas, That promise echoes into today that there is no more noble mission in this country than keeping that fundamental promise; and

Whereas, The U.S. Department of Veteran Affairs recently recommended closing the Veteran Affairs medical centers in Brooklyn and Manhattan and establishing partnerships with community affiliates and outpatient clinics; and

Whereas, Now more than ever, the federal government should remain fully committed to fulfill the sacred obligation we have for those who served by continuing to advocate for our local NYC Veteran Affairs medical centers to continue to be premier, all-in-one centers for our veterans, their families, caregivers, and survivors; now, therefore, be it

Resolved, That the Council of the City of New York calls on the Federal Government to halt the planned closure of Manhattan and Brooklyn Veteran Affairs Medical Centers.

Res. No. 131

Resolution calling on Wendy's to join the Fair Food Program and support farmworkers' human rights.

By Council Members De La Rosa, Hanif, Brewer, Sanchez, Stevens, Cabán, Restler, Narcisse, Bottcher, Moya, Abreu, Rivera and Richardson Jordan (by request of the Manhattan Borough President).

Whereas, In 2011, the Fair Food Program (FFP) was created by the Coalition of Immokalee Workers (CIW) in an effort to bring together farmworkers, consumers, major food retailers and growers to achieve humane labor standards and better wages in United States agriculture; and

Whereas, The FFP works by having "Participating Buyers" of farm produce agree to purchase covered produce, mainly tomatoes, only from "Participating Growers"; and

Whereas, These Participating Growers are farms that meet strict standards required by the Fair Food Code of Conduct, which was designed by farmworkers themselves and is independently monitored by the Fair Food Standards Council, that include certain requirements for farmworkers, such as the right to work free from sexual harassment and assault; safe and non-abusive working conditions including shade, water and clean bathrooms in the fields; the ability to report mistreatment or unsafe conditions without retaliation; know-your-rights trainings; access to breaks and safe transportation to work; and

Whereas, In addition to certain labor standards, Participating Buyers pay Participating Growers a small premium on the purchased produce, known as the "Fair Food Premium," which goes to supplement farmworkers' regular paychecks; and

Whereas, To solidify these partnerships, the FFP and thus, the Fair Food Code of Conduct, are backed by legally-binding agreements between the CIW and many of the world's largest produce buyers, such as McDonald's and Subway, with farms that fail to comply with these standards facing risk of suspension from the FFP and losing the ability to sell their produce to Participating Buyers; and

Whereas, As the CIW has established that there is an underlying imbalance of power between farmworkers and corporations, it has focused its efforts on engaging with large corporations at the top of the agricultural supply chain to become Participating Buyers; and

Whereas, Currently, the FFP's Participating Buyers include Walmart, Chipotle Mexican Grill, Trader Joe's, Burger King, Subway and McDonald's; however, there still exist corporations that do not participate in the FFP and thus, may not ensure farmworkers are provided basic protections and fundamental human rights in their work; and

Whereas, The popular and large fast-food corporation Wendy's is one such company that has yet to join the FFP, having faced considerable criticism and protests over its refusal to participate, with a number of cities passing resolutions urging Wendy's to join the FFP and advocating for the boycott of Wendy's, according to the New York Times; and

Whereas, In New York City, Wendy's has locations throughout the five boroughs, and is one of the only major fast-food chains to reject the opportunity to join the FFP; and

Whereas, In March 2018, over 100 farmworkers and supporters fasted for five days outside the Park Avenue offices of the hedge fund investment firm, Triun Partners, one of the largest shareholders of Wendy's, calling on the fast-food company to join the FFP, with over 2,000 New Yorkers joining in protest through midtown Manhattan on the last day of the fast, according to the CIW; and

Whereas, In New York State there are a substantial number of farmworkers, as an August 2019 New York State Comptroller report indicates that New York State's more than 33,000 farms generated \$5.7 billion in revenue in 2017, accounting for up to 55,000 farmworkers within the state; and

Whereas, In New York City, specifically, there are approximately 36 farms located in four boroughs, according to an August 2019 New York State Comptroller report; and

Whereas, In addition, there are hundreds of GreenThumb registered community gardens and registered public school garden projects in New York City, according to the 2020 New York City Food Metrics Report required pursuant to Local Law 52 of 2011; and

Whereas, As New York has a large number of farmworkers, encouraging Wendy's to join the FFP would ensure that farmworkers that provide produce to Wendy's are provided with the benefits, wages and work conditions that they deserve; now, therefore, be it

Resolved, That the Council of the City of New York calls on Wendy's to join the Fair Food Program and support farmworkers' human rights.

