The Public Advocate (Ms. James) assumed the chair as the Acting President Pro Tempore and Presiding Officer for these proceedings.

After consulting with the City Clerk and Clerk of the Council (Mr. McSweeney), the presence of a quorum at this brief Recessed Meeting was announced by the Public Advocate (Ms. James).

There were 44 Council Members marked present at this Stated Meeting held in the Council Chambers of City Hall, New York, N.Y.

INVOCATION

The Invocation was delivered by Elder Renaldo Watkis, 744 Bradford Street, Brooklyn, N.Y. 11217.

To the Council, good afternoon.

Let us pray.

Eternal God, it is with thanksgiving that we approach your presence this day in complete humility and humbleness of heart.

For another day that you've blessed us, we say thank you.

We thank you for allowing us to awaken this morning and for allowing life to flow through our bodies.

We thank you for providing the basic needs of life, the food that we eat and the very clothes on our backs.

We thank you for the soundness of our minds in guiding our very paths.

Now, Lord, I ask your blessing upon this council as they've been selected and have been given

the great task of critiquing, legislating and resolving issues placed before them.

Collectively, we pray for this council, our Speaker Melissa Mark-Viverito,

Public Advocate Letitia James, and all who sit in a position of governance,

that they would be led with clarity of mind

and by your spirit to administrate in this great body.

In matters of economics, guide them.

In matters of justice, guide them.

In matters of housing, guide them.

In matters of equality, guide them.

In matters of global conditions, guide them,

and in matters of the human condition, guide them.

And for the families of all those lost in the tragedy of mindless violence, we pray your peace upon them.

In the midst of this disaster, Lord comfort all hearts.

And so God, we now bless you

and commit all things into thine hand.

In thy name we pray, Amen.

Council Member Barron moved to spread the Invocation in full upon the record.

During the Communication from the Speaker segment of this Meeting, the Speaker (Council Member Mark-Viverito) asked for a moment to recognize the tragedy of events which took place in early July 2016 and to honor all the lives that were lost: Alton Sterling, Philando Castile and Dallas Police Officers Brent Thompson, Lorne Ahrens, Patrick Zamarripa, Michael Krol, and Michael Smith. In addition, the Speaker (Council Member Mark-Viverito) also asked for a moment to honor the following individuals: Dr. Roscoe Brown, 94, a member of the legendary Tuskegee Airmen and Bronx Community College President for 17 years who died on July 2, 2016; former Deputy Mayor Peter Powers, 72, a dedicated public servant who died on July 7, 2016; and former Indiana Congress Member and NYU President John Brademas, 89, who died on July 11, 2016 and whose legacy included landmark legislation and support for education and the arts. At this point, the Speaker (Council Member Mark-Viverito) asked for a Moment of Silence for all those mentioned.

REPORTS OF THE STANDING COMMITTEES

Report of the Committee on Consumer Affairs

Report for Int. No. 697-A

Report of the Committee on Consumer Affairs in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to the regulation of laundries and to repeal subchapter 14 of chapter 2 of title 20 of such code, relating to the regulation of laundries

The Committee on Consumer Affairs, to which the annexed proposed amended local law was referred on February 26, 2015 (Minutes, page 642), respectfully

REPORTS:

INTRODUCTION

On Tuesday, July 12, 2016, the Committee on Consumer Affairs, chaired by Council Member Rafael Espinal, will hold a committee vote on Proposed Introductory Bill Number 697-A (“Proposed Int. No. 697-A”), a Local Law to amend the administrative code of the city of New York, in relation to the regulation of laundries and to repeal subchapter 14 of chapter 2 of title 20 of such code, relating to the regulation of laundries. This bill was first heard on June 18, 2015 and has been amended in response to testimony from the administration, advocates and industry.

BACKGROUND

Laundries in New York City have been regulated since at least the early Twentieth Century. The current laundry licensing subchapter of the Administrative Code provides for a single licensing scheme that is no longer responsive to today’s multi-tiered commercial laundry industry. In addition to retail laundries that serve the general public and operate out of storefronts in mixed-use neighborhoods, businesses known as industrial laundries operate largely outside of City regulations and sometimes fail to implement basic procedures to ensure consumer protections regarding cleanliness and hygiene. Further, businesses that deliver laundry into the City are not covered by current regulations. In response to these concerns, this bill would update and modernize the City’s laundry licensing scheme to better regulate the laundry industry as it operates today.

First, this bill would create three distinct license categories for three business models that comprise the industry: (1) retail laundry services to the general public; (2) industrial laundry services to commercial clients such as restaurants, hotels and hospitals; and (3) industrial laundry delivery into the City.

Secondly, the bill would create additional requirements for applicants and licensees of industrial laundry and industrial laundry delivery. These additional requirements include a series of certifications to promote general better business practices. These additional requirements would also require industrial laundries to implement procedures to ensure that all laundry is hygienically cleaned and that businesses that engage in industrial laundry delivery implement procedures to ensure functional separation of clean and dirty laundry to maintain cleanliness.

Investigative reports and witness testimony from workers in the industry reveal that some industrial laundries serving New York City businesses sometimes fail to implement procedures to ensure consumer

protections regarding cleanliness and hygiene.¹ Conversely to the retail laundry model, where the customer has a direct relationship with the laundry service provider, the consumers affected by a failure of the industrial laundry to follow proper procedures are the customers of the hotels and restaurants, or patients or staff at a hospital; they are not first-hand customers of the industrial laundry. In response to these reports this bill would require that industrial laundries and businesses that engage in industrial laundry delivery implement plans and procedures to ensure cleanliness and hygiene, and functional separation between clean and dirty laundry, so that all consumers can be confident of the cleanliness of items, such as napkins at New York City restaurants and bedsheets at New York City hotels.

Finally, the bill would create a task force that would convene on or before June 15, 2018 for the purposes of reviewing the law, and making any recommendations to the Council and Mayor for improvements to the law. The task force would review plans and procedures collected by the Department of Consumer Affairs (“DCA”) pursuant to the sections of the law that require industrial laundries to submit their plans to ensure cleanliness and hygiene of all laundered laundry, and require businesses that engage in industrial laundry delivery to submit their plans for maintaining functional separation between laundered and unlaundered items. The task force would also review complaints received by DCA for violations of the subchapter to make any recommendations on enforcement of the subchapter. The report and recommendations of the task force would be delivered to the Council and the Mayor by June 15, 2019. The task force would reconvene every five years to evaluate the law and make recommendations on any updates.

The first public hearing for this bill was held on June 18, 2015. At that time, the Committee heard testimony from the administration, employees of industrial laundries and their advocates, as well as owners of industrial laundries. A number of workers testified that the industrial laundries where they worked routinely failed to adhere to basic cleanliness and hygiene procedures. One witness testified that clean laundry was regularly returned to hotels in the same bins that were used to transport dirty linens and, at least once, workers were instructed to simply run hotel sheets through the press and send them back to the hotel ironed but not cleaned.² Witnesses also testified to serious worker safety hazards at industrial laundries. While both the worker safety hazards and the consumer protection concerns were brought to light by employees at certain industrial laundries, the focus of this bill is to ensure proper consumer protections related to cleanliness and hygiene.

ANALYSIS OF PROPOSED INT. NO. 697-A

Section one of the bill would repeal current laundry licensing law, as codified in Subchapter 14 of Chapter 2 of Title 20 of the Administrative Code. Pursuant to the instructions in section three of the bill, this repeal would take effect 180 days after enactment, except that laundries already licensed by DCA would continue to be regulated by the terms of subchapter 14 until their current licenses expire.

Section two of the bill would add a new subchap14.1 to Chapter 2 of Title 20 of the Code. New Subchapter 14.1 would be titled “Laundries” and would occupy section 20-297.1 through 20-297.7 of the Code.

Section 20-297.1 would list definitions for the subchapter. The term “industrial laundry” would mean (i) a facility used to provide laundry services to commercial clients, or (ii) a facility used to provide laundry services maintained or operated within a commercial institution. The term “industrial laundry” would not include laundry facilities of any hospital or any residential dwelling intended for use exclusively by the owner tenants or occupants of such dwelling.

The term “industrial laundry delivery” would mean to transport laundry between an industrial laundry and a commercial client where either of those businesses are located within the City.

The term “laundry” would mean clothing, apparel, sheets, towels, linens and other fabrics that are intended for laundry services.

¹ See, e.g.: *Irresponsible Industrial Laundries: A Major Public Health Threat*, A report from NYC Council Member, Ritchie Torres and CLEAN NYC. 2015. Available at: <http://cleannyc.org/wp-content/uploads/2015/05/23917.CleanActReportV-5.pdf>; Witness testimony from public hearing of the Consumer Affairs Committee, June 18, 2015 available at legistar.council.nyc.gov/Legislation.aspx

² Testimony of Miguel Figueroa, Industrial Laundry Work, public hearing of the Consumer Affairs Committee, June 18, 2015 available at legistar.council.nyc.gov/Legislation.aspx

The term “laundry service” would mean washing, drying, starching or ironing laundry for a fee, including when such services are provided as an incident to the rental of such clothing, apparel or other fabrics. The term “laundry service” would not include dry cleaning.

The term “retail laundry” would mean: (i) a business that provides laundry services to the general public; (ii) a business that stores or collects laundry for laundry services or delivery for the general public; or (iii) a business that offers self-service laundry machinery for direct use by the general public. The term “retail laundry” would not include the laundry facilities of any hospital or any residential dwelling intended for use exclusively by the owners, tenants or occupants of such dwelling.

The term “successor” would mean any applicant for a license to operate an industrial laundry that satisfies two or more of four specific criteria.

Section 20-297.2 of the new subchapter would create a three-tiered licensing scheme that would provide that:

- a. no person may establish, maintain or operate a retail laundry without obtaining a retail laundry license pursuant to this subchapter;
- b. no person may establish, maintain or operate an industrial laundry without obtaining an industrial laundry license pursuant to this subchapter; and
- c. no person may establish, maintain or operate a business that engages in industrial laundry delivery without obtaining an industrial laundry delivery license pursuant to this subchapter.

Subdivision c. of this section would additionally provide that any person who has obtained an industrial laundry license need not also obtain an industrial laundry delivery license. Subdivision d would provide that licenses issued pursuant to this subchapter are valid only for the licensee and located specified on the license.

Section 20-297.3 of the new subchapter would detail the application required for licensure. Subdivision a would provide that the application would be made in writing in such form and manner as the commissioner shall prescribe and state:

1. The name and business address of the applicant;
2. The addresses of all locations where laundry services would be performed;
3. Whether the application is for a retail laundry, industrial laundry or industrial laundry delivery; and
4. The number of persons employed by the applicant at the time of the application.

Subdivision b of section 20-297.3 of the new subchapter would provide that, in addition to the requirements of subdivision a, an application for an industrial laundry license would include:

1. A description of the ownership and business structure of the applicant;
2. A written statement listing the categories of commercial clients for which the applicant would perform laundry services;
3. A written statement signed by the applicant certifying compliance with all applicable laws, regulation and rules, including section 20-297.6 of the new subchapter;
4. A written statement signed by the applicant certifying that there are no outstanding final judgment or warrants against the application in any action arising out of a violation of this subchapter or any rules promulgated thereunder;
5. A written statement signed by the applicant certifying that there are no outstanding final judgments against the applicant in any civil, criminal or administrative action involving nonpayment or underpayment of wages;
6. Certificates of insurance evidencing workers’ compensation insurance and disability benefits insurance coverage in a form acceptable to the commissioner;
7. A certificate of insurance evidencing commercial general liability insurance, listing the city of New York as an additional insured, that provides coverage for property damage and bodily injury and death in an amount of at least \$1,000,000 per occurrence and \$2,000,000 in the aggregate;
8. A written statement detailing the applicant’s procedures for complying with the minimum standards of cleanliness and hygiene set forth in subdivision a of section 20-297.6;
9. A written statement detailing the applicant’s procedures for maintaining functional separation of laundered and unlaundered laundry, as required by subdivision b of section 20-297.6;
10. If the applicant is a nonresident of the City, the name and address of a registered agent within the city for purpose of service of process; and

11. An industrial laundry applicant who intends to also engage in industrial laundry delivery must provide the additional information as required by subdivision c of the section.

Paragraph 11 would further provide if an industrial laundry licensee later intends to begin industrial laundry delivery, the licensee would be required to submit the additional information as required by subdivision c of the section.

Subdivision c of section 20-297.3 of the new subchapter would provide that, in addition to the requirements of subdivision a, an application for a license to establish, maintain or operate a business that engages in industrial laundry delivery would include:

1. A description of the ownership and business structure of the applicant;
2. The name, business address and business telephone number of all industrial laundries to which the applicant would deliver laundry for laundry services;
3. A written statement listing the categories of commercial clients to which the applicant would deliver laundry;
4. The make, model and license plate number of each vehicle used by the applicant for delivering laundry;
5. A written statement signed by the applicant certifying compliance with all applicable laws, regulations and rules, including section 20-297.6 of the new subchapter;
6. A written statement detailing the applicant's procedures for maintaining functional separation of laundered and unlaundered laundry, as required by subdivision b of section 20-297.6 of the new subchapter; and
7. If the applicant is a nonresident of the city, the name and address of a registered agent within the city for the purpose of the service of process.

Subdivision d of section 20-297.3 of the new subchapter would provide that, in addition to the powers granted to the commissioner pursuant to Chapter 1 of Title 20 of the Code, the commissioner may deny an application or a license or renewal under this subchapter after finding that:

1. The applicant failed to pay in full any civil penalty for a violation of this subchapter or rule promulgated thereunder;
2. An entity to which the applicant is a successor has failed to pay in full any civil penalty for a violation of this subchapter or rule promulgated thereunder;
3. The applicant lacks good moral character, where such finding may include consideration of: (a) Any failure by such applicant to provide truthful and complete information or documentation in connection with the application or other request for information; (b) Any final determination of liability in a civil, criminal or administrative action involving egregious or repeated nonpayment or underpayment of wages or any other illegal act or omission bearing a direct relationship to the fitness of the applicant to conduct the business for which the license or renewal is sought; except that the commissioner shall consider mitigating factors, including (i) the passage of time since such determination of liability or the underlying illegal act or omission, (ii) the severity of the illegal act or omission underlying such final determination of liability, (iii) whether any such determination of liability or other illegal act or omission has been appealed and whether the appeal is pending and (iv) any change in circumstance that might reduce the likelihood of the illegal act or omission underlying any such determination recurring during the period of licensure; (c) Any prior refusal to issue or renew any license held or applied for pursuant to this subchapter or the previous subchapter 14, as repealed by this proposed law; or (d) Any finding that, in the 10 year prior, a person to which the applicant is a successor was denied the issuance or renewal of this subchapter.

Section 20-297.4. of the new subchapter would detail the license fee and bond required from applicants for a license pursuant to this subchapter. Subdivision a would provide that the license fee and bond required for an applicant for a license for retail laundry and for industrial laundry would be determined by number of employees. Subdivision b would provide that each applicant for a license for industrial laundry delivery would pay a biennial fee of \$340 and furnish a bond of \$500. Subdivision c would detail certain requirements for the bond furnished pursuant to this subchapter.

Section 20-297.5 would detail the general provisions for all licensees regulated by this subchapter. These general requirements for all licensees would provide:

- a. Licensees shall attach a label or a tag with their name address and license number to all handcars and pushcarts;

b. Bills, tickets, cards, advertising or stationary of a licensee shall contain their name, address and license number;

c. Charges to consumer shall state accurately and clearly the name and address of the consumer and the computation of the laundry charge;

d. Each licensee shall notify the commissioner within 30 days of any sale, assignment or change in ownership;

e. Each retail laundry where the general public may use self-service laundry machinery shall have an attendant on the premises from 8:00PM until closing or 6:00AM the following day, whichever is earlier; and

f. Each vehicle used for retail or industrial laundry delivery shall display the licensee's name business address, business phone and license number in letters at least two inches in height.

Section 20-297.6 of the new subchapter would create additional provisions for licensees for industrial laundry and industrial laundry delivery. These additional provisions are:

a. Minimum standards of cleanliness and hygiene; and

b. Functional separation of laundered and unlaundered laundry.

Subdivision a of section 20-297.6 of the new subchapter would provide that "minimum standards of cleanliness and hygiene" means that

1. In addition to the general provisions in section 20-297.5, each industrial laundry shall: (a) launder all laundry using appropriate detergent; (b) Handle, store and process laundered and unlaundered laundry in a manner that minimizes the spread of contaminants and keeps laundered articles clean, and (c) Clean all work surfaces at regular intervals.

2. No industrial laundry licensee may represent that laundry services have been provided when they have not been provided; and

3. Each industrial laundry licensee shall develop procedures for complying with minimum standards of cleanliness and hygiene as set forth in paragraph 1 and shall post such procedures in all places where laundry services are processed.

Subdivision b of section 20-297.7 of the new subchapter would provide that "functional separation of laundered and unlaundered laundry" requires that, in addition to the general provisions of 20-297.5, each industrial laundry licensee and industrial laundry delivery licensee shall maintain functional separation of laundered and unlaundered laundry in accordance with the following procedures:

(a) licensee shall enclose laundry in suitable and separate containers and shall not allow containers that hold unlaundered laundry to subsequently hold laundered laundry without first having been thoroughly cleaned and sanitized; and

(b) licensee shall store laundered and unlaundered laundry in separate, clearly marked areas of the facility when such laundry is not actively being processed.

Further, this subdivision would require that each industrial laundry and industrial laundry delivery licensee shall develop procedures for maintaining functional separation, and post such procedures in all places where laundry services and industrial laundry delivery are provided.

Section 20-297.7 of the new subchapter would create an advisory task force. Subdivision a of the section would provide that the task force shall advise the Council and the Mayor on minimum standards or cleanliness and hygiene, functional separation and strategies for the enforcement of the proposed subchapter. Subdivision b would detail the composition of the task force; specifically, it would include: the commissioner of DCA or a designee, the commissioner of health and mental hygiene or a designee, representatives of each type of laundry category, and representatives of the employees of each laundry category. Subdivision c would provide that the commissioner of DCA serve as chair of the task force and invite representatives of relevant state and federal agencies, and industry experts to participate in task force meetings for purposes of providing information and expertise. Subdivision d would provide that the task force shall convene on or before June 15, 2018 for a one-year term, and issue its report and recommendation to the Council and the Mayor on or before June 15, 2019. Subdivision d would further provide that the task force reconvene on or before June 15 of every fifth year after 2018 to consider and make recommendations as appropriate, and such report and recommendations would be issued on or before June 15 of every fifth year after 2019. Subdivision e would provide that the commissioner of DCA submit to the task force the written statements submitted by applicants pursuant to paragraphs 8 and 9 of subdivision b and paragraph 6 of subdivision c of section 20-297.3, and information about the number and

type of complaints regarding alleged violations of the subchapter. Subdivision e would provide that this information be submitted to the task force on or before June 15, 2018 and every fifth year thereafter.

Section three of the bill would provide that any person who holds a valid license pursuant to the current laundry licensing law, found in Subchapter 14 of Chapter 2 of Title 20 of the Code, remains subject to the requirements of that law and the rules promulgated thereunder until either the revocation or expiration of such license. However, any person who engages in industrial laundry delivery as defined by section two of this law, including any person who holds a valid license pursuant to Subchapter 14 of Chapter 2 of Title 20 of the Code, shall submit the information as required by section two of this law upon the effective date of this law.

Finally, section four of the bill would provide that the law would take effect 180 days after it becomes law, except that before such date DCA may take necessary actions to promulgate rules to implement the law.

**THE COUNCIL OF THE CITY OF NEW YORK
FINANCE DIVISION
LATONIA MCKINNEY, DIRECTOR
FISCAL IMPACT STATEMENT**

**PROPOSED INTRO. NO.: 697-A
COMMITTEE: Consumer Affairs**

TITLE: A Local Law to amend the administrative code of the city of New York, in relation to the regulation of laundries and to repeal subchapter 14 of chapter 2 of title 20 of such code, relating to the regulation of laundries

Sponsor: By Council Members Torres, Garodnick, Reynoso, Menchaca, Miller, Palma, Gibson, Levine, Rodriguez, Constantinides, Richards, Johnson, Kallos, Espinal, Lander, Cabrera, Dromm, Eugene, King, Treyger, Williams, Wills, Barron, Crowley, Cohen, Lancman, Koslowitz, Gentile, Cumbo, Ferreras-Copeland and Rose

SUMMARY OF LEGISLATION: Proposed Intro. 697-A would update and clarify the City’s regulation of the laundry industry. This bill would create a tiered licensing scheme to capture three distinct activities of the laundry industry as it operates in the City today:

- (1) a retail laundry license for all laundries that serve the general public, including drop-off service, self-service laundromats, and app-based laundry pick-up services;
- (2) an industrial laundry license for all laundries operating within the City that serve commercial clients, such as hotels, restaurants and hospitals; and
- (3) an industrial laundry delivery license for all businesses that transport laundry between a commercial client and an industrial laundry if either or both entities are located in the City.

This bill would create additional requirements related to cleanliness and hygiene for licensees that engage in industrial laundry and industrial laundry delivery. These new requirements would require that industrial laundries implement procedures to ensure that all laundry is hygienically cleaned and that businesses that engage in industrial laundry delivery implement procedures to ensure functional separation of clean and dirty laundry to maintain cleanliness.

The bill would create a task force that will review plans and procedures submitted to the Department of Consumer Affairs (DCA) as well as any complaints received by the department to make recommendations to the Council and the Mayor on any updates to these standards.

EFFECTIVE DATE: This local law would take effect 180 days after enactment, except that laundries currently licensed by DCA will remain subject to the existing licensing scheme until their current licenses expire on December 31, 2017. Any new licensees before that date would be subject the new licensing scheme. Starting January 1, 2018, all licensees will be subject to this law.

FISCAL YEAR IN WHICH FULL FISCAL IMPACT ANTICIPATED: FISCAL 2020

FISCAL IMPACT STATEMENT:

	Effective FY17	FY Succeeding Effective FY18	FY19	Full Fiscal Impact FY20
Revenues (+)	\$33,115	\$22,885	\$0	\$56,000
Expenditures (-)	\$33,115	\$22,885	\$15,000	\$41,000
Net	\$0	\$0	(\$15,000)	\$15,000

IMPACT ON REVENUES: It is estimated that there would be a \$56,000 increase in revenue resulting from the enactment of this legislation. This legislation will result in more than 100 licensees in the newly created industrial laundry and industrial laundry delivery license categories, as well as new licensees due to the addition of a delivery component to the updated retail laundry license. The revenue will be generated in a biennial manner except the initial first two launch years when the bill goes into effect at different periods for the different licenses.

IMPACT ON EXPENDITURES: It is estimated that there would be an impact of \$56,000 in expenditures resulting from the enactment of this legislation. Expenditures include the legal overtime necessary to support robust legal investigations into consumer and worker complaints against licensees as part of complaint driven enforcement. This expenditure amounts to \$15,000 and will be incurred annually. There are also expenditure linked to licensing overtime which will support the intake and processing of applications of more than 100 expected licensees in the newly created industrial laundry and industrial laundry delivery license categories, as

well as new licensees resulting from the addition of a delivery component to the updated retail laundry license. There is also a small cost for printing and mailing of physical licenses for the newly created industrial laundry and industrial laundry delivery license categories.

The Full Fiscal Impact can be seen in Fiscal 2020 when the revenues collected from the licenses (which are only collected every other year) will balance out the total expenditures incurred in Fiscals 2019 and 2020. Subsequent two year cycles will function in a similar fashion, where revenues collected in every even fiscal year are expected to equal the expenses occurred in that year and the year prior.

§ 20-297.1 Definitions. For the purposes of this subchapter, the following terms have the following meanings:

Industrial laundry. The term “industrial laundry” means (i) a facility used to provide laundry services to commercial clients, including but not limited to hotels, hospitals, restaurants, gyms and retail laundries, or (ii) a facility used to provide laundry services maintained or operated in connection with any commercial institution, including but not limited to any hotel, restaurant or gym. The term “industrial laundry” does not include the laundry facilities of any hospital or the laundry facilities of any residential dwelling intended for use exclusively by the owners, tenants or occupants of such dwelling.

Industrial laundry delivery. The term “industrial laundry delivery” means:

1. To transport laundry from a commercial client within the city to an industrial laundry within or outside the city for laundry services;
2. To transport laundry from a commercial client outside the city to an industrial laundry within the city for laundry services;
3. To transport laundry from an industrial laundry within the city to a commercial client within or outside the city after laundry services have been performed; or
4. To transport laundry from an industrial laundry outside the city to a commercial client within the city after laundry services have been performed.

Laundry. The term “laundry” means clothing, apparel, sheets, towels, linens and other fabrics that are intended for laundry services.

Laundry service. The term “laundry service” means washing, drying, starching or ironing laundry for a fee, and includes such services when they are provided along with or as an incident to the rental of clothing, apparel or other fabrics. The term “laundry service” does not include dry cleaning.

Retail laundry. The term “retail laundry” means (i) a business that provides laundry services to the general public; (ii) a business that stores or collects laundry for laundry services or delivery for the general public; or (iii) a business that offers self-service laundry machinery for direct use by the general public. The term “retail laundry” does not include the laundry facilities of any hospital or the laundry facilities of any residential dwelling intended for use exclusively by the owners, tenants or occupants of such dwelling.

Successor. The term “successor” means any applicant for a license to operate an industrial laundry that satisfies two or more of the following criteria:

1. The applicant uses the same facility or workforce to offer substantially the same services as the predecessor industrial laundry.
2. The applicant shared in the ownership or otherwise exercised control over the management of the predecessor industrial laundry.
3. The industrial laundry employs in a managerial capacity any person who controlled the wages, hours or working conditions of the employees of the predecessor industrial laundry.
4. At least one of the principals of the applicant is a spouse, domestic partner, parent, stepparent, foster parent, adoptive parent, sibling, stepsibling, foster sibling, adoptive sibling, child, stepchild, foster child or adopted child of any owner, partner, officer or director of the predecessor industrial laundry, or of any person who had a financial interest in the predecessor industrial laundry.

§ 20-297.2 License required. a. No person may establish, maintain, or operate a retail laundry without obtaining a retail laundry license pursuant to this subchapter.

b. No person may establish, maintain or operate an industrial laundry without obtaining an industrial laundry license pursuant to this subchapter.

c. No person may establish, maintain or operate a business that engages in industrial laundry delivery without obtaining an industrial laundry delivery license pursuant to this subchapter, except that any person who has obtained an industrial laundry license pursuant to this subchapter shall not be required to obtain an industrial laundry delivery license.

d. A license issued pursuant to subdivision a, b or c of this section is valid only for the licensee and location specified on the license.

§ 20-297.3 Application. a. An application for a license, or for any renewal thereof, to establish, maintain or operate a retail laundry, an industrial laundry or a business that engages in industrial laundry delivery shall be made in writing in such form and manner as the commissioner shall prescribe and shall state each of the following:

1. The name and business address of the applicant;
2. The addresses of all locations at which laundry services will be performed;
3. Whether the application is made for a retail laundry, an industrial laundry or industrial laundry delivery; and

4. The number of persons employed by the applicant at the time of the application.

b. In addition to the requirements of subdivision a of this section, an application for a license to establish, maintain or operate an industrial laundry shall include the following:

1. A description of the ownership and business structure of the applicant;
2. A written statement listing the categories of commercial clients for which the applicant will perform laundry services, including but not limited to hotels, hospitals, restaurants, gyms and retail laundries;

3. A written statement signed by the applicant certifying compliance with all applicable laws, regulations and rules, including section 20-297.6;

4. A written statement signed by the applicant certifying that there are no outstanding final judgments or warrants against the applicant in any action arising out of a violation of this subchapter or any rules promulgated thereunder;

5. A written statement signed by the applicant certifying that there are no outstanding final judgments against the applicant in any civil, criminal or administrative action involving nonpayment or underpayment of wages;

6. Certificates of insurance evidencing workers' compensation insurance and disability benefits insurance coverage in a form acceptable to the commissioner;

7. A certificate of insurance evidencing commercial general liability insurance, listing the city of New York as an additional insured, that provides coverage for property damage and bodily injury and death in an amount of at least \$1,000,000 per occurrence and \$2,000,000 in the aggregate;

8. A written statement detailing the applicant's procedures for complying with the minimum standards of cleanliness and hygiene set forth in subdivision a of section 20-297.6;

9. A written statement detailing the applicant's procedures for maintaining functional separation of laundered and unlaundered laundry, as required by subdivision b of section 20-297.6;

10. If the applicant is a nonresident of the city, the name and address of a registered agent within the city upon whom legal process or other notification of a judicial or administrative proceeding may be served or a designation of the commissioner for such purpose; and

11. If the applicant engages in or intends to engage in industrial laundry delivery, such applicant shall submit any information required to be submitted pursuant to subdivision c of this section that has not already been submitted to the department pursuant to this subdivision. If an industrial laundry licensee intends to engage in industrial laundry delivery during the term of a license, such licensee shall submit any information required to be submitted pursuant to subdivision c of this section before engaging in industrial laundry delivery if such licensee did not submit such information when applying for the industrial laundry license.

c. In addition to the requirements of subdivision a of this section, an application for a license to establish, maintain or operate a business that engages in industrial laundry delivery shall include the following:

1. A description of the ownership and business structure of the applicant;

2. The name, business address and business telephone number of all industrial laundries to which the applicant delivers laundry for laundry services;

3. A written statement listing the categories of commercial clients to which the applicant delivers laundry, including but not limited to hotels, hospitals, restaurants, gyms and retail laundries;

4. The make, model and license plate number of each vehicle used by the applicant for delivering laundry;

5. A written statement signed by the applicant certifying compliance with all applicable laws, regulations and rules, including section 20-297.6;

6. A written statement detailing the applicant's procedures for maintaining functional separation of laundered and unlaundered laundry, as required by subdivision b of section 20-297.6; and

7. If the applicant is a nonresident of the city, the name and address of a registered agent within the city upon whom legal process or other notification of a judicial or administrative proceeding may be served or a designation of the commissioner for such purpose.

d. In addition to any of the powers that may be exercised by the commissioner pursuant to this subchapter or chapter 1 of this title, the commissioner may deny an application for a license or renewal under this subchapter after finding that:

1. The applicant has failed to pay in full any civil penalty imposed in a judicial or administrative proceeding arising out of a violation of this subchapter or any rule promulgated thereunder;

2. An entity to which the applicant is a successor has failed to pay in full any civil penalty imposed in a judicial or administrative proceeding arising out of a violation of this subchapter or any rule promulgated thereunder; or

3. The applicant lacks good moral character. In making a finding that an applicant lacks good moral character, the commissioner may consider, but is not limited to, any of the following factors:

(a) Any failure by such applicant to provide truthful and complete information or documentation in connection with the application or other request for information;

(b) Any final determination of liability in a civil, criminal or administrative action involving egregious or repeated nonpayment or underpayment of wages or any other illegal act or omission bearing a direct relationship to the fitness of the applicant to conduct the business for which the license or renewal is sought; except that the commissioner shall consider mitigating factors, including (i) the passage of time since such determination of liability or the underlying illegal act or omission, (ii) the severity of the illegal act or omission underlying such final determination of liability, (iii) whether any such determination of liability or other illegal act or omission has been appealed and whether the appeal is pending and (iv) any change in circumstance that might reduce the likelihood of the illegal act or omission underlying any such determination recurring during the period of licensure;

(c) Any prior refusal by the commissioner to issue or renew any license held or applied for pursuant to this subchapter or subchapter 14 of this chapter, as repealed by the local law that added this subchapter; or

(d) Any finding that, within the 10 years prior to the submission of the application, a person to which the applicant is a successor has been denied the issuance or renewal of any license pursuant to this subchapter or has had any such license revoked.

§ 20-297.4 Fee; bond. a. Before the commissioner may issue a license to establish, maintain or operate a retail laundry or an industrial laundry, an applicant shall pay a biennial fee and furnish a bond to the commissioner in the amount indicated in the following schedule, depending on the number of persons employed by such applicant:

<u>Number of employees</u>	<u>Biennial License fee</u>	<u>Amount of bond</u>
<u>Five or fewer</u>	<u>\$340</u>	<u>\$500</u>
<u>Between six and 10</u>	<u>\$490</u>	<u>\$500</u>
<u>Between 11 and 25</u>	<u>\$740</u>	<u>\$500</u>
<u>Between 26 and 50</u>	<u>\$1,240</u>	<u>\$1,500</u>
<u>Between 51 and 75</u>	<u>\$1,740</u>	<u>\$2,500</u>
<u>Between 76 and 100</u>	<u>\$1,990</u>	<u>\$3,000</u>
<u>Between 101 and 125</u>	<u>\$2,240</u>	<u>\$3,000</u>
<u>126 or more</u>	<u>\$2,740</u>	<u>\$5,000</u>

b. Before the commissioner may issue a license to establish, maintain or operate a business that engages in industrial laundry delivery, an applicant shall pay a biennial fee of \$340 and furnish a bond of \$500.

c. An applicant furnishing a bond under this section shall execute such bond with two or more sureties or a duly authorized surety company approved by the commissioner and shall make such bond payable to the people of the city. Such bond shall be conditioned on the following:

- 1. That such applicant will comply with the provisions of this subchapter; and*
- 2. That such applicant will pay to the city any fine, penalty or other obligation within 30 days of its imposition, or any final judgment recovered by any person dealing or trading with such licensee for the loss or conversion of laundry within 30 days from the entry and filing of such judgment.*

§ 20-297.5 General provisions. a. Each licensee shall attach to all handcarts and pushcarts a label or tag that displays, in letters not less than two inches in height, such licensee's name, address and license number.

b. Bills, tickets, cards, advertising or stationery issued or distributed by any licensee shall contain such licensee's name, address and license number.

c. Charges to laundry consumers shall state accurately and clearly the name and address of the consumer and computation of the laundry charge.

d. Each retail laundry licensee, industrial laundry licensee and industrial laundry delivery licensee shall notify the commissioner within 30 days of any sale, assignment or change in ownership of such retail laundry, industrial laundry or business that engages in industrial laundry delivery.

e. Each retail laundry where the general public may use self-service laundry machinery shall have on premises an attendant from 8:00 P.M. until closing or 6:00 A.M. the following day, whichever is earlier.

f. Each vehicle used for retail or industrial laundry delivery shall display, in letters no less than two inches in height, the licensee's name, business address and business telephone number and the license number assigned by the commissioner.

§ 20-297.6 Additional provisions for industrial laundries and industrial laundry delivery.

a. Minimum standards of cleanliness and hygiene.

1. In addition to complying with section 20-297.5, each industrial laundry licensee shall:

- (a) Launder all laundry using a detergent that is appropriate for each type of fabric;*
- (b) Handle, store and process laundered and unlaundered laundry in a manner that minimizes the spread of contaminants and keeps laundered articles clean; and*

(c) Clean all work surfaces at regular intervals. Work surfaces include all surfaces in rooms where laundry is exposed to open air, including but not limited to laundry equipment, work stations, and floors, whether or not it is expected that laundry will come into direct contact with such surfaces.

2. No industrial laundry licensee may represent that laundry services have been provided when such laundry services in fact have not been provided.

3. Each industrial laundry licensee shall develop procedures for complying with the minimum standards of cleanliness and hygiene set forth in paragraph 1 of this subdivision and shall post such procedures in a conspicuous manner in all places where laundry services are processed.

b. Functional separation of laundered and unlaundered laundry. 1. In addition to complying with section 20-297.5, each industrial laundry licensee and industrial laundry delivery licensee shall maintain functional separation of laundered and unlaundered laundry in accordance with the following requirements:

(a) Each industrial laundry licensee and industrial laundry delivery licensee shall enclose laundry in suitable containers before and after laundering and shall not allow containers that hold unlaundered laundry to be subsequently used for laundered laundry without first having been thoroughly cleaned and sanitized; and

(b) Each industrial laundry licensee shall store laundered laundry and unlaundered laundry in separate, clearly marked areas of the facility when such laundry is not actively being processed.

2. Each industrial laundry licensee and industrial laundry delivery licensee shall develop procedures for maintaining functional separation of laundered and unlaundered laundry as required by this subdivision and shall post such procedures in a conspicuous manner in all places where laundry services and industrial laundry delivery are provided.

§ 20-297.7 *Advisory task force. a. There shall be a task force to advise the council and the mayor on minimum standards of cleanliness and hygiene, procedures to maintain functional separation between laundered and unlaundered laundry and strategies for the enforcement of this subchapter.*

b. The task force shall be composed of:

- 1. The commissioner or a designee;*
- 2. The commissioner of health and mental hygiene or a designee;*
- 3. One representative of the retail laundry industry, one representative of the industrial laundry industry and one representative of the industrial laundry delivery industry, to be appointed by the commissioner upon consultation with the council; and*
- 4. One representative of employees of the retail laundry industry, one representative of employees of the industrial laundry industry and one representative of employees of the industrial laundry delivery industry, to be appointed by the commissioner upon consultation with the council.*

c. The commissioner or the commissioner's designee shall serve as chair of the task force and shall invite representatives of relevant state and federal agencies and industry experts to participate in the meetings of the task force and to provide information and expertise about regulatory and industry matters.

d. The task force shall convene on or before June 15, 2018 for a one-year term. The task force shall issue its report and recommendations to the council and the mayor on or before June 15, 2019. The task force shall reconvene on or before June 15 of every fifth year after 2018 to consider and propose updates to minimum standards of cleanliness and hygiene, functional separation of laundered and unlaundered laundry and enforcement of this subchapter. The task force shall issue its recommendations for any changes to the standards and enforcement guidance then existing to the council and the mayor on or before June 15 of every fifth year after 2019.

e. The commissioner shall collect the written statements submitted by applicants in accordance with paragraphs 8 and 9 of subdivision b and paragraph 6 of subdivision c of section 20-297.3 solely for the purpose of providing such statements to the task force. Such statements, in addition to information about the number and type of complaints regarding alleged violations of this subchapter received by the commissioner, shall be submitted to the task force by the commissioner on or before June 15, 2018 and on or before June 15 of every fifth year after 2018.

