INVOCATION

The Invocation was delivered by: Rabbi Yirmi Levy, Sephardic Congregation of Mill Basin located at 2133 64th Street, Brooklyn, N.Y. 11234.

Before we start, I just want to acknowledge and to thank,
from the bottom of my heart,
to the Speaker of the House,
Madam Adrienne Adams,
thank you so much for welcoming me,
so beautifully, so graciously,
and of course my beloved Councilwoman of the 46th District,
the one and only Council Member Mercedes Narcisse.

I just want to say one thing,
when we get together in such a beautiful place,
I call it a sacred place, this momentous occasion,
with the honorable Council Members, distinguished guests,
something comes to my mind from the Bible –
it says when God was looking for a vessel, a vessel that contained,
that could contain all these blessings,
he was searching for a vessel,
he found one vessel called Peace, *Shalom; Salaam*
that's what he found, a vessel called Peace.
I look at everybody around here in this beautiful place,
it's a diverse city, diverse Council,
but when God said, the vessel, my vessel is Peace,
we can have different opinions,
we can argue every once in a while, yeah, right –
every second of every moment,
but the end of the day, we leave this place
as friends as brothers and sisters.
When Moses was about to depart, to leave the world,
he was about to say farewell
to his nation, to his people,
Sefer Bamidbar, The Book of Numbers
chapter 27, verse 16,
he prayed to God and he said:
(speaking in a phrase in a foreign language at this point)

Please, the God of the Winds,
he did not say the God of Wind in singular,
God of Winds in plural.
Why he said that, if you take few people,

10 people in one room,
one would say, it's very cold in here;
the other one would say it's crazy hot.
It's very hard to please everyone.
Moses said please, God Almighty,
I'm about to perish,
I'm about to leave the world;
I'm begging of you,
I'm pleading you, I'm pleading with you,
appoint a leader that can contain,
and observe, and care,
and love each and every person
that lives in the world, that is in the world.
Please, so many winds,
so many people, so many directions,
so many states of mind, so many opinions.
You need a leader that can handle everything,
that can love each, and everyone
and give him special attention.
As I see in my district, my leader, my beloved leader,
Council Member Mercedes Narcisse,
she works day and night,
every moment of every single day.
She sees diversity, different religions,
but she cares and, she works
with every leader, of single religion
to put everybody together, to love everyone,
and to be there for every single one.
There are a lot of problems around the world,
but we are here in New York,
we have to take care of our neck of the woods,
we have to take care of every single New Yorker,
young or old, men, women, doesn't make a difference,
Jewish, not Jewish, Christians, Muslims,
We're All God's Children.
As Council leaders and members,
I plead with each and every one of you,
you have to pay so many bills every single day,
care about every single New Yorker over here,
do whatever it takes to obey God's command
to take into yourself every single person with his own needs.
We have so much that unite us than divides us.
We need peace. We need love, a lot of TLC,
and I do not mean Taxi and Limousine Commission;
I mean tender love and care.
And I want to tell you something I saw not too long ago,
a valedictorian wrote something and said something so beautiful.
He said, my mother taught me
that negativity has 10 letters,
but so has positivity.
Cry has three letters but so has joy.
Enemies has seven letters, but so has friends.
Hate has four letters, but so does love.

I pray to God that may he grant all of you,
and all of us, with much love.
I pray for a true love. I pray for a true unity.
I pray that we break all the walls between us.
I pray for a lot of peace in the world.
May God grant all of you
with a strength, the power, the love,
the care, the wisdom, and the courage
to move this beautiful city forward.
We have so much to do,
this is the greatest city, the greatest city.
It's in your hands to make it even greater.
May God bless all of you;
may God bless the Speaker of the House, Madam Adrienne E. Adams.
May God bless the Mayor of the City of New York, Eric Adams.
May God bless my favorite Councilwoman, Mercedes Narcisse.
May God bless each and everyone of you.
May God bless this beautiful city,
remarkable city of New York,
and may God bless the United States of America.
Amen.

Council Member Narcisse moved to spread the Invocation in full upon the record.

Council Member Schulman moved that the Minutes of the Stated Meeting of June 20, 2024 be adopted as printed.