A Local Law to amend the New York city charter and the administrative code of the city of New York, in relation to the preparation of community impact reports for city-subsidized economic development projects

Be it enacted by the Council as follows:

Section 1. Paragraph a of subdivision 1 of section 1301 of the New York city charter, as added by local law number 61 for the year 1991, is amended to read as follows:

a. to establish business, industrial and commercial policies, programs and projects which affect the business, industrial, commercial or economic well-being, development, growth and expansion of the economic life of the city *and to examine the impact on communities for which an economic development project is proposed*;

§ 2. Title 22 of the administrative code of the city of New York is amended by adding a new chapter 13 to read as follows:

CHAPTER 13
COMMUNITY IMPACT REPORTS

§ 22-1301 *Definitions. a. For the purposes of this chapter, the following terms have the following meanings: Department. The term “department” means the department of small business services.*

City economic development entity. The term “city economic development entity” means a not-for-profit corporation of which a majority of its members are appointed by the mayor and that is under contract with the department to provide or administer economic development benefits on behalf of the city and expend city capital appropriations in connection therewith.

Economic development benefit. The term “economic development benefit” means the sale or lease of city-owned land or the provision or administration of financial assistance by the city economic development entity to a person or entity for the purpose of job creation, retention, growth or other economic development project. The term “economic development benefit” shall not include: (i) the sale or lease of city-owned property or the provision of financial assistance in connection with contracts or other agreements for the provision of social services; (ii) as-of-right assistance, tax abatements or benefits, such as those under the Industrial and Commercial Abatement Program, the J-51 Program, and other similar programs; (iii) projects for affordable housing where such affordable housing units shall be affordable to individuals earning less than 120 percent of area median income and where any market rate housing units created within such project comprise no more than 30 percent of all units created within such project; or (iv) projects that include less than 25,000 square feet of gross commercial space.

Economic development project. The term “economic development project” means a project undertaken by a person or entity that receives an economic development benefit for such project.

Financial assistance. The term “financial assistance” means the provision of more than \$150,000 in cash payments or grants, bond financing, tax abatements or exemptions (including, but not limited to, abatements or exemptions from real property, mortgage recording, sales and use taxes, or the difference between any payments in lieu of taxes and the amount of real property or other taxes that would have been due if the property were not exempted from the payment of such taxes), tax increment financing, filing fee waivers, energy cost reductions, environmental remediation costs, write-downs in the market value of building, land, or leases, or the cost of capital improvements undertaken for the benefit of a project subject to a project agreement. The term “financial assistance” includes only discretionary assistance that is negotiated or awarded by the city or by a city economic development entity, and does not include as-of-right assistance, tax abatements or benefits, such as those under the Industrial and Commercial Abatement Program, the J-51 Program, and other similar programs. Any tax abatement, credit, reduction or exemption that is given to all persons who meet criteria set forth in the state or local legislation authorizing such tax abatement, credit, reduction or exemption is deemed to be as-of-right (or non-discretionary); further, the fact that any such tax abatement, credit, reduction or exemption is limited solely by the availability of funds to applicants on a first come, first served or other non-discretionary basis set forth in such state or local law does not render such abatement, credit, reduction or exemption discretionary. Where assistance takes the form of leasing city property at below-market lease rates, the value of the assistance shall be determined based on the total difference between the lease rate and a fair market lease rate over the duration of the lease. Where assistance takes the form of loans or bond financing, the value of the assistance shall be determined based on the difference between the financing cost to a borrower and the cost to a similar borrower who does not receive financial assistance from the city or a city economic development entity.

§ 22-1302 *Community impact reports. a. Res. No. 132

Resolution calling upon the New York State Legislature to pass, and the Governor to sign, S.4921/A.5716, which would extend the State's property tax levy cap to New York City.

By Council Members Holden and Yeger.