§ 3. Notwithstanding any provision of this local law to the contrary, any person who has a valid license pursuant to subchapter 14 of chapter 2 of title 20 of the administrative code of the city of New York that was issued before the effective date of section two of this local law, shall not be subject to subchapter 14.1 of chapter 2 of title 20 of the administrative code of the city of New York, as added by section two of this local law, until January 1, 2018 or the date of any revocation or cancellation of such previously issued license, whichever is earlier; provided that any such person shall continue to be subject to the requirements of subchapter 14 of chapter 2 of title 20 of the administrative code of the city of New York until such date; and provided further, however, that any person who engages in "industrial laundry delivery" as defined by section 20-297.1 of the administrative code of the city of New York, as added by section two of this local law, shall submit the information required by subdivision c of section 20-297.3 of the administrative code of the city of New York, as added by section two of this local law, to the department and shall comply with section 20-297.5 and subdivision b of section 20-297.6 of the administrative code of the city of New York, as added by section two of this local law, upon the effective date of section two of this local law.

§ 4. This local law takes effect 180 days after becoming law, provided that the department of consumer affairs may take such measures as are necessary for the implementation of this local law, including the promulgation of rules and processing of applications for licenses, prior to such date, and provided further that section one of this local law takes effect December 31, 2017.

Report for Int. No. 1231

Report of the Committee on Consumer Affairs in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to creating an exemption to the rebuttable presumption applicable to vending tickets.

The Committee on Consumer Affairs, to which the annexed preconsidered proposed local law was referred on July 14, 2016, respectfully

REPORTS:

INTRODUCTION

On July 12, 2016, the Committee on Consumer Affairs, chaired by Council Member Rafael Espinal, held a hearing on Int. No. 1231, a local law in relation to creating an exemption to the rebuttable presumption applicable to vending tickets.

BACKGROUND

The New York City Administrative Code defines any person selling “goods or services” as a general vendor.¹ General vendors may not hawk, peddle, sell, or offer goods or services without first obtaining a license.² In 2011, the New York City Police Department (NYPD) began ticketing ticket sellers in the area surrounding the Empire State Building following complaints by building owners and community members that the sellers were aggressive and were harassing pedestrians.³ Later that year, NY Skyline—a company offering a flight simulation amusement ride located inside the Empire State Building—challenged the City’s interpretation of the general vending laws as requiring their ticket sellers to be licensed.⁴ A New York State appellate court determined that tickets do not constitute goods or services and therefore a general vending license is not required to sell tickets on the City’s sidewalks.⁵ In June 2016, the Council passed Int. No. 1049-A—later signed into law by the Mayor—to require that anyone selling tickets for events, tours, transportation, or other forms of amusement in a public space have a ticket seller license issued by DCA. In addition, the law prohibits aggressive solicitation, fraud or misrepresentation relating to sales, and prohibits venues and businesses from giving tickets to unlicensed ticket sellers.

One significant concern regarding ticket sellers is the potential for fraud. There are numerous reports of individuals selling tickets for comedy clubs in Times Square misleading potential buyers by promising that the shows will feature prominent comedians or be part of a television taping in order to secure a purchase, even though they know such information to be untrue.⁶ Fraudulent sales have also increased lower Manhattan, which has seen notable uptick in ticket selling activity following the temporary closure of Ellis and Liberty Island due to damage from Superstorm Sandy.⁷ Employees of Statue Cruises have been attacked and

threatened by ticket sellers who falsely claim to be selling tickets to visit the Statue of Liberty and the company now uses private security guards in an attempt to maintain order and deter aggressive solicitation.⁸ In May 2016, 21 individuals were arrested for selling fake tickets to the Statue of Liberty following an undercover sting conducted by the NYPD.⁹

Int. No. 1231 would create an exemption to the rebuttable presumption applicable to vending tickets. The rebuttable presumption that violation of any laws or rules relating to ticket selling was caused by the place of entertainment, mode of transportation, or guided tour whose ticket is vended and/or the person on whose behalf the ticket is vended would not apply where the ticket is counterfeit or where the circumstances of the vending were not authorized or subject to the control of such venue.

ANALYSIS OF INT. NO. 1231

Int. No. 1231 would create an exemption to the rebuttable presumption applicable to vending tickets. The rebuttable presumption that violation of any laws or rules relating to ticket selling was caused by the place of entertainment, mode of transportation, or guided tour whose ticket is vended and/or the person on whose behalf the ticket is vended would not apply where the ticket is counterfeit or where the circumstances of the vending were not authorized or subject to the control of such venue.

Section two of Int. No. 1231 states that the proposed local law would take effect on August 15, 2016, except that DCA may take all actions necessary for its implementation, including the promulgation of rules and processing of applications, prior to such effective date.

UPDATE

On June 12, 2016, the Committee on Consumer Affairs passed Int. No. 1231 by a vote of five in the affirmative and zero in the negative, with zero abstentions.

SUMMARY OF LEGISLATION: This bill would create an exemption to the rebuttable presumption applicable to vending tickets. In June, the Council passed a bill requiring that anyone selling tickets for any place of entertainment, mode of transportation or sight-seeing tour in a public space have a ticket seller license issued by the Department of Consumer Affairs. A provision creating an exemption to the rebuttable presumption that a business is responsible for the bad acts of a person vending their tickets was inadvertently omitted. This bill would correct that error by amending the ticket seller law to provide that a business is not responsible for a violation by a ticket seller if the ticket being sold is counterfeit, or where the circumstances of the vending was not authorized or subject to the control of such business.

EFFECTIVE DATE: This local law would take effect on August 1, 2016.

Report of the Committee on Finance

At this point the Speaker (Council Member Mark-Viverito) announced that the following items had been **preconsidered** by the Committee on Finance and had been favorably reported for adoption.

Report for Res No. 1161

Report of the Committee on Finance in favor of approving a Resolution approving the new designation and changes in the designation of certain organizations to receive funding in the Expense Budget.

The Committee on Finance, to which the annexed preconsidered resolution was referred on July 14, 2016, respectfully

REPORTS:

Introduction. The Council of the City of New York (the “Council”) annually adopts the City’s budget covering expenditures other than for capital projects (the “expense budget”) pursuant to Section 254 of the Charter. On June 14, 2016, the Council adopted the expense budget for fiscal year 2017 with various programs and initiatives (the “Fiscal 2017 Expense Budget”). On June 26, 2015, the Council adopted the expense budget for fiscal year 2016 with various programs and initiatives (the “Fiscal 2016 Expense Budget”). On June 26, 2014, the Council adopted the expense budget for fiscal year 2015 with various programs and initiatives (the “Fiscal 2015 Expense Budget”).

Analysis. This Resolution, dated July 14, 2016, approves the new designation and the changes in the designation of certain organizations receiving local, aging, and youth discretionary funding and funding for certain initiatives in accordance with the Fiscal 2017 Expense Budget, amends the description for the Description/Scope of Services of certain organizations receiving local, aging, and youth discretionary funding and funding for a certain initiative in accordance with the Fiscal 2017 Expense Budget, amends the description for the Description/Scope of Services of a certain organization receiving local discretionary funding for a certain initiative in accordance with the Fiscal 2016 Expense Budget, and amends the description for the Description/Scope of Services of a certain organization receiving local discretionary funding for a certain initiative in accordance with the Fiscal 2015 Expense Budget.

In an effort to continue to make the budget process more transparent, the Council is providing a list setting forth new designations and/or changes in the designation of certain organizations receiving local, aging, and youth discretionary funding and funding for certain initiatives in accordance with the Fiscal 2017 Expense Budget, as well as amendments to the Description/Scope of Services of certain organizations receiving local, aging, and youth discretionary funding and funding for a certain initiative in accordance with the Fiscal 2017, Fiscal 2016, and Fiscal 2015 Expense Budgets.

This Resolution sets forth the new designation and the changes in the designation of certain organizations receiving local discretionary funding pursuant to the Fiscal 2017 Expense Budget, as described in Chart 1; sets forth the changes in the designation of certain organizations receiving aging discretionary funding pursuant to the Fiscal 2017 Expense Budget, as described in Chart 2; sets forth the new designation and the changes in the designation of certain organizations receiving youth discretionary funding pursuant to the Fiscal 2017 Expense Budget, as described in Chart 3; sets forth the new designation and changes in the designation of funding

pursuant to certain initiatives in the Fiscal 2017 Expense Budget, as described in Charts 4-33; sets forth the new designation and the changes in the designation of certain organizations receiving local discretionary funding pursuant to the Fiscal 2016 Expense Budget, as described in Chart 34; sets forth the new designation and the changes in the designation of certain organizations receiving local discretionary funding pursuant to the Fiscal 2015 Expense Budget, as described in Chart 35; sets forth the changes in the designation of certain organizations receiving aging discretionary funding pursuant to the Fiscal 2015 Expense Budget, as described in Chart 36; sets forth the new designation and the changes in the designation of certain organizations receiving youth discretionary funding pursuant to the Fiscal 2018 Expense Budget, as described in Chart 37; sets forth the new designation and changes in the designation of funding pursuant to certain initiatives in the Fiscal 2016 Expense Budget, as described in Charts 38-40; amends the description for the Description/Scope of Services for certain organizations receiving local, and youth discretionary funding and funding for a certain initiative in accordance with the Fiscal 2017 Expense Budget, as described in Chart 41; amends the description for the Description/Scope of Services for a certain organization receiving local discretionary funding in accordance with the Fiscal 2016 Expense Budget, as described in Chart 42

The charts, attached to the Resolution, contain the following information: name of the council member(s) designating the organization to receive funding or name of the initiative, as set forth in Adjustments Summary/Schedule C/Fiscal 2017 Expense Budget, dated June 14, 2016, Adjustments Summary/Schedule C/Fiscal 2016 Expense Budget, dated June 26, 2015, and Adjustments Summary/Schedule C/Fiscal 2015 Expense Budget, dated June 26, 2014.

Report of the Committee on Fire and Criminal Justice Services

Report for Int. No. 1026-A

Report of the Committee on Fire and Criminal Justice Services in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to requiring the department of probation to evaluate the effectiveness of programs it utilizes

The Committee on Fire and Criminal Justice Services, to which the annexed proposed amended local law was referred on December 16, 2015 (Minutes, page 4534), respectfully

REPORTS:

INTRODUCTION

On July 14, 2016, the Committee on Fire and Criminal Justice Services, chaired by Council Member Elizabeth S. Crowley, will vote on Proposed Introductory Bill Number 1026-A (“Int. No. 1026-A”), a Local Law to amend the administrative code of the city of New York, in relation to requiring the department of probation to evaluate the effectiveness of programs it utilizes, and Proposed Introductory Bill Number 1142-A (“Int. No. 1142-A”), a Local Law to amend the administrative code of the city of New York, in relation to requiring the department of probation to report on recidivism and related statistics.

The Committee previously held a hearing on Int. No.’s 1026-A and 1142-A on May 4, 2016 at which it received testimony from the Department of Probation (“DOP” or “Department”), various stakeholders and other interested parties.

I. BACKGROUND

A. The Department of Probation

The Department has a total of 945 staff members who provide services to those individuals involved in the criminal and juvenile justice systems.

¹ Each year the DOP provides intake services and investigation and/or probation supervision for more than 55,000 adults and juveniles and supervises approximately 22,000 adults and 1,100 juveniles on any given day.² According to its mission statement, the DOP seeks to protect the community by intervening in the lives of offenders, holding them accountable and serving as a catalyst for positive change.

B. DOP’s Role in Juvenile Delinquency Cases

Youth under the age of sixteen who are arrested for crimes enter the juvenile justice system. Defendants are classified differently depending on the crime they are accused of committing. A "Juvenile Delinquent" is a

youth who is at least seven years old but less than sixteen years old who commits an act that would be a crime if he or she were an adult.³ Juvenile delinquency cases are heard in Family Court and are prosecuted by attorneys from the Law Department. A “Juvenile Offender” is a youth thirteen to fifteen years of age who is charged and tried as an adult for committing one or more serious or violent enumerated crimes, including all designated felonies.⁴ Juvenile offender cases are heard in Criminal or Supreme Court and are prosecuted by the District Attorney’s offices. Juvenile offenders may be sentenced as adults, and if so they must be sentenced to a period of prison and are not eligible for probation, unless they are sentenced as “youthful offenders.”⁵ A “youthful offender” is eligible for a sentence of probation,⁶ and such cases are handled in the same way as adult cases, as addressed in Section II(c), below.

When a juvenile is arrested by the police for allegedly committing a crime that would classify him or her as a juvenile delinquent, one of three things can occur: (i) the police may release the juvenile to a parent or guardian with or without a Family Court appearance ticket; (ii) the police may bring the youth directly to Family Court, for an interview with an officer from the DOP; or (iii) if the Family Court is closed, the youth may be detained in a secure juvenile detention facility administered by ACS until the court re-opens the next morning, when a probation officer conducts the interview.⁷ In addition to interviewing the accused, probation officers also interview parents, police, and the victim to determine whether to refer the case to formal court proceedings or to “adjust” the case instead.⁸ “Adjusting” diverts cases from the court system and, as an alternative, provides services which can include “restitution, community service, referral for community based services, letter of apology and/or mediation.”⁹ Adjusted cases are monitored by the DOP for up to four months.¹⁰

If a case proceeds in Family Court, assuming a judge issues a finding against a juvenile, the disposition stage is akin to the sentencing phase of a criminal trial. During disposition hearings, DOP issues one of the following disposition recommendations to the court: (i) discharge; (ii) probation; (iii) participation in an Alternative to Placement program (“ATP”); or (iv) placement in a correctional facility administered by the New York State Office of Children and Family Services (“OCFS”) or an entity that contracts with OCFS.¹¹ The judge may consider DOP’s recommendation but ultimately issues the final disposition. If a judge determines that probation supervision would best suit a juvenile, the youth is assigned to a DOP Probation Officer who sets up a reporting schedule and a treatment plan based on the needs of the individual and his or her family. Probation Officers can refer adolescents to a program or treatment provider and are also responsible for monitoring the probationer’s adjustment at home, at school and in the community to ensure compliance with the conditions of probation.¹² Juvenile delinquents can be placed on probation supervision for up to two years.

If a juvenile delinquent violates the terms and conditions of their probation, the DOP may file a “petition of violation” with the Family Court.¹³ Either the DOP or the Law Department must specify the nature of the violation, and the time and place at which it allegedly occurred.¹⁴ A Family Court may issue a warrant or summons for the defendant to appear for a hearing regarding any such violation.¹⁵ Defendants are entitled to counsel at violation hearings, and to present evidence on their behalf.¹⁶ If a court finds the defendant violated

the terms of their probation, the court may revoke the order of probation and impose any sentence that would have been originally authorized for the delinquency conviction.¹⁷

C. DOP's Role in Adult Criminal Cases

Any individual aged 16 years or older who is charged with a crime is prosecuted by the District Attorney's office in Criminal or Supreme Court.¹⁸ Unlike in juvenile delinquency cases, in adult criminal cases the DOP has no role in "diverting" cases from the criminal court system. However, the DOP's other roles are similar: the DOP prepares pre-sentencing reports,¹⁹ and monitors those individuals who are sentenced to a term of probation.²⁰ A court may sentence an adult to probation if the judge finds that a sentence of incarceration would not necessarily protect public safety and that the defendant is in need of guidance and supervision.²¹ Most sentences of probation for felony convictions are for between three and five years, though there are exceptions for sex abuse and other more serious charges.²² Most sentences for misdemeanor convictions are for between one and three years, though again there are exceptions for sex abuse charges.²³ Unlike Family Court sentences of probation, any adult probationer is entitled to apply for early termination of probation if a judge finds that the probationer is no longer in need of guidance, has complied with the terms of probation, and such early termination would not adversely impact public safety.²⁴

During the course of a sentence of probation, a probationer may violate the terms and conditions of their probation, and in such cases a court may issue a "declaration of delinquency,"²⁵ which permits the arrest of the probationer.²⁶ A probationer is entitled to a "prompt" hearing regarding any alleged violation, and is entitled to counsel for any such hearing.²⁷ If a court finds that a probationer did violate the terms of their probation, the court may either place the probationer back on probation, possibly with modifications to the terms of the probation, or revoke the sentence of probation and re-sentence the defendant to a period of incarceration.²⁸

II. VIOLATION AND RECIDIVISM RATES

Over the past five years, it appears that successful probation completion rates have varied to some extent for the adult population, but have trended notably downwards for the juvenile population. Data from the Mayor's Management Report for 2015 track successful yearly completion rates for the past five years.²⁹

A court may find that a probationer violated their sentence of probation if that probationer violated any term of their probation, including but not limited to being re-arrested.³⁰ Violations of probation may generally be categorized as either a re-arrest or a technical violation.³¹ As that term is used here, a “technical” violation may be based on violating any term of probation other than avoiding re-arrest, but often is based on a failure to report to a probation officer or failure to obey the directives of a probation officer, such as attending a treatment or educational program. In the past five years, data provided by the DOP to the Council indicates that the clear majority of yearly probation violations have been based on re-arrests, and the number of technical violations has steadily declined.³²

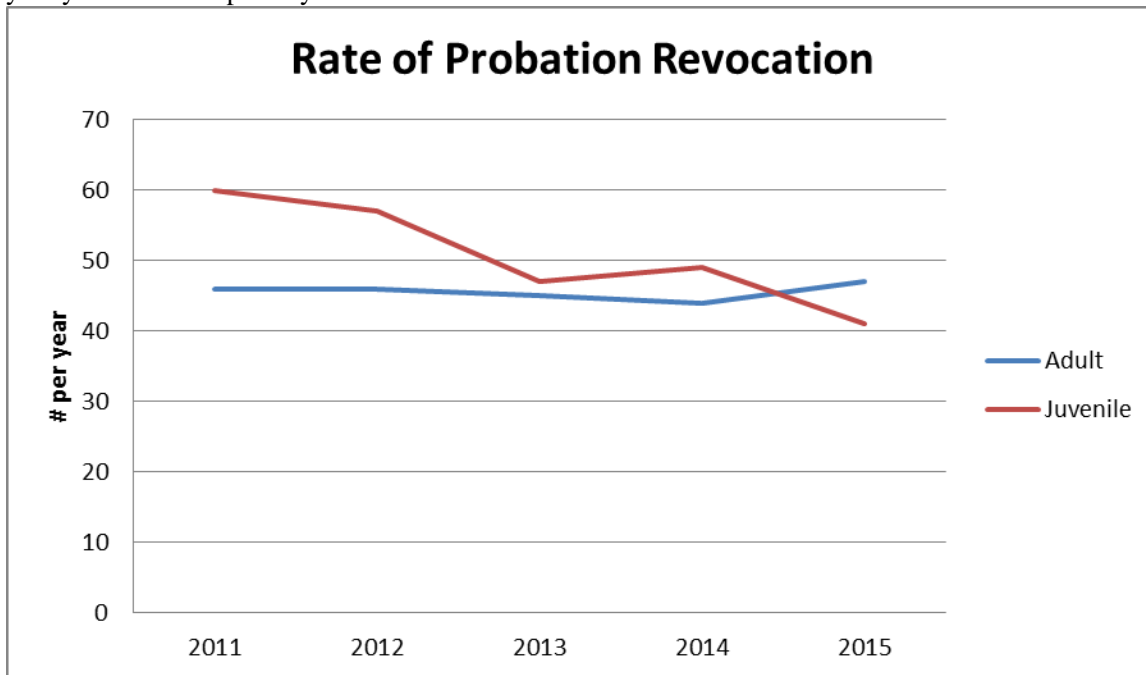

³⁰ See N.Y. Crim. Proc. Law § 410.30; N.Y. Fam. Ct. Act § 360.2(2)

³¹ Materials provided by the DOP to the Council draw this distinction.

³² Id.

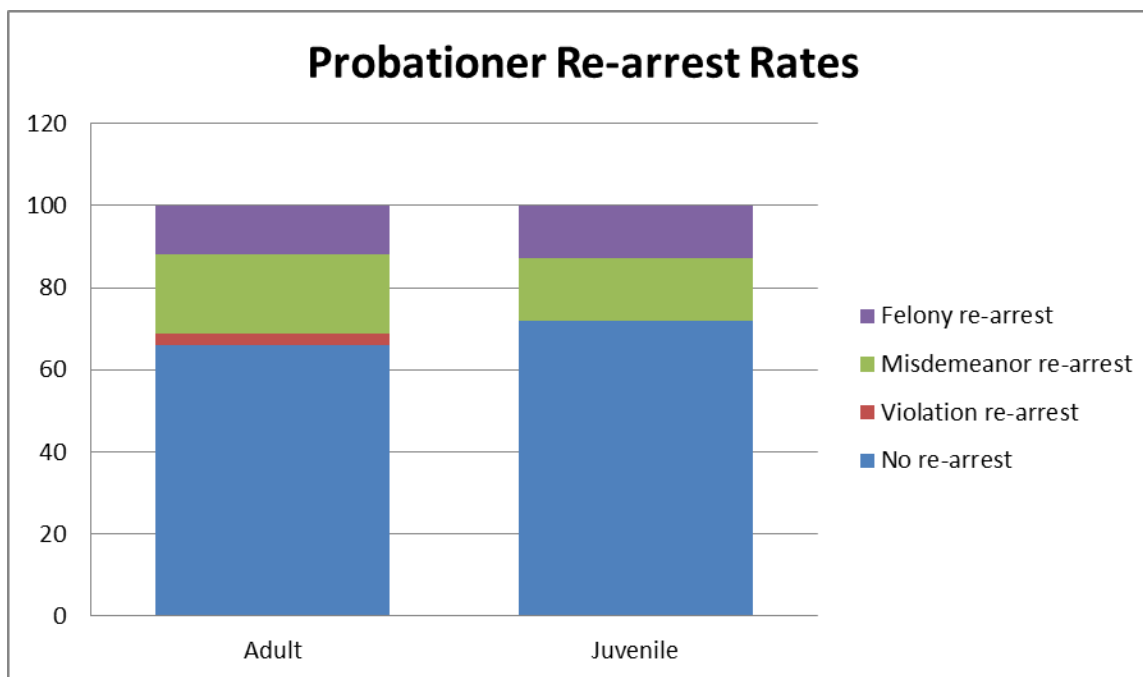

Regardless of whether a violation was based on a re-arrest or technical violation, if a court finds that a probationer violated the terms of their probation, the court can either place that probationer back on probation, possibly with modifications to the terms of the probation, or revoke the sentence of probation and re-sentence the defendant to a period of incarceration.³³ Data from the 2015 Mayor’s Management report indicates that only roughly half of violation proceedings result in the revocation of probation and a sentence of incarceration, and the percentage of juvenile violation proceedings resulting in revocation has been steadily declining on a yearly basis for the past 5 years.³⁴

³³ N.Y. Crim. Proc. Law § 410.70(5); Penal Law § 60.01(4)

³⁴ 2015 Mayor’s Management Report, p. 90, available at: <http://www1.nyc.gov/assets/operations/downloads/pdf/mmr2015/dop.pdf>

A probationer being re-arrested does not necessarily mean that their probation will be revoked. The DOP may choose not to pursue a violation of probation based on a re-arrest for a non-criminal offense, for example. Even if the DOP pursues a violation for a re-arrest, a court may either find that the probationer did not in fact commit the alleged violation, or may find that the probationer did commit the alleged violation but place the probationer back on probation.³⁵ Therefore, re-arrest rates may vary significantly from rates of successful completion of probation. Information provided to the Council by the DOP illustrate that in the fiscal year of 2015, roughly one third of probationers were re-arrested, though the slight majority of re-arrests were for misdemeanors or non-criminal offenses.³⁶

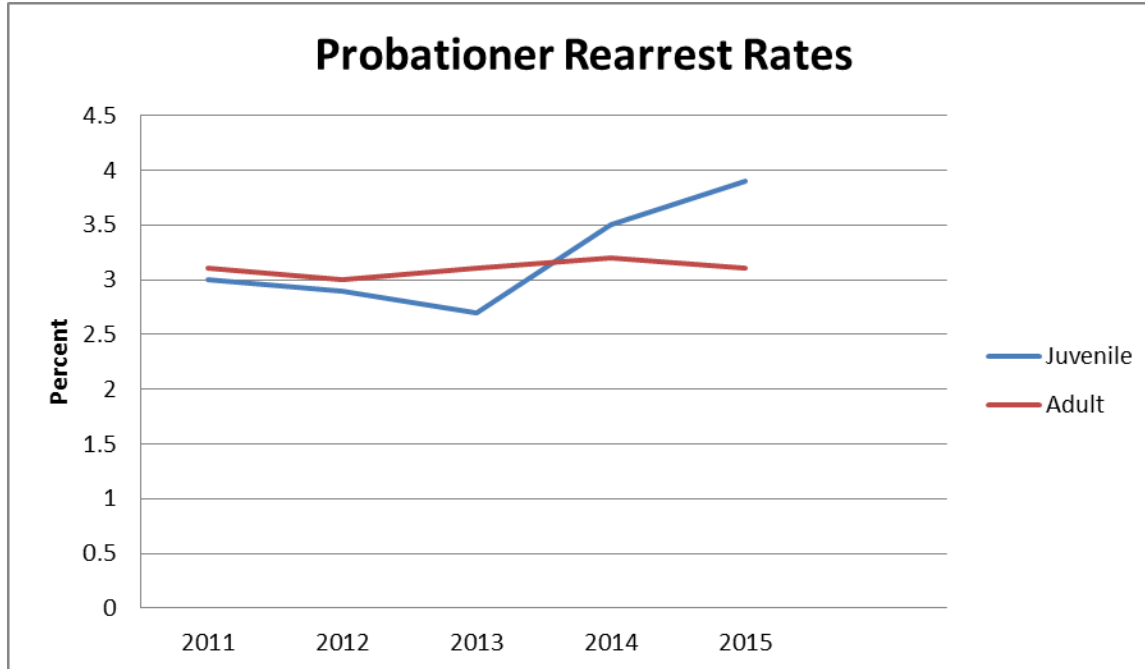

Over the past 5 years, information from the 2015 Mayor's Management Report indicates that while re-arrest rates for adult probationers has remained relatively steady, re-arrest rates for juvenile probationers has risen.³⁷

III. PROPOSED INT. NO. 1026-A

This bill would require the DOP to issue an annual report on the effectiveness of the programs it utilizes in delivering services to probationers. This report would include data on (i) the amount of funding each such program receives; (ii) the numbers of individuals served; (iii) a description of the services it provides including a program's length, requirements, and target populations, where applicable, and (iv) data related to recidivism and compliance where applicable. For the purposes of this report, recidivism data may be calculated without using data for participants who only participated in such programming for a minimal period of time, where such period of time is identified in such summary.

IV. CHANGES TO PROPOSED INT. NO. 1026-A

Since Int. No. 1026 was heard on May 4, the bill has undergone several revisions. Proposed Int. No. 1026-A changed the first reporting date from March to no later than 90 days from January 1, 2017. In addition, the Department must publically post the report on its website in addition to providing the report to the Mayor and the Council. The current bill added the additional reporting requirement of the program's length, requirements, and target populations. Finally, Proposed Int. No. 1026-A provides that calculations regarding recidivism could exclude participants who only participated in a program for a minimal period of time.

V. PROPOSED INT. NO. 1142-A

This bill would require yearly reporting on rates of recidivism and compliance for probationers. As illustrated in Sections II and III, *supra*, the length a sentence of probation can vary, both in terms of what length of period is imposed by a judge and by the possibility of early termination, either through a successful application for early termination or through a probationer's being violated and sentenced to imprisonment. Therefore, this bill examines recidivism and compliance through multiple perspectives; the bill first requires reporting of all probationers' recidivism and compliance in the previous year, regardless of when such probationer was sentenced. The bill then requires reporting outcomes for all probationers whose original sentences to probation would have expired during the previous year, barring any early termination. For example, the 2015 report would include statistics for those persons under the DOP's supervision in 2015, and also include statistics for those sentenced to a 3-year period of probation in 2012, those sentenced to a 5-year period of probation in 2010, and those sentenced to a 10-year period in 2005. Within these categories, the report would include statistics related to recidivism, such as the number and percentage of probationers arrested, in total and broken down by the seriousness of the arrest, as well as the number and percentage of

probationers convicted of crimes, also in total and broken down by the seriousness of the conviction. For those probationers arrested, the report would include the number of such cases that resulted in sentences of incarceration other than time served and the period of time within which they were arrested. Also, the report would include the number and percentage of probationers for whom the DOP filed a notice of violation or related legal document, and including the basis of this violation. Finally, the report would include statistics relating to the use of juvenile adjustment, and the rates of successful completion of probation. All of this information would be reported in total and disaggregated by probationers' ages, risk level, and the seriousness of their underlying conviction. These reports would be kept permanently on the DOP's website, and each year would be compared to previous years.

VI. CHANGES TO PROPOSED INTRO. NO. 1142-A

Since the bill was heard in May, it has undergone some changes. The prior bill required the Department to reporting no later than 20 days from January 1. The current bill requires reporting no later than 90 days from that date. Proposed Int. No. 1142-A requires reporting on a monthly number of probationers as opposed to the average daily number of probationers which was required in the earlier version of the bill. Finally, the bill requires DOP to report on the number and percentage of probationers who were arrested within (i) one month, (ii) three months (iii) six months, (iv) one year, (v) two years; and (vi) three years from the date of sentence.

A Local Law to amend the administrative code of the city of New York, in relation to requiring the department of probation to evaluate the effectiveness of programs it utilizes

Be it enacted by the Council as follows:

Section 1. Chapter 2 of title 9 of the administrative code of the city of New York is amended by adding a new section 9-204 to read as follows:

§ 9-204 Probation programming report. The department of probation shall evaluate the effectiveness of each program through which the department provides any structured service directly to probation clients. No later than 90 days from January 1 of each year, beginning in 2017, the department shall submit a summary of each evaluation to the mayor and the council, and post such summary to the department's website. This

summary shall include criteria determined by the department, which shall include, but not be limited to, information related to the following for each such program: (i) the amount of funding received; (ii) the number of individuals served; (iii) a brief description of the services provided, including a program's length, requirements, and target populations, where applicable; and (iv) recidivism and compliance rates, if applicable, provided that such summary may calculate recidivism without using data for participants who only participated in such programming for a minimal period of time, where such period of time is identified in such summary.

A Local Law to amend the administrative code of the city of New York, in relation to requiring the department of probation to report on recidivism and related statistics

Be it enacted by the Council as follows:

Section 1. Chapter 2 of title 9 of the administrative code of the city of New York is amended by adding a new section 9-203 to read as follows:

§ 9-203 Probation recidivism report. a. Definitions. For the purposes of this section, the following terms have the following meanings:

Adjust. The term “adjust” has the same meaning as the process described in section 308.1 of the New York family court act, or any successor statute.

Department. The term “department” means the New York city department of probation.

Eligible year. The term “eligible year” means any year during which a court ordered the department to supervise a probationer that pursuant to such court order would have terminated during the reporting period.

Probationer. The term “probationer” means a person the department has been ordered to supervise.

b. No later than 90 days from January 1 of each year, beginning in 2017, the department shall provide to the council and publish on its website an annual report regarding recidivism. Such report shall include the information required by paragraphs 2 through 6 of this subdivision for every eligible year regarding probationers sentenced to probation during such eligible year. Such report shall include the following information for probationers who were under the supervision of the department during the previous calendar year:

1. The number of probationers, the average monthly number of probationers, and the number of probationers whose period of supervision began during the reporting period;

2. The number and percentage of probationers who were: (a) arrested for a non-criminal offense; (b) arrested for any crime; (c) arrested for a misdemeanor; (d) arrested for a felony; disaggregated by whether such felony is a violent felony offense as such term is defined by section 70.02 of the penal law or any successor statute, or whether such probationers were felony drug offenders or second felony drug offenders, as such terms are defined by section 70.70 of the penal law or any successor statute; (e) convicted of a non-criminal offense, (f) convicted of a misdemeanor; or (g) convicted of a felony, disaggregated by whether such felony is a violent felony offense as such term is defined by section 70.02 of the penal law or any successor statute, or whether such probationers were felony drug offenders or second felony drug offenders, as such terms are defined by section 70.70 of the penal law or any successor statute;

3. With respect to the probationers who were arrested for any non-criminal offense, misdemeanor or felony during their probation, as reported in paragraph 2 of this subdivision, the number of arrests that resulted in sentences of incarceration other than time served, disaggregated by such category of arrest;

4. The number and percentage of probationers who were arrested within the following periods of time from the date of their sentence: (a) 1 month, (b) 3 months, (c) 6 months, (d) 1 year, (e) 2 years, and (f) 3 years;

5. The number and percentage of probationers who: (a) were in full compliance with the terms of their probation, (b) violated the terms of their probation, in total and disaggregated by whether such violation was based on an arrest or another ground, or (c) violated the terms of their probation, and there was filed a related declaration of delinquency, petition of violation, or similar court filing, in total and disaggregated by whether such declaration was based on an arrest, a violation of the technical terms of probation, or absconding;

6. *The number and percentage of probationers whose period of probation was successfully completed during the reporting period, and the mean and median length of their period of probation; and*

7. *The number of cases opened for adjustment during the reporting period that were monitored by the department, and the number and percentage of such cases in which those being monitored violated the terms of their monitoring.*

c. The information required by subdivision b of this section shall be reported in total and disaggregated by the following criteria:

1. The age of the probationer, where applicable, in the following categories at a minimum: (a) up to age 15, (b) 16-24, and (c) 25 and older. For the purposes of subdivision b of this section, such age shall be calculated by using the probationer's age at the end of the reporting period, and for the purposes of subdivision c of this section such age shall be calculated by using the probationer's age at the time at which their period of supervision began;

2. Whether the underlying case for which the probationer was ordered to be monitored by the department was classified by state law, or by equivalent laws of another state, as a: (a) juvenile delinquency, (b) juvenile offender, (c) youthful offender, or (d) adult criminal case;

3. For those probationers for whom the underlying case for which the probationer was ordered to be monitored was an adult criminal case, or the equivalent in another state, whether such case was a misdemeanor or felony; and

4. The risk level of the probationer, as described in section 351.6 of title 9 of the compilation of codes, rules and regulations of the state of New York, or any successor regulation.

d. The information required by subdivisions b and c of this section shall be compared to previous reporting periods, and shall be stored permanently and shall be accessible from the department's website.

§ 2. This local law takes effect immediately; provided, however, that the information required by subparagraphs (e) through (g) of paragraph 2, paragraph 3, and paragraph 5 of subdivision b of section 9-203 of the administrative code of the city of New York, as added by section 1 of this local law, need not include information on probationers adjudicated to be juvenile delinquents, provided that such information shall be included in the report submitted within 90 days after January 1, 2018 and in reports submitted thereafter.

ELIZABETH S. CROWLEY, *Chairperson*; FERNANDO CABRERA, RORY I. LANCMAN, PAUL A. VALLONE; *Other Council Members Attending: Levine.* Committee on Fire and Criminal Justice Services, July 14, 2016.

Report of the Committee on Housing and Buildings

Report for Int No. 1169-A

Report of the Committee on Housing and Buildings in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to conforming the New York city energy conservation code to the New York state energy code with amendments unique to construction in the city and repealing section 28-1001.2 in relation thereto

The Committee on Housing and Buildings, to which the annexed proposed amended local law was referred on April 20, 2016 (Minutes, page 1109), respectfully

REPORTS:

Introduction

On July 14, 2016, the Committee on Housing and Buildings, chaired by Council Member Jumaane D. Williams, held a hearing to consider Int. No. 1169-A.

The Committee previously considered Int. No. 1169-A on June 22, 2016. The Committee received testimony from representatives of the Department of Buildings (DOB), members of the real estate industry, energy conservation advocates and other interested members of the public.

New York City Energy Code Background

The Energy Conservation Construction Code of New York State (State Energy Code) sets standards for the energy performance of buildings throughout New York. The State Energy Law permits municipalities to promulgate local energy conservation construction codes, provided that those codes are at least as stringent as the State Energy Code.¹ The State recently amended the State Energy Code and the updated code will go into effect on October 3, 2016. So, for New York City to continue having its own energy code, the City must update the local energy code to match the new State standards. Int. No. 1169-A is intended to address this issue, and make several New York City-specific amendments to the updated State Energy Code.

New York City-Specific Amendments

Int. No. 1169-A includes various technical and substantive New York City specific-amendments to the State Energy Code and to the American Society of Heating, Refrigerating, and Air-Conditioning Engineers (ASHRAE) energy standards.² The most significant amendments are as follows:

Air Barrier Testing. Air leakage occurs when outside air enters a space and cooled or heated air leaves such space resulting in increased heating and cooling costs. Under the proposed amendment to the State Energy Code and ASHRAE, there would need to be either quantitative or qualitative testing of air barrier systems in commercial buildings of a certain size.³

PTAC & PTHP. Packaged terminal air conditioners (PTACs) and Packaged Terminal Heat Pumps (PTHPs) are two commonly used types of air conditioners installed through the wall.⁴ Through-the-wall air conditioners are associated with air leakage and thermal bridging and thus energy loss.⁵ The proposed New York City-specific amendments to the State Energy Code and ASHRAE would increase the building thermal envelope requirements where the total area of through-the-wall equipment exceeds 1% of the opaque above-grade-wall area.

