

CURRENT INTRODUCTION NUMBER:

[Int. No. 618](#)

INITIAL SPONSORS:

Council Member Rodriguez

TITLE:

A local law to amend the administrative code of the City of New York, in relation to reducing the emissions that come from New York City-owned motor vehicles.

BILL SUMMARY:

This plain language summary is for informational purposes only and does not substitute for legal counsel. For more information, you should review the [full text of the bill](#), which is available online at legistar.council.nyc.gov.

This bill would require the Department of Citywide Administrative Services (DCAS) to create a pilot program on the use of low emission exhaust pipes. The pilot program would encompass twenty percent of all motor vehicles owned by the city of New York that are run not exclusively by electric power, because they are already zero emission vehicles. The bill would also require DCAS to provide a written report to the Speaker of the Council and post on its website not more than one year following the start of the pilot program. The report would include the cost of the pilot program and the emissions reduction from this program.

CODE SECTIONS AFFECTED:

Adds Administrative Code § 12-207

EFFECTIVE DATE:

Immediately upon its enactment into law.