Whereas, The State Legislature passed, and the Governor signed, legislation in 2011 limiting real property tax levies by local governments and school boards by capping annual tax levy increases by the lesser of two percent or inflation; and

Whereas, Such property tax levy cap was extended by the State in 2015 and was made permanent in 2019; and

Whereas, Such property tax cap levy specifically excluded New York City and the counties contained therein; and

Whereas, Former-Governor Cuomo has credited the property tax levy cap with having "succeeded in taming out-of-control property tax increases" and protecting property taxpayers from "the crushing burden of skyrocketing tax increases," saving property taxpayers approximately \$24.4 billion between Fiscal Year 2012 and Fiscal Year 2019; and

Whereas, In New York City, the property tax levy has expanded from \$19.3 billion in Fiscal 2012 to \$29.6 billion in Fiscal 2019, representing a 6.3 percent annual rate of growth;

Whereas, According to the New York City Comptroller's Affordability Index, many New Yorkers are burdened by sharp cost of living increases, leaving a declining share of income after taxes for basic needs and other expenses; and

Whereas, In New York City, the property tax levy increases the burden to not only property owners, but also renters, whom tax increases are often passed onto in the form of rent increases; and

Whereas, In an effort to relieve the burden the property tax levy puts on those living in New York City, S.4921, sponsored by State Senator Andrew Lanza, and A.5716, sponsored by Assembly Member Michael Cusick, were both introduced in the 2021 to 2022 New York State Legislative Session, with similar versions introduced every session since 2011; and

Whereas, The bills would establish limitations upon real property tax levies in cities with a population of one million or more; now, therefore be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass, and the Governor to sign, S.4921/A.5716, which would extend the State's property tax levy cap to New York City.

Upon application, such amount shall be redetermined so as to re-establish the ratio of adjusted rent to aggregate disposable income which existed at the time of the approval of such eligible head of the household's last application for a rent exemption order or for renewal thereof; provided, however, that in no event shall the amount of the adjusted rent be redetermined to be (i) in the case of a head of the household who does not receive a monthly allowance for shelter pursuant to the social services law, less than one-third of the aggregate disposable income unless such head of the household has been granted a rent exemption order that is in effect as of January first, two thousand fifteen or takes effect on or before July first, two thousand fifteen; or (ii) in the case of a head of the household who receives a monthly allowance for shelter pursuant to the social services law, less than the maximum allowance for shelter which such head of the household is entitled to receive pursuant to such law. *For purposes of this paragraph, a decrease in aggregate disposable income shall include an event in which (i) a member of the household has died; (ii) a member of the household has permanently moved to a nursing home; (iii) a member of the household has permanently retired or has a permanent disability; (iv) a member of the household is no longer receiving social security disability income benefits; and (v) a member of the household has experienced a termination of employment for a period no less than six months. Notwithstanding any other provision of law if, upon the approval of a redetermination application and prior to renewal, there is a change to the employment status to such member of the household who experienced a termination of employment for a period no less than six months, the head of the household shall re-apply for a redetermination so as to re-establish the ratio of adjusted rent to aggregate disposable income.* For purposes of this paragraph, a decrease in aggregate disposable income shall not include any decrease in such income resulting from the manner in which such income is calculated pursuant to any amendment to paragraph c of subdivision one of section four hundred sixty-seven-b of the real property tax law, any amendment to the regulations of the department of finance made on or after the effective date of the local law that added this clause, or any amendment to the regulations of such other agency as the mayor shall designate made on or after October tenth, two thousand five. Res. No. 133

Resolution calling on the New York State Division of Criminal Justice Services, Office of Public Safety to update its mandatory security guard training curriculum to include sexual harassment prevention and bystander intervention training for all security guards who work in nightlife establishments.

By Council Members Moya, Stevens, Ung, Ayala, Restler and Abreu.

Whereas, Every 68 seconds a person in the United States is sexually assaulted, according to statistics from RAINN, the country's largest organization focused on preventing sexual violence; and

Whereas, While sexual assault and harassment can occur in any public or private space, nightlife venues are a common location for this type of behavior; and

Whereas, Studies consistently show that a majority of women expect to experience sexual harassment during a night out with friends and view this as a normal part of the nightlife experience; and

Whereas, Alcohol also acts as a catalyst for sexual assault, as studies consistently indicate that alcohol consumption is a factor in nearly half of all sexual assault cases in America; and

Whereas, Research also shows that nightlife establishment staff rarely intervene in instances of sexual harassment because such behavior is assumed to be a normal part of nightlife culture; and

Whereas, While nightlife venues are designed for socializing and are traditionally romantically charged, they should also be free from unwanted sexual advances and harassment; and

Whereas, Creating an atmosphere that limits the ability to commit opportunistic acts of sexual harassment and assault helps to prevent the normalization of sexual harassment in nightlife establishments; and

Whereas, However, in environments with a lax approach, this attitude greatly enhances the threat and incidence of offending behavior; and