Vestibules. The State Energy Code and ASHRAE require vestibules in front of doors in order to prevent air leakage when doors are opened.⁶ There is, however, an exception for doors that open directly from a space less than 3,000 square feet in area. Int. No. 1169-A would limit the 3,000 square foot exception to buildings that are less than 75 feet in height and for buildings 75 feet and greater in height make the exception only for doors that open directly from a space less than 1,000 square feet in area.

Occupant Sensors. Under the proposed updates to the State Energy Code, occupant sensors would (1) be required in all classrooms, conference/meeting rooms, copy/print rooms, lounges, employee lunch and break rooms, private offices, restrooms, storage rooms, janitorial closets, locker rooms, and other spaces 300 square feet or less; (2) be required to turn off lights within 30 minutes after all occupants leave the space; and (3) allow lights to be turned on either manually (to full power) or automatically (to not more than 50% power).⁷ Int. No. 1169-A would include open plan offices in the list of areas required to have occupant sensors. Also, to

¹ See New York State Energy Law § 11-109.

² Developers and owners of commercial buildings may elect to follow either the State Energy Code (or, in New York City, the City's local energy code) or ASHRAE 90.1 (Energy Standard for Buildings Except Low-Rise Residential Buildings). References to "ASHRAE" in this Committee Report are to ASHRAE 90.1-2013.

³ For energy code purposes, the term "commercial building" generally includes residential buildings taller than three stories. State Energy Code § 202.

be consistent with Local Law 48 of 2010, Int. No. 1169-A would instead require that classrooms, conference/meeting rooms, employee lunch and break rooms, and offices smaller than 200 square feet have manually operated devices to turn the lights on, while allowing lights in copy/print rooms, lounges, restrooms, storage rooms, private offices 200 square feet in area or greater, janitorial closets, locker rooms, and other areas 300 square feet in area or less to turn on automatically (to not more than 50% power).

Lighting in dwelling units. ASHRAE currently exempts lighting within dwelling units from its lighting regulations.⁸ Int. No. 1169-A removes that exemption and replaces it with an exemption that covers only dwelling units within commercial buildings where not less than 75% of the permanently installed lighting fixtures contain only high efficacy lamps.

Solar Ready Zones. The State Energy Code has a provision outlining how to make residential roofs solar ready, but this provision is not mandatory. Int. No. 1169-A would require detached one- and two- family dwellings and multiple single-family dwellings to have solar ready roofs unless such buildings have permanently installed on-site renewable energy systems or are shaded for more than 50 percent of daylight hours.

Insulation & Fenestration. Under the State Energy Code rubric, insulation and fenestration requirements are based on climate zones. The State Energy Code sets the insulation and fenestration requirements for residential buildings at climate zone 4. Int. No. 1169-A would set such values at climate zone 6. According to DOB, Climate zone 6 requirements are approximately 20 percent more stringent than Climate Zone 4 requirements.

Section one of Int. No. 1169-A contains the legislative intent expressing the need for this legislation.

Section two of Int. No. 1169-A makes technical edits to section 28-1001.1.1 of the Administrative Code of the City of New York (the Code).

Section three of Int. No. 1169-A repeals section 28-1001.2 of the Code and adds a new section 28-1001.2 incorporating the New York State Energy Code with the New York City-specific amendments discussed above.

Section four of this legislation makes technical edits to section 28-1001.3 of the Code.

Section five of this legislation contains the enactment clause and provides that this local law take effect on October 3, 2016.

Changes to Int. No. 1169-A

Various technical edits were made to Int. No. 1169-A.

Update

On July 14, 2016, the Committee adopted this legislation. Accordingly, the Committee recommends its adoption.

THE COUNCIL OF THE CITY OF NEW YORK
FINANCE DIVISION
 LATONIA MCKINNEY, DIRECTOR
FISCAL IMPACT STATEMENT

PROPOSED INTRO. NO: 1169-A
COMMITTEE: Housing & Buildings

TITLE: A Local Law to amend the administrative code of the city of New York, in relation to conforming the New York city energy conservation code to the New York state energy code with amendments unique to construction in the city and repealing section 28-1001.2 in relation thereto.

SPONSOR(S): Council Members Williams and Richards (by request of the Mayor)

SUMMARY OF LEGISLATION: Under State law, New York City is empowered to create its own energy code, provided that it is at least as strict as the State's energy code. The State energy code was recently updated, and Proposed Int. No. 1169-A would update the City's energy code to reflect these State's changes. It would also make some amendments to accommodate the unique character of construction in New York City. Some examples of the City-specific amendments are:

- Under the State code, lighting within dwelling units is sometimes exempt from energy efficiency requirements. But dwelling units make up a large portion of the City's building stock and significantly impact greenhouse gas levels. Therefore, this bill narrows the State's exemption to only those buildings where 75 percent of the lighting fixtures can accommodate only high-efficacy lamps.
- Several of the City-specific amendments deal with preventing air leakage. Air leakage occurs when outside air enters a space and cooled or heated air leaves such space resulting in increased heating and cooling costs. The proposed legislation would require commercial buildings of a certain size to conduct either testing of their air barrier systems. It would also increase building thermal envelope requirements when through-the-wall air conditioners (which are associated with air leakage) make up more than 1 percent of a building's wall area.
- Under the updates to the State Energy Code, occupant sensors would be required in all classrooms, conference/meeting rooms, copy/print rooms, lounges, employee lunch and break rooms, private offices, restrooms, storage rooms, janitorial closets, locker rooms, and other spaces 300 square feet or less. Proposed Int. No. 1169-A would include open plan offices in the list of areas required to have occupant sensors.
- The State Energy Code has a provision outlining how to make residential roofs solar ready, but this provision is not mandatory. Int. No. 1169 would require detached one- and two- family dwellings and multiple single-family dwellings to have solar ready roofs unless such buildings have permanently installed on-site renewable energy systems or are shaded for more than 50 percent of daylight hours.

EFFECTIVE DATE: This legislation would take effect on October 3, 2016 (the same date that the State energy code takes effect).

FISCAL YEAR IN WHICH FULL FISCAL IMPACT ANTICIPATED: FISCAL 2018

FISCAL IMPACT STATEMENT:

	Effective FY	FY Succeeding Effective FY	Full Fiscal Impact FY
Revenues	\$0	\$0	\$0
Expenditures	\$0	\$0	\$0
Net	\$0	\$0	\$0

IMPACT ON REVENUES: It is anticipated that there would be no impact on revenues as a result of this legislation.

IMPACT ON EXPENDITURES: It is anticipated that there would be no impact on expenditures as a result of this legislation as this legislation updates an existing code enforced by the City, and the City's capital projects are already subject to more stringent energy measures, such as those outlined in Local Law 31 of 2016.

LEGISLATIVE HISTORY: This legislation was introduced to the full Council on April 20, 2016 as Intro. No. 1169 and was referred to the Committee on Housing and Buildings. The legislation was considered by the Committee on Housing and Buildings on June 22, 2016 and laid over. The legislation was subsequently amended and the Committee on Housing and Buildings will vote on the amended legislation, Proposed Intro. No. 1169-A, on July 14, 2016. Upon successful vote by the Committee, the legislation will be submitted to the full Council for a vote on July 14, 2016.

DATE PREPARED: July 13, 2016

Accordingly, this Committee recommends its adoption, as amended.

Int. No. 1169-A

By Council Members Williams, Richards, Kallos and Rosenthal (by request of the Mayor).

A Local Law to amend the administrative code of the city of New York, in relation to conforming the New York city energy conservation code to the New York state energy code with amendments unique to construction in the city and repealing section 28-1001.2 in relation thereto

Be it enacted by the Council as follows:

Section 1. Statement of findings and purpose. The New York State Energy Conservation Construction Code (the “New York State Energy Code”) is promulgated by the State Fire Prevention and Building Code Council pursuant to Article 11 of the New York State Energy Law. In accordance with Article 11, the New York City Energy Conservation Code is stricter than the New York State Energy Code. The purpose of this local law is to conform the New York City Energy Conservation Code to recent changes in the New York State Energy Code with local law amendments unique to construction in the City.

§ 2. Section 28-1001.1.1 of the administrative code of the city of New York, as added by local law number 4 for the year 2015, is amended to read as follows:

§28-1001.1.1 Definition. As used in this chapter, the term “New York State Energy Code” means the New York State Energy Conservation Construction Code (the “New York State Energy Code”), constituting part 1240 of title 19 of the New York codes, rules and regulations (19 NYCRR Part 1240), and the publications incorporated by reference in such part, promulgated on [November 18, 2014] April 6, 2016, by the State Fire Prevention and Building Code Council pursuant to Article 11 of the New York State Energy Law.

§ 3. Section 28-1001.2 of the administrative code of the city of New York is REPEALED and a new section 28-1001.2 is added to read as follows:

§28-1001.2 New York city amendments to the New York state energy code. The following New York city amendments to the New York state energy code are hereby adopted as set forth in sections 28-1001.2.1 and 28-1001.2.2.

§28-1001.2.1 New York city amendments to 19 NYCRR Part 1240.

1240.6 Exceptions.

Delete Exception (b) in its entirety and replace with a new Exception (b) to read as follows:

(b) Certain alterations. The New York State Energy Code shall not apply to the following alterations of existing buildings, provided that the alteration will not increase the energy usage of the building:

1. Storm windows installed over existing fenestration.
2. Glass-only replacements in an existing sash and frame, provided that the U-factor and the solar heat gain coefficient (SHGC) shall be equal to or lower than before the glass replacement.
3. Alterations, renovations or repairs to roof/ceiling, wall or floor cavities, including spaces between furring strips, provided that such cavities are insulated to the full existing cavity depth with insulation having a minimum nominal value of R-3.0/inch (R-2.0/cm).
4. Alterations, renovations or repairs to walls and floors in cases where the existing structure is without framing cavities and no new framing cavities are created.
5. Reroofing where neither the sheathing nor the insulation is exposed. Roofs without insulation in the cavity and where the sheathing or insulation is exposed during reroofing shall be insulated either above or below the sheathing.
6. Replacement of existing doors that separate conditioned space from the exterior shall not require the installation of a vestibule or revolving door, provided, however, that an existing vestibule that separates a conditioned space from the exterior shall not be removed.

7. An alteration that replaces less than 20 percent of the luminaires in a space, provided that such alteration does not increase the installed interior lighting power.
8. An alteration that replaces only the bulb and ballast within the existing luminaires in a space, provided that such alteration does not increase the installed interior lighting power.

§28-1001.2.2 New York city amendments to commercial and residential chapters of the New York state energy code, including amendments to the 2013 edition of Energy Standard for Buildings Except Low-Rise Residential Buildings ("ASHRAE 90.1 -2013"), as amended by Part 2 of the 2016 Supplement.

Chapter 1 [CE] and Chapter 1 [RE]

Delete Chapter R1 and Chapter C1 in their entirety and replace with a new Chapter 1 to read as follows:

CHAPTER 1
ADMINISTRATION

INTRODUCTORY STATEMENT

The New York City Energy Conservation Code ("NYCECC") is comprised of the New York State Energy Code ("NYSEC") with amendments as enacted into law by the New York City Council.

The NYCECC is divided into provisions relevant to commercial buildings and provisions relevant to residential buildings as follows:

1. The provisions of the NYCECC for commercial buildings are reflected in the state publications incorporated by reference in 19 NYCRR section 1240.4, as amended by sections 28-1001.2.1 and 28-1001.2.2 of the Administrative Code of the city of New York. Such state publications include (i) Chapters 1 [CE], 2 [CE], 3 [CE], 4 [CE], 5 [CE] and 6 [CE] of the 2015 edition of the International Energy Conservation Code (the "2015 IECC"), as amended by Part 1 of the publication entitled the 2016 Supplement to the New York State Energy Conservation Construction Code (the "2016 Energy Code Supplement") (ii) the July 2014 edition of Energy Standard for Buildings Except Low-Rise Residential Buildings ("ASHRAE 90.1-2013"), as amended by Part 2 of the 2016 Energy Code Supplement; and (iii) reference standards incorporated by reference in 19 NYCRR section 1240.4(c).
2. The provisions of the NYCECC for residential buildings are reflected in the state publications incorporated by reference in 19 NYCRR section 1240.5, as amended by sections 28-1001.2.1 and 28-1001.2.2 of the Administrative Code of the city of New York. Such state publications include (i) Chapters 1 [RE], 2 [RE], 3 [RE], 4 [RE], 5 [RE] and 6 [RE] of the 2015 edition of the International Energy Conservation Code (the "2015 IECC"), as amended by Part 3 of the publication entitled the 2016 Supplement to the New York State Energy Conservation Construction Code (the "2016 Energy Code Supplement"); and (ii) the referenced standards incorporated by reference in 19 NYCRR section 1240.5(b), as amended by Part 3 of the 2016 Energy Code Supplement.

SECTION ECC 101
SCOPE AND GENERAL REQUIREMENTS

101.1 General. These provisions shall be known and cited as the “New York City Energy Conservation Code,” “NYCECC” or “ECC,” and are referred to herein as “this code.” All section numbers in this code shall be deemed to be preceded by the designation “ECC.” Administration and enforcement of this code shall be in accordance with Title 28 of the Administrative Code.

101.1.1 Titles.

The 2015 edition of the International Energy Code shall be known as the “2015 IECC.”

The 2013 edition of the Energy Standard for Buildings Except Low-Rise Residential Buildings shall be known as “ASHRAE 90.1-2013.” All references in this code to ASHRAE 90.1-2013 shall be deemed to be references to ASHRAE 90.1-2013 (AS AMENDED).

The 2016 Energy Code Supplement to the New York State Energy Conservation Construction Code shall be known as the “2016 Supplement.”

The New York State Energy Conservation Construction Code along with the New York City amendments to the New York State Energy Conservation Construction Code shall be known collectively as the “New York City Energy Conservation Code.”

101.2 Scope. This code applies to commercial buildings and residential buildings, as defined in Chapter C2 and Chapter R2 of this code, and the buildings’ sites, associated systems and equipment.

101.2.1 Occupancy classifications. For determination of occupancy classification and use within this code, a comparable occupancy classification shall be made to the New York City Building Code.

101.2.2 Reconciliation with New York State Energy Conservation Construction Code. Whenever any provision of the New York State Energy Conservation Construction Code provides for a more stringent requirement than imposed by this code, the more stringent requirement shall govern.

101.2.3 Other laws. The provisions of this code shall not be deemed to nullify any federal, state or local law, rule or regulation relating to any matter as to which this code does not provide.

101.3 Intent. This code shall regulate the design and construction of buildings for the use and conservation of energy over the life of each building. This code is intended to provide flexibility to permit the use of innovative approaches and techniques to achieve this objective. This code is not intended to abridge safety, health or environmental requirements contained in other applicable codes. To the fullest extent feasible, use of modern technical methods, devices and improvements that tend to minimize consumption of energy without abridging reasonable requirements for the safety, health and security of the occupants or users of buildings shall be permitted. As far as may be practicable, the improvement of energy conservation construction practices, methods, equipment, materials and techniques shall be encouraged.

101.4 Applicability. The provisions of this code shall apply to the construction of buildings. Where, in any specific case, different sections of this code specify different materials, methods of construction or other requirements, the most restrictive shall govern. Where there is a conflict between a general requirement and a specific requirement, the specific requirement shall govern.

101.4.1 Mixed occupancy. Where a building includes both commercial and residential occupancies, each occupancy shall be separately considered and shall meet the applicable provisions of Chapters C2, C3, C4 and C5 for commercial, and Chapters R2, R3, R4, and R5 for residential.

101.5 Compliance. Commercial buildings shall comply with the provisions of this code applicable to commercial buildings in Chapters C2, C3, C4, and C5. Residential buildings shall comply with the provisions of this code applicable to residential buildings in Chapters R2, R3, R4, and R5.

101.5.1 Compliance materials. Compliance with the provisions of this code can be demonstrated through the use of computer software deemed acceptable by the New York State Secretary of State, and the commissioner.

101.5.2 Demonstration of compliance. For a building project application or applications required to be submitted to the department, the following documentation, as further described in the rules of the department, shall be required in order to demonstrate compliance with this code.

101.5.2.1 Professional statement. Any registered design professional or lead energy professional filing an application or applications for a new building or alteration project shall provide on a signed and sealed drawing a statement of compliance or exemption in accordance with the rules of the department.

101.5.2.2 Energy analysis. For any application that is not exempt from this code and for which a work permit is required in accordance with Section 28-105 of the Administrative Code, an energy analysis shall be provided on a sheet or sheets within the construction drawing set. The energy analysis shall identify the compliance path followed, demonstrate how the design complies with this code and be in a format as prescribed in the rules of the department. The energy analysis shall meet the requirements of this code for the entire project. Projects that utilize trade-offs among disciplines shall use DOE2-based energy modeling programs or other energy-modeling programs as prescribed in the rules of the department and shall be signed and sealed by a lead energy professional.

101.5.2.3 Supporting documentation. For any application that is not exempt from this code and for which a work permit is required in accordance with Section 28-105 of the Administrative Code, supporting documentation shall be required in the approved construction drawings. See Section 103 for further requirements.

SECTION ECC 102

ALTERNATE MATERIALS, METHOD OF CONSTRUCTION, DESIGN OR INSULATING SYSTEMS

102.1 General. This code is not intended to prevent the use of any material, method of construction, design or insulating system not specifically prescribed herein, provided that such material, method of construction, design or insulating system has been approved by the commissioner as (1) meeting the intent of this code, (2) achieving energy savings that are equivalent to or greater than would be achieved using prescribed materials, methods of construction, designs or insulating systems, and (3) meeting the requirements of Article 113 of Chapter 1 of Title 28 of the Administrative Code and the remaining New York City Construction Codes.

SECTION ECC 103

CONSTRUCTION DOCUMENTS

103.1 General. Construction documents shall be prepared in accordance with the provisions of Chapter 1 of Title 28 of the Administrative Code, the New York City Construction Codes, including this code, and the rules of the department.

103.2 Supporting documentation on construction documents. Supporting documentation shall include those construction documents that demonstrate compliance with this code.

103.2.1 Intent. Supporting documentation shall accomplish the following:

1. Demonstrate conformance of approved drawings to the energy analysis for every element and value of the energy analysis;
2. Demonstrate conformance of approved drawings to other mandatory requirements of this code, including, but not limited to, sealing against air leakage from the building envelope and from ductwork as applicable, insulation of ducts and piping as applicable, mechanical and lighting controls with devices shown and operational narratives for each, and additional requirements as set forth in this section;
3. Identify required progress inspections in accordance with the scope of work, this code, the Administrative Code, the New York City Building Code, and the rules of the department; and
4. Comply with other requirements as may be set forth in the rules of the department.

103.2.2 Detailed requirements. Construction documents shall be drawn to scale upon suitable material. Electronic media documents are permitted to be submitted in accordance with department procedures. Construction documents for a project shall be fully coordinated and of sufficient clarity to indicate the location, nature and extent of the work proposed, and show in sufficient detail pertinent data and features of the building, building systems and equipment as herein governed. Details shall include, but are not limited to, as applicable, insulation materials and their R-values; fenestration U-factors and SHGCs; area-weighted U-factor and SHGC calculations; mechanical system design criteria; mechanical and service water heating system and equipment, types, sizes and efficiencies; economizer description; equipment and systems controls; fan motor horsepower and controls; duct sealing, duct and pipe insulation and location; lighting fixture schedule with wattages and control narrative; location of daylight zone on floor plans (as applicable), and air sealing details. The building's thermal envelope shall be represented on the construction documents.

103.3 Examination of documents. In accordance with Article 104 of Chapter 1 of Title 28 of the Administrative Code, the department shall examine or cause to be examined the accompanying construction documents and shall ascertain by such examinations whether the construction indicated and described is in accordance with the requirements of this code and other pertinent laws, rules and regulations.

103.4 Changes during construction. For changes during construction refer to Section 28-104.3 of the Administrative Code.

SECTION ECC 104 **INSPECTIONS**

104.1 General. Except as otherwise specifically provided, inspections required by this code or by the department during the progress of work may be performed on behalf of the owner by an approved agency. All inspections shall be performed at the sole cost and expense of the owner. Refer to Article 116 of Chapter 1 of Title 28 of the Administrative Code for additional provisions relating to inspections. In addition to any inspections otherwise required by this code or the rules of the department, the following inspections shall be required:

1. **Progress inspections.** Progress inspections shall be performed in accordance with the rules of the department.
2. **Final inspection.** Refer to Article 116 of Chapter 1 of Title 28 of the Administrative Code and the rules of the department.
3. **Issuance of Certificate of Compliance.** Refer to Section 28-116.4.1 of the Administrative Code.

The requirements of Section 104.1 shall not be read to prohibit the operation of any heating equipment or appliances installed to replace existing heating equipment or appliances serving an occupied portion of a structure provided that a request for inspection of such heating equipment or appliances has been filed with the department not more than 48 hours after such replacement work is completed, and before any portion of such equipment or appliances is concealed by any permanent portion of the structure.

104.1.1 Approved agencies. Refer to Article 114 of Chapter 1 of Title 28 of the Administrative Code and the rules of the department.

104.1.2 Inspection of prefabricated construction assemblies. Prior to the issuance of a work permit for a prefabricated construction assembly having concealed mechanical work, the department shall require the submittal of an evaluation report by the manufacturer or approved agency on each prefabricated construction assembly, indicating the complete details of the mechanical system, including a description of the system and its components, the basis upon which the system is being evaluated for energy use, test results and similar information, and other data as necessary for the commissioner to determine conformance to this code.

104.1.2.1 Test and inspection records. Required test and inspection records shall be made available to the commissioner at all times during the fabrication of the mechanical system and the erection of the building; or such records as the commissioner designates shall be filed.

104.2 Testing. Envelope, heating, ventilating, air conditioning, service water heating, lighting and electrical systems shall be tested as required in this code and in accordance with Sections 104.2.1 through 104.2.3. Except as otherwise required in this code or in the rules of the department, tests shall be made by the permit holder and witnessed by an approved agency.

104.2.1 New, altered, extended, renovated or repaired systems. New envelope, heating, ventilating, air conditioning, service water heating, lighting and electrical installations or systems, and parts of existing systems that have been altered, extended, renovated or repaired, shall be tested as prescribed herein or in the rules of the department to disclose leaks and defects.

104.2.2 Apparatus, instruments, material and labor for tests. Apparatus, instruments, material and labor required for testing an envelope, heating, ventilating, air conditioning, service water heating, lighting and/or electrical installation or system or part thereof shall be furnished by the permit holder.

104.2.3 Reinspection and testing. Where any work or installation does not pass an initial test or inspection, the necessary corrections shall be made so as to achieve compliance with the New York City Construction Codes, including this code. The work or installation shall then be reinspected or retested by the approved agency.

104.3 Sign-off of completed work. In addition to the requirements of Article 116 of Chapter 1 of Title 28 of the Administrative Code, Section 103.4 of this code and other requirements for sign-off, the project team shall either certify that construction does not differ from the last approved energy analysis or provide a whole-project as-built energy analysis and supporting documents, signed and sealed, for approval prior to sign-off. The as-built energy analysis and supporting documents shall reflect the materials, equipment

and values actually used in the construction of the project, and shall demonstrate compliance of the constructed project with this code. Such signed and sealed documents may be accepted with less than full examination by the department based on the professional certification of the registered design professional.

104.4 Temporary connection. The commissioner shall have the authority to allow the temporary connection of an installation to the sources of energy for the purpose of testing the installation or for use under a temporary certificate of occupancy.

SECTION ECC 105 **REFERENCED STANDARDS**

105.1 Referenced standards. The standards referenced in Chapters C2, C3, C4, and C5 of the New York City Energy Conservation Code shall be those that are listed in Chapter C6 of the New York City Energy Conservation Code, and in the rules of the department and such standards shall be considered part of the requirements of the commercial provisions of the New York City Energy Conservation Code to the prescribed extent of each such reference. The standards referenced in Chapters R2, R3, R4, and R5, of the New York City Energy Conservation Code shall be those that are listed in Chapter R6 of the New York City Energy Conservation Code, and in the rules of the department and such standards shall be considered part of the requirements of the residential provisions of the New York City Energy Conservation Code to the prescribed extent of each such reference. Where differences occur between provisions of this code and the referenced standards, the provisions of this code shall apply. Refer to Article 103 of Chapter 1 of Title 28 of the Administrative Code for additional provisions relating to referenced standards.

CHAPTER C2 **DEFINITIONS**

SECTION C201 **GENERAL**

Section C201.3- Revise Section C201.3 to read as follows:

C201.3 Terms defined in other codes. Terms that are not defined in this code but are defined in the New York City Construction Codes, New York City Fire Code, or New York City Electrical Code shall have the meanings ascribed to them in those codes.

SECTION C202 **GENERAL DEFINITIONS**

Delete the definitions of “2015 International Fire Code (As Amended),” “2015 International Fuel Gas Code (As Amended),” “2015 International Mechanical Code (As Amended),” “2015 International Plumbing Code (As Amended),” “2015 International Property Maintenance Code (As Amended),” and “2015 International Residential Code (As Amended).”

Section C202 - Revise the definition of “Approved” after the definition of “Alteration” to read as follows:

APPROVED. See Section 28-101.5 of the Administrative Code.

Section C202 - Revise the definition of “Approved agency” after the definition of “Approved,” to read as follows:

APPROVED AGENCY. See Section 28-101.5 of the Administrative Code.

Section C202 - Revise the definition of “ASHRAE 90.1-2013 (AS AMENDED)” to read as follows:

ASHRAE 90.1-2013 (AS AMENDED). ASHRAE 90.1-2013, as amended by Part 2 of the 2016 Energy Code Supplement with revisions as set forth in Appendix CA of this code.

Section C202 - Add a new definition of “Authority having jurisdiction” after the definition of “ASHRAE 90.1-2013, (AS AMENDED)” to read as follows:

AUTHORITY HAVING JURISDICTION. The commissioner or the commissioner’s designee.

Section C202 - Revise the definition of “Building site” to read as follows:

BUILDING SITE. A contiguous area of land that is under the ownership or control of one entity.

Section C202 - Revise the definition of “Code official” after the definition of “Climate Zone,” to read as follows:

CODE OFFICIAL. The commissioner or the commissioner’s designee.

Section C202 - Add a new definition of “Electrical design load” after the definition of “Economizer, water,” to read as follows:

ELECTRICAL DESIGN LOAD. The electrical load that feeders and branch circuits are required to support pursuant to the relevant provisions of the New York City Electrical Code for the category of equipment loads being supported.

Section C202 - Delete the definition of “Energy code” after the definition of “Energy Analysis”.

Section C202 - Add a new definition of “Grade plane” after the definition of “General purpose electric motor (subtype II),” to read as follows:

GRADE PLANE. For this code, a reference plane representing the average of finished ground level adjoining the building at exterior walls. Where the finished ground level slopes away from the exterior walls, the reference plane shall be established by the lowest points within the area between the building and the lot line or, where the lot line is more than 6 feet (1829 mm) from the building, between the building and a point 6 feet (1829 mm) from the building.

Section C202 - Add a new definition of “High-Efficacy Lamps” after the definition of “Heated Slab,” to read as follows:

HIGH-EFFICACY LAMPS. Compact fluorescent lamps, T-8 or smaller diameter linear fluorescent lamps, or lamps with a minimum efficacy of:

1. 60 lumens per watt for lamps over 40 watts;
2. 50 lumens per watt for lamps over 15 watts to 40 watts; and
3. 40 lumens per watt for lamps 15 watts or less.

Section C202 - Add a new definition of “Lead energy professional” after the definition of “Labeled,” to read as follows:

LEAD ENERGY PROFESSIONAL. The registered design professional who signs and seals the energy analysis for an entire project. Such individual may be the same registered design professional who signs and seals the design drawings for the same project.

Section C202 - Add a new definition of “Networked guest room control system” after the definition of “Nameplate Horsepower” to read as follows:

NETWORKED GUEST ROOM CONTROL SYSTEM. A control system, accessible from the hotel/motel front desk or other central location, that is capable of identifying reserved rooms according to a timed schedule, and is capable of controlling HVAC in each hotel/motel guest room separately.

Section C202 - Add new definitions of “Professional certification” and “Project” after the definition of “Powered roof/wall ventilators,” to read as follows:

PROFESSIONAL CERTIFICATION. See Section 28-101.5 of the Administrative Code.

PROJECT. A design and construction undertaking comprised of work related to one or more buildings and the site improvements. A project is represented by one or more plan/work applications, including construction documents compiled in accordance with Section 107 of the New York City Building Code, that relate either to the construction of a new building or buildings or to the demolition or alteration of an existing building or buildings. Applications for a project may have different registered design professionals and different job numbers, and may result in the issuance of one or more permits.

Section C202 - Delete the definition of “Uniform Code.”

CHAPTER C3 **GENERAL REQUIREMENTS**

SECTION C301 **CLIMATE ZONES**

Section C301.1 General.

Section C301.1 - Delete Section C301.1 in its entirety and replace with a new Section C301.1 to read as follows:

C301.1 General. For projects in the City of New York, Climate Zone 4A shall be used in determining the applicable requirements from Chapter C4.

SECTION C401
GENERAL

Section C401.2 Application.

Section C401.2 - Delete Item 1 and replace with a new Item 1 to read as follows:

1. ASHRAE Compliance Path: The requirements of ASHRAE 90.1-2013.

Section C401.2 - Delete Item 3 and replace with a new Item 3 to read as follows:

3. Performance Compliance Path: The requirements of Section C407.

Section C401.2.1 Application to replacement fenestration products.

Section C401.2.1 - Revise Section C401.2.1 to read as follows:

C401.2.1 Application to replacement fenestration products. Where some portion or all of an existing fenestration unit is replaced with a new fenestration product, including sash and glazing, the replacement fenestration unit shall meet the applicable requirements for U-factor and SHGC in Table C402.4.

Exception: An area-weighted average of the U-factor of replacement fenestration products being installed in the building for each fenestration product category listed in Table C402.4 shall be

permitted to satisfy the U-factor requirements for each fenestration product category listed in Table C402.4. Individual fenestration products from different product categories listed in Table C402.4 shall not be combined in calculating the area-weighted average U-factor.

SECTION C402 **BUILDING ENVELOPE REQUIREMENTS**

Section C402.1 General (Prescriptive).

Section C402.1 - Revise Item 1 to read as follows:

1. The opaque portions of the building thermal envelope shall comply with the specific insulation requirements of Section C402.2 and the thermal requirements of either the R-value-based method of Section C402.1.3; the U-, C-and F-factor-based method of Section C402.1.4; or the component performance alternative of Section C402.1.5. When the total area of penetrations from equipment listed in Table C403.2.3(3) exceeds 1 percent of the opaque above-grade wall area, the building thermal envelope shall comply with the U-, C-and F-factor-based method of Section C402.1.4.

Section C402.1.3 Insulation component R-value-based method.

Section C402.1.3 - Revise the first sentence of Section C402.1.3 to read as follows:

Building thermal envelope opaque assemblies shall meet the requirements of Sections C402.2 and C402.4 based on the climate zone specified in Chapter C3.

Section C402.1.4.2 Thermal resistance of mechanical equipment penetrations.

Section C402.1.4.2 - Add a new Section C402.1.4.2 to read as follows:

C402.1.4.2 Thermal resistance of mechanical equipment penetrations.
When the total area of penetrations from mechanical equipment listed in Table C403.2.3(3) exceeds 1 percent of the opaque above-grade wall area, the mechanical equipment penetration area shall be calculated as a separate wall assembly with a default U-factor of 0.5.

Exception: Where mechanical equipment has been tested in accordance with testing standards approved by the department, the mechanical equipment penetration area may be calculated as a separate wall assembly with the U-factor as determined by such test.

Section C402.2.4 Floors.

Section C402.2.4 - Revise Item 1 under Exceptions to read as follows:

1. The floor framing cavity insulation or structural slab insulation shall be permitted to be in contact with the top side of sheathing or continuous insulation installed on the bottom side of floor assemblies where combined with insulation that meets or exceeds the minimum R-value in Table C402.1.3 for “Metal framed” or “Wood framed and other” values for “Walls, Above Grade” and extends from the bottom to the top of all perimeter floor framing or floor assembly members.

Section C402.2.6 Fireplaces.

Section C402.2.6 - Delete the Section number and replace to read as follows:

Section C402.2.7

Section C402.2.7 - Revise the second paragraph of Section C402.2.7 to read as follows:

New wood-burning fireplaces that are designed to allow an open burn and new wood-burning fireplace units that are designed to allow an open burn shall be provided with a source of outdoor combustion air as required by the fireplace construction provisions of the New York City Construction Codes, as applicable.

Section C402.4.2 Minimum skylight fenestration area.

Section C402.4.2 - Revise Item 5 under Exception to read as follows:

5. Spaces where the total area minus the area of daylight zones adjacent to vertical fenestration is less than 2,500 square feet (232 m²), and where the lighting is controlled according to Section C405.2.3.

Section C402.4.2.1 Lighting controls in daylight zones under skylights.

Section C402.4.2.1 – Revise Section C402.4.2.1 to read as follows:

C402.4.2.1 Lighting controls in daylight zones under skylights. Daylight responsive controls complying with Section C405.2.3.1 shall be provided to control all electric lights within daylight zones under skylights.

Section C402.5.1 Air barriers.

Section C402.5.1 - Add a new Section C402.5.1.3 to read as follows:

C402.5.1.3 Air barrier testing. New buildings of a certain size must comply with the following requirements:

1. New buildings 25,000 square feet (2322.6 m²) and greater, but less than 50,000 square feet (4645.2 m²), and less than or equal to 75 feet (22.86 m) in height must show compliance through testing in accordance with ASTM E 779 and department rules.
2. New buildings 50,000 square feet (4645.2 m²) and greater, shall test or inspect each type of unique air barrier joint or seam in the building envelope for continuity and defects, as per an Air Barrier Continuity Plan developed by a registered design professional and department rules.
3. Rules governing air barrier testing promulgated by the department.

Section C402.5.3 Rooms containing fuel-burning appliances.

Section C402.5.3 - Revise Item 2 under the Exceptions to read as follows:

2. Fireplaces and stoves complying with Sections 901 through 905 of the New York City Mechanical Code and Section 2111.13 of the New York City Building Code.

Section C402.5.4 Doors and access opening to shafts, chutes, stairways, and elevator lobbies.

Section C402.5.4 - Revise Item 1 and Item 2 under the Exceptions to read as follows:

1. Door openings required to comply with Section 715 or 715.3 of the New York City Building Code.

2. Doors and door openings required to comply with UL 1784 by the New York City Building Code.

Section C402.5.7 Vestibules.

Section C402.5.7 - Revise Item 4 under the Exceptions to read as follows:

4. Doors that open directly from a space less than 3,000 square feet (278.7 m²) in area, in buildings less than 75 feet (22.86 m) in height, and doors that open directly from a space less than 1,000 square feet (92.9 m²) in area, in buildings 75 feet (22.86 m) and greater in height.

Section C402.5.7 - Renumber Item 6 under the Exceptions as Item 7 and add a new Item 6 to read as follows:

6. Doors used primarily to facilitate vehicular movement or material handling and adjacent personnel doors.
7. Doors that have an air curtain with a velocity of not less than 6.56 feet per second (2 m/s) at the floor that have been tested in accordance with ANSI/AMCA 220 and installed in accordance with the manufacturer's instructions. Manual or automatic controls shall be provided that will operate the air curtain with the opening and closing of the door. Air curtains and their controls shall comply with Section C408.2.3.

SECTION C403
BUILDING MECHANICAL SYSTEMS

Section C403.2 Provisions applicable to all mechanical systems (Mandatory).

Section C403.2 - Delete the reference to Section C403.2.16 and replace with the reference to Section C403.2.18.

Section C403.2.1 Calculation of heating and cooling loads.

Section C403.2.1 - Revise the first sentence of Section C403.2.1 to read as follows:

Design loads associated with heating, ventilating and air conditioning of the building shall be determined in accordance with ANSI/ASHRAE/ACCA Standard 183 or by an approved equivalent computational procedure using the design parameters specified in Chapter C3.

Section C403.2.3 HVAC equipment performance requirements.

Section C403.2.3 - Revise the first sentence of Section C403.2.3 to read as follows:

Equipment shall meet the minimum efficiency requirements of Tables C403.2.3(1), C403.2.3(2), C403.2.3(3), C403.2.3(4), C403.2.3(5), C403.2.3(6), C403.2.3(7), C403.2.3(8), C403.2.3(9), C403.2.3(11), and C403.2.3(12) when tested and rated in accordance with the applicable test procedure.

Table C403.2.3(3) MINIMUM EFFICIENCY REQUIREMENTS: ELECTRICALLY OPERATED PACKAGED TERMINAL AIR CONDITIONERS, PACKAGED TERMINAL HEAT PUMPS, SINGLE-PACKAGE VERTICAL AIR CONDITIONERS, SINGLE-PACKAGE VERTICAL HEAT PUMPS, ROOM AIR CONDITIONERS, AND ROOM AIR-CONDITIONER HEAT PUMPS

Delete Table C403.2.3(3) in its entirety and replace with a new Table C403.2.3(3) to read as follows:

Table C403.2.3(8) MINIMUM EFFICIENCY REQUIREMENTS: HEAT REJECTION EQUIPMENT

Table C403.2.3(8) - Revise footnotes g and h in Table C403.2.3(8) to read as follows:

- g. Cooling towers shall comply with the minimum efficiency listed in the table for that specific type of tower with the capacity effect of any project-specific accessories and/or options included in the capacity of the cooling tower.