Whereas, As the #MeToo movement has shown, the ability of sexual abusers to act with impunity for so long has, in part, been facilitated by a capitulation that sexual harassment is simply part of an industry or culture; and

Whereas, To combat such attitudes and change the culture of nightlife there needs to be clear indicators that sexual harassment will not be tolerated or ignored; and

Whereas, Bystander intervention training has proven to be one approach with demonstrated success in curtailing the prevalence of sexual assaults; and

Whereas, Bystander intervention training has been used in schools and on college campuses across the country to teach students how to safely intervene if they see sexual harassment or assault unfolding; and

Whereas, This training is powerful because it communicates to victims that they have allies and that their safety is a community responsibility, not simply an individual one; and

Whereas, At the same time, it indicates to offenders that their aggressive actions will not be tolerated; and

Whereas, Similarly, other training programs such as those offered through the ‘Safe Bars!’ program specifically target nightlife establishment staff by providing them with strategies to prevent sexual harassment and assault in their venues; and

Whereas, As workers on the frontlines of nightlife establishments, security guards have an important role to play in preventing and intervening in sexual harassment and assault; and

Whereas, Security guards have both the authority and the responsibility to ensure that their nightlife venue is safe for all patrons; and

Whereas, Security guards in New York are currently licensed under the New York State Division of Licensing Services; and

Whereas, In order to obtain a license in New York, security guards must also undertake mandatory training that is administered by the New York State Division of Criminal Justice Services, Office of Public Safety; and

Whereas, While the minimum standards for the training curriculum includes topics such as legal powers, ethics and conduct, and public relations, there are currently no requirements for training on sexual harassment prevention or intervention; and

Whereas, Educating security guards on effective methods to identify, prevent and intervene in sexual harassment would be an important step in making nightlife spaces more safe for patrons; now, therefore, be it

Resolved, That the Council of the City of New York calls on the New York State Division of Criminal Justice Services, Office of Public Safety to update its mandatory security guard training curriculum to include sexual harassment prevention and intervention training for all security guards who work in nightlife establishments.

Res. No. 134

Resolution calling on the New York State Legislature to pass, and the Governor to sign, S. 3351, requiring the department of health to collect and maintain data relating to the sexual orientation and gender identity of individuals diagnosed with COVID-19, and S. 2051, requiring the department of health to collect and report certain data concerning COVID 19.

By The Public Advocate (Mr. Williams) and Council Members Hudson and Bottcher.

Whereas, Since 2019, the novel coronavirus, and the resulting disease, COVID-19, has infected millions of people and has killed hundreds of thousands across the country; and

Whereas, The COVID-19 pandemic has highlighted the persistent health disparities within our society that lead to vast health inequities along racial, socioeconomic, and various other lines; and

Whereas, According to the Centers for Disease Control and Prevention (CDC), racial and ethnic minority groups have experienced a disproportionate burden of illness and death from COVID-19; and

Whereas, According to the New York City Department of Health and Mental Hygiene (DOHMH), in New York City, Black and Latinx New Yorkers are twice as likely to die from COVID-19 than their White counterparts; and

Whereas, Black and Latinx individuals in New York City are also more than twice as likely to be hospitalized for COVID-19; and

Whereas, Although data to highlight the impact in other minority communities is not available, anecdotally, COVID-19 has had a large impact on the Hasidic Jewish community, the LGBTQIA+/TGNCNB community, and other communities that traditionally experience inequitable health outcomes; and

Whereas, If New York State were required to report more demographic data, the government, the health care system, community leaders, and others would better understand the impact of COVID-19 on all communities and the appropriate response to address such impacts; and

Whereas, Currently, the New York State Department of Health (DOH) includes gender when presenting information about COVID-19 testing rates, and includes information about age, race, and gender when reporting deaths; and

Whereas, S. 3351, sponsored by Senator Brad Hoylman, would require the DOH to collect and maintain data relating to the sexual orientation and gender identity of individuals diagnosed with COVID-19; and

Whereas, S. 2051, sponsored by Senator James Sanders Jr., would require the DOH to collect and report certain data concerning COVID 19; and

Whereas, S. 2051 would require the DOH to provide data disaggregated by race, ethnicity, sex, age, primary language, socioeconomic status, disability status, and county; and

Whereas, Comprehensive and transparent data from the State would inform the work needed to address and resolve the health inequities that persist throughout the City; now, therefore, be it