- h. For purposes of this table, evaporative condenser performance is defined as the heat rejected at the specified rating condition in the table divided by the sum of the fan motor nameplate power and the integral spray pump nameplate power.

Section C403.2.4.3 Shutoff dampers.

Section C403.2.4.3 - Revise the second paragraph of Section C403.2.4.3 to read as follows:

Outdoor air intake and exhaust dampers shall be installed with automatic controls configured to close when the systems or spaces served are not in use or during unoccupied period warm-up and setback operation, unless the systems served require outdoor or exhaust air in accordance with the New York City Mechanical Code or the dampers are opened to provide intentional economizer cooling.

Section C403.2.6 Ventilation.

Section C403.2.6 - Revise Section C403.2.6 to read as follows:

C403.2.6 Ventilation. Ventilation, either natural or mechanical, shall be provided in accordance with Chapter 4 of the New York City Mechanical Code. Where mechanical ventilation is provided, the system shall provide the capability to reduce the outdoor air supply to the minimum required by Chapter 4 of the New York City Mechanical Code.

Section C403.2.6.1 Demand controlled ventilation.

Section C403.2.6.1 - Revise the first paragraph of Section C403.2.6.1 to read as follows:

Demand control ventilation (DCV) shall be provided for spaces larger than 500 square feet (46.5 m²) and with an average occupant load of 25 people per 1,000 square feet (93 m²) of floor area (as established in Table 403.3 of the New York City Mechanical Code) and served by systems with one or more of the following:

Section C403.2.6.2 Enclosed parking garage ventilation controls.

Section C403.2.6.2 - Revise Section C403.2.6.2 to read as follows:

C403.2.6.2 Enclosed parking garage ventilation controls. Enclosed parking garages used for storing or handling automobiles operating under their own power shall employ contamination-sensing devices and automatic controls configured to stage fans or modulate fan average airflow rates to 50 percent or less of design capacity, or intermittently operate fans less than 20 percent of the occupied time or as required to maintain acceptable contaminant levels in accordance with New York City Mechanical Code provisions. Failure of contamination sensing devices shall cause the exhaust fans to operate continuously at design airflow.

Exceptions:

1. Garages with a total exhaust capacity less than 22,500 cfm (10 620 L/s) with ventilation systems that do not utilize heating or mechanical cooling.
2. Garages that have a garage area to ventilation system motor nameplate power ration that exceeds 1125 cfm/hp (710 L/s/kW) and do not utilize heating or mechanical cooling.

Section C403.2.7 Energy recovery ventilation systems.

Section C403.2.7 - Revise Item 1 under the Exception to read as follows:

1. Where energy recovery systems are prohibited by section 514.2 of the New York City Mechanical Code.

Section C403.2.7 Energy recovery ventilation systems.

Section C403.2.7 - Revise Item 8 under the Exception to read as follows:

8. Where the largest source of air exhausted at a single location at the building exterior is less than 75 percent of the design outdoor air flow rate. Multiple exhaust fans or outlets located within a 30 foot (9.144 m) radius from the outdoor air supply unit shall be considered a single exhaust location.

Section C403.2.8 Kitchen Exhaust Systems.

Section C403.2.8 – Revise Exception in Section C403.2.8 to read as follows:

Exception: Where not less than 75 percent of all the replacement air is transfer air that would otherwise be exhausted.

Section C403.2.9 Duct and plenum insulation and sealing.

Section C403.2.9 - Revise the last sentence of Section C403.2.9 to read as follows:

Joints and seams shall comply with Section 603.9 of the New York City Mechanical Code.

Section C403.2.9.1 Duct construction.

Section C403.2.9.1 - Revise Section C403.2.9.1 to read as follows:

C403.2.9.1 Duct construction. Ductwork shall be constructed and erected in accordance with the New York City Mechanical Code.

Section C403.2.9.1.1 Low-pressure duct systems.

Section C403.2.9.1.1 - Revise Section C403.2.9.1.1 to read as follows:

C403.2.9.1.1 Low-pressure duct systems. Longitudinal and transverse joints, seams and connections of supply and return ducts operating at a static pressure less than or equal to 2 inches water gauge (w.g.) (498 Pa) shall be securely fastened and sealed with welds, gaskets, mastics (adhesives), mastic-plus-embedded-fabric systems or tapes installed in accordance with the manufacturer's instructions. Pressure classifications specific to the duct system shall be clearly indicated on the construction documents in accordance with the New York City Mechanical Code.

Exception: Locking-type longitudinal joints and seams, other than the snap-lock and button-lock types, need not be sealed as specified in this section.

Section C403.2.9.1.2 Medium-pressure duct systems.

Section C403.2.9.1.2 - Revise Section C403.2.9.1.2 to read as follows:

C403.2.9.1.2 Medium-pressure duct systems. Ducts and plenums designed to operate at a static pressure greater than 2 inches water gauge (w.g.) (498 Pa) but less than 3 inches w.g. (747 Pa) shall be insulated and sealed in accordance with Section C403.2.9. Pressure classifications specific to the duct system shall be clearly indicated on the construction documents in accordance with the New York City Mechanical Code.

Table C403.2.10 Minimum Pipe Insulation Thickness (in inches)^{a,c}

Table C403.2.10 – Revise footnote c in Table C403.2.10 to reads as follows:

c. For direct-buried heating and hot water system piping, reduction of these thicknesses by 1 ½ inches (38 mm) shall be permitted (before thickness adjustment required in footnote b but not to thicknesses less than 1 inches (25 mm)).

Section C403.2.18 Automatic control of HVAC in hotel/motel guest rooms.

Section C403.2.18 - Add a new Section C403.2.18 to read as follows:

C403.2.18 Automatic control of HVAC in hotel/motel guest rooms. In hotels and motels with greater than 50 guest rooms, automatic controls for the HVAC equipment serving each guest room shall be configured according to the requirements in the following subsection. Controls must comply with either Section C403.2.18.1 or C403.2.18.2.

C403.2.18.1 Guest room HVAC setpoint control. Within 30 minutes of all occupants leaving the guest room, HVAC setpoints shall be automatically raised by at least 4°F (2°C) from the occupant setpoint in the cooling mode and automatically lowered by at least 4°F (2°C) from the occupant setpoint in the heating mode. When the guest room is unrented and unoccupied, HVAC setpoints shall be automatically reset to 80°F (27°C) or higher in the cooling mode and to 60°F (16°C) or lower in the heating mode. Unrented and unoccupied guest rooms shall be determined by either of the following:

1. The guest room has been continuously unoccupied for up to 16 hours.
2. A networked guest room control system indicates the guest room is unrented and the guest room is unoccupied for more than 30 minutes.

Exceptions:

1. A networked guest room control system shall be permitted to return the thermostat setpoints to their default occupied setpoints 60 minutes prior to the time the room is scheduled to be occupied.
2. Cooling for humidity control shall be permitted during unoccupied periods.

C403.2.18.2 Automatic Control. Captive key card systems shall be permitted to be used to comply with Section C403.2.18.

Section C403.3 Economizers (Prescriptive).

Section C403.3 – Revise the first paragraph in Section C403.3 to read as follows:

Each cooling system shall include either an air or water economizer complying with Sections C403.3.1 through C403.3.4.

Section C403.3.1 Integrated Economizer Control.

Section C403.3.1 – Revise Item 2 in Section C403.3.1 to read as follows:

2. Direct expansion (DX) units that control 75,000 Btu/h (22 kW) or greater of rated capacity of the capacity of the mechanical cooling directly based on occupied space temperature shall have not fewer than two stages of mechanical cooling capacity.

Section C403.4.1.1 Fan airflow control.

Section C403.4.1.1 - Revise Item 2 under the Exceptions to read as follows:

2. Where the volume of outdoor air required to comply with the ventilation requirements of the New York City Mechanical Code at low speed exceeds the air that would be delivered at the speed defined in Section C403.4.1, the minimum speed shall be selected to provide the required ventilation air.

Section C403.4.4 Requirements for complex mechanical systems serving multiple zones.

Section C403.4.4 - Revise the first sentence to read as follows:

Sections C403.4.4.1 through C403.4.4.6 shall apply to complex mechanical systems serving multiple zones.

Section C403.4.4 Requirements for complex mechanical systems serving multiple zones.

Section C403.4.4 - Revise Item 3 to read as follows:

3. The minimum ventilation requirements of the New York City Mechanical Code.

Section C403.4.4 Requirements for complex mechanical systems serving multiple zones.

Section C403.4.4 - Revise Item 4 under the Exception to read as follows:

4. Zones where the volume of air to be reheated, recooled or mixed is not greater than the volume of outside air required to provide the minimum ventilation requirements of Chapter 4 of the New York City Mechanical Code.

Section C403.4.4.4 Fractional hp fan motors.

Section C403.4.4.4 - Revise Item 2 under the Exceptions to read as follows:

2. Motors in space-conditioning equipment that comply with Section C403.2.3 or C403.2.12.

Sections C403.4.4.6 Multiple-zone VAV system ventilation optimization control.

Section C403.4.4.6 - Revise the first paragraph of Section C403.4.4.6 to read as follows:

Multiple-zone VAV systems with direct digital control of individual zone boxes reporting to a central control panel shall have automatic controls configured to reduce outdoor air intake flow below design rates in response to changes in system ventilation efficiency (Ev) as defined by the New York City Mechanical Code.

SECTION C405

ELECTRICAL POWER AND LIGHTING SYSTEMS

Section C405.2 Lighting Controls (Mandatory).

Section C405.2 - Add a new sentence following the first sentence of Section C405.2 to read as follows:

Lighting controls shall be commissioned and completed in accordance with the requirements of Section C408.3.

Section C405.2.1 Occupant sensor controls.

Section C405.2.1 - Add a new Item 13 to read as follows:

13. Open Plan Offices.

Section C405.2.1.1 Occupant sensor control function.

Section C405.2.1.1 - Delete Section C405.2.1.1 in its entirety and replace with a new Section C405.2.1.1 to read as follows:

C405.2.1.1 Occupant sensor control function. Occupant sensor controls in spaces other than warehouses specified in Section C405.2.1 shall comply with the following:

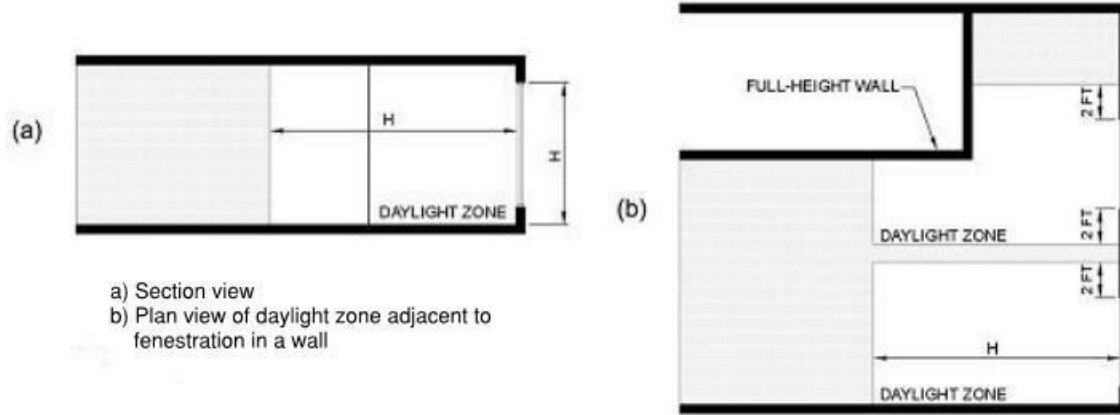

1. Automatically turn off lights within 20 minutes of all occupants leaving the space.
2. Be manual on or controlled to automatically turn the lighting on to not more than 50 percent power.

Exceptions:

1. Full automatic-on controls shall be permitted to control lighting in open plan offices, public corridors, stairways, restrooms, primary building entrance areas and lobbies, and areas where manual-on operation would endanger the safety or security of the room or building occupants.
2. Manual on controls shall be required for classrooms (not including shop classrooms, laboratory classrooms, and preschool classrooms), conference/meeting rooms, employee lunch and break rooms, and offices smaller than 200 square feet (18.5 m²) in area. Such sensors and controls shall not have an override switch that converts from manual-on to automatic-on functionality, and may have a grace period of up to 30 seconds to turn on the lighting automatically after the sensor has turned off the lighting if occupancy is detected.
3. Shall incorporate a manual control to allow occupants to turn lights off.

Figure C405.2.3.2(1) DAYLIGHT ZONE ADJACENT TO FENESTRATION IN A WALL

Figure C405.2.3.2(1)(b) - Delete Figure C405.2.3.2(1)(b) in its entirety and replace with a new Figure C405.2.3.2(1)(b) to read as follows:

**FIGURE C405.2.3.2(1)
 DAYLIGHT ZONE ADJACENT TO FENESTRATION IN A WALL**

Figure C405.2.3.2(3) DAYLIGHT ZONE UNDER A SLOPED ROOFTOP MONITOR

Figure C405.2.3.2(3)(b) - Delete Figure C405.2.3.2(3)(b) in its entirety and replace with a new Figure C405.2.3.2(3)(b) to read as follows:

**FIGURE C405.2.3.2(3)

a. In cases where a both a common space type and a building area specific space type are listed, the building area specific space type shall apply.

Section C405.6 Electrical energy consumption (Mandatory).

Section C405.6.1 - Add a new Section C405.6.1 to read as follows:

C405.6.1 Measurement of electrical consumption of tenant spaces in covered buildings. The terms meter, submeter, covered building, tenant space and covered tenant space shall be as defined in Section 28-311.2 of the Administrative Code of the city of New York. Each covered tenant space in a new building shall be equipped with a separate meter or sub-meter to measure the electrical consumption of such space when let or sublet. Where the covered tenant space is a floor with multiple tenancies, each tenancy with an area less than that as defined in Section 28-311.2 of the Administrative Code of the city of New York shall (i) be equipped with a separate meter or sub-meter, (ii) share a meter or sub-meter with other tenant spaces on the floor, or (iii) share a meter or sub-meter covering the entire floor. As new covered tenant spaces are created, they shall be equipped with meters or sub-meters as provided in this section.

Exception: Covered tenant space for which the electrical consumption within such space is measured by a meter dedicated exclusively to that space.

SECTION C406

ADDITIONAL EFFICIENCY PACKAGE OPTIONS

Section C406.2 More efficient HVAC equipment performance.

Section C406.2 - Delete Section C406.2 in its entirety and replace with a new section C406.2 to read as follows:

C406.2 More efficient HVAC equipment performance. Equipment shall exceed the minimum efficiency requirements listed in Tables C403.2.3(1) through C403.2.3(7), C403.2.3(11), and C403.2.3(12) by 10 percent, in addition to the requirements of Section C403. Where multiple performance requirements are provided, the equipment shall exceed all requirements by 10 percent. Equipment not listed in Tables C403.2.3(1) through C403.2.3(7), C403.2.3(11), and C403.2.3(12) shall be limited to 10 percent of the total building system capacity.

Section C406.5 On-site renewable energy.

Section C406.5 - Revise Item 2 to read as follows:

2. Provide not less than 3 percent of the energy used within the building for building mechanical and service water heating equipment and lighting regulated in Chapter C4.

Section C406.6 Dedicated outdoor air system.

Section C406.6 - Revise the first sentence of Section C406.6 to read as follows:

Buildings covered by Section C403.4 shall be equipped with an independent ventilation system designed to provide not less than the minimum 100 percent outdoor air to each individual occupied space, as specified by the New York City Mechanical Code.

Section C406.7 Reduced energy use in service water heating.

Section C406.7 - Delete Item 7 of Section C406.7 in its entirety.

SECTION C407
TOTAL BUILDING PERFORMANCE

Section C407 - Delete Section C407 in its entirety and replace with a new section C407 to read as follows:

SECTION C407
TOTAL BUILDING PERFORMANCE

C407.1 Scope. This section establishes criteria for compliance using total building performance. Buildings following the total building performance path must comply with ASHRAE 90.1-2013, demonstrating compliance under Section 11 or Appendix G of such standard.

SECTION C408
SYSTEM COMMISSIONING**Section C408.1 General.**

Section C408.1 - Delete Section C408.1 in its entirety and replace with a new Section C408.1 to read as follows:

C408.1 General. This section covers the commissioning of building mechanical systems in Section C403, service water heating systems in Section C404, and electrical power and lighting systems in Section C405.

Section C408.2 Mechanical, renewable energy, and service water heating systems commissioning and completion requirements.

Section C408.2 - Delete Section C408.2 in its entirety and replace with a new Section C408.2 to read as follows:

C408.2 Mechanical, renewable energy, and service water heating systems commissioning and completion requirements. Prior to passing the final mechanical and plumbing inspections, the approved agency shall provide evidence of mechanical systems commissioning and completion in accordance with the provisions of this section.

Construction document notes shall clearly indicate provisions for commissioning and completion requirements in accordance with this section and are permitted to refer to specifications for further

requirements. Copies of all documentation shall be given to the owner or owner's authorized agent and made available to the code official upon request in accordance with Sections C408.2.4 and C408.2.5.

Mechanical systems, renewable energy, and service water heating systems shall include but are not limited to, at a minimum, the following heating, ventilating, air conditioning, service water heating, indoor air quality and refrigeration systems (mechanical and/or passive) and associated controls:

1. Heating, cooling, air handling and distribution, ventilation, and exhaust systems, and their related air quality monitoring systems.
2. Air, water, and other energy recovery systems.
3. Manual or automatic controls, whether local or remote, on energy using systems including but not limited to temperature controls, setback sequences, and occupancy based control, including energy management functions of the building management system.
4. Plumbing, including insulation of piping and associated valves, domestic and process water pumping, and mixing systems.
5. Mechanical heating systems and service water heating systems.
6. Refrigeration systems.
7. Renewable energy and energy storage systems.
8. Other systems, equipment and components that are used for heating, cooling or ventilation and that affect energy use.

Exceptions:

1. Mechanical and service hot water systems in buildings where the total mechanical equipment capacity being installed is less than 480,000 Btu/h (140.7 kW) cooling capacity and 600,000 Btu/h (175.8 kW) combined service water-heating and space-heating capacity.
2. Renewable energy systems being installed with a generating capacity of less than 25kW.

Section C408.2.1 Commissioning plan.

Section C408.2.1 - Revise the first sentence of Section C408.2.1 to read as follows:

A commissioning plan shall be developed by an approved agency and shall include the following items:

Section C408.2.1 - Delete Item 2 and replace with a new Item 2 to read as follows:

2. A listing of the specific equipment, appliances or systems to be tested, their full sequences of operation, and a description of the tests to be performed, including prerequisite activities and reference to specific checklists or worksheets which are necessary or required by the department.

Section C408.2.2 Systems adjusting and balancing.

Section C408.2.2 - Delete the first sentence of Section C408.2.2 and replace with a new sentence to read as follows:

HVAC systems shall be balanced in accordance with ASHRAE 111, "Testing, Adjusting, and Balancing of Building HVAC Systems" or other accepted engineering standards as approved by the department.

Section C408.2.2.1 Air systems balancing.

Section C408.2.2.1 - Revise the first sentence of Section C408.2.2.1 to read as follows:

Each supply air outlet and zone terminal device shall be equipped with means for air balancing in accordance with the requirements of Chapter 6 of the New York City Mechanical Code.

Section C408.2.3.1 Equipment.

Section C408.2.3.1 - Delete the Exception and replace with a new Exception to read as follows:

Exception: Unitary or packaged HVAC equipment listed in Tables C403.2.3(1) through C403.2.3(3) that do not require supply air economizers shall only be required to demonstrate functioning under full-load and part-load conditions.

Section C408.2.4 Preliminary commissioning report.

Section C408.2.4 - Revise the first sentence of Section C408.2.4 to read as follows:

A preliminary report of commissioning test procedures and results shall be completed and certified by the approved agency and provided to the building owner or owner's authorized agent.

Section C408.2.4.1 Acceptance of report.

Section C408.2.4.1 - Revise the Section C408.2.4.1 to read as follows:

Buildings, or portions thereof, shall not be considered acceptable for a final inspection pursuant to Chapter 1 of this code until the code official has received a letter of transmittal from the building owner acknowledging that the building owner or owner's authorized agent has received the Preliminary Commissioning Report.

Section C408.2.5 Documentation requirements.

Section C408.2.5 - Delete the introductory paragraph and replace with a new paragraph to read as follows:

The construction documents shall specify that the documents described in Sections C408.2.5.1 through C408.2.5.3 be provided to the building owner or owner's authorized agent within 90 days of the date of receipt of the certificate of occupancy or letter of completion. The construction documents shall also specify that the Final commissioning report be provided to the building owner or owner's authorized agent in accordance with the requirements of Section C408.2.5.4.

Section C408.2.5.4 Final commissioning report.

Section C408.2.5.4 - Delete Section C408.2.5.4 in its entirety and replace with a new Section C408.2.5.4 to read as follows:

Section C408.2.5.4 Final commissioning report. Within 30 months for new buildings 500,000 gross square feet (46 452 m²) or greater, excluding R-2 occupancies, or within 18 months for R-2 occupancies and all other buildings, of the issuance of the certificate of occupancy or letter of completion, an approved

agency shall prepare a report of test procedures and results, including test procedures and results performed after occupancy, identified as the "Final Commissioning Report", provide such report to the building owner, and submit a certification to the department with applicable fees in accordance with department rules. The owner of a building 500,000 gross square feet (46 452 m²) or greater may apply for an extension of time to the code official based on good cause, in accordance with department rules. Such report shall include the following:

1. Results of functional performance tests.
2. Disposition of deficiencies found during testing, including details of corrective measures used or proposed.
3. Functional performance test procedures used during the commissioning process including measureable criteria for test acceptance, provided herein for repeatability.

Exception: Deferred tests that cannot be performed at the time of report preparation due to climatic conditions.

Section C408.3.1 Functional testing.

Section C408.3.1 - Revise the first sentence of Section C408.3.1 to read as follows:

Prior to passing final inspection, the approved agency shall provide evidence that the lighting control systems have been tested to ensure that control hardware and software are calibrated, adjusted, programmed and in proper working condition in accordance with the construction documents and manufacturer's instructions.

CHAPTER C5 **EXISTING BUILDINGS**

SECTION C501 **GENERAL**

Section C501.4 Compliance.

Section C501.4 - Delete Section C501.4 in its entirety and replace with a new Section C501.4 to read as follows:

C501.4 Compliance. Alterations, repairs, additions and changes of occupancy to, or relocation of, existing buildings and structures shall comply with (i) all applicable provisions of this code, (ii) the provisions for alterations, repairs, additions and changes of occupancy or relocation, respectively, in the New York City Construction Codes, (iii) the New York City Fire Code, and (iv) the New York City Electrical Code.

Section C501.6 Historic Buildings.

Section C501.6 - Revise Section C501.6 to read as follows:

C501.6 Historic Buildings. No provisions of this code relating to the construction, repair, alteration, restoration, and change of occupancy shall be mandatory for historic buildings.

Section C501.7 Compliance alternative.

Section C501.7 - Revise Section C501.7 to read as follows:

C501.7 Compliance alternative. Additions, alterations, repairs, and changes of occupancy are permitted to comply with the requirements of ASHRAE 90.1-2013 in lieu of compliance with the requirements of Sections C502, C503, C504 and C505, as applicable.

Section C503.1 General.

Section C503.1 – Revise second paragraph in Section C503.1 to read as follows:

Alterations complying with ANSI/ASHRAE/IESNA 90.1 need not comply with Sections C402, C403, C404 and C405.

Section C503.1- Revise Item 7 under Exception to read as follows:

7. Alterations that replace less than 20 percent of the luminaires in a space, provided that such alterations do not increase the installed interior lighting power.

CHAPTER C6
REFERENCED STANDARDS

Chapter C6 - Delete Chapter C6 in its entirety and replace with a new chapter C6 to read as follows:

This chapter lists the standards that are referenced in various sections of the commercial provisions of this code. The standards are listed herein by the promulgating agency of the standard, the standard identification, the effective date and title, and the section or sections of this document that reference the standard. The application of the referenced standards shall be as specified in Section 106. Refer to the rules of the department for any subsequent additions, modifications or deletions that may have been made to the referenced standards set forth herein in accordance with Section 28-103.19 of the Administrative Code.

Appendix CA

Add a new Appendix CA to read as follows:

APPENDIX CA
MODIFIED NATIONAL STANDARD FOR BUILDINGS,
EXCEPT FOR LOW-RISE RESIDENTIAL BUILDINGS
SECTION CA101
SCOPE

CA101.1 Scope. This appendix provides the modifications to the nationally recognized standard ASHRAE 90.1, providing the minimum requirements for energy-efficient design of most buildings, except low-rise residential buildings. Where a referenced publication has been modified for the City of New York as by the New York City Energy Conservation Code, every reference to such publication shall be deemed to include all such modifications.

SECTION CA102
ENERGY STANDARD FOR COMMERCIAL BUILDINGS

CA102.1 General. Commercial buildings shall be constructed in accordance with Chapter C4 of this code or in accordance with ASHRAE 90.1, Energy Standard for Buildings Except Low-Rise Residential Buildings, 2013 edition, modified for New York City as follows. Refer to the rules of the department for any subsequent additions, modifications or deletions that may have been made to this standard in accordance with Section 28-103.19 of the Administrative Code.

Section 3 - DEFINITIONS, ABBREVIATIONS, AND ACRONYMS

Section 3 - Revise the definition “authority having jurisdiction” after the definition of “attic and other roofs,” to read as follows:

authority having jurisdiction: The commissioner or the commissioner’s designee.

Section 3 - Revise the definition “building official” after the definition of “building material,” to read as follows:

building official: The commissioner or the commissioner’s designee.

Section 3 - Add a new definition of “electrical design load” after the definition of “efficiency,” to read as follows:

electrical design load: The electrical load that feeders and branch circuits are required to support pursuant to the relevant provisions of the New York City Electrical Code for the category of equipment loads being supported.

Section 3 - Add a new definition of “high-efficacy lamps” after the definition of “heating seasonal performance factor (HSPF),” to read as follows:

high-efficacy lamps: Compact fluorescent lamps, T-8 or smaller diameter linear fluorescent lamps, or lamps with a minimum efficacy of:

1. 60 lumens per watt for lamps over 40 watts;
2. 50 lumens per watt for lamps over 15 watts to 40 watts; and
3. 40 lumens per watt for lamps 15 watts or less.

Section 3 - Add a new definition of “networked guest room control system” after the definition of “nameplate rating” to read as follows:

networked guest room control system: a control system, accessible from the hotel/motel front desk or other central location, that is capable of identifying reserved rooms according to a timed schedule, and is capable of controlling HVAC in each hotel/motel guest room separately.

Section 5 - BUILDING ENVELOPE

5.1.3 Envelope Alterations.

Section 5.1.3 - Delete Item 8 under Exceptions.

5.4.3.4 Vestibules.

Section 5.4.3.4 - Revise Item 7 under Exceptions to read as follows:

7. Doors that open directly from a space less than 3,000 square feet in area, in buildings less than 75 feet in height, and doors that open directly from a space less than 1,000 square feet in area, in buildings 75 feet and greater in height.

5.4.3 Air Leakage

Section 5.4.3 - Add a new Section 5.4.3.5 to read as follows:

5.4.3.5 Air Barrier Testing. New buildings of a certain size must comply with the following requirements:

- a. New buildings 25,000 square feet and greater, but less than 50,000 square feet, and less than or equal to 75 feet in height must show compliance through testing in accordance with ASTM E 779 and department rules.
- b. New buildings 50,000 square feet and greater, shall test or inspect each type of unique air barrier joint or seam in the building envelope for continuity and defects, as per an Air Barrier Continuity Plan developed by a registered design professional. Alternatively, new buildings 50,000 square feet and greater may show compliance through testing in accordance with ASTM E 779 and department rules.
- c. Rules governing air barrier testing promulgated by the department.

5.5.3 Opaque Areas.

Section 5.5.3 - Add a new Item 3 under Exceptions to read as follows:

3. When the total area of penetrations from mechanical equipment listed in Table 6.8.1-4 exceeds 1% of the opaque above-grade wall area, the mechanical equipment penetration area shall be calculated as a separate wall assembly with a default U-factor of 0.5, and compliance shall be shown with method b. Where mechanical equipment has been tested in accordance with testing standards approved by the department, the mechanical equipment penetration area may be calculated as a separate wall assembly with the U-factor as determined by such test.

5.6.1.1

Section 5.6.1.1 - Add a new sentence at the end of Section 5.6.1.1 to read as follows:

When the total area of penetrations from mechanical equipment listed in Table 6.8.1-4 exceeds 1% of the opaque above-grade wall area, the mechanical equipment penetration area shall be calculated as a separate wall assembly with a default U-factor of 0.5.

Section 5.6.1.1 – Add a new Exception to Section 5.6.1.1 to read as follows:

Exception: Where mechanical equipment has been tested in accordance with testing standards approved by the department, the mechanical equipment penetration area may be calculated as a separate wall assembly with the U-factor as determined by such test.

Section 6 - HEATING, VENTILATION, AND AIR-CONDITIONING

6.1.1.3 Alterations to Heating, Ventilating, Air Conditioning, and Refrigeration in Existing Buildings.

Section 6.1.1.3.1 - Revise Section 6.1.1.3.1 to read as follows:

6.1.1.3.1 New HVACR equipment that are part of the alteration or a direct replacement of the existing HVACR shall comply with the applicable provisions in Section 6 to that equipment being installed.

Section 6.1.1.3.2 - Revise Section 6.1.1.3.2. to read as follows:

6.1.1.3.2 New cooling systems installed to serve previously uncooled spaces and new heating systems installed to serve previously unheated spaces shall comply with this section as described in Section 6.2.

6.3.2 Criteria.

Section 6.3.2 - Delete Items k through r and replace them with new Items k through s to read as follows:

- k. Systems serving hotel/motel guest rooms shall comply with Section 6.4.3.3.5.
- l. Except for piping within manufacturers' units, HVAC piping shall be insulated in accordance with Tables 6.8.3-1 and 6.8.3-2. Insulation exposed to weather shall be suitable for outdoor service, e.g., protected by aluminum, sheet metal, painted canvas, or plastic cover. Cellular foam insulation shall be protected as above or painted with a coating that is water retardant and provides shielding from solar radiation.
- m. Ductwork and plenums shall be insulated in accordance with Tables 6.8.2-1 and 6.8.2-2 and shall be sealed in accordance with Section 6.4.4.2.1.
- n. Construction documents shall require a ducted system to be air balanced in accordance with industry accepted procedures.

- o. Outdoor air intake and exhaust systems shall meet the requirements of Section 6.4.3.4.
- p. Where separate heating and cooling equipment serves the same temperature zone, thermostats shall be interlocked to prevent simultaneous heating and cooling.
- q. Systems with a design supply air capacity greater than 10,000 cfm shall have optimum start controls.
- r. The system shall comply with the demand control ventilation requirements in Section 6.4.3.8.
- s. The system complies with the door switch requirements in Section 6.5.10.

6.4.3.3.5 Automatic Control of HVAC in Hotel/Motel Guest Rooms.

Section 6.4.3.3.5 - Add a new Section 6.4.3.3.5 to read as follows:

6.4.3.3.5 Automatic Control of HVAC in Hotel/Motel Guest Rooms. In hotels and motels with greater than 50 guest rooms, automatic controls for the HVAC equipment serving each guest room shall be configured according to the requirements in the following subsection. Controls must comply with either Section 6.4.3.3.5.1 or 6.4.3.3.5.2.

6.4.3.3.5.1 Guest Room HVAC Setpoint Control. Within 30 minutes of all occupants leaving the guest room, HVAC setpoints shall be automatically raised by at least 4°F (2°C) from the occupant setpoint in the cooling mode and automatically lowered by at least 4°F (2°C) from the occupant setpoint in the heating mode. When the guest room is unrented and unoccupied, HVAC setpoints shall be automatically reset to 80°F (27°C) or higher in the cooling mode and to 60°F (16°C) or lower in the heating mode. Unrented and unoccupied guest rooms shall be determined by either of the following:

- a. The guest room has been continuously unoccupied for up to 16 hours.
- b. A networked guest room control system indicates the guest room is unrented and the guest room is unoccupied for more than 30 minutes.

Exceptions:

1. A networked guest room control system shall be permitted to return the thermostat setpoints to their default occupied setpoints 60 minutes prior to the time the room is scheduled to be occupied.
2. Cooling for humidity control shall be permitted during unoccupied periods.

6.4.3.3.5.2 Automatic Control. Captive key card systems shall be permitted to be used to comply with Section 6.4.3.3.5.

6.5.6.1 Exhaust Air Energy Recovery.

Section 6.5.6.1 - Revise Item 8 under the Exceptions to read as follows:

8. Where the largest source of air exhausted at a single location at the building exterior is less than 75 percent of the design outdoor air flow rate. Multiple exhaust fans or outlets located within a 30 foot radius from the outdoor air supply unit shall be considered a single exhaust location.

6.7.2.4 System Commissioning.

Section 6.7.2.4 - Delete Section 6.7.2.4 in its entirety and replace with a new Section 6.7.2.4 to read as follows:

6.7.2.4. System Commissioning. Projects complying with this standard shall also comply with Section C408 of the New York City Energy Conservation Code in regards to system commissioning. When demonstrating compliance with Section C408.3, projects following ASHRAE 90.1-2013 must demonstrate compliance with Section 9 of ASHRAE 90.1-2013 as required, in lieu of Section C405 of the New York City Energy Conservation Code.

Section 8 - POWER

8.4.1 Voltage Drop.

Section 8.4.1 - Delete Section 8.4.1 in its entirety and replace with a new Section 8.4.1 to read as follows:

8.4.1 Voltage Drop. The conductors for feeders and branch circuits combined shall be sized for a maximum of 5% voltage drop total.

Exception: Feeder conductors and branch circuits that are dedicated to emergency services.

8.4.5 Measurement of electrical consumption of tenant spaces in covered buildings.

Section 8.4.5 - Add a new Section 8.4.5 to read as follows:

8.4.5 Measurement of electrical consumption of tenant spaces in covered buildings. The terms meter, submeter, covered building, tenant space and covered tenant space shall be as defined in Section 28-311.2 of the Administrative Code of the city of New York. Each covered tenant space in a new building shall be equipped with a separate meter or sub-meter to measure the electrical consumption of such space when let or sublet. Where the covered tenant space is a floor with multiple tenancies, each tenancy with an area less than that as defined in Section 28-311.2 of the Administrative Code of the city of New York shall (i) be equipped with a separate meter or sub-meter, (ii) share a meter or sub-meter with other tenant spaces on the floor, or (iii) share a meter or sub-meter covering the entire floor. As new covered tenant spaces are created, they shall be equipped with meters or sub-meters as provided in this section.

Exception: Covered tenant space for which the electrical consumption within such space is measured by a meter dedicated exclusively to that space.

Section 9 - LIGHTING

9.1.1 Scope.

Section 9.1.1 - Delete Item 2 under Exceptions and replace with a new Item 2 under Exceptions to read as follows:

2. Dwelling units within commercial buildings shall not be required to comply with this section provided that not less than 75 percent of the permanently installed fixtures, other than low-voltage lighting, shall be fitted for, and contain only, high efficacy lamps.

9.1.2 Lighting Alterations.

Section 9.1.2 - Delete Section 9.1.2 in its entirety and replace with a new Section 9.1.2 to read as follows:

9.1.2 Lighting Alterations. For the alteration of any lighting system in an interior space, that space shall comply with the lighting power density (LPD) requirements of Section 9.2.2.3 and the control requirements of Section 9.4.1.1, as applicable to that space.

For the alteration of any lighting system in an exterior building application, that lighting system shall comply with the lighting power density (LPD) requirements of Section 9 applicable to the area illuminated by that lighting system and the applicable control requirements of Sections 9.4.2 and 9.4.1.4.

Exception(s):

1. Alterations that involve 20% or less of the connected lighting load in a space or area need not comply with these requirements, provided that such alterations do not increase the installed LPD.
2. Routine maintenance or repair situations.

9.4.1.1 Interior lighting controls.

Section 9.4.1.1 - Delete Item h in its entirety and replace with a new Item h to read as follows:

h. Automatic full OFF: All lighting shall be automatically shut off within 20 minutes of all occupants leaving the space. A control device meeting this requirement shall control no more than 5000 ft², provided that for open plan offices, a control device meeting this requirement shall control no more than 2500 ft².

Exceptions: The following lighting is not required to be automatically shut off:

1. General lighting and task lighting in shop, laboratory, and preschool classrooms.
2. General lighting and task lighting in spaces where automatic shutoff would endanger the safety or security of room or building occupants.
3. Lighting required for 24/7 operation.
4. Lighting in offices smaller than 200 square feet in area equipped with lighting controls activated by photosensor.

9.4.3 Functional Testing.

Section 9.4.3 - Renumber Section 9.4.3, Functional Testing, as Section 9.4.4 .

9.4.3 Exit Signs.

Section 9.4.3 - Add a new Section 9.4.3 to read as follows:

9.4.3 Exit Signs. Internally illuminated exit signs shall not exceed 5 W per face.

-
1. In cases where both a common space type and a building area specific space type are listed, the building area specific space type shall apply.
 2. In corridors, the extra lighting power density allowance is permitted when the width of the corridor is less than 8 ft and is not based on the RCR.
 3. A "Facility for the Visually Impaired" is a facility that can be documented as being designed to comply with the light levels in ANSI/IES RP-28 and is licensed or will be licensed by local/state authorities for either senior long-term care, adult daycare, senior support and/or people with special visual needs.
 4. For accent lighting, see Section 9.6.2(b).
 5. Sometimes referred to as a "Picking Area."
 6. Automatic daylight responsive controls are mandatory only if the requirements of the specified sections are present.
 7. An additional 0.53w/ft² shall be allowed, provided that the additional lighting is controlled separately from the base allowance of 0.42 W/ft². The additional 0.53 w/ft² allowance shall not be used for any other purpose.
 8. Occupant sensor shall not have an override switch that converts from manual-on to automatic-on functionality.
 9. The occupant sensor may have a grace period of up to 30 seconds to turn on the lighting automatically after the sensor has turned off the lighting if occupancy is detected.

Section 10 – OTHER EQUIPMENT

10.4.4 Escalators and Moving Walks.

10.4.4 - Add a new Section 10.4.4.1 to read as follows:

10.4.4.1 Regenerative Drive. An escalator designed either for one-way down operation only or for reversible operation shall have a variable frequency regenerative drive that supplies electrical energy to the building electrical system when the escalator is loaded with passengers whose combined weight exceeds 750 pounds.

Section 11 – ENERGY COST BUDGET METHOD

Table 11.5.1 Modeling Requirements for Calculating Design Energy Cost and Energy Cost Budget #5 Column A

Revise Item 1 under Exceptions in Table 11.5.1 #5 Column A to read as follows:

1. Any envelope assembly that covers less than 5% of the total area of that assembly type (e.g., exterior walls) need not be separately described. If not separately described, the area of an envelope assembly must be added to the area of the adjacent assembly of that same type. When the total area of penetrations from mechanical equipment listed in Table 6.8.1-4 exceeds 1% of the opaque above-grade wall area, the mechanical equipment penetration area shall be calculated as a separate wall assembly with a default U-factor of 0.5. Where mechanical equipment has been tested in accordance with testing standards approved by the department, the mechanical equipment penetration area may be calculated as a separate wall assembly with the U-factor as determined by such test.

Appendix G – PERFORMANCE RATING METHOD

Table G3.1 Modeling Requirements for Calculating Proposed and Baseline Building Performance #5 Column A

Revise Exception 1 under Table G.3.1 #5 Column A to read as follows:

1. All uninsulated assemblies (e.g., projecting balconies, perimeter edges of intermediate floor slabs, concrete floor beams over parking garages, roof parapet) shall be separately modeled using either of the following techniques:
 - a. Separate model of each of these assemblies within the energy simulation model.
 - b. Separate calculation of the U-factor for each of these assemblies. The U-factors of these assemblies are then averaged with larger adjacent surfaces using an area-weighted average method. This average U-factor is modeled within the energy simulation model.

Any other envelope assembly that covers less than 5% of the total area of that assembly type (e.g., exterior walls) need not be separately described, provided that it is similar to an assembly being modeled. If not separately described, the area of an envelope assembly shall be added to the area of an assembly of that same type with the same orientation and thermal properties. When the total area of penetrations from mechanical equipment listed in Table 6.8.1-4 exceeds 1% of the opaque above-grade wall area, the mechanical equipment penetration area shall be calculated as a separate wall assembly with a default U-factor of 0.5. Where mechanical equipment has been tested in accordance with testing standards approved by the department, the mechanical equipment penetration area may be calculated as a separate wall assembly with the U-factor as determined by such test.

CHAPTER R2 **DEFINITIONS**

SECTION R201 **GENERAL**

Section R201.3 Terms defined in other codes.

Section R201.3 - Revise Section R201.3 to read as follows:

R201.3 Terms defined in other codes. Terms that are not defined in this code but are defined in the New York City Construction Codes, New York City Fire Code, or the New York City Electrical Code shall have the meanings ascribed to them in those codes.

SECTION R202 **GENERAL DEFINITIONS**

Delete the definitions of “2016 Uniform Code Supplement,” “2015 International Building Code (As Amended),” “2015 International Fire Code (As Amended),” “2015 International Fuel Gas Code (As Amended),” “2015 International Mechanical Code (As Amended),” “2015 International Plumbing Code (As Amended),” “2015 International Property Maintenance Code (As Amended),” and “2015 International Residential Code (As Amended).”

Revise the definition of “Approved” after the definition of “Alteration,” to read as follows:

APPROVED. See Section 28-101.5 of the Administrative Code.

Add a new definition of “Approved agency” after the definition of “Approved,” to read as follows:

APPROVED AGENCY. See Section 28-101.5 of the Administrative Code.

Delete the definitions of “ASHRAE 90.1-2013” and “ASHRAE 90.1-2013 (As amended)” after the definition of “Area weighted average.”

Add a new definition of “Authority having jurisdiction” after the definition of “Area weighted average” to read as follows:

AUTHORITY HAVING JURISDICTION. The commissioner or the commissioner’s designee.

Revise the definition of “Building thermal envelope” after the definition of “Building site,” to read as follows:

BUILDING THERMAL ENVELOPE. The exterior walls (above and below grade), floor, roof, and any other building elements that enclose conditioned space or provide a boundary between conditioned space and exempt or unconditioned space.

Revise the term “Code official” after the definition of “Climate Zone,” to read as follows:

CODE OFFICIAL. The commissioner or the commissioner’s designee.

Delete the definition of “Energy code”, after the definition of “Energy Analysis.”

Add a new definition of “Grade plane” after the definition of “General lighting,” to read as follows:

GRADE PLANE. A reference plane representing the average of finished ground level adjoining the building at exterior walls. Where the finished ground level slopes away from the exterior walls, the reference plane shall be established by the lowest points within the area between the building and the lot line or, where the lot line is more than 6 feet (1829 mm) from the building, between the building and a point 6 feet (1829 mm) from the building.

Add a new definition of “Lead energy professional” after the definition of “Labeled,” to read as follows:

LEAD ENERGY PROFESSIONAL. The registered design professional who signs and seals the energy analysis for an entire project. Such individual may be the same registered design professional who signs and seals the design drawings for the same project.

Add new definitions of “Professional certification” and “Project” after the definition of "Manual," to read as follows:

PROFESSIONAL CERTIFICATION. See Section 28-101.5 of the Administrative Code.

PROJECT. A design and construction undertaking comprised of work related to one or more buildings and the site improvements. A project is represented by one or more plan/work applications, including construction documents compiled in accordance with Section 107 of the New York City Building Code, that relate either to the construction of a new building or buildings or to the demolition or alteration of an existing building or buildings. Applications for a project may have different registered design professionals and different job numbers, and may result in the issuance of one or more permits.

Delete the definition of “Uniform Code.”

SECTION R303
MATERIALS, SYSTEMS, AND EQUIPMENT

Section R303.2 Installation.

Section R303.2 - Delete Section R303.2 in its entirety and replace with a new Section R303.2 to read as follows:

R303.2 Installation. Materials, systems and equipment shall be installed in accordance with the manufacturer's instructions and provisions of the New York City Building Code, as applicable.

CHAPTER R4
RESIDENTIAL ENERGY EFFICIENCY

SECTION R401
GENERAL

Section R401.2.1 Tropical Zone.

Section R401.2.1- Delete Section R401.2.1 in its entirety.

Section R401.4 Solar-ready requirements (Mandatory).

Section R401.4 - Add a new Section R401.4 to read as follows:

R401.4 Solar-ready requirements (Mandatory). Detached one- and two-family dwellings and multiple single-family dwellings (townhouses) shall meet the requirements of Appendix RB of this code.

Section R402.1.1 Vapor retarder.

Section R402.1.1 - Revise Section R402.1.1 to read as follows:

R402.1.1 Vapor retarder. Wall assemblies in the building thermal envelope shall comply with the vapor retarder requirements of Section 1405.3 of the New York City Building Code, as applicable.

Section R402.1.2 Insulation and fenestration criteria.

Section R402.1.2 - Revise Section R402.1.2 to read as follows:

R402.1.2 Insulation and fenestration criteria. The building thermal envelope shall meet the requirements of Table R402.1.2, based on the climate zone specified in Chapter R3.

Table R402.1.2 INSULATION AND FENESTRATION REQUIREMENT BY COMPONENT^a

Revise Table R402.1.2 to read as follows:

For SI: 1 foot = 304.8 mm.

- a. R-values are minimums. U-factors and SHGC are maximums. When insulation is installed in a cavity which is less than the label or design thickness of the insulation, the installed R-value of the insulation shall not be less than the R-value specified in the table.
- b. The fenestration U-factor column excludes skylights. The SHGC column applies to all glazed fenestration. Exception: Skylights may be excluded from glazed fenestration SHGC requirements in climate zones 1 through 3 where the SHGC for such skylights does not exceed 0.30.
- c. “15/19” means R-15 continuous insulation on the interior or exterior of the home or R-19 cavity insulation at the interior of the basement wall. “5/13” shall be permitted to be met with R-13 cavity insulation on the interior of the basement wall plus R-5 continuous insulation on the interior or exterior of the home. “10/13” means R-10 continuous insulation on the interior or exterior of the home or R-13 cavity insulation at the interior of the basement wall.
- d. R-5 shall be added to the required slab edge R-values for heated slabs. Insulation depth shall be the depth of the footing or 2 feet, whichever is less in Climate Zones 1 through 3 for heated slabs.
- e. There are no SHGC requirements in the Marine Zone.
- f. Basement wall insulation is not required in warm-humid locations as defined by Figure R301.1 and Table R301.1.
- g. Or insulation sufficient to fill the framing cavity, R-19 minimum.
- h. The first value is cavity insulation, the second value is continuous insulation, so “13+5” means R-13 cavity insulation plus R-5 continuous insulation.
- i. The second R-value applies when more than half the insulation is on the interior of the mass wall.

a. Nonfenestration U-factors shall be obtained from measurement, calculation or an approved source.

b. When more than half the insulation is on the interior, the mass wall U-factors shall be a maximum of 0.17 in Climate Zone 1, 0.14 in Climate Zone 2, 0.12 in Climate Zone 3, 0.057 in Climate Zone 4 except Marine, 0.065 in Climate Zone 5 and Marine 4, and 0.057 in Climate Zones 6 through 8.

c. Basement wall U-factor of 0.360 in warm-humid locations as defined by Figure R301.1 and Table R301.1.

Section R402.2.4 Access hatches and doors.

Section R402.2.4 - Revise the Exception to read as follows:

Exception: Vertical doors that provide access from conditioned to unconditioned spaces shall be permitted to meet the fenestration requirements of Table R402.1.2 based on the applicable climate zone specified in Chapter R3.

Section R402.2.8 Floors.

Section R402.2.8 - Revise the Exception to read as follows:

Exception: The floor framing-cavity insulation shall be permitted to be in contact with the top side of sheathing or continuous insulation installed on the bottom side of floor framing where combined with insulation that meets or exceeds the minimum wood frame wall R-value in Table R402.1.2 and that extends from the bottom to the top of all perimeter floor framing members.

Section R402.2.11 Crawl Space Walls.

Section R402.2.11 - Revise the third sentence of Section R402.2.11 to read as follows:

Exposed earth in unvented crawl space foundations shall be covered with a continuous Class I vapor retarder in accordance with the New York City Building Code, as applicable.

Section R402.3 Fenestration (Prescriptive).

Section R402.3 - Revise Section R402.3 to read as follows:

R402.3 Fenestration (Prescriptive). In addition to the requirements of Section R402, fenestration shall comply with Sections R402.3.1 through R402.3.5.

Section R402.4.2 Fireplaces.

Section R402.4.2 - Revise the second paragraph of Section R402.4.2 to read as follows:

New wood-burning fireplaces that are designed to allow an open burn and new wood-burning fireplace units that are designed to allow an open burn shall be provided with a source of outdoor combustion air as required by the fireplace construction provisions of the New York City Building Code, as applicable.

Section R402.4.4 Rooms containing fuel-burning appliances.

Section R402.4.4 - Revise Item 2 under Exceptions to read as follows:

2. Fireplaces and stoves complying with Section R402.4.2 and Chapter 9 of the New York City Mechanical Code.

Section R402.5 Maximum fenestration U-factor and SHGC (Mandatory).

Section R402.5 - Revise Section R402.5 to read as follows:

R402.5 Maximum fenestration U-factor and SHGC (Mandatory). The area-weighted average maximum fenestration U-factor permitted using tradeoffs from Section R402.1.5 or R405 shall be 0.40 for vertical fenestration, and 0.75 for skylights.

Section R403.3.2 Sealing (Mandatory).

Section R403.3.2 - Revise Section R403.3.2 to read as follows:

R403.3.2 Sealing (Mandatory). Ducts, air handlers and filter boxes shall be sealed. Joints and seams shall comply with the New York City Mechanical Code, as applicable.

Exceptions:

1. Air-impermeable spray foam products shall be permitted to be applied without additional joint seals.
2. For ducts having a static pressure classification of less than 2 inches of water column (500 Pa), additional closure systems shall not be required for continuously welded joints and seams, and locking-type joints and seams of other than the snap-lock and button-lock types.

Section R403.6 Mechanical Ventilation (Mandatory).

Section R403.6 - Revise the first sentence of Section R403.6 to read as follows:

The building shall be provided with ventilation that meets the requirements of the New York City Mechanical Code, as applicable, or with other approved means of ventilation.

Section R403.8 Systems serving multiple dwelling units (Mandatory).

Section R403.8 - Revise Section R403.8 to read as follows:

R403.8 Systems serving multiple dwelling units (Mandatory). Systems serving multiple dwelling units shall comply with Sections C403 and C404 of this code in lieu of Section R403.

SECTION R404
ELECTRICAL POWER AND LIGHTING SYSTEMS

Section R404.2 Electrical energy consumption.

Section R404.2 - Add a new Section R404.2 to read as follows:

R404.2 Electrical energy consumption (Mandatory). In all buildings having individual dwelling units, provisions shall be made to determine the electrical energy consumed by each unit by separately metering individual dwelling units.

SECTION R406
ENERGY RATING INDEX
COMPLIANCE ALTERNATIVE

Section R406.2 Mandatory requirements.

Section R406.2 Mandatory requirements - Revise the second sentence of Section R406.2 to read as follows:

The building thermal envelope shall be greater than or equal to levels of efficiency and Solar Heat Gain Coefficient in Table 402.1.1 or 402.1.3 of the 2011 New York City Energy Conservation Code.

CHAPTER R5
EXISTING BUILDINGS

SECTION R501
GENERAL

Section R501.4 Compliance.

Section R501.4 - Delete Section R501.4 in its entirety and replace with a new Section R501.4 to read as follows:

R501.4 Compliance. Alterations, repairs, additions and changes of occupancy to, or relocation of, existing buildings and structures shall comply with (i) all applicable provisions of this code, (ii) the provisions for alterations, repairs, additions and changes of occupancy or relocation, respectively, in the New York City Construction Codes, (iii) the New York City Fire Code, and (iv) the New York City Electrical Code.

Section R501.6 Historic Buildings.

Section R501.6 - Revise Section R501.6 to read as follows:

R501.6 Historic Buildings. No provisions of this code relating to the construction, repair, alteration, restoration, and change of occupancy shall be mandatory for historic buildings.

SECTION R502
ADDITIONS

Section R502.1.1.1 Building Envelope.

Section R502.1.1.1 - Revise the Exception under Section R502.1.1.1 to read as follows:

Exception: Where nonconditioned space is changed to conditioned space, the building envelope of the addition shall comply where the UA, as determined in Section R402.1.5, of the existing building and the addition, and any alterations that are part of the project, is less than or equal to UA generated for the existing building.

SECTION R503
ALTERATIONS

Section R503.1.1 Building Envelope.

Section R503.1.1 - Delete Section R503.1.1 in its entirety and replace with a new Section R503.1.1 to read as follows:

R503.1.1 Building envelope. Building envelope assemblies that are part of the alteration shall comply with Section R402.1.2 or R402.1.4, Sections R402.2.1 through R402.2.13, R402.3.1, R402.3.2, R402.4.3 and R402.4.5.

Section R503.1.4 Lighting

Section R503.1.4 - Revise the Exception under Section R503.1.4 to read as follows:

Exception: Alterations that replace less than 20 percent of the luminaires in a space, provided that such alterations do not increase the installed interior lighting power.

CHAPTER R6
REFERENCED STANDARDS

Chapter R6 - Delete Chapter R6 in its entirety and replace with a new chapter R6 to read as follows:

CHAPTER R6
REFERENCED STANDARDS

This chapter lists the standards that are referenced in various sections of the residential provisions of this code. The standards are listed herein by the promulgating agency of the standard, the standard identification, the effective date and title, and the section or sections of this document that reference the standard. The application of the referenced standards shall be as specified in Section 106. Refer to the rules of the department for any subsequent additions, modifications or deletions that may have been made to the referenced standards set forth herein in accordance with Section 28-103.19 of the Administrative Code.

APPENDIX RB **SOLAR-READY PROVISIONS- DETACHED ONE- AND TWO-FAMILY DWELLINGS,** **MULTIPLE SINGLE-FAMILY DWELLINGS (TOWNHOUSES)**

Appendix RB - Revise the first sentence in Appendix RB to read as follows:

(The provisions contained in this appendix are mandatory.)

Section RB103.1 General.

Section RB103.1 - Revise Item 2 under the Exceptions to read as follows:

2. A building with a solar-ready zone that is shaded for more than 50 percent of daylight hours annually.

Section RB103.3 Solar-ready zone area.

Section RB103.3 - Revise Section RB103.3 to read as follows:

RB103.3 Solar-ready zone area. The total solar-ready zone area shall be not less than 200 square feet (18.5 m²) exclusive of mandatory access or set back areas as required by the New York City Fire Code. New multiple single-family dwellings (townhouses) three stories or less in height above grade plane and with a total floor area less than or equal to 2,000 square feet (185.8 m²) per dwelling shall have a solar-ready zone area of not less than 100 square feet (9.32 m²). The solar-ready zone shall be composed of areas not less than 5 feet (1524 mm) in width and not less than 80 square feet (7.44 m²) exclusive of access or set back areas as required by the New York City Fire Code.

§ 4. Section 28-1001.3 of the administrative code of the city of New York, as added by local law number 85 for the year 2009, is amended to read as follows:

§28-1001.3.1 Periodic update. The commissioner shall submit to the city council proposed amendments that he or she determines should be made to this code to bring it up to date with or exceed the latest edition of the energy conservation construction code of New York state. The commissioner shall, at a minimum, submit such proposed amendments (i) following any revision of the energy conservation construction code of New York

state that establishes more stringent requirements than those imposed by this code and (ii) no later than the end of the third year after the effective date of this section and every third year thereafter. Prior to such submission, such proposed amendments shall be submitted to an advisory committee established by the commissioner pursuant to section [28-1003.2] 28-1001.3.2 for review and comment.

§ 5. This local law takes effect October 3, 2016, and applies to applications filed on and after such effective date except that the commissioner of buildings may promulgate rules or take other actions for the implementation of such provisions prior to such effective date.

(The following is the text of a Message of Necessity from the Mayor for the Immediate Passage of Int No. 1169-A:)

THE CITY OF NEW YORK
OFFICE OF THE MAYOR
NEW YORK, N.Y. 10007

Pursuant to authority invested in me by section twenty of the Municipal Home Rule and by section thirty-six of the New York City Charter, I hereby certify to the necessity for the immediate passage of a local law; entitled:

A LOCAL LAW

To amend the administrative code of the city of New York, in relation to conforming the New York city energy conservation code to the New York state energy code with amendments unique to construction in the city and repealing section 28-1001.2 in relation thereto

Given under my hand and seal this 13th day of
July, 2016 at City Hall in the City of New York

Bill de Blasio
Mayor

On motion of the Speaker (Council Member Mark-Viverito), and adopted, the foregoing matter was coupled as a General Order for the day (see ROLL CALL ON GENERAL ORDERS FOR THE DAY).

Report of the Committee on Land Use

Report for LU. No. 398

Report of the Committee on Land Use in favor of approving Application No. C 160124 ZSK submitted by 19 Kent Development LLC pursuant to Sections 197-c and 201 of the New York City Charter for the grant of a special permit pursuant Section 74-962 of the Zoning Resolution to allow an increase in the maximum permitted floor area for a development occupied by Business-Enhancing uses and Incentive uses, and to allow modifications of the public plazas regulations of 37-70, in connection with a proposed 8-story commercial building, on property located at 19-25 Kent Avenue (Block 2282, Lot 1), in an M1-2 District, Borough of Brooklyn, Community Board 1, Council District 33. This application is subject to review and action by the Land Use Committee only if appealed to the Council pursuant to Charter Section 197-d(b)(2) or called up by vote of the Council pursuant to Charter Section 197-d(b)(3).

The Committee on Land Use, to which the annexed Land Use item was referred on June 8, 2016 (Minutes, page 1551), respectfully

REPORTS:

(For text of the updated report, please see the Report of the Committee on Land Use for LU No. 398 & Res No. 1172 printed in General Order Calendar section of these Minutes)

Accordingly, this Committee recommends its adoption, with modifications.

The Committee on Parks and Recreation, to which the annexed preconsidered proposed local law was referred on July 14, 2016, respectfully

REPORTS:

Comment:

On July 12, 2016, the Committee on Parks and Recreation will hold a hearing on Preconsidered Int. No. 1227 which co-names sixty-five (65) thoroughfares and public places. The Council acts upon the authority granted in subdivision (b) of section 25-102.1 of the New York City Administrative Code which states:

- b. Unless the local law specifically provides otherwise, any local law changing the name of a street, park, playground or portion thereof, or any facility or structure, located and laid out on the city map, that bears a name indicated on the city map shall not be construed to require a change in such name as it is indicated on the city map; provided, however, that in the case of a local law changing the name of a street or portion thereof, the name added by such local law shall be posted on a sign placed adjacent to or near a sign bearing the name of such street or portion thereof indicated on the city map.

The following street name changes are not to be construed as a change in the City Map, but as additional names to be posted near or adjacent to the street or location indicated on the City Map.

Section 1. Purple Heart Memorial Bridge

Introduced by Council Member Borelli

This co-naming will honor our fallen heroes who have served our country. This co-naming will pay tribute to the Military Order of the Purple Heart by recognizing the men and women of this group who were wounded during combat. The organization was formed in 1932 and continues to support its members and their families by raising money through the operation of thrift stores, donating automobiles and by the annual distribution of its official flower, the Purple Heart Viola. The money is raised to help hospitalized and needy veterans and their families.

Section 2. William “Pop” Marsh Avenue

Introduced by Council Member Borelli

William Marsh was a retired FDNY lieutenant, veteran, registered nurse and volunteer coach who was dedicated to his family and his faith. He was born and raised in Tottenville and graduated from St. Mary's High School in Perth Amboy. He served in the United States Marine Corps during the Korean War as a staff sergeant stationed at the USMC base in Barstow, California. He served in the FDNY for 25 years, primarily assigned to Engine Co. 15 on Manhattan's Lower East Side, and was promoted to lieutenant in the early 1970s. He became a registered nurse through the Fire Department and worked with developmentally disabled children at the former Bayley Seton Hospital, Clifton, for 10 years. He then repaired video cameras at Custom Video Systems before finally retiring about 10 years ago. He was the MVP of South Shore Chevviess Football in 1947, was a founder of and coach for the South Shore Babe Ruth League, and coached for many years with the South Shore Little League. He was an active parishioner of Our Lady Help of Christians R.C. Church where he served as a lector, Eucharistic minister and CCD teacher.

Section 3. Hy Genee Way

Introduced by Council Member Chin

April 27, 1922 – February 13, 2006

Hy Genee was the president and spiritual leader of Kehila Kedosha Janina Synagogue, which is the only Greek Jewish Romaniote synagogue in the Western Hemisphere. He was born on the Lower East Side, on Orchard Street, and lived his entire life within the confines of the Lower East Side. He single-handedly kept Kehila Kedosha Janina, located at 280 Broome Street, alive for over fifty years and saw the synagogue/museum become a historical landmark. This area was once the epicenter of Greek Jewish Romaniote immigration at the turn of the 20th Century. Hundreds of Greek Jewish families once lived in the tenements on this block, which contributed to the establishment of the current synagogue building in 1927.

Section 4. Grace Belkin Way

Introduced by Council Member Cohen

December 22, 1930 – June 18, 2013

Grace Belkin was the first District Manager of Bronx Community Board 8 (CB 8). Upon the establishment of the current community board system in the late 1970's, she became one of the first to serve in the capacity of a professional manager. She remained in that role for 30 years and acquired a citywide reputation as one of the foremost leaders in her field. She began her career as Secretary with Community Planning Board 14 that became CB 8, as established under the New York City Charter in 1977 and later became District Manager of CB 8 and remained in that role for 30 years becoming one of the original district managers to serve in that capacity. She was a main force in seeking development and funding for CB 8's 197-a Plan that established stable zoning to match the character of our neighborhoods and preservation of the Special Natural Area District. In an attempt to reduce classroom overcrowding, she was a strong opponent to the use of the City's property adjacent to the Kennedy Campus being used for anything other than school construction. CB 8 would not have its own local salt storage for Sanitation's snow crews easy and quick accessibility without her advocacy and interest of safety for the community and also, her intervention and strong persuasion led to many capital budget projects reaching fruition, which included reconstruction of the Johnson Avenue retaining wall, and the Palisade Avenue retaining wall.

Section 5. Lieutenant Theodore Leoutsakos Way

Introduced by Council Member Constantinides

Died February 3, 2015

Theodore Leoutsakos was a United States Air Force Veteran who served during the Vietnam War. He was honorably discharged when he was wounded in combat. For 24 years, he served as a New York State Court Officer and worked perimeter patrol outside of the New York County Supreme Court at 111 Centre Street in Manhattan. He was a first responder during the 9/11 terrorist attacks at the World Trade Center and was trapped when the towers collapsed. He survived the attacks and was credited with helping many survivors that day. He was awarded the Medal of Valor and was recognized in a proclamation by Senator Hillary Clinton. He was a founding member of the Fraternal Organization of Court Officers, a charitable organization that began in 1990 and has held hundreds of fundraisers helping people in need. Shortly after his retirement, he was diagnosed with pancreatic cancer as a result of his response to the World Trade Center and his time spent at Ground Zero.

Section 6. Emma Brandt Way

Introduced by Council Member Constantinides

November 3, 1937 – November 18, 2015

Emma Brandt was an active member of Community Planning Board 3 for over 30 years. As chair of the Health and Hospital Services Committee, she arranged community health fairs and coordinated Halloween parties and a parade for the community. She was a member of the Elmhurst Hospital Advisory Board, the Jackson Heights Beautification Group and a Chaplain in the Queens American Legion Ladies Auxiliary. She served as president of the North Queens Homeowners Civic Association from 1987 to 1989 and was a member from 1961 until 2015, was a member of the Jackson Heights Volunteer Ambulance Corps for over 10 years and was named Woman of the Year by former Queens Borough President Helen Marshall. She participated in the Board of Education volunteer program and received a NYS Assembly citation for outstanding community service.

Section 7. Tohma Y. Faulkner Way

Introduced by Council Member Cornegy

November 30, 1954 - September 6, 2008

Tohma Y. Faulkner served as 2nd vice chair on Community Board 3 and also served on the board of directors for Vanguard Urban Improvement Association, was the former president of the Brownstoners, was a member of the steering committee for the Bedford-Stuyvesant Gateway Business Improvement District and was also very involved with the Bethany Baptist Church. She was also one of the founders of BedStuy Alive!, a week-long festival promoting tourism and stimulating community pride by introducing thousands of people to the growing array of restaurants, retail shops, businesses, art and history of one of the largest African-American communities in the United States. She received many awards such as the Ladies of Weeksville Service Award, Bed-Stuy Cooperative Service Award and the Bed-Stuy Alive! Leadership Award. The Tohma Y. Faulkner Community Award is given to New York residents whose dedication and contributions to the Bed-Stuy community embody her legacy.

Section 8. Det. Joseph A. Picciano Way

Introduced by Council Member Crowley

Died February 15, 1971

Detective Picciano had served with the New York City Police Department for 10 years and was assigned to the 41st Detective Squad. He was shot and killed at the 41st Precinct building at 1086 Simpson Street while fingerprinting a suspect that he and other members of the 41st Precinct Detective Squad had arrested for abducting a 13-year-old boy. As he was being fingerprinted, the suspect began to struggle with Detective Picciano and his service revolver fell to the ground. The suspect was able to gain control of the weapon and fired two shots, killing Detective Picciano. Other members of the Detective Squad were able to return fire, killing the suspect. Det. Picciano resided in Maspeth, Queens, with his wife Theresa and their three children. He was devoted to his family and to serving his community. Even though forty-five years have

passed since this tragedy, the City never forgets our brave men and women who risk their lives every day to ensure that we all can live in a safe and orderly city.

Section 9. Easter Rising Stair Way

Introduced by Council Member Crowley

This co-naming will commemorate the 100th Anniversary of the Easter Rising against Britain's rule over Ireland. On April 24, 1916, the Irish Republican Brotherhood, a secret organization of Irish nationalists, launched an armed uprising against British rule referred to as the Easter Rebellion. Assisted by militant Irish socialists, the groups rioted and attacked British provincial government headquarters across Dublin and seized the Irish capital's General Post Office. They proclaimed the independence of Ireland, which had been under the repressive thumb of the United Kingdom for centuries, and by the next morning were in control of much of the city. Later that day, however, British authorities launched a counteroffensive, and by April 29 the uprising had ended. The Easter Rebellion is considered a significant marker on the road to establishing an independent Irish republic.

Section 10. Dorothy Neary Way

Introduced by Council Member Crowley

March 6, 1920 – November 11, 2014

Dorothy Neary was involved in St. Teresa's Rosary Society, Girl Scouts, and much later became one of the directors of the United Forties Civic Association. She was the Vice President and Treasurer of Datamovers, Inc., an air mail expediting and messenger company started by her husband in 1954. She was very active in her community and was passionate about the United Forties' efforts to maintain a high quality of life in the area through some difficult times. She was the newsletter editor for about fifteen years. Her newsletters did not just recap the last meeting and announce the next one, she also tried to educate members about issues that affected them and encouraged them to write to their representatives, attend meetings, or take other action. In response to a suggestion by Community Board Chairman Joseph Conley, Dorothy and her daughter participated in the Queens Memory Project a few years ago. The StoryCorps Company was hired to record long-time Queens residents as they described their memories. Dorothy and Patricia spent a few hours at Queens College as Patricia interviewed Dorothy about her Queens experiences. The resulting audio recordings are stored in the Library of Congress for all to enjoy in the future.

Section 11. Cecil Collymore Way

Introduced by Council Member Cumbo

Cecil Collymore owned a number of shops including Collymore Laundry, a 99-cent store, and a coffee shop. He purchased the property along Putnam Avenue in 1978 when it was a place of prostitution and drugs. Now, the area is being developed and changing positively. He was the founder of the Putnam Avenue Community Service Inc., which encourages neighborhood development by supplying free employment referrals for the youth and elderly, promotes computer training for all ages and provided transportation for elderly and cancer stricken children to attend special events. He was the first volunteer with the 88th Precinct to assist in organizing a small community patrol and gave out food to needy families. He was responsible for saving the Julia Richman High School from closing and the school has since educated thousands of children in the neighborhood.

Section 12. Dr. Rev. Clarence Norman Sr. and Ellen Norman Way

Introduced by Council Member Cumbo

April 30, 1930 – July 8, 2015

Dr. Rev. Clarence Norman Sr. served as pastor of The First Baptist Church of Crown Heights (FBCCH), originally founded in 1953 as the First Baptist Church of Williamsburg for 61 years. Today, the congregation is over 2000 people. She led many protests to protect funding for the community garden programs throughout the city. She also organized many block parties in the community and provided many arts and crafts and learning opportunities for children.

Section 24. Elmo Hope Way – Jazz Pioneer

Introduced by Council Member Gibson

June 27, 1923 – May 19, 1967

Elmo Hope was born in New York City. By the age of 14, he had already made a name for himself in Harlem, attending one of its best music schools and performing as a concert pianist and was also beginning to compose jazz pieces. In 1940, he walked into an altercation in Harlem and was shot by a policeman. He was charged with assault and attempted robbery but was freed of all charges after it was clear that Elmo Hope was running away with other passersby to avoid gunfire by the police. He enlisted in the United States Army and upon his return, immersed himself playing piano in small clubs in the Bronx, Greenwich Village and Coney Island. He is considered a very unique jazz composer and arranger and helped affect the development of jazz piano. He was very close with fellow musicians Bud Powell and Thelonious Monk. Although a long-term heroin user, he recorded with several big names in music including Clifford Brown, John Coltrane, Lou Donaldson, Jackie McLean and Sonny Rollins and composed over 75 pieces of music.

Section 25. Honorable Samuel Bea Jr. Way

Introduced by Council Member King

Samuel Bea Jr. was an Assemblyman and district manager for a northeast Bronx community board for nearly 30 years. He became Community Board 12's district manager in 1977 and retired in 1996. He was re-elected three times to the New York State Assembly and participated in the Principal for a Day program at PS 78. He protested against sex shops on Connor Street and protested against the MTA's attempt to reduce service on the #5 Dyre Avenue line. He voted against the repeal of the commuter tax and voted for an increase in the minimum wage bill that was passed in the Assembly, but did not pass in the Senate. His district office offered complimentary tax preparation for seniors and notary public services for seniors and constituents. He was the recipient of numerous awards from the Edenwald-Gunhill Tenants Association, the Northeast Bronx Caribbean Chamber of Commerce, the Bronx Borough President's Citation Award, the National Council of Negro Women and the Williamsburg Branch NAACP.

Section 26. Bishop Joseph H. Bell Sr. Way

Introduced by Council Members King and Levine

July 17, 1927 – December 17, 2015

Bishop Joseph H. Bell, Sr. was pastor of Bethel Holy Church in New York City and the President and Senior Bishop of the Mount Sinai Holy Church of America, Inc., a Pentecostal denomination with approximately ninety churches in the United States, Guyana, Cuba, and India. He served as General Secretary of the church organization's Board of Directors from 1982 until 2000 when he was elected President of the church organization, a post he has held for the last fifteen years. He established an outreach ministry that included a soup kitchen, clothing distribution and food pantry program. The ministry also served parents and

their children in dealing with social, peer, and academic issues. Under his leadership, the church also established the Bethel Community Bible Institute. He was an outstanding educator in the New York City Public School System and distinguished himself as one of the first African-American Physics and Chemistry teachers in the Bronx in the 1950's. He served in the Science Departments at the Food Trades Vocational High School, James Kieran Junior High School, Christopher Columbus High School, and the Adult Evening High Schools of New York City. By the 1960s, he earned certification in Supervision and Administration from City College, Fordham University and Columbia University. In addition, he studied at Sarah Lawrence College and Yeshiva University under National Science Foundation Grants in Chemistry, Physics and Mathematics. In November 1971, he was appointed Principal of Olinville Junior High School in the Bronx where he served as Principal for 12 years. In June 1973, he was recognized by the school community and received the Dr. Martin Luther King, Jr. Citation for his "Humanitarian Quality," good moral character, and for excellence in performance. In 2009, Bishop Bell was awarded Honorary Doctorate Degrees in Ministry and Theology in recognition of his many years of service as a teacher and preacher of God's Word and for his steadfast leadership in the church. He was also recognized in the media for his outstanding benevolence and ministry to the less fortunate in and around his church community. Most recently in 2014, the New York City Council issued a proclamation honoring Bishop Bell for his many years of service as an educator, child advocate, minister and humanitarian.

Section 27. Kings 5 Way

Introduced by Council Member King

Kings 5 was a community-based basketball organization, which serviced more than 10,000 males, ages 8 to 40 in the northeast Bronx communities. It was founded by Andy King Sr. in the 1970's as an organization to get neighborhood youth off the city's street corners and provide them with recreational activity, boost morale and cultivate leadership skills. However, Kings 5 evolved into so much more with weekly meetings for youth to receive school tutoring and motivational coaching, as well as trips outside of the Bronx for the youth to meet professional basketball players and role models in the business. Andy King Sr. situated a safe haven for youth who were bullied and his team of coaches were available to counsel youth in trouble. The Kings 5 Basketball Program practiced and played out of Olinville Park, now known as the Agnes Haywood Playground at East 216th Street and Barnes Avenue in the Bronx. Kings 5 was the longest-running basketball program that existed in the northeast Bronx between 1970 and the end of the 1980's. Kings 5 competed in a number of basketball championship tournaments across the city and Westchester County, such as the Holcomb Rucker Basketball League, Mount Vernon Fourth Street Summer League, and the Runyon Heights Basketball League to name a few. The organization brought much pride and saved many lives in the Northeast Bronx neighborhood.

Section 28. THE RAMONES WAY

Introduced by Council Member Koslowitz

This co-naming would honor the legendary punk rock group The Ramones. Formed in 1974, the original lineup consisted of John Cummings (Johnny Ramone), Jeffrey Hyman (Joey Ramone), Douglas Colvin (Dee Dee Ramone) and Thomas Erdelyi (Tommy Ramone). The Ramones are often cited as one of the original pioneers of the punk rock sound and was a major influence on the 1970's punk movement in the United States and United Kingdom. The band was recognized in Rolling Stone's, 100 Greatest Artists of All Time and was ranked the second-greatest band of all time by Spin magazine. In 2002, the original members were inducted into the Rock and Roll Hall of Fame and were awarded a Grammy Lifetime Achievement Award in 2011.