Resolved, That the Council of the City of New York calls on the New York State Legislature to pass, and the Governor to sign, S. 3351, requiring the department of health to collect and maintain data relating to the sexual orientation and gender identity of individuals diagnosed with COVID-19, and S. 2051, requiring the department of health to collect and report certain data concerning COVID 19.

c. The responsibilities of the office shall include:

 3. assisting social and economic equity applicants in applying for a license to operate cannabis establishments in accordance with article four of the cannabis law; and
 4. offering, to the extent permitted under the cannabis law, incentives and programs to social and economic equity applicants in the city.
- d. The office shall offer the following incentives and programs for social and economic equity applicants, to the extent permitted under the cannabis law:
1. legal and technical advice;
 2. a subsidized loan program or programs;
 3. assistance in identifying appropriate commercial locations including affordable retail space; and
 4. any other benefit or mechanism that the office believes will further the purpose of an equity program.
- e. One year from the enactment of this local law and every six months thereafter, the commissioner shall submit a report to the mayor and the council on matters relating to the status of commercial cannabis activity within the city. Such report shall include, but shall not be limited to, the total number of cannabis establishments, total local tax revenue collected from such establishments, the participation of social and economic equity applicants in cannabis establishments, and the impact of cannabis legalization on public safety, land use, environmental protection, health, consumer protection and social justice. Res. No. 135

Resolution calling on the New York State Legislature to pass, and the Governor to sign, legislation that would require all school buses operating within the state, regardless of seating capacity, to have a stop-arm on each side, and to prohibit any school buses from operating if they do not have functioning stop-arms.

By Council Members Riley, Brannan, Stevens, Menin, Restler, Avilés, Moya, Abreu, Hanif and Vernikov.

Whereas, According to the Governor's Traffic Safety Committee (GTSC), 2.3 million children are transported by more than 50,000 school buses annually within New York State (NYS); and

Whereas, The New York City (NYC) Department of Education provides all eligible NYC students in public, charter, and non-public schools with transportation, and it is estimated that the City spends about \$1.25 billion annually to transport about 150,000 students to and from school; and

Whereas, As school buses have bigger blind spots, take longer to stop, and need more room to maneuver than a standard vehicle, school buses are and should be treated differently; and

Whereas, The NYS Department of Motor Vehicles (DMV) advises that when drivers encounter a school bus they should slow down, be alert, come to a complete stop at least 20 feet away from the bus, and be extra careful before moving their vehicle, as children and pedestrians may be walking in front of, behind, or on the side of the buses; and

Whereas, In 2019, according to data from the National Highway Traffic Safety Administration, 109 people were killed nationwide in school bus-related crashes with 8 deaths, or 7% of the total, occurring within NYS; and

Whereas, According to the DMV, fatal crashes involving students who were struck by passing motorists typically involved motorists in one or more of the following circumstances: attempting to pass the bus; claiming they did not have time to wait; not seeing the flashing lights of the bus due to visibility issues; being waved on by the bus driver; being unaware of a child crossing; and/or simply disregarding the law and children's safety; and

Whereas, Surveys conducted by the New York Association for Pupil Transportation, in partnership with the GTSC, show that approximately 50,000 motorists illegally pass school buses in NYS each school day, and that illegally passing a school bus has the potential for serious injury or even fatality; and

Whereas, According to NYS law, the Commissioner of the DMV, in consultation with the NYS Commissioner of Transportation, has the authority to promulgate rules and regulations for the use of stop-arms on school buses which shall include provisions for an additional stop-arm to be located on the right side of the bus and/or an additional stop-arm to be located on the driver's side as close as is practical to the rear corner of the bus; and

Whereas, Presently, NYS law requires that every school bus designed with a capacity of 45 persons or more, and manufactured for use in NYS on or after 2002, be equipped with an additional stop-arm on the rear corner of the driver's side in compliance with regulations; and

Whereas, However, all school buses operating in NYS still do not have a stop-arm on each side of the school bus, which proponents think will enhance student safety; and

Whereas, The adoption of a state law requiring that all school buses, regardless of seating capacity, have a stop-arm on each side, and that any school bus without properly functioning stop-arms be prohibited from being used would ensure that motorists on any side of a school bus are alerted to the presence of children and pedestrians, so that children may be safely picked up and dropped off by school buses; now, therefore, be it

Resolved, That the Council of the City of New York calls on the New York State Legislature to pass, and the Governor to sign, legislation that would require all school buses operating within the state, regardless of seating capacity, to have a stop-arm on each side, and to prohibit any school buses from operating if they do not have functioning stop-arms.