Section 29. Jose "Tuffy" Sanchez Corner

Introduced by Council Member Lander

July 16, 1933 – 2005

Jose "Tuffy" Sanchez was born in Brooklyn, New York. His father founded the Antioch Pentecostal Church on 201 Atlantic Avenue in 1933. At the age of seventeen, he joined the United States Army and served in the Korean War. He was wounded in action and was honorably discharged. In the early 1960's, he became co-owner of the 3&1 Social Club in Brooklyn. He was a pioneer and instrumental in promoting Latin music, in clubs and concerts in many of NYC's dance hall venues. He worked in the biggest venues with the

best Salsa bands and artists from New York, Puerto Rico and throughout the Latin Diaspora. He was rooted in New York's Salsa music's industry. He was a long-time community advocate within the Columbia Street community. In the late 1960's, he established the Teen Canteen which provided the neighborhood youth with jobs and opportunities. In the 1970's, he became a social advocate and leader holding various positions in the South Brooklyn Waterfront and Red Hook communities, including serving as a community board member in 1970. He helped organize street concerts on Baltic Street in 1965, 1970 and 1976. He founded the Puerto Rican Waterfront Corporation, a nonprofit, community based service organization funded under President Lyndon B. Johnson's War on Poverty initiative, as well as Neighborhood Youth Corps., a summer program funded by New York City, providing job and skill opportunities. He helped create the Independent Neighborhood Democrats in Red Hook and also rallied against the destruction of the Columbia Waterfront neighborhood, which was staked by the Port Authority for a container port.

Section 30. Hope Reichbach Way

Introduced by Council Member Levin

Hope Reichbach worked as Council Member Stephen Levin's Community Liaison and Communications Director from 2010 until 2011. She fought against the Bloomberg administration's plan to cut the important neighborhood based child care programs of Bethel Baptist and Strong Place, a thriving child care program in the community today. After her death, Strong Place renamed itself Strong Place for Hope. She started a Boerum Hill street safety task force which helped to galvanize public support to important street safety measures, several of which gained traction since her passing. Also, her parents helped form the Hope Reichbach Fund, which partners with Brooklyn-based non-profits to provide paid internships for college students in New York City who are eager to work in the social justice field. She was also captain of the Hunter College High School Debate Team, captain of the Hunter College High School Softball Team, President of the Hunter College High School Athletic Association and successfully sued Donald Rumsfeld and Department of Defense (DOD) for military recruitment tactics of people under 18 with the NYCLU. The lawsuit was settled on January 8, 2007. In keeping with the limits established by Congress, DOD agreed to stop collecting students' social security numbers, stop using the information for purposes other than military recruitment (including sharing the information with law enforcement, national security, tax collection and other outside agencies); to keep the information only for three years; and to clarify opt-out procedures for children and parents who do not want their information in the database and do not want to be recruited by the military. DOD has also agreed to clarify that the private marketing company who maintains this enormous database on the government's behalf is bound by the same privacy laws that operate whenever the federal government collects and maintains information about people.

Section 31. John J. McCarthy Way

Introduced by Council Member Maisel
December 11, 1971 - March 15, 2016

John J. McCarthy was raised in Sheepshead Bay, Brooklyn. He was a master plumber by trade and best known for his monumental work in the aftermath of Superstorm Sandy where he devoted all his efforts to his community, installing new water heaters and boilers at cost to the residents. He is remembered as traveling as far as out of state in order to obtain the necessary materials and equipment to help all those who called without profit. After helping hundreds of residents of Bergen Beach, he began assisting storm stricken residents of Gerritsen Beach as well. He volunteered as a member of the Knights of Columbus when he was 18 years old and was voted in as Grand Knight after he helped begin the St. Bernard Knights of Columbus Council #14269. As Grand Knight, he led numerous charity events, raising funds and awareness for programs and services such as Autism groups, a number of Veterans programs, including Wounded Warriors, children's special needs services and organizations that help to provide families in need of financial assistance. Through these efforts, hundreds of special needs children and their families were assisted. He was also an active member of the Mill Basin/Bergen Beach Lions Club District 20 K1. As a member for seven years, he helped with efforts associated with the goals of the local Lions Club International. This volunteer organization works to provide the highest level of help for individuals with vision loss.

Section 32. Kells – Grennie American Legion Post No. 316 Way

Introduced by Council Member Matteo

Kells – Grennie American Legion Post No. 316 began in 1919 after WWI and was named after Edward W. Kells who was killed in battle. The Post operated without a charter for 12 years until it received a temporary charter in 1931 and finally, a regular charter in 1933 and became known as the Edward W. Kells American Legion Post 316. After WWII, the name Richard A. Grennie, who was killed in battle, was added to the Post. The members of the Post met at this location for more than 70 years, holding American Legion and Community events. 2016 will mark the last year that the Kells – Grennie American Legion Post No. 316 will hold meetings.

Section 33. Joe Manfredi Way

Introduced by Council Member Matteo

March 16, 1938 – March 28, 2015

Joe Manfredi came to New York from Italy in 1952 and began his career as a mechanic at Safe Rambler Motors in Brooklyn while attending night classes in automatic transmission repair. He purchased Safe Rambler Motors and transformed it into Safe Toyota, the first Toyota dealership in New York and winner of the Toyota President's Award for outstanding levels of performance in all areas of operation. He was a member of the Board of the Miamonides Hospital and in 1983, his dedication to the Brooklyn Italian American Community earned him the distinguished man of the Year Award from the Italian Board of Guardians. He was a founding member of the Italian American Federation, an organization that helps immigrants become accustomed to life in America. He was the founder and president of the Mola Sports Club and a member of the board of directors of the US Soccer Federation. He served as president of the Italian-American Soccer League and the National Champion Brooklyn Italian Soccer team. In 1988, he acquired the Staten Island Vipers, and A-League Division soccer franchise. He purchased an ambulance for his hometown in Italy, sponsored the March of Dimes, Great Kills Little League, Toys for Tots, South Shore Little League, donated to Holy Child and St. Dominic's Church and the Grace Foundation for Autism.

Section 34. Connor and Breandan Moore Way

Introduced by Council Member Matteo

Breandan (2 years-old) and Connor (4 years-old) Moore were swept away from their mother when their SUV was swamped by a tidal surge that overwhelmed the vehicle at the height of Superstorm Sandy. After their Staten Island home lost power, Glenda Moore attempted to drive her children to her sister's house in Brooklyn. Although Ms. Moore and her children escaped the vehicle, the children were swept away by the wind and water. The overwhelming loss to a single family and the youth of the Moore brothers led to a public dialogue on evacuation efforts and turned them into a rallying point for Superstorm Sandy aid for New York. Senator Kirsten Gillibrand, among many other advocates, used their compelling story to make the case for the aid package that Congress ultimately passed for New York City and other affected areas.

Section 35. Ingram and Geneva Montgomery Way

Introduced by Council Member Mealy

Ingram and Geneva Montgomery were very involved in the Bedford-Stuyvesant community. They were one of the first families to move into the Brevoort Houses after it opened. Ingram was the first tenant patrol captain and served at his post for over twenty years. Geneva was the first tenant's association president and served for thirty years. They were also very active members of the 81st Precinct Community Council and were awarded many accommodations for their community work. They received a City Council Citation for community service, the East Fulton Street Revitalization and Development Corporation Community Service Award and the Tenant Patrol Award. Geneva was instrumental in raising funds for the Brevoort Sports Foundation and the Brevoort Midget Basketball League and Ingram was the coach. She also fed people in need and made sure the neighborhood had extra police presence on game nights. Ingram served in WWII.

Section 36. John Steptoe Way

Introduced by Council Member Mealy

September 14, 1950 – August 28, 1989

John Steptoe was an award-winning author of children's books. He began drawing as a young child and received his formal art training at the High School of Art and Design in Manhattan. In 1969, at the age of 18, his first book 'Stevie,' a story based on his experiences growing up at 840 Monroe Street in BedStuy, received national attention when it was published in its entirety in Life magazine. In his 20-year career, he illustrated 16 picture books, ten of which he also wrote. He received honors and accolades including the American Library Association's Caldecott Honor for children's book illustration for: *The Story of Jumping Mouse* in 1985 and *Mufaro's Beautiful Daughters* in 1988. He also received the Coretta Scott King Award for Illustration for *Mother Crocodile* in 1982, and *Mufaro's Beautiful Daughters* in 1988. He hoped that his books would lead children, especially African-American children, to feel pride in their origins. While accepting the *Boston Globe/Horn Book Award* for Illustration he said, "I am not an exception to the rule among my race of people I am the rule. By that I mean there are a great many others like me where I come from." He was an active member of his community and a strong advocate for children and would frequently hand out his children's books to kids in the neighborhood. He was the Block Association President for several years where he was an active participant in community events and would often visit P.S.309 to talk to the students about his books. Since his death there has been an exhibit of his artwork at the Transit Museum, his name has been placed in the Brooklyn Botanical Gardens Celebrity Path, Public School 181 has been named the John Lewis Steptoe School, the Macon Library has a section named after him, his artwork hangs in the Raymond Bush playground in Bedford Stuyvesant, 'Mufaro's Beautiful Daughters' has been adapted as a play traveling nationwide and was chosen by the children's librarians at the New York Public Library as one of the '100 Great Children's Books/100 Years.'

He was inducted into the New York City Basketball Hall of Fame in 2012.

Section 39. Melvin Harris Way

Introduced by Council Member Miller

Died November 22, 2015

Melvin Harris was a union representative, community leader and a former aide to Nassau County Executive Edward Mangano. His impact on the residents of his community and our City was multi-faceted. He started a youth group for the purpose of steering his peers away from the drug gangs in southeast Queens. He continued his work in his adult years working with such community leaders as the late Dr. Charles Mixon, Pastor of the Maranatha Baptist Church of Queens Village and other Clergy to oppose the wide spread uncontrolled drug violence and crack dealers and end the shootings on the streets of his community. To accomplish this, he helped to courageously unite the civics and Clergy in a group "Concerned Citizens Against Drugs" in collaboration with Police Commissioner Benjamin Ward. He was also very active in the Jamaica Branch of the NAACP in its fight for better schools, safer streets and concerned candidates for elected office.

He organized a group of ardent social justice supporters “People United Against Brutality” which opposed the systematic searching and stopping by the police of innocent schoolchildren and pedestrians. In 1987, he joined Local 1056 of the Amalgamated Transit Union which represented the public bus drivers in Queens. He became the Local’s Political Director and the Union Representative for the Queens Depot. As such he not only attended and participated in civic sponsored meetings on improving public transportation in South East Queens but had a significant role in the preparation of a union contract that had national implications because of its trail-blazing benefits. He later moved to Nassau County where he was appointed Commissioner of the Human Rights Commission.

Section 45. Olympic Silver Medalist Abel Kiviat Way

Introduced by Council Member Rose

June 23, 1892 – August 24, 1991

Abel Kiviat was a former world-recordholder in the 1,500-meter run who won a silver medal in the 1912 Olympics. He was 99 years old making him the oldest living American Olympian. He was born in 1892, on the Lower East Side of Manhattan and his family later moved to Staten Island. He became New York City’s half-mile and mile champion in track while at Curtis High School. In the next few years, he set three world records outdoors and six indoors, and won nine United States titles. He was the captain of the Irish-American Athletic Club, America’s dominant track team of the time, for five consecutive years. In 1911, at age 18, he

won the 600-yard and 1,000-yard titles in the Amateur Athletic Union two-day national indoor championships. In 1913, he became the only runner ever to win both titles in one day and in 1912, he lowered his world record for 1,500 meters to 3 minutes 55.8 seconds. After crossing the finish line, he kept running, hoping to break the world record for the mile of 4:15.4, but failed by a fifth of a second. He entered the 1912 Olympics in Stockholm as the world-record holder and favorite in the 1,500 meters. During the race, he led until the last 8 meters, when Arnold Strode Jackson of Britain ran by and just beat him. In 1915, he was suspended by the A.A.U. saying he had requested exorbitant expense money for running in a meet in Troy, N.Y. He denied the charge and was reinstated in 1923. After his running career, he worked as a deputy clerk for the Southern District of the United States Federal Court in Manhattan and also served as an unpaid press-box steward at Madison Square Garden track meets and at the Penn Relays in Philadelphia. He was honored by the New York Road Runners Club. In 1984, in the Olympic torch relay from the United Nations Secretariat in Manhattan to Los Angeles, the torch was carried on the first kilometer by Bill Thorpe, Jim Thorpe's grandson, and Gina Hemphill, Jesse Owens's granddaughter. They passed the baton to the 91-year-old Mr. Kiviat, who ran and walked his way through the next kilometer. In 1985, he was voted into the National Track and Field Hall of Fame.

Section 46. Peter Pellegrito Way

Introduced by Council Member Rose

Died February 1, 2015

Peter Pellegrito was a lead associate in the practice management group at AXA Equitable. He died after suffering a brain aneurysm. His kidneys were donated to patients on Staten Island, including two women, one in her 30's and another in her 20's, his corneas were donated to two men and his liver and six heart valves were donated as well. The Pellegrito family is a long-standing Sacred Heart Family. Their children all attended Sacred Heart School and the parents were active supporters of the school and parish. Section 48. Joseph Russo Way

Introduced by Council Member Rose

Died March 2014

Joseph Russo was a business owner who was born and raised in Spinoso, Italy, where he went to school to be a mechanic. He immigrated to the United States in 1961 with a vision of becoming a successful entrepreneur. He worked for service stations for 10 years, and by 1971 was able to open his first business on Staten Island. He later opened many businesses, including a used car lot in the late 1970s, and a pizzeria and ice cream shop in 1981, a Hertz Penske Trucking company and a limousine company in the 1980s. In 1997 he

opened an Italian restaurant, New York, New York, in Virginia Beach. He donated \$10,000 to Food for Guns, to be used for supermarket gift certificates in the effort to buy back guns and get them off the streets. He worked with the 120th Precinct Community Council for Children's Christmas, he received the Quality of Life Awards and Outstanding Community Service Awards from the community council, he gave out turkey dinners at Thanksgiving to over 50 families, he donated 1,000 lbs of pasta to Project Hospitality, donated equipment to the McKee Vocational Program, donated to NYPD Widows and Orphan Fund, received awards and letters of recognition from elected officials and he supported Vietnam Veterans Toy Run and Rolling Thunder Events.

Section 49. John L. Nelson Way

Introduced by Council Member Rosenthal

November 6, 1947 – August 2, 2015

John Nelson managed school safety at PS 84, Lillian Weber School for the Arts for 34 years. After his retirement, he continued to volunteer at the school from 2006-2007. It was at PS 84 that he excelled as a father figure to so many children in the community. When not at school, he could be found at Sol Bloom Playground teaching sportsmanship and skills. Basketball and football were his passions and he spent countless hours teaching young athletes techniques by not only using their bodies but also their intellects. During the 1970's and 80's, when the city's parks and recreational facilities were overrun with drug dealers and addicts, he was always there watching over his young students and providing them with support. His devotion to youth safety kept the neighborhood children on the right path, providing them with positive solutions and alternatives and always encouraging them to soar high. He made a lasting impact on all the students he worked with, one that carried far beyond the playing field.

Section 50. Lt. Christopher Pupo Way

Introduced by Council Member Salamanca, Jr.

Died June 23, 2012

Christopher Pupo served with the New York City Police Department (NYPD) for 14 years and was assigned as the Special Operations Lieutenant in the 41st Precinct in the Bronx. He also served in the United States Coast Guard and had been deployed to the Middle East. He was Awarded 34 Medals for Excellence in Police Duty's, one Medal for Distinguished Service and nine Medals for Meritorious Police Duty's and had a total of 216 arrests, including 120 Felony arrests. In 2009, he was chosen as the Coast Guard Reserve Petty Officer of the Year and was subsequently promoted to the Rank of Chief Petty Officer. He died from illnesses he contracted from inhaling toxic materials as he participated in the rescue and recovery efforts at the World Trade Center site following the terrorist attacks on 9/11.

Section 51. Twana Gilliard-Green Way

Introduced by Council Member Salamanca, Jr.

1973 - October 31, 2015

Twana Gilliard-Green was a grassroots activist and long-time member of Community Board 2 (CB 2). As a member of CB 2, she fought for affordable housing, improvements to public schools and safer streets, organized food drives, fundraising walks to fight diseases and holiday parties and celebrations for all in the community. When an intersection at P.S. 60 became a dangerous place for accidents, she demanded the city add crossing guards and when they didn't, she stood in the street herself to direct traffic. Whether she was feeling ill or not, her mission was to stand out there and make sure the kids made it to and from school safely. Fortunately, the street now has speed bumps laid out along the stretch of the street, making it safer for everyone, especially the kids she cared about so much. She and her husband founded the Goodfellaz Autoclub through which they established charities which served Hunts Point.

Section 52. Martha Watford Way

Introduced by Council Member Salamanca, Jr.

Martha Watford was an active member of the community for over 45 years, over which time she dedicated her life to the education and early development of thousands of young children in and around the Hunts Point Peninsula. She served over 1,000 families and led one of the largest community based organizations called the

La Peninsula Head Start Program. She began the once two-room organization and developed it into a 6 center, 30 classroom organization which continues to serve the community today.

Section 53. Dr. Serafin Izquierdo Way

Introduced by Council Member Salamanca, Jr.

January 26, 1936 – December 4, 2014

Dr. Izquierdo grew up in Hunts Point/Longwood and served his community as a chiropractor for over 45 years. He was known throughout his community as a kind, gentle and humble man who treated his patients with the utmost care, often making house calls and foregoing charges for patients. His practice was founded in the 1970s and still exists today. He was also known for his pride in his Puerto Rican heritage and origins in the Bronx and stayed in the community during the “Bronx is Burning” era and worked alongside community leaders, elected official and community as a whole in the revitalization of the South Bronx.

Section 54. Dr. Luis Felipe Serrano Way

Introduced by Council Member Salamanca, Jr.

Luis Felipe Serrano is the first and only Pentecostal Chaplain in the New York City Police Department. He was appointed as a New York City Police Chaplain on December 20, 2002 and is also a licensed New York State Clinical Counselor for substance abuse and holds a Doctorate in Theology. He is currently the Senior Pastor of the Pentecostal Assembly. He was a member of the Assemblies of God Seminary as a counselor, received an Honorary Doctorate in Theology, was an active member of the Assemblies of God General Council in Springfield, Missouri, was a member of For God’s Honor and Glory for 20 years, pastored three different Congregations in Brooklyn and served as president of the New York State Evangelical Children Parade.

Section 55. Nathan and Ida Handwerker Way

Introduced by Council Member Treyger

Nathan Handwerker (June 14, 1892 – March 24, 1974) emigrated from Poland in 1912 to New York. He worked in the restaurant business at Feltman’s German Gardens for four years and later opened his own restaurant, Nathan’s Famous in 1916. Ida Handwerker (September 27, 1897 – December 24, 1976) came to the United States as a teenager and began working at a food stand in Coney Island. She was hired by Nathan Handwerker to work at Nathan’s Famous and it was her unique spice blend that set the hot dogs at Nathan’s Famous apart from the competition and made Nathan’s Famous well-known. The two eventually married and worked in their Coney Island restaurant for over 50 years until they retired in 1971. The original location of Nathan’s Famous restaurant remains iconic, even as the restaurant expanded into a chain in the 1960’s. The hot dog that Nathan and Ida created and the green and yellow sign are recognizable symbols of Americana throughout the world.

Section 56. Captain Michael E. Berdy Way

Introduced by Council Member Treyger

December 29, 1943 – December 25, 1967

Michael E. Berdy attended Infantry Officer’s Basic School, Airborne School and Ranger School. In June 1965, he was commissioned as an infantry second lieutenant and assigned to the 82nd Airborne Division where he was deployed to the Dominican Republic. He was then assigned to the 2-8 Airborne of the 1st Cavalry Division and deployed to the central highlands of Vietnam. He served as rifle platoon leader, S-3 Air and finally rifle company commander. He was wounded in combat and was evacuated to the Camp Zama Naval Hospital in Japan for recuperation. Given the option to return home, he instead chose to return to the frontlines. On Christmas Day 1967, he was killed in a helicopter crash while serving his country.

Section 57. Pastor Debbe Santiago Way

Introduced by Council Member Treyger

March 20, 1949 – February 4, 2016

Pastor Debbe Santiago founded Coney's Salt and Sea Mission over 30 years ago. She was a former homeless drug addict who was involved with gangs and in and out of jail before she turned her life around after reading the Bible teaching her to have deep empathy and compassion for all. She and her husband founded the Salt and the Sea Mission which began as a street ministry with nothing more than a shopping cart and a desire to help Coney Island's residents escape poverty and addictions. Her and her husband later opened their apartment for meals, Bible study and shelter. In 1989, her and her husband opened their first Salt and the Sea Mission building. Here she developed a men's residential program, a youth development program, an after school program, and an overnight sleeping program. She hosted Thanksgiving and Christmas meals and distributed gifts to children. She was later ordained a minister in 1998 and began a program for domestic violence survivors and conducted weekly religious services, Bible study, prayer meetings and discipleship classes for children and adults. Every Palm Sunday for the past 30 years, she officiated at the Blessing of the Rides at Deno's Wonder Wheel Park on Coney's Opening Day. The ceremony consisted of a prayer of invocation as well as the Fire Department Color Guard, speeches by elected officials and a ribbon cutting, followed by free rides, toys and Easter bags for children from the Salt and Sea Mission.

Section 58. Midshipman Justin Zemser Way

Introduced by Council Member Ulrich

March 25, 1995 – May 12, 2015

Justin Zemser was a well-known and respected man in Rockaway and was a well-liked student at Channel View Academy High School, where he graduated in 2012 as valedictorian, also serving in student government and playing on the football team. He interned for Council Member Ulrich while in high school to help the community and learn more about government. He also volunteered at a local church and soup kitchen. He was accepted to the United States Naval Academy and continued to be active to his community by visiting Channel View Academy High School and giving inspirational speeches to high school youths. He was a role model for kids in the community, many of whom looked up to him and followed his footsteps into student government. He was killed in a tragic accident when the Amtrak train he was riding in went off the rails in Philadelphia, as he was travelling home to Rockaway from the Naval Academy. The community has several memorial events and an annual obstacle course race planned in his honor for children.

Section 59. Al Agovino, Sr. Way

Introduced by Council Member Vacca

April 14, 1921 – January 29, 2015

Al Agovino, Sr. was a life-long Pelham Bay resident and community activist. He devoted his life to the developmentally disabled and was a lifetime member of the AHRC New York City Chapter, a not-for-profit organization dedicated to supporting those with developmental disabilities. He was instrumental in establishing the AHRC day program center on Mayflower Avenue which continues today. He was the president of AHRC for three years and was a member of the board of directors for 25 years. He served on the Bronx Developmental Disabilities Service Office Parent Association, the New York State Commission on Quality Care for the Mentally Disabled Advisory Council, Board of Visitors Metro NY DDSO and the New York State Autism Advisory Council on Quality Care for the Mentally Disabled. He received numerous service and humanitarian awards for his work with the disabled and also fought for the establishment of counseling and support for the siblings and family members of AHRC.

Section 60. Coach Stephen Piorkowski Way

Introduced by Council Member Vallone

Died February 18, 2015

Stephen Piorkowski was a physical education teacher at Bayside High School since 1991. He turned the Bayside High School Lady Commodores into a city dynasty for softball and a powerhouse for girls basketball. These programs are one of the most respected programs in the City of New York who for decades, these teams have always made the City playoff's and deep runs in the City Championships. He was honored by Bayside High School on the field prior to the Mets' home game against the Reds with the Bayside High School Spirit Award during a promotional pregame ceremony.

Section 61. Alfred J. Vigilante Way

Introduced by Council Member Williams

Died February 5, 1999

Alfred J. Vigilante was a multi-decorated World War II veteran who was awarded with the Purple Heart, the Bronze Star, the Combat Infantryman Badge and the Good Conduct Medal. He was Commander of the Veterans of Foreign Wars Memorial Post and organized charity fundraisers, food drives and developed programs such as a local drum and bugle corps for underprivileged children. He was an advisor to the Kings County Cadets youth program, he helped raise funds for Kings County Hospital and assisted in obtaining much needed medical equipment for the Brooklyn Veteran's Affairs Hospital. He also developed a local program to support Brooklyn veterans returning from Vietnam and to support the Brooklyn families of the POWs and MIAs from that war. He co-founded the East 49th Street Block Association in 1972 and promoted the first "beautiful garden" contest and helped organize the first arts and crafts and reading mobile workshops for the neighborhood children.

Section 62. D'Aja Naquai Robinson Way

Introduced by Council Member Wills

August 12, 1998 – May 18, 2013

D'Aja Naquai Robinson was 14 years old when she was killed by a stray bullet while riding a Q6 bus on Sutphin Boulevard in Jamaica, Queens. She was the unintended victim of a gang dispute. It served as the impetus for the launch of the city's Gun Violence Crisis Management System (also known as "CMS") the following year. Originating from the Chicago-born Cure Violence public health crisis model, which New York City first adopted in 2012, CMS concentrates its resources on seventeen specific police precincts where 51% of shootings occur, citywide. Nearly \$20 million dollars in funding has been provided to CMS and its Cure Violence partners since its 2014 launch, and they have been credited with reducing the rate of shootings in neighborhoods all across the five boroughs. In the South Jamaica catchment area that is overseen by Cure Violence organization LIFE Camp Inc., more than 500 consecutive days without a single shooting have elapsed. The lives that have been saved through the efforts of CMS can be attributed to the public outrage at the untimely death of D'Aja Naquai Robinson.

Section 63. Anthony Mason Way

Introduced by Council Member Wills

December 14, 1966 - February 28, 2015

Anthony Mason was an American professional basketball player who in his 13-year career played with the New Jersey Nets, Denver Nuggets, New York Knicks, Charlotte Hornets, Milwaukee Bucks and Miami Heat. He earned the NBA Sixth Man of the Year Award in 1995 and the All-NBA 3rd team and NBA All-Defensive Team 2nd team in 1997. The gymnasium at Springfield High School where he was a student was dedicated to him and renamed the "Mase Court" on May 14, 2015. He continues to be an influence on his community with the Family On Three Foundation, a youth organization that serves as a tribute to his dedication to family, hard work and believing in your dreams. The non-profit organization educates youth on financial management and conducts healthy life-skill workshops.

Section 64. 65th Infantry Regiment "Borinqueneers" Way

Introduced by The Speaker Council Member Mark-Viverito

The 65th Infantry Regiment, based in Puerto Rico, was among the many units of the armed forces mobilized to fight in the Korean War. The unit, made up largely of Puerto Rican soldiers took the battle nickname of "Borinqueneers" in honor of the original name of Puerto Rico, Borinquen, as the island was named by the native Taino Indians. The Borinqueneers served bravely in the Korean War and in 2014 were recognized for their valiant service with a Congressional Gold Medal.

Report of the Committee on Public Safety

Report for Int. No. 539-A

Report of the Committee on Public Safety in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to requiring the police department to publish quarterly and annual reports relating to use of force incidents.

The Committee on Public Safety, to which the annexed proposed amended local law was referred on November 13, 2014 (Minutes, page 3929), respectfully

REPORTS:

I. INTRODUCTION

Today, the Committee on Public Safety, chaired by Council Member Vanessa Gibson, will vote on Proposed Int. No. 539-A, a bill in relation to requiring the police department to publish quarterly and annual reports relating to police use of force incidents, Proposed Int. No. 606-B, a bill in relation to requiring the police department to publish quarterly and annual reports relating to police use of force incidents, and Proposed Int. No. 824-A, a bill in relation to requiring the police department to report in relation to police deployment. The original versions of these bills were heard at June 29, 2015 Public Safety Committee hearing. The New York City Police Department (“NYPD”), the Mayor’s Office of Criminal Justice (“MOCJ”), advocates and other interested members of the public offered testimony on the bill.

II. BACKGROUND

According to the National Institute of Justice, there is no universal set of specific rules governing the situations in which police officers are authorized to use force or the level of force used—rather, officers are bound by rules established by their own individual agencies.¹ Prior to June 1, 2016, the NYPD Patrol Guide (“the Patrol Guide”), which serves as the department’s rulebook, states that “[o]nly that amount of force necessary to overcome resistance will be used to effect an arrest or take a mentally ill or emotionally disturbed person into custody.”² The Patrol Guide adds that “minimum necessary force” must be used and that “[e]xcessive force will not be tolerated.”³ After the death of Eric Garner and other high profile use of force incidents, the NYPD policies came under increased scrutiny.

In the fall of 2014, Police Commissioner William Bratton announced an evaluation of the department’s training procedures on the use of force. A three-day training was developed to retrain all uniformed officers “in managing street encounters—both how to mediate and defuse situations and how to act decisively and safely to control situations that cannot be defused.”⁴ In addition, in November of 2015, the NYPD announced that they would be overhauling the department’s entire use of force policy with an aim to produce a comprehensive policy. On June 1, 2016, the Department instituted its new use of force policy.⁵ The new policy requires officers to report every use of force and injury (if any) in three categories.⁶ Every use of force will be then reviewed by a superior to make a determination if the use of force was excessive.⁷ In addition, officers that observe a fellow officer use force are also now required to report the force.⁸

III. PROPOSED INTRO NO. 539-A

Proposed Int. 539-A requires the NYPD to report on officer’s use of force, injuries as a result of a police and civilian interaction and use of excessive force. Section 1 of the bill adds a new section 14-158 to the Administrative Code and includes the definition of excessive force and use of force incident. A use of force incident includes: (i) the use of hand strikes, foot strikes, forcible takedowns or wrestling of the subject to the ground; (ii) the discharge of “pepper spray;” (iii) the use of a conducted electrical weapon such as a taser; (iv) use of a mesh restraining blanket; (v) intentional striking of a person with any object; (vi) a police canine bite; and (vii) the use of physical force that is readily capable of causing death or serious physical injury. In addition, the section requires that the NYPD post to its website and deliver to the Council a quarterly use of force incident report which will be disaggregated by the: (i) category of use of force incident; (ii) the precinct or unit which the officer was assigned; and (iii) whether or not the officer was on or off duty. The NYPD must also report on the number of injuries to an officer and civilian resulting from a police and civilian interaction involving a use of force incident disaggregated by the type of injury. Finally, the Department will be required

to post publicly and to the Council a use of excessive force report. In accordance with section 2 of the bill it will take effect immediately.

IV. CHANGES TO PROPOSED INTRO NO. 539-A

Since Intro 539 was heard on June 29, the bill has undergone several revisions. Proposed Int. 539-A expanded the “use of force incident” definition from the original bill and added: (i) the use of mesh restraining blankets; (ii) the intentional striking of a person with an object, including a baton or other equipment; and (iii) a police canine bite. In addition, the current bill requires that use of force incidents be disaggregated by physical injury, substantial physical injury and serious physical injury. The prior version of the bill only required reporting of use of force incidents, whereas the current bill also requires “use of excessive force” reporting on an annual basis.

V. PROPOSED INTRO NO. 606-B

The Department currently does not track the reason why an officer approaches or the police action related to a use of force incident. Section 1 of Proposed Intro No. 606-B creates a new section 14-159 to the Administrative Code and defines a basis for encounter. A basis for encounter is the reason or basis for the initial approach by the officer, which could include an arrest, criminal summons, civil summons, or desk appearance ticket. Under the bill, NYPD would be required to post on their website a use of force incident report disaggregated by the basis of the encounter. This law takes effect immediately, provided that the first report is due 30 days after the quarter ending June 30, 2017.

IV. CHANGES TO PROPOSED INTRO NO. 606-B

Since the bill was heard last year, it has undergone some changes. The prior bill required reporting on use of force and its relationship to quality of life offenses. Proposed Intro No. 606-B expanded the reporting requirement to include all offenses and requires the NYPD to issue quarterly use of force encounter reports. The current bill requires NYPD to publish a use of force encounter report which would disaggregate use of force incidents by the conduct, offense or reason which formed the basis for the initial approach of the individual by the officer. This initial encounter could include an arrest, criminal summons, civil summons, or desk appearance ticket.

VI. PROPOSED INTRO NO. 824-A

Certain precincts, housing police service areas, and transit districts have a higher percentage of police officers charged or accused of wrongdoing than in other areas of the City. Section 1 of the bill would require the NYPD to post an annual report of the total number and percentage of officers in each precinct that (1) have two or more substantiated complaints by the Civilian Complaint Review Board (“CCRB”) in the last three calendar years; (2) have been subject to an investigation by the Internal Affairs Bureau that resulted in a suspension in the last five years; (3) used excessive force in the last three years; or (4) have been arrested in the last 10 years for police-related behavior. Section 2 of the bill would require the bill to go into effect immediately, but the first report would not be due until October 1, 2016, and the reports would be provided yearly thereafter.

VII. CHANGES TO PROPOSED INTRO NO. 824-A

Intro No. 824 required reporting the top 200 officers with the highest cumulative number of CCRB complaints and substantiated cases and the top 500 officers with the highest incidents of being named in a civil lawsuit. The current bill expanded the categories of reporting and does not limit it to the top 200 or 500 officers. Proposed Intro No. 824-A requires reporting on the location of the total number and percentage of officers that (i) have two or more cases substantiated by the CCRB in the last five years; (ii) have been subject to an internal affairs investigation that resulted in a suspension in the last five years; (iii) used excessive force in the last three years; or (iv) have been arrested in the last 10 years for police-related behavior. The NYPD is required to issue reports annually.

THE COUNCIL OF THE CITY OF NEW YORK
FINANCE DIVISION
 LATONIA MCKINNEY, DIRECTOR
FISCAL IMPACT STATEMENT

PROPOSED INTRO. NO: 539 - A
COMMITTEE: Public Safety

TITLE: To amend the administrative code of the city of New York, in relation to requiring the police department to publish quarterly and annual reports relating to use of force incidents.

SPONSORS: Council Members Lancman, Dromm, Johnson, Mendez, Cornegy, Williams, and Barron

SUMMARY OF LEGISLATION: Proposed Intro. No. 539-A would require the New York Police Department (“NYPD”) to issue two reports to be submitted to the Council and posted on the NYPD’s website regarding use of force and excessive use of force.

The first report would be issued quarterly and include the following:

- (1) The number of use of force incidents, in total and disaggregated by incident, precinct or department units, and whether the officer was on duty.
- (2) The number of injuries to an officer or civilian resulting from a police and civilian interaction involving a use of force incident, in total and disaggregated by physical injury, substantial physical injury, serious physical injury, precinct, department unit, whether the officer was on duty, whether the officer or civilian sustained the injury, and whether the injury was caused by the officer or civilian.

The second report would be issued annually and would include the number of incidents involving use of excessive force in total and disaggregated by the category of use of force, the precinct or department unit, whether the officer was on duty at the time of the incident, and the disposition of departmental charges brought against the officer.

EFFECTIVE DATE: This local law would take effect immediately.

FISCAL YEAR IN WHICH FULL FISCAL IMPACT ANTICIPATED: Fiscal 2017

FISCAL IMPACT STATEMENT:

	Effective FY17	FY Succeeding Effective FY18	Full Fiscal Impact FY17
Revenues	\$0	\$0	\$0
Expenditures	\$0	\$0	\$0
Net	\$0	\$0	\$0

IMPACT ON REVENUES: It is anticipated that there would be no impact on revenues as a result of this legislation.

IMPACT ON EXPENDITURES: It is estimated that the enactment of this legislation would have no impact on expenditures because the Department could use existing resources to implement this legislation. The NYPD estimates that it would need to hire one additional staff analyst with a salary of approximately \$60,000 to prepare reports that would be required by this legislation and Proposed Intro. 606-B and 824-A. However, the Council estimates that the NYPD currently has sufficient resources and staffing to meet the reporting requirements of this legislation and, therefore, estimates that there would be no impact on expenditures as a result of this legislation.

Int. No. 539-A

By Council Members Lancman, Williams, Dromm, Johnson, Mendez, Cornegy, Barron, Rose, Menchaca, Kallos, Wills and Rosenthal.

A Local Law to amend the administrative code of the city of New York, in relation to requiring the police department to publish quarterly and annual reports relating to use of force incidents

Be it enacted by the Council as follows:

Section 1. Title 14 of the administrative code of the city of New York is amended by adding a new section 14-158 to read as follows:

§14-158 Use of force incident reports.

a. Definitions. As used in this section, the following terms have the following meanings:

Excessive force. The term “excessive force” means force that has been found by the department to be, considering the totality of the circumstances in which it is used, greater than that which a reasonable officer, in the same situation, would use under the circumstances that existed and were known to the officer at the time such force was used.

Use of force incident. The term “use of force incident” means any instance where a member of the department, while taking police action, responds to an incident or condition and takes action in a manner intended to have an immediate effect on the body of another person, and consists of the following categories: (i) the use of hand strikes, foot strikes, forcible take-downs or the wrestling of the subject to the ground; (ii) the discharge of oleoresin capsicum spray; (iii) the deployment of a conducted electrical weapon; (iv) the use of a mesh restraining blanket to secure an individual; (v) the intentional striking of a person with any object, including a baton or other equipment; (vi) a police canine bite; and (vii) the use of physical force that is readily capable of causing death or serious physical injury, including the discharge of a firearm.

b. Use of force incident report. No later than February 1, 2017, and no later than 30 days after the end of each quarter thereafter, the department shall post on its website and deliver to the council a report containing the following information for the prior quarter:

1. The number of use of force incidents, in total and disaggregated by: (a) the category of use of force incident; (b) the precinct or other departmental unit to which the officer who used such force was assigned; and (c) whether or not the officer was on duty at the time of the use of force.

2. The number of injuries to an officer or civilian resulting from a police and civilian interaction involving a use of force incident, in total and disaggregated by the following categories: (a) physical injury, such as minor swelling, contusion, laceration, abrasion or complaint of substantial contracted pain; (b) substantial physical injury, such as a significant contusion or laceration that requires sutures or any injury that requires treatment at a hospital emergency room; and (c) serious physical injury, such as a broken or fractured bone, gunshot wound, heart attack, stroke, or any injury requiring hospital admission. Such injuries shall also be disaggregated by the precinct or other departmental unit to which the officer who used such force was assigned, whether such officer was on duty at the time the injury was sustained, whether the injury was sustained by an officer or civilian, and, if known, whether the injury was caused by an officer or civilian.

c. No later than May 1, 2017, and thereafter on an annual basis, the department shall post on its website and deliver to the council a report that contains the information in paragraphs 1 and 2 of subdivision b of this section for the previous calendar year. Such report shall also include the number of incidents involving the use of excessive force for the previous calendar year, in total and disaggregated by:

1. the category of use of force incident, where applicable, and whether the use of excessive force involved the drawing or displaying of a firearm in a manner determined to be excessive force;

2. the precinct or other departmental unit to which the officer who used such excessive force was assigned;

3. whether or not such officer was on duty at the time of the use of excessive force; and

4. if available, dispositions of departmental charges brought against officers for the use of excessive force.

d. The reports produced pursuant to subdivisions b and c shall be stored permanently and shall be accessible from the department’s website, and the quarterly report produced pursuant to subdivision b shall be provided in a format that permits automated processing. Each quarterly report produced pursuant to subdivision b shall include a comparison of the information for the current quarter to the information in the same quarter in each of the prior three years, where such prior information is available.

§ 2. This local law takes effect immediately.

TITLE: To amend the administrative code of the city of New York, in relation to requiring the New York police department to issue quarterly use of force encounter reports

SPONSORS: Council Members Williams, Gibson, Richards, Rodriguez, Rose, Wills, Mendez, Rosenthal, Menchaca and Cumbo

SUMMARY OF LEGISLATION: Proposed Intro. No. 606-B would require the New York Police Department (“NYPD”) to post quarterly reports on the number of use of force incidents for the prior quarter disaggregated by basis for encounter. “Basis for encounter” would be defined as the conduct, offense or reason, which formed the basis for the initial approach, by a member of the department that led to police action, including an arrest, criminal summons, civil summons, or desk appearance ticket.

EFFECTIVE DATE: This local law would take effect immediately.

Revenues	\$0	\$0	\$0
Expenditures	\$0	\$0	\$0
Net	\$0	\$0	\$0

IMPACT ON REVENUES: It is anticipated that there would be no impact on revenues as a result of this legislation.

IMPACT ON EXPENDITURES: It is estimated that the enactment of this legislation would have no impact on expenditures because the Department could use existing resources to implement this legislation. The NYPD estimates that it would need to hire one additional staff analyst with a salary of approximately \$60,000 to prepare reports that would be required by this legislation and Proposed Intro. 539-A and 824-A. However, the Council estimates that the NYPD currently has sufficient resources and staffing to meet the reporting requirements of this legislation and, therefore, estimates that there would be no impact on expenditures as a result of this legislation.

A Local Law to amend the administrative code of the city of New York, in relation to requiring the New York police department to issue quarterly use of force encounter reports

Be it enacted by the Council as follows:

Section 1. Title 14 of the administrative code of the city of New York is amended by adding a new section 14-159 to read as follows:

§ 14-159. Use of force encounter reports.

a. Definitions. The following terms have the following meanings:

Basis for encounter. The term "basis for encounter" means the conduct, offense or reason which formed the basis for the initial approach by a member of the department that led to police action, including an arrest, criminal summons, civil summons, or desk appearance ticket.

Use of force incident. The term "use of force incident" has the same meaning as set forth in subdivision a of section 14-158.

b. Use of force encounter report. The department shall post on its website within 30 days of the beginning of each quarter a report of the number of use of force incidents for the prior quarter disaggregated by basis for encounter.

§ 2. This local law takes effect immediately, provided that the first quarterly report required by subdivision b of section 14-159 of the administrative code of the city of New York, as added by the local law that added such section, is due within 30 days of the quarter ending June 30, 2017.

Report of the Committee on Women's Issues

Report for Int. No. 1063-A

Report of the Committee on Women's Issues in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to requiring lactation rooms in certain locations providing services to the public.

The Committee on Women's Issues, to which the annexed proposed amended local law was referred on February 5, 2016 (Minutes, page 311), respectfully

REPORTS:

INTRODUCTION

On Tuesday, July 12, 2016, the Committee on Women's Issues, chaired by Council Member Laurie Cumbo, will hold a hearing to consider Proposed Int. No. 1063-A, a bill that requires lactation rooms to be provided in certain public spaces.

The first hearing on Int. No. 1063 was held on March 30, 2016. Witnesses who testified at the hearing at the hearing included the Department of Health and Mental Hygiene, the Office of the Brooklyn Borough President, women's health organizations, women's rights organizations, and other interested parties. The legislation was amended to address many of the concerns of the advocates and the Administration.

BACKGROUND

In recent years, there has been a trend toward promoting breastfeeding and protecting the rights of nursing mothers. This trend is supported by health professionals and public officials who promote breastfeeding to improve infant health and say that both mothers and children benefit from breastfeeding.¹ However, in the past several years, women across the nation have been harassed, criticized, and at times asked to leave restaurants,² shopping centers,³ airplanes,⁴ government buildings,⁵ and even homeless shelters⁶ for breastfeeding their child.

Research has also shown that breastfed children have fewer ear, respiratory and urinary tract infections and have diarrhea less often. Further, infants who are exclusively breastfed tend to need fewer health care visits, prescriptions and hospitalizations resulting in a lower total medical care cost compared to never breastfed infants. Breastfeeding also provides long-term preventative effects for the mother, including an earlier return to pre-pregnancy weight and a reduced risk of pre-menopausal breast cancer and osteoporosis").

These events have elicited nationwide attention and have prompted state and federal officials to take remedial steps toward protecting and expanding nursing mothers' rights.

In 1994, New York was the first state in the nation to pass a law, N.Y. Civil Rights Law § 79-e, protecting a mother's right to breastfeed in public. The law allows a mother to breastfeed her baby in any location, public or private, where the mother is otherwise authorized to be, irrespective of whether the nipple of the mother's breast is covered during or incidental to the breast feeding.⁷

The federal government has also passed laws protecting a mother's right to breastfeed. Among the many provisions of the Patients Protection and Affordable Care Act (PPACA),⁸ which President Obama signed on March 30, 2010, Section 4207 of the PPACA requires an employer to provide reasonable break time for an employee to express breast milk for her nursing child for one year after the child's birth each time such employee has need to express milk.⁹ The PPACA also requires that an employer provide a private space, other than a bathroom, for the employee to express breast milk.¹⁰ Section 4207 of the PPACA further provides that "nothing in this subsection shall preempt a State law that provides greater protections to employees than the protections provided for under this subsection."¹¹

Since New York passed N.Y. Civil Rights Law § 79-e, forty-nine states¹², the District of Columbia and the U.S. Virgin Islands have also enacted laws that specifically allow women to breastfeed in any public or private location.¹³ Moreover, other states and U.S. territories, such as **Puerto Rico**, require shopping malls, airports, public service government centers and other select locations to have accessible areas designed for breastfeeding and diaper-changing that are not bathrooms.¹⁴

The New York State Department of Health publishes a "Breastfeeding Mothers' Bill of Rights" explaining the rights of mothers regarding breastfeeding which is available at all maternal care facilities.¹⁵ One provision informs mothers' of the "right to breastfeed your baby in any location, public or private, where you are otherwise authorized to be" and informs the mothers of their ability to complain to the New York State Division of Human Rights.

ANALYSIS

Section one of Proposed Int. No. 1063-A would amend chapter 1 of title 17 of the administrative code of the city of New York to add a new section 17-199.1. Pursuant to this legislation, lactation room would be defined as a sanitary place that is not a restroom that can be used to breastfeed or express milk in private, and which includes an electrical outlet, a chair, and nearby access to running water.

The legislation would require that every job center, SNAP center, or medical assistance program center of the Department of Social Services/Human Resources Administration (DSS); borough office of the Administration for Children’s Services and the Nicholas Scoppetta Children’s Center, and health center operated or maintained by the Department of Health and Mental Hygiene (DOHMH); shall, where practicable, make at least one lactation room available upon request to an individual utilizing on-site services. The presence of such a lactation room would not abrogate such an individual’s right to breastfeed in public pursuant to Article 7 of the Civil Rights Law.

Proposed Int. No. 1063-A would also require DOHMH to create a poster containing information on breastfeeding, a mother’s right to nurse, and the availability of lactation rooms pursuant to this section. The poster would be made available on DOHMH’s website, displayed in lactation rooms, and displayed in the waiting room of any public space that is required to provide a lactation room pursuant to the bill. The legislation would also require that DOHMH create a list of all public spaces with lactation rooms created pursuant to the legislation. The legislation would require that the list of public spaces with lactation rooms be posted on DOHMH’s website.

Proposed Int. No. 1063-A would require the Department of Education submit to the Speaker of the City Council on or before August 1st, 2017, and on or before every August 1st thereafter, a report summarizing the policies at New York City public schools to allow a student or the parent or guardian of a student access to a lactation room upon request. Such report would indicate how information regarding such policies was communicated to students, parents and guardians during the previous school year.

The legislation would provide that DOHMH promulgate rules as necessary for implementing the provisions of section one of the bill, including but not limited to establishing training programs for staff working at locations required to make a lactation room available pursuant to subdivision b of new section 17-199.1, and providing guidelines concerning the location of a lactation room.

Section two of the legislation would establish that this local law takes effect on July 1, 2017.

Significant amendments to the original legislation:

There were several significant amendments to the original legislation including the addition of the Nicholas Scoppetta Children’s Center as a space where a lactation room would be required, as well as requiring the Department of Education to submit to the Speaker of the City Council on or before August 1st, 2017, and on or before every August 1st thereafter, a report summarizing the policies at New York City public schools to allow a student or the parent or guardian of a student access to a lactation room upon request.

FISCAL IMPACT STATEMENT
PROPOSED INTRO. NO: 1063-A
COMMITTEE: Women’s Issues**

TITLE: A local law to amend the administrative code of the city of New York, in relation to requiring lactation rooms in certain locations providing services to the public.	SPONSOR(S): Council Members Cornegy, Cumbo, Johnson, Garodnick, Grodenchik, Chin, Levin, Kallos, Treyger, Rosenthal and Ulrich (by request of the Brooklyn Borough President).
---	---

SUMMARY OF LEGISLATION: Proposed Intro. 1063-A would require the Department of Health and Mental Hygiene (DOHMH), Human Resources Administration (HRA)/Department of Social Services, and the Administration for Children’s Services (ACS) to ensure that certain locations providing services to the public make at least one lactation room available upon request to an individual utilizing the on-site services. A lactation room is a sanitary place that an individual can use to breastfeed or express milk in private; it must include an electrical outlet, a chair, and nearby access to running water and cannot be a restroom. Locations include every HRA job center, medical assistance program center, and SNAP center; every City-owned borough office of ACS and the Nicholas Scoppetta Children’s Center; and all health centers operated or maintained by DOHMH. This bill would not prohibit any individual from exercising their right to breastfeed in public.

The bill would also require DOHMH to create a poster that addresses the availability of lactation rooms in public locations, explains an individual’s right to breastfeed in public, and provides additional information about breastfeeding, to be displayed in the waiting rooms of public spaces where lactation rooms are required. The bill would also require DOHMH to develop a list of all public spaces with lactation rooms, to be displayed on its website. Proposed Intro. 1063-A would also require the Department of Education to submit to the Speaker of the Council an annual report that summarizes policies related to lactation room accessibility at New York City public schools for students and their parents/guardians.

EFFECTIVE DATE: This local law would take effect July 1, 2017.

FISCAL YEAR IN WHICH FULL FISCAL IMPACT ANTICIPATED: Fiscal 2018

Net	\$0	\$0	\$0

IMPACT ON REVENUES: It is anticipated that there would be no impact on revenues as a result of this legislation.

IMPACT ON EXPENDITURES: It is anticipated that there would be no impact on expenditures as a result of this legislation because existing resources and staff would be utilized to cover the expense of making lactation

rooms available, providing posters, and developing the report. Additionally, DOHMH reports that has been implementing plans to provide lactation rooms at several of its sites and has already budgeted for any anticipated expenses.

By Council Members Cornegy, Cumbo, Johnson, Garodnick, Grodenchik, Chin, Levin, Kallos, Treyger, Rosenthal, Koslowitz, Menchaca, Wills, Barron and Ulrich (by request of the Brooklyn Borough President).

A Local Law to amend the administrative code of the city of New York, in relation to requiring lactation rooms in certain locations providing services to the public

Be it enacted by the Council as follows:

Section 1. Chapter 1 of title 17 of the administrative code of the city of New York is amended by adding a new section 17-199.1 to read as follows:

§ 17-199.1 Lactation rooms. *a. Definitions. For the purposes of this section, "lactation room" means a sanitary place that is not a restroom that can be used to breastfeed or express milk in private, and which includes an electrical outlet, a chair, and nearby access to running water.*

b. Every job center, SNAP center, or medical assistance program center of the department of social services/human resources administration; city-owned borough office of the administration for children's services and the Nicholas Scoppetta children's center; and health center operated or maintained by the department shall, where practicable, make at least one lactation room available upon request to an individual utilizing on-site services. The presence of such a lactation room shall not abrogate such an individual's right to breastfeed in public pursuant to article 7 of the civil rights law.

c. The department shall create a poster containing information on breast-feeding, an individual's right to nurse in public, and the availability of lactation rooms pursuant to this section. Such poster shall be made available on the department's website, shall be displayed in any lactation room required to be made available

pursuant to this section, and shall be displayed in a clear and conspicuous manner in the waiting room of any public space where a lactation room is required to be made available pursuant to this section. No later than one year after the effective date of the local law adding this subdivision, the department shall create a list of all locations with lactation rooms available pursuant to this section. Such list shall be made available on the department's website.

d. The department of education shall submit to the speaker of the city council on or before August 1, 2017, and on or before every August 1 thereafter, a report summarizing the policies at New York city public schools to allow a student or the parent or guardian of a student access to a lactation room upon request. Such report shall indicate how information regarding such policies was communicated to students, parents and guardians during the previous school year.

e. The department may promulgate rules to implement the provisions of this section including, but not limited to, establishing training programs for staff working at locations required to make a lactation room available pursuant to subdivision b, and providing guidelines concerning the location of a lactation room.

§ 2. This local law takes effect July 1, 2017.

In connection herewith, Council Members Greenfield and Richards offered the following resolution:

Res No. 1172

Resolution approving the decision of the City Planning Commission on ULURP No. C 160124 ZSK (L.U. No. 398), for the grant of a special permit pursuant to Section 74-962 of the Zoning Resolution to modify the permitted floor area requirements of Section 43-12 (Maximum Floor Area Ratio) and to modify the public plaza requirements of Section 37-70 (Public Plazas) in connection with a proposed mixed-use development located at 19-25 Kent Avenue (Block 2282, Lot 1), in an M1-2 District in Community District 1, Borough of Brooklyn.

By Council Members Greenfield and Richards.

WHEREAS, the City Planning Commission filed with the Council on June 7, 2016 its decision dated May 25, 2016 (the "Decision"), on the application submitted by 19 Kent Development, LLC, pursuant to Sections 197-c and 201 of the New York City Charter, for the grant of a special permit pursuant to Section 74-962 of the Zoning Resolution to modify the permitted floor area requirements of Section 43-12 (Maximum Floor Area Ratio) and to modify the public plaza requirements of Section 37-70 (Public Plazas) in connection with a proposed mixed-use development located at 19-25 Kent Avenue (Block 2282, Lot 1), in an M1-2 District in the Williamsburg's Northside neighborhood of Brooklyn (ULURP No. C 160124 ZSK), Community District 1, Borough of Brooklyn (the "Application");

WHEREAS, the application is related to Applications C 160125 ZSK (L.U. No. 399), a special permit by 19 Kent Development, LLC pursuant to Section 74-963 to modify the off-street parking requirements of Section 44-20 and the loading berth requirements of Section 44-50; and N 160126 ZRK (L.U. No. 400), an amendment to the Zoning Resolution by 19 Kent Development, LLC and the Department of City Planning modifying Article VII, Chapter 4 (Special Permits by the City Planning Commission), creating a new Special Permit within Section 74-96 (Modification of Use, Bulk, Parking and Loading Regulations in Industrial Business Incentive Areas) for a newly designated M1-2 Kent Avenue Industrial Business Incentive Area, as modified;

WHEREAS, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(3) of the City Charter;

WHEREAS, the City Planning Commission has made the findings required pursuant to Section 74-962(c) of the Zoning Resolution of the City of New York;

WHEREAS, upon due notice, the Council held a public hearing on the Decision and Application on June 14, 2016;

WHEREAS, the Council has considered the land use and environmental implications and other policy issues relating to the Decision and Application; and

WHEREAS, the Council has considered the relevant environmental issues, including the revised negative declaration which reflects the modifications to the text amendment application including project nomenclature, revised project geography, monitoring requirements and prohibitions to hotels per the special permit provisions (CEQR No. 16DCP065K) issued on May 20, 2016, which includes an (E) Designation (E-373) related to air quality and noise ("Revised Negative Declaration");

RESOLVED:

The Council finds that the action described herein will have no significant impact on the environment as set forth in the Revised Negative Declaration.

Pursuant to Sections 197-d and 200 of the City Charter and on the basis of the Decision and Application, and based on the environmental determination and consideration described in this report, C 160124 ZSK, incorporated by reference herein, the Council approves the Decision subject to the following conditions:

1. The properties that are the subject of this and the related applications (C 160124 ZSK and C 160125 ZSK) shall be developed in size and arrangement substantially in accordance with the dimensions, specifications, and zoning computations indicated on the following plans, prepared by Gensler Architects, filed with this application and incorporated in this resolution:

Res No. 1173

Resolution approving the decision of the City Planning Commission on ULURP No. C 160125 ZSK (L.U. No. 399), for the grant of a special permit pursuant to Section 74-963 of the Zoning Resolution to reduce or waive the off-street parking requirements set forth in Section 44-20 (Required accessory off-street parking spaces for manufacturing, commercial or community facility uses) and to reduce or waive the loading berth requirements set forth in Section 44-50 (Off-street loading regulations) in connection with a proposed mixed-use development located at 19-25 Kent Avenue (Block 2282, Lot 1), in an M1-2 District, in Community District 1, Borough of Brooklyn.

By Council Members Greenfield and Richards.

WHEREAS, the City Planning Commission filed with the Council on June 7, 2016 its decision dated May 25, 2016 (the "Decision"), on the application submitted by 19 Kent Development, LLC, pursuant to Sections 197-c and 201 of the New York City Charter, for the grant of a special permit pursuant to Section 74-963 of the Zoning Resolution to reduce or waive the off-street parking requirements set forth in Section 44-20 (Required accessory off-street parking spaces for manufacturing, commercial or community facility uses) and to reduce or waive the loading berth requirements set forth in Section 44-50 (Off-street loading regulations) in connection with a proposed mixed-use development located at 19-25 Kent Avenue (Block 2282, Lot 1), in an M1-2 District, in the Williamsburg's Northside neighborhood of Brooklyn (ULURP No. C 160125 ZSK), Community District 1, Borough of Brooklyn (the "Application");

WHEREAS, the application is related to Applications C 160124 ZSK (L.U. No. 398), a special permit by 19 Kent Development, LLC pursuant to Section 74-962 of the Zoning Resolution to modify the permitted floor area requirements of Section 43-12 (Maximum Floor Area Ratio) and to modify the public plaza requirements of Section 37-70 (Public Plazas); and N 160126 ZRK (L.U. No. 400), an amendment to the Zoning Resolution by 19 Kent Development, LLC and the Department of City Planning modifying Article VII, Chapter 4 (Special Permits by the City Planning Commission), creating a new Special Permit within Section 74-96 (Modification of Use, Bulk, Parking and Loading Regulations in Industrial Business Incentive Areas) for a newly designated M1-2 Kent Avenue Industrial Business Incentive Area, as modified;

WHEREAS, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(3) of the City Charter;

WHEREAS, the City Planning Commission has made the findings required pursuant to Section 74-963 of the Zoning Resolution of the City of New York;

WHEREAS, upon due notice, the Council held a public hearing on the Decision and Application on June 14, 2016;

WHEREAS, the Council has considered the land use and environmental implications and other policy issues relating to the Decision and Application; and

WHEREAS, the Council has considered the relevant environmental issues, including the revised negative declaration which reflects the modifications to the text amendment application including project nomenclature, revised project geography, monitoring requirements and prohibitions to hotels per the special permit provisions (CEQR No. 16DCP065K) issued on May 20, 2016, which includes an (E) Designation (E-373) related to air quality and noise (“Revised Negative Declaration”);

RESOLVED:

The Council finds that the action described herein will have no significant impact on the environment as set forth in the Revised Negative Declaration.

Pursuant to Sections 197-d and 200 of the City Charter and on the basis of the Decision and Application, and based on the environmental determination and consideration described in this report, C 160125 ZSK, incorporated by reference herein, the Council approves the Decision subject to the following conditions:

For the purposes of Section 74-96 (Modification of Use, Bulk, Parking and Loading Regulations in Industrial Business Incentive Areas), inclusive, a “required industrial use” and an “incentive use” shall be defined as follows:

Required Industrial Use

A “required industrial use” is a #use# that helps achieve a desirable mix of #commercial# and #manufacturing uses# in an Industrial Business Incentive Area, and that generates additional #floor area# pursuant to provisions set forth in Section 74-962 and is listed in:

~~listed in Use Groups 11A, 16A excluding “automobile, motorcycle, trailer, or boat sales,” “motorcycle or motor scooter rental establishments,” “stables for horses,” “riding academies,” “trade schools for adults,” “crematoriums, human,” “poultry or rabbit killing establishments,” “animal hospitals and~~

~~“kennels” and “animal pounds or crematoriums”, 16B, 17B and 17C, as specified in Sections 32-20 (Use Group 11), 32-25 (Use Group 16) and 42-14 (Use Group 17). Any diagnostic medical laboratories that receive patients shall not be considered a #required industrial use#; and~~

~~“beverages, alcoholic or breweries” as listed in Section 42-15 (Use Group 18A), where permitted by the provisions of the applicable zoning district, provided the applicable performance standards pursuant to Section 42-20 are met.~~

Use Group 11A as specified in Section 32-20 (Use Group 11);

Use Group 16A, as specified in Section 32-25 (Use Group 16), excluding “automobile, motorcycle, trailer, or boat sales,” “motorcycle or motor scooter rental establishments,” “stables for horses,” “riding academies,” “trade schools for adults,” “crematoriums, human,” “poultry or rabbit killing establishments,” “animal hospitals and kennels” and “animal pounds or crematoriums,”;

Use Group 16B, as specified in Section 32-25 (Use Group 16);

Use Group 17B, as specified in Section 42-14 (Use Group 17);

Use Group 17C, as specified in Section 42-14 (Use Group 17); and

Use Group 18A, as specified in Section 42-15, limited to “beverages, alcoholic or breweries”, where permitted by the provisions of the applicable zoning district, and provided the applicable performance standards pursuant to Section 42-20 are met.

Any diagnostic medical laboratories that receive patients shall not be considered a “required industrial use.”

Incentive Use

An “incentive use” is a #use# permitted by the applicable zoning district, that is allowed to occupy the additional #floor area# generated by a #required industrial use# with the exception of the following #uses#:

#transient hotels# in Use Group 5, as specified in Section 32-14 (Use Group 5);

#uses# in Use Groups 6A or 6C as specified in Section 32-15 (Use Group 6);

#uses# in Use Group 7A as specified in Section 32-16 (Use Group 7);

#uses# in Use Group 8C as specified in Section 32-17 (Use Group 8);

#uses# in Use Group 10A and any retail spaces #accessory# to “wholesale offices or showrooms, with storage restricted to samples” in Use Group 10B as specified in Section 32-19 (Use Group 10);

#uses# as specified in Sections 32-21 (Use Group 12) and 32-22 (Use Group 13); and

moving or storage offices, with no limitation as to storage or #floor area# per establishment, as well as packing or crating establishments and warehouses as specified in Section 32-25 (Use Group 16).

74-962

Floor area increase and public plaza modifications in Industrial Business Incentive Areas

In Industrial Business Incentive Areas, the Commission may increase the maximum #floor area ratio# on a #zoning lot# in accordance with the Table in this Section.

For #developments# or #enlargements# in the district indicated in column (A), the base maximum #floor area ratio# on a #zoning lot# (column (B)) may be increased by 3.5 square feet for each square foot of #required industrial uses# up to the maximum #floor area ratio# for all #uses# on the #zoning lot# (column (E)), provided that such #development# or #enlargement# does not include a #transient hotel#, and that such additional #floor area# is occupied by #required industrial uses# and #incentive uses# up to the maximum

#floor area ratio# set forth in column (C) (Maximum Additional #Floor Area Ratio# for #Required Industrial Uses#), and column (D) (Maximum Additional #Floor Area Ratio# for #Incentive Uses#), respectively.

For such #developments# or #enlargements# that, pursuant to this Section, increase their permitted #floor area#, and provide a #public plaza#, the Commission may also increase the maximum height of such #development# or #enlargement# and may modify the requirements for #public plazas# set forth in Section 37-70 (PUBLIC PLAZAS).

Applications for such #floor area# increases and modifications are subject to the requirements, conditions and findings set forth in this Section.

(a) Application Requirements

All applications for a special permit pursuant to this Section shall include the following:

- (1) site plans and elevations which shall establish distribution of #floor area#, height and #setback#, sidewalk widths, primary business entrances, including parking and loading, #yards# and #public plazas#, signage and lighting;

- (2) floor plans of all floors which shall establish the location, access plan and dimensions of freight elevators and loading areas and the location of #floor area# dedicated to # required industrial uses# and #incentive uses#;
- (3) drawings that show, within a 600 foot radius, the location and type of #uses#; the location, dimensions and elements of off-site open areas including #streets#, waterfront and #upland# parcels; elements of a Waterfront Access Plan, as applicable; and the location of #street# trees and #street# furniture and any other urban design elements. The plans shall demonstrate that any #public plaza# provided meets the requirements of paragraph (b)(5) of this Section; and
- (4) for #zoning lots# in #flood zones#, flood protection plans, which shall show #base flood elevations# and advisory #base flood elevations#, as applicable, location of mechanical equipment, areas for storage of any hazardous materials and proposed structural or design elements intended to mitigate the impacts of flood and storm events.

(b) Conditions

- (1) Minimum amount of #required industrial uses#

#Required industrial uses# shall occupy a minimum of 5,000 square feet of horizontally contiguous #floor area# and shall be served by loading areas and freight elevators with sufficient capacity.

- (2) Minimum sidewalk width

All #developments# and horizontal #enlargements# that front upon a #street line# shall provide a sidewalk with a minimum width of 15 feet along the entire frontage of the #zoning lot#. Such sidewalk, and any open area on the #zoning lot# required to meet such minimum width shall be improved as a sidewalk to Department of Transportation standards; shall be at the same level as the adjoining public sidewalk; and shall be accessible to the public at all times. For the purposes of applying the #street wall# location requirements and the height and setback regulations of paragraph (b)(3) of this Section, any sidewalk widening line shall be considered to be the #street line#.

- (3) Height and setback

The height and setback regulations of the applicable zoning district shall apply as modified by the provisions of this paragraph.

- (i) The #street wall# of any #building# shall be located on the #street line# and shall extend to a height not lower than a minimum base height of 40 feet and not higher than a maximum base height of 75 feet or the height of the #building#, whichever is less. At least 70 percent of the aggregate width of such #street wall# below 12 feet shall be located at the #street line# and no less than 70 percent of the aggregate area of the #street wall# up to the base height shall be located at the #street line#. However, up to a width of 130 feet of such #street wall# located on the short end of the #block# may be set back from the #street line# to accommodate a #public plaza#.

- (ii) The height of a #building or other structure#, or portion thereof, located within ten feet of a #wide street# or within 15 feet of a #narrow street# shall not exceed a maximum base height of 75 feet. Permitted obstructions as set forth in Section 43-42 shall be modified to include dormers above the maximum base height within the front setback area, provided that on any #street# frontage, the aggregate width of all dormers at the maximum base height does not exceed 50 percent of the #street wall# and a maximum height of 110 feet. Beyond ten feet of a #wide street# and 15 feet of a #narrow street#, the height of a #building or other structure# shall not exceed a maximum #building# height of 110 feet. All heights shall be measured from the #base plane#. Where a #public plaza# is provided pursuant to paragraph (b)(5) of this Section, such maximum #building# height may be increased to 135 feet.

- (iii) Along the short dimension of a #block#, up to 130 feet of such #street wall# may be set back from the #street line# to accommodate a #public plaza#, and a #street wall# located at the #street line# that occupies not more than 40 percent of the short end of the #block# may rise without setback to the maximum #building# height.

(4) Ground floor design

- (i) The ground floor level #street walls# and ground floor level walls fronting on a #public plaza# of a #development# or horizontal #enlargement# shall be glazed with transparent materials which may include #show windows#, transom windows or glazed portions of doors. Such transparent materials shall occupy at least 50 percent of the surface area of such #street wall#, measured between a height of two feet above the level of the adjoining sidewalk or #public plaza# and a height of 12 feet above the level of the first finished floor above #curb level#. The floor level behind such transparent materials shall not exceed the level of the window sill for a depth of

at least four feet, as measured perpendicular to the #street wall#. The ground floor transparency requirements of this paragraph (b)(4)(i) shall not apply to #uses# listed in Use Groups 11, 16, 17 and 18, or to #accessory# loading berths, or garage entrances#; or

- (ii) For #zoning lots# within flood hazard areas, in lieu of the requirements of paragraph (b)(4)(i) of this Section, the provisions of Section 64-22 (Transparency Requirements) shall apply; and
- (iii) For any #street wall# widths greater than 40 feet in length that do not require glazing as specified in paragraphs (b)(4)(i) or (b)(4)(ii), as applicable, the facade, measured between a height of two feet above the level of the adjoining sidewalk and a height of 12 feet above the level of the first finished floor above #curb level#, shall incorporate design elements, including lighting and wall art, or physical articulation.

(5) #Public plazas#

A #public plaza# shall contain an area of not less than 12 percent of the #lot area# of the #zoning lot# and minimum of at least 2,000 square feet in area. All #public plazas# shall comply with the provisions set forth in Section 37-70, inclusive, except certification requirements of Sections 37-73 (Kiosks and Open Air Cafes) and 37-78 (Compliance) shall not apply.

(6) Signs

- (i) In all Industrial Business Incentive Areas, #signs# are subject to the regulations applicable in C6-4 Districts as set forth in Section 32-60, inclusive. Information #signs# provided pursuant to paragraph (b)(6)(ii) of this Section shall not count towards the maximum permitted #surface area# regulations of Section 32-64 (Surface Area and Illumination Provisions), inclusive.
- (ii) An information #sign# shall be provided for all #buildings# ~~that are #developed# or #enlarged#~~ subject to the #use# restrictions of this special permit. Such required #sign# shall be mounted on an exterior #building# wall adjacent to and no more than five feet from all primary entrances of the #building#. The #sign# shall be placed so that it is directly visible, without any obstruction, to persons entering the building, and at a height no less than four feet and no more than five and a half feet above the adjoining grade. Such #sign# shall be legible, no less than 12 inches by 12 inches in size and shall be fully opaque, non-reflective and constructed of permanent, highly durable materials. The information #sign# shall contain: the name and address of the building in lettering no less than three-quarters of an inch in height; and the ~~words~~ following statement in lettering no less than one-half of an inch in height, "This

building is subject to Industrial Business Incentive Area (IBIA) regulations which require a minimum amount of space to be provided for specific industrial uses.” The information #sign# shall include the Internet URL, or other widely accessible means of electronically transmitting and displaying information to the public, where the information required in paragraph ~~(d)(2)~~ of this Section is available to the public.

(c) Findings

In order to grant an increase of the maximum permitted #floor area ratio# and modification of #public plaza# regulations, the Commission shall find that such increase or modification:

- (1) will promote a beneficial mix of #required industrial # and #incentive uses#;
- (2) will result in superior site planning, harmonious urban design relationships and a safe and enjoyable streetscape;
- (3) will result in a #building# that has a better design relationship with surrounding #streets# and adjacent open areas;
- (4) will result in a #development# or #enlargement# that will not have an adverse effect on the surrounding neighborhood; and
- (5) any modification of the #public plaza# requirements will result in a #public plaza# of equivalent or greater value as a public amenity.

The Commission may prescribe appropriate additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(d) Compliance

Failure to comply with a condition or restriction in a special permit granted pursuant to Section 74-96 (Modification of Use, Bulk, Parking and Loading Regulations in Industrial Business Incentive Areas), inclusive, or with applicable approved plans, or with provisions of paragraphs (d), (e) and (f), inclusive, shall constitute a violation of this Resolution and may constitute the basis for denial or revocation of a building permit or certificate of occupancy, or for a revocation of such special permit, and for the implementation of all other applicable remedies.

Recordation

A Notice of Restrictions, the form and content of which shall be satisfactory to the ~~City Planning~~ Commission, for a #building# property ~~containing~~ subject to #use# restrictions or #public plaza# requirements, as applicable, pursuant to this Section, shall be recorded against the subject tax lot in the Office of the City Register or, where applicable, in the County Clerk's office in the county where the lot is located.

The filing and recordation of such Notice of Restrictions shall be a precondition to the issuance of any building permit utilizing the provisions set forth in this Section. The recording information shall be referenced on the first certificate of occupancy to be issued after such notice is recorded, as well as all subsequent certificates of occupancy, for as long as the restrictions remain in effect. No temporary certificate of occupancy for any portion of the #building# to be occupied by #incentive uses# shall be issued until a temporary certificate of occupancy for the core and shell is issued for all portions of the #building# required to be occupied by #required industrial uses#.

(e) Periodic ~~N~~notification by owner

No later than the ~~first twentieth day of each quarter of the year~~ after the lease executed by a new tenant permits occupancy of any #required industrial space#, the owner of a #building# subject to #use# restrictions of this Section shall provide the following information at the designated Internet URL, or other widely accessible means of electronically transmitting and displaying information to the public pursuant to paragraph (b)(6)(ii) of this Section. If no new tenant executes a lease for any #required industrial space# within the calendar year, such information shall be provided no later than the twentieth day of the following calendar year. Such electronic information source shall be accessible to the general public at all times and include the information specified below:

- (1) the date of the most recent update of this information;
- (2) total #floor area# of the #required industrial uses# in the #development#;
- (3) a digital copy of all approved special permit drawings pursuant to paragraph (a)(1), ~~inclusive~~ through (a)(4) of this Section;
- (4) the name of each business establishment occupying #floor area# reserved for #required industrial uses#. Such business establishment name shall include that name by which the establishment does business and is known to the public. For each business establishment, the amount of #floor area#, the Use Group, subgroup and specific #use# as listed in this Resolution shall also be included; ~~and~~
- (5) contact information, including the name of the owner of the #building# and the building management entity, if different; the name of the person designated to manage the #building#; and the street address, current telephone number and e-mail address of the management office. Such names shall include the names by which the owner and manager, if different, do business and are known to the public; ~~and~~
- (6) all prior periodic notification information required pursuant to the provisions of this paragraph (e). However, such notification information that is older than four years from the date of the most recent update need not be included.

(f) ~~Compliance~~ Annual reporting by qualified third party

No later than June 30 of each year, beginning in the first calendar year following the calendar year in which a temporary or final certificate of occupancy was issued for a #building# subject to #use# restrictions of this Section, the owner of a #building# subject to #use# restrictions of this Section shall cause to be prepared a report on the existing conditions of the #building#, as of a date of inspection which shall be no earlier than May 15 of the year in which the report is filed.

The inspection shall be preceded by an annual notification letter from the owner of a #building# subject to #use# restrictions of this Section to all the #required industrial use# tenants of the #building# announcing the date of such inspection, that the organization conducting the inspection shall have access to the spaces occupied by #required industrial uses#, and encouraging the tenants to provide information, including but not limited to the number of employees for each such space, to the organization.

The owner of a #building# subject to #use# restrictions of this Section shall cause such report to be prepared by either an organization under contract with the City to provide inspection services, or on the Department of Small Business Services list of certified firms that provides such inspection services, or by an organization that the Commissioner of the Department of Small Business Services determines to be qualified to produce such report, provided that any such organization selected by the owner to prepare such report shall have a professional engineer or a registered architect, licensed under the laws of the State of New York, certify the report. Such report shall be in a form provided by the Director of the Department of City Planning, and shall include all of the information required pursuant to provisions of paragraph (e) of this Section, and additional information as set forth in this paragraph (f):

- (1) a description of each establishment including the North American Industry Classification System (NAICS) code and number of employees;
- (2) the total amount of #required industrial use floor area# that is vacant, as applicable;
- (3) the average annual rent for the portions of the #building#, in the aggregate, required to be occupied by #required industrial uses#. However, prior to 36 months from the date of execution of a lease by the first #required industrial use# tenant in the building, no such figure shall be required to be included in any report due pursuant to this paragraph (f). For all calendar years following the year in which the first average annual rent figure is required to be submitted as part of an annual report, the average annual rent figure reported shall be for the annual average rent for the calendar year two years prior to the year in which the report is due; and
- (4) the number of new leases executed during the calendar year, categorized by lease duration, in five year increments from zero to five years, five to ten years, ten to fifteen years, fifteen to twenty years and twenty years or greater.