[(b)]**b**. No person shall operate or permit to be operated an emergency signal device installed on an authorized emergency vehicle [that] *unless*:

1. [when] *When* operated at the maximum level *such emergency signal device* creates a sound level [in excess of] *that does not exceed* 90 dB(A) when measured at a distance of fifty feet from the center of the forward face of such vehicle; *and*

2. *Such emergency signal device produces an alternating high and low, two-toned sound in accordance with implementation standards established by the department.*

c. Within one year after the effective date of [this] subdivision **b** and every two years thereafter, emergency signal devices installed on authorized emergency vehicles shall be tested and certification shall be submitted, in a form approved by the department, that such devices meet the standards set forth in [this] subdivision **b** for operation at maximum level *and with an alternating high and low two-toned sound*. Notwithstanding the foregoing provisions, where compliance with the provisions of [this] subdivision **b** would create an undue hardship, the owner or operator of an authorized emergency vehicle may submit a plan to the commissioner for emergency signal devices to meet the standards set forth in [this] subdivision **b** within two years after the effective date of [this] subdivision **b**. Such plan shall be submitted within one year after the effective date of [this] subdivision **b** in lieu of the required certification. [This subdivision shall not apply to authorized emergency vehicles of the police department, fire department or authorized emergency vehicles responding to medical emergencies.]

Whereas, According to the United States (U.S.) National Library of Medicine, lactose intolerance is the inability to digest lactose, a sugar in dairy products including milk; and

Whereas, The U.S. National Library of Medicine also reports that lactose products may cause individuals who are lactose intolerant to experience abdominal pain, nausea, bloating, and diarrhea within 30 minutes to 2 hours after consumption; and

Whereas, While there is limited New York City-specific data on the number of lactose intolerant individuals, about 65 percent of the human population has a decreased ability to digest lactose following infancy, according to the U.S. National Library of Medicine; and

Whereas, The Nemours Foundation reports that individuals of African, Asian, Hispanic, and Native American backgrounds are more likely to develop lactose intolerance at a young age; and

Whereas, During school year 2020-21, Asian, Black and Hispanic students represented about 16 percent, 25 percent and 41 percent respectively, of the New York City Department of Education's (DOE) student population; and

Whereas, Despite the prevalence of lactose intolerance and its impact on lactose intolerant individuals, the DOE does not currently require schools to provide lactose-free milk to students who are lactose intolerant, potentially resulting in digestive discomfort and other symptoms for affected students; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York City Department of Education to offer lactose-free milk as a milk alternative to students upon request by a parent or guardian.

Thursday, May 5, 2022Stated Council Meeting**Council Chambers – City Hall.....Agenda – 1:30 p.m**

The following comments were among the remarks made by the Speaker (Council Member Adams) during the Communication from the Speaker segment of this meeting:

The Speaker (Council Member Adams) acknowledged that April was recognized as Sexual Assault Awareness Month and that April 27th marked Denim Day. She noted that Denim Day was a day of action when denim was worn to make it known that women could wear anything, including jeans, and not be looked upon as sexual objects. She spoke of how, in pre-COVID days, the Council's Women's Caucus would gather on the steps of City Hall to vocally show solidarity and combat the notion that rape and sexual violence were the fault of the survivors.

The Speaker (Council Member Adams) acknowledged Essential Worker's Day and thanked Council Member De La Rosa for bringing her attention to it. She noted that it was a day for commemorating those who had perished in the line of duty -- it was also a time to remember the labor workers who had put themselves on the front line during the pandemic when many others did not. The Speaker (Council Member Adams) thanked those front line workers, who were not able to work remotely, for all of their great work.

The Speaker (Council Member Adams) reminded everyone that wearing masks in the Chambers throughout the Stated Meeting was strongly recommended. She acknowledged that the city was still in the midst of a pandemic and that the contagious BA.2 Omicron subvariant had led to an increase in COVID-19 cases across New York. The Speaker (Council Member Adams) urged everyone to continue exercising caution and being safe.

Whereupon on motion of the Speaker (Council Member Adams), the Majority Leader and Acting President Pro Tempore (Council Member Powers) adjourned these proceedings to meet again for the Stated Meeting on Thursday, May 5, 2022.

MICHAEL M. McSWEENEY, City Clerk
Clerk of the Council