The report shall be submitted to the Director of the Department of City Planning by any method, including e-mail or other electronic means, acceptable to the Director. The applicable Community Board, Borough President, and local City Council member shall be included in such transmission.

~~Failure to comply with a condition or restriction in a special permit granted pursuant to this Section or with approved plans related thereto, shall constitute a violation of this Resolution and may constitute the basis for denial or revocation of a building permit or certificate of occupancy, or for a revocation of such special permit, and for the implementation of all other applicable remedies.~~

Parking and loading modifications in Industrial Business Incentive Areas

In association with an application for a special permit for #developments# or #enlargements# pursuant to Section 74-962 (Floor area increase and public plaza modifications in Industrial Business Incentive Areas), the Commission may reduce or waive the off-street parking requirements set forth in Section 44-20 (REQUIRED ACCESSORY OFF-STREET PARKING SPACES FOR MANUFACTURING, COMMERCIAL OR COMMUNITY FACILITY USES), inclusive, not including bicycle parking, and may also reduce or waive the loading berth requirements as set forth in Section 44-50 (GENERAL PURPOSES), inclusive, provided that the Commission finds that:

- (a) such reduction or waiver will not create or contribute to serious traffic congestion and will not unduly inhibit vehicular and pedestrian movement;
- (b) the number of curb cuts provided are the minimum required for adequate access to off-street parking and loading berths, and such curb cuts are located so as to cause minimum disruption to traffic, including vehicular, bicycle and pedestrian circulation patterns;
- (c) the #streets# providing access to the #development# or #enlargement# are adequate to handle the traffic generated thereby, or provision has been made to handle such traffic; and
- (d) the reduction or waiver of loading berths will not create or contribute to serious traffic congestion or unduly inhibit vehicular and pedestrian movement.

The Commission may prescribe appropriate additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

RESOLUTIONS

presented for voice-vote

The following are the respective Committee Reports for each of the Resolutions referred to the Council for a voice-vote pursuant to Rule 8.50 of the Council:

Report for voice-vote item Res. No. 985

Report of the Committee on Land Use in favor of approving a Resolution calling upon the New York City Landmarks Preservation Commission to designate the Riegelmann Boardwalk in Coney Island as a scenic landmark pursuant to Section 3020 of the New York City Charter.

The Committee on Land Use, to which the annexed resolution was referred on February 5, 2016, (Minutes, page 333) respectfully

REPORTS:

After careful and due deliberations, this Committee decided to approve Res No. 985.

Accordingly, this Committee recommends its adoption.

(The following is text of Res No. 985:)

Res No. 985

Resolution calling upon the New York City Landmarks Preservation Commission to designate the Riegelmann Boardwalk in Coney Island as a scenic landmark pursuant to Section 3020 of the New York City Charter.

By Council Member Treyger, Deutsch, Levine, Greenfield, Koo, Chin, Palma, Johnson, Koslowitz, Barron, Borelli, Cabrera, Cohen, Constantinides, Cornegy, Crowley, Cumbo, Dickens, Dromm, Espinal, Eugene, Ferreras-Copeland, Garodnick, Gentile, Gibson, Grodenchik, Kallos, King, Lancman, Lander, Levin, Maisel, Matteo, Mealy, Menchaca, Mendez, Miller, Reynoso, Richards, Rodriguez, Rose, Rosenthal, Torres, Ulrich, Vacca, Vallone, Van Bramer, Williams, Wills, Salamanca and The Public Advocate (Ms. James).

Whereas, the Riegelmann Boardwalk, commonly known as the Coney Island Boardwalk, has been a New York City destination since it was first opened to the public on May 15th, 1923; and

Whereas, the wooden Boardwalk was the centerpiece of the plan of Edward Riegelmann, Brooklyn Borough President from 1918 to 1924, to beautify and improve public access to the beaches at Coney Island; and

Whereas, after a 1938 expansion of the boardwalk to Brighton Beach and subsequent improvements, the Boardwalk now stretches a distance of 2.7 miles, from West 37th Street to Corbin Place; and

Whereas, the wooden Boardwalk is an iconic and beloved structure for the community and New York City; and

Whereas, the wooden Boardwalk is an internationally recognized tourist attraction, drawing visitors from all over the world, helping to maintain the City's status as a worldwide tourist center; and

Whereas, the wooden Boardwalk serves as a central hub tying together the various attractions, businesses, and residents that make up the Coney Island neighborhood; and

Whereas, the wooden Boardwalk is a vital part of the City's historic, aesthetic and cultural heritage; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York City Landmarks Preservation Commission to designate the Riegelmann Boardwalk, Borough of Brooklyn, as a scenic landmark pursuant to Section 3020 of the New York City Charter.

DAVID G. GREENFIELD, *Chairperson*; VINCENT J. GENTILE, INEZ E. DICKENS, DARLENE MEALY, ROSIE MENDEZ, YDANIS A. RODRIGUEZ, PETER A. KOO, STEPHEN T. LEVIN, JUMAANE D. WILLIAMS, RUBEN WILLS, DONOVAN J. RICHARDS, ANDREW COHEN, BEN KALLOS, MARK TREYGER; Committee on Land Use, July 12, 2016.

Pursuant to Rule 8.50 of the Council, the Public Advocate (Ms. James) called for a voice-vote. Hearing no objections, the Public Advocate (Ms. James) declared the Resolution to be adopted.

Adopted unanimously by the Council by voice-vote.

Int. No. 1228

By The Speaker (Council Member Mark-Viverito) and Council Member Chin.

A Local Law to amend the New York city charter, in relation to the investigating, reviewing, studying, and auditing of and making of recommendations relating to the operations, policies, programs and practices of the department of correction by the commissioner of the department of investigation

Be it enacted by the Council as follows:

Section 1. Section 803 of chapter 34 of the New York city charter is amended by adding a new subdivision d, relettering current subdivisions d through f as new subdivisions e through g, and amending relettered subdivisions e and f to read as follows:

d. 1. The commissioner shall, on an ongoing basis, investigate, review, study, audit and make recommendations relating to the operations, policies, programs, and practices of the department of correction with the goal of reducing violence in departmental facilities, protecting the safety of departmental employees and inmates, protecting the rights of inmates, and increasing the public's confidence in the correction department.

2. Not later than ninety days after the effective date of the local law that added this subdivision, the commissioner shall report to the council regarding the identity and qualifications of the individual responsible for overseeing the implementation of the duties described in paragraph 1 of this subdivision, the number of personnel assigned to assist that individual, and the details of the management structure covering them. Upon removal or replacement of the individual responsible for overseeing the implementation of the duties described in paragraph 1 of this subdivision, notification of that removal or replacement, and the identity and

qualifications of the new individual responsible for overseeing the implementation of the duties described in paragraph 1 of this subdivision, shall be provided to the council.

3. The mayor, in consultation with the department and the department of correction, shall have the discretion to determine how sensitive information provided to the department in connection with any investigation, review, study, or audit undertaken pursuant to this section shall be treated. The mayor shall provide the council with any guidelines, procedures, protocols or similar measures related to the treatment of sensitive information that he or she puts in place. Sensitive information shall mean information concerning (a) ongoing civil or criminal investigations or proceedings; (b) the identity of confidential sources, including protected witnesses; (c) intelligence matters; or (d) other matters the disclosure of which would constitute a serious threat to the safety of any person.

4. The chief of the department of correction's investigation division, or any other division or unit of the department of correction responsible for investigating violence in its facilities, including but not limited to the investigation division and intelligence unit of the department of correction, shall report to the commissioner any problems and deficiencies relating to the department of correction's operations, policies, programs and practices that he or she has reason to believe would adversely affect the effectiveness of the department, inmate or staff safety, or the public's confidence in the department of correction, and that would be relevant to the duties of the commissioner as described in paragraph 1 of this subdivision.

5. No officer or employee of an agency of the city shall take any adverse personnel action with respect to another officer or employee in retaliation for his or her making a complaint to, disclosing information to, or responding to queries from the commissioner pursuant to activities undertaken under paragraph 1 of this subdivision unless the complaint was made or the information was disclosed with the knowledge that it was false or with willful disregard for its truth or falsity. Any officer or employee who believes he or she has been retaliated against for making such complaint to, disclosing such information to, or responding to such queries from the commissioner may report such action to the commissioner as provided for in subdivision c of section 12-113 of the administrative code.

6. The department's website shall provide a link for individuals to report any problems and deficiencies relating to the department of correction's operations, policies, programs and practices. Individuals making such reports shall not be required to provide personally identifying information.

e[d]. 1. For any investigation made pursuant to subdivision a or b of this section, the commissioner shall prepare a written report or statement of findings and shall forward a copy of such report or statement to the requesting party, if any. In the event that any matter investigated, reviewed, studied, or audited pursuant to this section involves or may involve allegations of criminal conduct, the commissioner, upon completion of the investigation, review, study, or audit, shall also forward a copy of his or her written report or statement of findings to the appropriate prosecuting attorney, or, in the event the matter investigated, reviewed, studied, or audited involves or may involve a conflict of interest or unethical conduct, to the conflicts of interest board.

2. For any investigation, review, study, or audit made pursuant to paragraph one of subdivision c or paragraph one of subdivision d of this section, the commissioner shall prepare a written report or statement of findings and, upon completion, shall forward a copy of such report or statement to the mayor, the council, and either the commissioner of the department of correction or the police commissioner, as applicable [upon completion]. Within ninety days of receiving such report or statement, the police commissioner or commissioner of the department of correction, as applicable, shall provide a written response to the commissioner, the mayor, and the council. Each such written report or statement, along with a summary of its findings, as well as the reports described in paragraph 3 of this subdivision, shall be posted on the department's website in a format that is searchable and downloadable and that facilitates printing no later than ten days after it is delivered to the mayor, the council, and either the commissioner of the department of correction or [, and] the police commissioner, as applicable. All such reports, statements, and summaries so posted on the department's website shall be made easily accessible from a direct link on the homepage of the website of the department.

3. In addition to the reports and statements of findings to be delivered to the mayor, the council, the commissioner of the department of correction, and the police commissioner pursuant to paragraph 2 of this subdivision, there shall be an annual summary report on the activities undertaken pursuant to paragraph 1 of subdivision c and paragraph one of subdivision d of this section containing the following information: (a) a description of all significant findings from the investigations, reviews, studies, and audits conducted in the

preceding year; (b) a description of the recommendations for corrective action made in the preceding year; (c) an identification of each recommendation described in previous annual reports on which corrective action has not been implemented or completed; and (d) the number of open investigations, reviews, studies, or audits that have been open, as of the close of the preceding calendar year, for a time period of 1) six months up to and including one year, 2) more than one year up to and including two years, 3) more than two years up to and including three years, and 4) more than three years. The annual summary report required by this paragraph *relating to the police department* shall be completed and delivered to the mayor, the council, and the police commissioner on April 1, 2015 and every April 1 thereafter. *The annual summary required by this paragraph relating to the department of correction shall be completed and delivered to the mayor, the council, and the police commissioner on April 1, 2017 and every April 1 thereafter.*

f[e]. The jurisdiction of the commissioner shall extend to any agency, officer, or employee of the city, or any person or entity doing business with the city, or any person or entity who is paid or receives money from or through the city or any agency of the city.

g[f]. The commissioner shall forward to the council and to the mayor a copy of all reports and standards prepared by the corruption prevention and management review bureau, upon issuance by the commissioner.

§ 2. Section 804 of chapter 34 of the New York City charter is amended to read as follows:

§ 804. Complaint bureau. There shall be a complaint bureau in the department which shall receive complaints from the public, including, but not limited to, complaints about any problems and deficiencies relating to the new york city police department's *or the new york city department of correction's* operations, policies, programs and practices.

§ 3. Chapter 34 of the New York city charter is amended by adding a new section 808 to read as follows:

§ 808 *Evaluation and recommendations. a. For the purposes of this section, the following terms have the following meanings:*

Actions, claims, and investigations. The term "actions, claims, and investigations" means information reported pursuant to section 7-112 of the code, notices of claim filed against the department of correction and/or individual correction officers received by the comptroller, settlements of claims filed against the department of correction and/or individual correction officers by the comptroller, complaints received and investigations conducted by the board of correction, complaints received and any investigations regarding such complaints conducted by the department of correction, complaints received pursuant to section 804, and any criminal arrests and/or investigations of individual correction officers known to the department of correction.

Inspector general for the department of correction. The term "inspector general for the department of correction" means the individual responsible for implementing the duties set forth in paragraph 1 of subdivision d of section 803.

b. The inspector general for the department of correction shall, in consultation with the law department, comptroller, department of correction, and board of correction, collect and evaluate information regarding individual correction officer misconduct and develop recommendations relating to the discipline, training and monitoring of correction officers and related operations, policies, programs, and practices of the department of correction. In developing such recommendations, the inspector general for the department of correction shall consider, at a minimum, the following information:

- 1. patterns or trends identified by analyzing actions, claims, and investigations;*
- 2. comparison of actions reported pursuant to section 7-112 of the code with information concerning any incidents alleged to have given rise to such civil action contained in other actions, claims, and investigations, including a comparison of both open and closed civil actions with other open and closed actions, claims, and investigations, as applicable;*
- 3. any acts by the department of correction in response to any actions, claims, and investigations, including any investigations conducted, disciplinary actions, or changes in its operations, policies, programs, and practices;*
- 4. recommendations issued by the law department, comptroller, department of correction, and board of correction to combat corruption in the department of correction related to actions, claims, and investigations;*
- 5. information on collaboration and information sharing procedures between the inspector general for the department of correction, law department, comptroller, department of correction, and board of correction, including but not limited to an assessment of the effectiveness of such collaboration and procedures, any*

recommendations for improving such collaboration and procedures, and any changes made to such collaboration and procedures.

c. The inspector general for the department of correction shall submit a report containing the evaluation and recommendations required by subdivision b of this section to the speaker of the council, mayor, law department, comptroller, department of correction, and board of correction and publish such report on the department's website by April 30, 2017 and annually thereafter until May 1, 2019 after which such report shall be submitted every 5 years.

d. Nothing in this section shall be construed to limit the authority of the commissioner to investigate any matter related to the department of correction as authorized in this chapter.

§ 4. This local law takes effect 60 days after it becomes law.

Res. No. 1160

Resolution calling upon the 114th Congress to pass and the President to sign the Educating to Prevent Eating Disorders Act of 2015, H.R. 4153, which would amend the Public Health Service Act to establish a pilot program to test the impact of early intervention on the prevention, management, and course of eating disorders

By Council Member Cabrera.

Whereas, Eating disorders are sometimes fatal mental illnesses that affect a person's typical eating behavior and involve extreme emotional attitudes and behaviors surrounding food; and

Whereas, Eating disorders include anorexia, bulimia, binge eating disorder and are sometimes associated with depression and anxiety; and

Whereas, According to the National Eating Disorder Association, in the United States, 20 million women and 10 million men suffer from an eating disorder at some point in their lives; and

Whereas, According to a 2011 report by the American Dietetic Association, eating disorders become increasingly severe the longer they go untreated, leading to severe health problems which are especially detrimental the earlier they develop, and can impede a child's ability to physically develop at a normal rate; and

Whereas, Eating disorders are the third most common chronic illness among adolescents and have the highest mortality rate of any mental illness; and

Whereas, According to the National Eating Disorder Association, nearly one-half of teenage girls and one-third of teenage boys use unhealthy weight control behaviors that include skipping meals, fasting, smoking cigarettes, vomiting and taking laxatives; and

Whereas, According to the National Institutes of Health, despite the prevalence of eating disorders, there is inadequate funding for research and the average research dollar spent in the United States per person is about \$0.93; and

Whereas, In December 2015, Congresswoman Renee Ellmers introduced H.R. 4153, also known as Educating to Prevent Eating Disorders Act of 2015, which would create a three-year pilot program for schools with children in grades 6 through 8, that are selected, and would provide the necessary grant money to screen these children for eating disorders; and

Whereas, When eating disorders are treated at a young age, with the support of family and therapy, they are less likely to become as severe as they would be if left untreated; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the 114th Congress to pass and the President to sign, H.R. 4153, which would amend the Public Health Service Act to establish a pilot program to test the impact of early intervention on the prevention, management, and course of eating disorders.

A Local Law to amend the administrative code of the city of New York, in relation to the creation of a pilot program for a district-scale geothermal system*Be it enacted by the Council as follows:*

Section 1. Subchapter 2 of chapter 1 of title 3 of the administrative code of the city of New York is amended by adding a new section 3-126 to read as follows:

§ 3-126 District-scale geothermal system. a. Definitions. For purposes of this section, the following terms have the following meanings:

Building. The term “building” means a building as defined in section 28-101.5.

Geothermal energy. The term “geothermal energy” means energy stored in the form of heat beneath the surface of the earth.

Geothermal system. The term “geothermal system” means a system used to exchange geothermal energy between the earth and one or more buildings for the purpose of powering building systems, which may include, but need not be limited to, heating and cooling buildings, heating water and generating electricity.

Pilot district. The term “pilot district” means a portion of the city that includes two or more buildings and is designated for participation in the pilot program.

Pilot program. The term “pilot program” means a pilot program established pursuant to this section for the creation and administration of a district-scale geothermal system.

Power purchase agreement. The term “power purchase agreement” means a contract in which one party generates geothermal energy and another party purchases such energy or another form of energy, such as heat or electricity, that is developed using geothermal energy.

Third-party developer. The term “third-party developer” means a renewable energy developer that may be selected through competitive bidding to undertake project development for the pilot program, including site assessment and system configuration, installation, financing, operation and maintenance.

b. Development of pilot program. The director of long-term planning and sustainability, in consultation with the commissioner of environmental protection, shall establish and oversee a pilot program for the creation of a district-scale geothermal system in accordance with this section.

c. Request for proposals; third-party developer. The director of long-term planning and sustainability may comply with subdivision b of this section by issuing a request for proposals from renewable energy developers for the development of a geothermal system for the pilot district, including site assessment and the configuration, installation, financing, operation and maintenance of a geothermal system. Any such request for proposals may include terms in which a third-party developer selected for the pilot program owns the geothermal system and sells the geothermal energy produced by such system to building owners under power purchase agreements.

d. Siting of pilot district. 1. The director of long-term planning and sustainability, in consultation with the commissioner of environmental protection and any third-party developer selected pursuant to subdivision c of this section, shall identify potential sites for the pilot district in consideration of all relevant factors, which shall include, but need not be limited to:

(a) The site’s geologic and hydrologic profile;

(b) The availability, suitability and accessibility of land for geothermal wells within a suitable distance of the site;

(c) Whether the city has the property rights necessary to develop geothermal energy at the site and, if not, the cost of obtaining such rights, including the cost of paying fair market value to property owners;

(d) The level of interest of property owners in the area in participating in a geothermal system;

(e) The energy demand profile of buildings in the area that may participate in the geothermal system;

(f) *The capacity of a geothermal system to meet the demand projected for the proposed pilot district;*

(g) *Projected fuel cost savings for participating buildings;*

(h) *Projected carbon emissions savings measured in terms of the social cost of carbon as provided in paragraphs 3 and 4 of subdivision d of section 3-125, except that a site- or project-specific social-cost-of-carbon value may be developed and used in place of the social-cost-of-carbon value from section 3-125 if such site- or project-specific social cost of carbon is higher than the value provided in such section; and*

(i) *Projected costs to build, operate and maintain a geothermal system, including costs to the city, to any contracted private entities including any third-party developer selected pursuant to subdivision c of this section, and to property owners and tenants.*

2. *The site for the pilot district and geothermal system shall be selected from among such potential sites in compliance with sections 197-c and 197-d of the charter.*

e. *Construction of geothermal system. The director of long-term planning and sustainability, in consultation with the commissioner of environmental protection and any third-party developer selected pursuant to subdivision c of this section, shall build, install and maintain:*

1. *A geothermal system for the pilot district, including equipment in and around buildings selected for the pilot program; and*

2. *Other facilities and equipment necessary for the operation of such geothermal system.*

f. *Power purchase agreement. 1. Each power purchase agreement entered into pursuant to this section between a property owner and the city or a third-party developer selected pursuant to subdivision c of this section shall provide that title to all geothermal system infrastructure located on such an owner's property shall vest in that owner at the conclusion of the term of such agreement.*

2. *The duration of a power purchase agreement executed pursuant to this section shall not exceed seven years.*

g. *Provision of service. 1. Charges for geothermal energy service in the pilot district and procedures for the application for, termination of and reconnection of such service shall be administered in accordance with rules promulgated by the director of long-term planning and sustainability. In promulgating those rules, such director shall select from the following models the model that will be least costly to the average consumer of the geothermal energy being produced:*

(a) *A consumption model, in which consumers are charged in proportion to the amount of geothermal energy they consume; or*

(b) *An access model, in which consumers are charged a fixed amount for access to energy from the geothermal system, which charge does not vary based on the amount of energy consumed. If the director of long-term planning and sustainability selects the access model, such director may set a maximum amount of energy that each consumer may consume.*

2. *Charges for geothermal energy service in the pilot district shall not exceed the sum of the reasonable cost of system design, installation and maintenance over a 50-year period and a reasonable return on investment for any third-party developer selected pursuant to subdivision c of this section.*

h. *Rulemaking. The director of long-term planning and sustainability, in consultation with the commissioner of environmental protection, shall promulgate such rules as are necessary to effectuate this section.*

i. *Reporting. 1. Except as provided in paragraph 2 of this subdivision, no later than February 1 of each year the director of long-term planning and sustainability, in consultation with the commissioner of environmental protection and any third-party developer selected pursuant to subdivision c of this section, shall report to the mayor and the council a detailed assessment of the impacts of the pilot program. Such assessment shall include, but need not be limited to:*

(a) *Recommendations for improving the pilot program, including the specification of any beneficial new technology for the geothermal system;*

(b) *Recommendations on whether or not to make the pilot program permanent;*

(c) *Recommendations on whether or not to add similar permanent or pilot programs at other sites and the locations of any such potential sites;*

(d) *The costs incurred by the city, by contracted private companies including any third-party developer selected pursuant to subdivision c of this section, and by property owners and their tenants in implementing the pilot program up to the date of the report and anticipated future costs per year;*

(e) Recommendations regarding the efficient and equitable allocation of geothermal energy among interested parties in the pilot district; and

(f) Recommendations regarding the administration of the pilot program, including, but not limited to, whether the pilot program should be administered directly by a city agency, by a third-party developer, by a public-private partnership, or under a private ownership model with title to the system transferred to property owners after a set term.

2. The director of long-term planning and sustainability may discontinue reporting to the mayor and the council after issuing five annual reports as required by paragraph 1 of this subdivision.

§ 2. This local law takes effect 90 days after it becomes law.

A Local Law to amend the administrative code of the city of New York, in relation to creating an exemption to the rebuttable presumption applicable to vending tickets

Be it enacted by the Council as follows:

Section 1. Subdivision d of section 20-559 of the administrative code of the city of New York, as added by local law number 80 for the year 2016, is amended to read as follows:

d. For the purposes of this subchapter, there shall be a rebuttable presumption that any violation of any provision of this subchapter or any rules promulgated pursuant to such subchapter by a ticket seller was caused by:

1. the place of entertainment, mode of transportation, or guided tour whose ticket is vended; and/or
2. the person on whose behalf the ticket is vended.

Such presumption shall not apply: (i) where the ticket vended is counterfeit and was not issued by the place of entertainment, mode of transportation, or guided tour; or (ii) where the circumstances of the vending were not authorized or subject to the control of the place of entertainment, mode of transportation, or guided tour.

e. A proceeding to recover any civil penalty pursuant to this section shall be commenced by the service of a summons or notice of violation which shall be returnable to the office of administrative trials and hearings.

§ 2. This local law takes effect on the same date that local law number 80 for the year 2016 takes effect.

A Local Law to amend the administrative code of the city of New York, in relation to building alteration permits

Be it enacted by the Council as follows:

Section 1. Item 2 of section 28-105.2 of the administrative code of the city of New York, as amended by local law 141 of 2013, is amended to read as follows:

2. Alteration permits: for the alteration of buildings or structures, including new and existing sign structures and partial demolition in conjunction with such building or structure. *Such alteration permits shall be further classified as follows:*

2.1 Alteration type 1 permits: for the alteration of buildings or structures requiring an amended or new certificate of occupancy, or having a cost of \$100,000 or more.

2.2 Alteration type 2 permits: for the alteration of buildings or structures involving multiple work types but not requiring an amended or new certificate of occupancy and not having a cost of \$100,000 or more.

2.3 Alteration type 3 permits: for the alteration of buildings or structures involving only one work type and not requiring an amended or new certificate of occupancy, and not having a cost of \$100,000 or more.

§ 2. This local law takes effect 120 days after it becomes law, except that the commissioner of buildings may take such measures as are necessary for its implementation, including the promulgation of rules, prior to its effective date.

Referred to the Committee on Housing and Buildings.

A Local Law to amend the administrative code of the city of New York, in relation to prohibiting the display of wild or exotic animals for public entertainment or amusement

Be it enacted by the Council as follows:

Section 1. Chapter one of title 17 of the administrative code of the city of New York is amended by adding a new section 17-199.1 to read as follows:

§ 17-199.1 *Wild and Exotic Animal Performances Prohibited. a. Definitions. For the purposes of this section, the following terms have the following meanings:*

1. *Cause a performance. The term “cause a performance” means to be responsible for the management of a performance, to financially benefit as an owner or operator from a performance, or to sponsor a performance.*

2. *Companion animal. The term “companion animal” means any common household dog or cat, and any other domesticated animal normally maintained in or near the household of the owner or person who cares for such animal.*

3. *Farm animal. The term “farm animal” means poultry, sheep, swine, goats, donkeys, mules, horses, or any species of cattle.*

4. *Mobile or traveling housing facility. The term “mobile or traveling housing facility” means a transporting vehicle such as a truck, trailer or railway car, used to house animals while traveling for exhibition or other performance.*

5. *Performance. The term “performance” means any exhibition, public showing, presentation, display, exposition, fair, act, circus, ride, trade show, petting zoo, carnival, parade, race, performance, or similar undertaking in which animals are required to perform tricks, give rides, or participate as accompaniments for the entertainment, amusement, or benefit of a live audience.*

6. *Wild or exotic animal. The term “wild or exotic animal” means any animal from any of the following superorders, orders, classes, families or clades except for companion animals and farm animals, or any hybrid of any such animal, including a hybrid with a companion animal or farm animal:*

- i. Ardeidae (herons);*
- ii. Artiodactyla (including hippopotamuses, giraffes, camels and llamas);*
- iii. Canidae (including wolves, foxes and jackels);*
- iv. Cetacea (including whales and dolphins);*
- v. Crocrodilia (including alligators and crocodiles);*
- vi. Diomedeidae (albatrosses);*

- x. Hyaenidae (hyenas);*
- xi. Marsupialia (including kangaroos and koalas);*
- xii. Mustelidae (including ferrets, weasels, otters and badgers);*
- xiii. Non-human primates (including apes, monkeys and lemurs);*
- xiv. Pelicanidae (pelicans);*
- xv. Perissodactyla (including rhinoceroses, tapirs and zebras);*
- xvi. Phoenicopteriformes (flamingos);*
- xvii. Pinnipedia (including seals, sea lions and walruses);*
- xviii. Procyonidae (including raccoons);*
- xix. Ratites (including ostriches, emus and kiwis);*
- xx. Sphenisciformes (penguins);*
- xxi. Ursidae (bears);*
- xxii. Viverridae (civets and genets); and*
- xxiii. Xenarthra (including anteaters, sloths and armadillos).*

b. Prohibited acts. It shall be unlawful for any person to cause a performance of any wild or exotic animal, unless such performance:

1. occurs at a non-mobile facility accredited by the association of zoos and aquariums or the global federation of animal sanctuaries; or

2. is conducted as part of an educational or conservation program or presentation by or on behalf of an institution or facility accredited by the association of zoos and aquariums or the global federation of animal sanctuaries, if the wild or exotic animal or animals used in the performance is or are not kept in a mobile or traveling housing facility for more than 12 hours in any 24 hour period that includes such performance; or

3. occurs as part of a religious ceremony or celebration, and consists solely of the display of such wild or exotic animal; or

4. occurs at a research facility registered by the United States department of agriculture and approved to operate pursuant to section 504 of the New York state public health law.

c. Enforcement. Any authorized employee, officer, or agent of the department or any other city agency designated by the mayor may enforce the provisions of this section or any rule promulgated thereunder.

d. Rules. The commissioner may promulgate rules as may be necessary for the purpose of carrying out this section.

e. Violation and penalties. Any person who violates subdivision b of this section or any rule promulgated thereunder shall be liable for a civil penalty not to exceed two thousand five hundred dollars for each violation recoverable in a proceeding before any tribunal established within the office of administrative trials and hearings or within any agency of the city of New York designated to conduct such proceedings; except that for a first such violation and other violations occurring on the same day, such person shall be liable for a civil penalty not to exceed one thousand dollars for each violation recoverable in a proceeding before any such tribunal. Each performance of a wild or exotic animal constitutes a separate violation of this section.

§ 2. Severability. If any section, subsection, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this local law, which remaining portions shall continue in full force and effect.

§ 3. This local law takes effect 180 days after it becomes law; provided, however, that the commissioner shall take such actions, including the promulgation of rules, as may be necessary for the timely implementation of this local law.

Referred to the Committee on Health.

A Local Law to amend the administrative code of the city of New York, in relation to notifying council members and community boards of muni-meter installations

Be it enacted by the Council as follows:

Section 1. Subchapter 2 of chapter 1 of title 19 of the administrative code of the city of New York is amended by adding a new section 19-167.4 to read as follows:

§ 19-167.4 *Muni-meter installation. a. For purposes of this section, “affected council member(s) and community board(s)” has the same meaning as in section 19-101.2.*

b. Prior to the installation of a new muni-meter, the department shall forward notice of such installation to affected council member(s) and community board(s) by electronic mail.

c. Within ten business days after receipt of such notice: (i) the affected council member(s) may submit recommendations and/or comments regarding such notice to the department; and (ii) the affected community

board(s) may either submit recommendations and/or comments regarding such notice, and/or request a presentation regarding such installation, which shall be made to such community board(s) within 30 days of such request.

d. The department shall consider any recommendations and/or comments made pursuant to subdivision c of this section or recommendations and/or comments made within seven days of any presentation to a community board(s) by such community board(s) prior to the installation of a new muni-meter.

§ 2. This local law takes effect 120 days after it becomes law; provided, however, the commissioner of transportation shall take all actions necessary for its implementation, including to the promulgation of rules, prior to such effective date.

Referred to the Committee on Transportation.

Int. No. 1235

A Local Law to amend the administrative code of the city of New York, in relation to respecting the right to record police activities

Be it enacted by the Council as follows:

Section 1. Title 10 of the administrative code of the city of New York is amended by adding a new Chapter 9 to read as follows:

*Chapter 9
The Right To Record Police Activities*

§ 10-901 Definitions.

§ 10-902 Right to record police activities.

§ 10-903 Private right of action.

§ 10-904 Preservation of rights.

§ 10-905 Reporting.

§ 10-901 Definitions. For purposes of this chapter, the following terms have the following meanings:

Officer. The term “officer” means any peace officer or police officer as defined in the criminal procedure law who is employed by the city of New York, or any special patrolman appointed by the police commissioner pursuant to section 14-106 of the administrative code.

Police activities. The term “police activities” means any activity by an officer acting under the color of law.

Record. The term “record” means to capture or attempt to capture any moving or still image, sound, or impression through the use of any recording device, camera, or any other device capable of capturing audio, moving or still images, or by way of written notes or observations.

§ 10-902 Right to record police activities. A person may record police activities and maintain custody and control of any such recording and of any property or instruments used in such recording. Nothing in this chapter shall be construed to permit a person to engage in actions that physically interfere with an official and lawful police function, or to prevent the seizure of any property or instruments used in a recording of police activities otherwise authorized by law, or to prohibit any officer from enforcing any other provision of law.

§ 10-903 Private Right of Action.

a. A claim of unlawful interference with recording police activities is established under this chapter when an individual demonstrates that he or she recorded or attempted to record police activities in accordance with section 10-902 and an officer interfered with that person’s recording of police activities. Such interference includes but is not limited to the following actions:

- 1. preventing or attempting to prevent the recording of police activities;*
- 2. threatening or making any effort to intimidate a person recording police activities;*

3. *stopping, seizing, searching, issuing any summons, or arresting any individual because such individual recorded police activities; or*

4. *seizing property or instruments used by any individual to record police activities.*

b. It shall be an affirmative defense that a reasonable officer in the position of such officer would have had probable cause to believe that the person recording police activities physically interfered with an official and lawful police function, or that such officer's actions were otherwise authorized by law.

c. A person subject to unlawful interference with recording police activities as described in subdivision a of this section may bring an action in any court of competent jurisdiction for any damages, including punitive damages, and for declaratory and injunctive relief and such other remedies as may be appropriate.

d. In any action or proceeding to enforce this section, the court may allow a prevailing plaintiff reasonable attorney's fees as part of the costs, and may include expert fees as part of the attorney's fees.

e. Any action or proceeding to enforce this section shall be commenced no later than one year and 90 days after the date on which the violation of this section is committed.

§ 10-904 Preservation of rights. This section shall be in addition to all rights, procedures, and remedies available under the United States Constitution, Section 1983 of Title 42 of the United States Code, the Constitution of the State of New York and all other federal law, state law, law of the City of New York or the New York City Administrative Code, and all pre-existing civil remedies, including monetary damages, created by statute, ordinance, regulation or common law.

§ 10-905 Reporting. The commissioner shall submit to the council and the mayor, and post to the department's website, within 20 days of the beginning of each quarter, a report containing the following information for the previous quarter: the number of arrests, criminal summonses, and civil summonses in which the person arrested or summonsed was recording police activities as defined in section 10-901. Such report shall include this information in total and disaggregated by the following factors: the patrol precinct in which such arrest or summons occurred, the offense charged, and the apparent race, ethnicity, gender, and age of the person arrested or summonsed. The information to be reported pursuant to this section shall be compared to previous reporting periods, shall be permanently stored on the department's website, and shall be stored in alphanumeric form that can be digitally transmitted or processed and not in portable document format or scanned copies of original documents.

§ 2. Severability. If any provision of this bill or any other provision of this local law, or any amendments thereto, shall be held invalid or ineffective in whole or in part or inapplicable to any person or situation, such holding shall not affect, impair or invalidate any portion of or the remainder of this local law, and all other provisions thereof shall nevertheless be separately and fully effective and the application of any such provision to other persons or situations shall not be affected.

§ 3. This local law takes effect 30 days after it becomes law, provided that the first quarterly report pursuant to section 10-905 is due within 20 days of the quarter beginning October 1, 2016.

Referred to the Committee on Public Safety.

Res. No. 1162

Resolution calling upon the New York State legislature to pass, and the Governor to sign, legislation to amend the Social Services Law to require a sponsoring agency seeking to establish a limited secure placement facility in a particular community district, under the close to home initiative, to notify and provide such district with an opportunity for notice and comment.

\
By Council Members Wills and Barron.

Whereas, Close to Home is a juvenile justice reform initiative launched by New York State Governor Andrew Cuomo in 2012 to keep youth close to their families and community; and

Whereas, Pursuant to Close to Home, New York State Social Services Law ("SSL") section 404 permits the New York City Administration for Children's Services ("ACS") to oversee custody of New York City youth adjudicated as juvenile delinquents, who are deemed by Family Court as needing placement other than in a secure

detention facility, in limited secure placement (“LSP”) facilities and non-secure placement facilities (“NSP”) in New York City; and

Whereas, The New York City Department of Investigation (“DOI”) released a report on Wednesday April 13, 2016, detailing the arrests of four overnight staff members from a Brooklyn NSP facility in connection with a 2015 incident where three juveniles absconded, and later raped and robbed a woman in Manhattan; and

Whereas, The DOI report identified several systemic management and oversight deficiencies by ACS, including inadequate policies and procedures for the monitoring of safety and security at all Close to Home locations; and

Whereas, Close to Home has been implemented in two phases, with phase I including the roll out of NSP facilities in 2012; and

Whereas, ACS testified at a hearing of the New York City Council’s Committee on Juvenile Justice held on April 14, 2016, that phase II of Close to Home, including the roll out of LSP facilities, began in December 2015; and

Whereas, Young people who are placed into an LSP facility by a Family Court judge typically present higher risks than those who are placed in an NSP setting, so that LSP facilities require more restrictive security features to ensure the safety of residents, program staff, and local communities; and

Whereas, Given the content of the DOI report, there is reason for community members to be concerned about the establishment of an LSP facility in such community; and

Whereas, SSL section 404 further allows ACS to enter into contracts with authorized agencies to operate and maintain such LSP facilities; and

Whereas, The New York State Mental Hygiene Law (“MHL”) section 41.34 relates to site selection of community residential facilities for the disabled; and

Whereas, Pursuant to MHL section 41.34, when a sponsoring agency has selected a site for a community residential facility for the disabled, the agency must notify the municipality of the specific address of the site and the type of community residence, among other things; and

Whereas, Pursuant to MHL section 41.34, once the municipality has been notified about the site proposal, the municipality has 40 days to approve of the site, suggest one or more suitable sites, or make an objection to the site; and

Whereas, Close to Home sites are residential facilities focused on rehabilitation, and communities should have the same opportunity for notice and comment as required for community residential facilities for the disabled; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State legislature to pass, and the Governor to sign, legislation to amend the Social Services Law to require a sponsoring agency seeking to establish a limited secure placement facility in a particular community district, under the close to home initiative, to notify and provide such district with an opportunity for notice and comment.