REPORT OF THE STANDING COMMITTEES

Report of the Committee on Contracts

Report for Int. No. 863-A

Report of the Committee on Contracts in favor of approving and adopting, as amended, a Local Law to amend the New York city charter, in relation to expanding the application of procurement procedures for certain service contracts, and enhancing public notice requirements for changes to planned contract actions.

The Committee on Contracts, to which the annexed amended proposed local law was referred on May 16, 2024 (Minutes, page 2008), respectfully

REPORTS:

I. INTRODUCTION

On July 18, 2024, the New York City Council's Committee on Contracts, chaired by Council Member Julie Won, held a vote on Introduction Number 863-A (Int. 863-A), sponsored by Council Member Justin Brannan, a Local Law to amend the New York city charter, in relation to expanding the application of procurement procedures for certain service contracts, and enhancing public notice requirements for changes to planned contract actions. The bill passed the committee vote with four votes in the affirmative, zero votes in the negative and zero abstentions.

II. LEGISLATIVE ANALYSIS

Int. 863-A - A Local Law to amend the New York city charter, in relation to expanding the application of procurement procedures for certain service contracts, and enhancing public notice requirements for changes to planned contract actions

Int. 863-A would amend Section 312 of the New York City Charter to modify procurement procedures for certain service contracts. The bill would increase the threshold for review of a contract's potential displacement of city workers from \$200,000 to \$1,000,000 for service contracts.

Int. 863-A would remove exceptions from competitive procurement requirements for required source procurements, contracts valued over \$1 million where the services portion is \$1 million or less, and noncompetitive small purchases from businesses certified as M/WBEs.

Int. 863-A expands the scope of Section 312 review to include contract amendments, subjecting amendments that would increase a contract's value to over \$1 million to the same review and notice requirements as new contracts.

Int. 863-A would also require additional evidence that certain service contracts would not displace City workers and mandate public notice at least ten days prior to certain unplanned contract actions.

Int. 863-A would go into effect 45 days after it bill becomes law.

Int. No. 863-A

By Council Members Brannan, Louis, Brewer, Bottcher, Won, Abreu and Rivera.

A Local Law to amend the New York city charter, in relation to expanding the application of procurement procedures for certain service contracts, and enhancing public notice requirements for changes to planned contract actions

Be it enacted by the Council as follows:

Section 1. Subdivision a of section 312 of the New York city charter, as amended by local law number 63 for the year 2011, is amended to read as follows:

a. Prior to entering into, renewing, or [extending] *amending* a contract valued at more than [two hundred thousand] *one million* dollars to provide standard or professional services, *or prior to renewing or amending a contract to provide standard or professional services that, following such renewal or amendment, would have a value of more than one million dollars*, including agency task orders pursuant to multi-agency task order contracts, but excluding emergency procurements, government-to-government purchases, *required source procurements as described in paragraph (2) of subdivision (d) of section 1-02 of title 9 of the rules of the city of New York, contracts that have a total value of more than one million dollars but for which the value of standard or professional services included in such contract is one million dollars or less, small purchases from businesses certified as minority or women-owned business enterprises pursuant to section thirteen hundred four of the charter*, and the procurement of legal services or consulting services in support of current or anticipated litigation, investigative or confidential services, an agency shall follow the procedure established herein and the mayor shall comply with the reporting requirements set forth in paragraph 8. *A contract or agency task order shall not be artificially divided in order to reduce the value of such contract or agency task order to avoid the requirements of this section.*

1. Prior to issuing an invitation for bids, request for proposals, or other solicitation, or renewing or [extending] *amending* an existing contract, the agency shall determine whether such contract is the result of or would result in the displacement of any city employee within the agency. For the purpose of this section, *the term “displacement” shall mean a reduction in the number of funded positions, including but not limited to, that resulting from the attrition; layoff; demotion; bumping; involuntary transfer to a new class, title, or location; time-based reductions, or reductions in customary hours of work, wages, or benefits of any city employee.*

[a.] (a) There shall be a presumptive determination that a proposed contract is the result of or would result in displacement if any of the following events occurred in the three year period preceding the date the agency intends to issue an invitation for bids, request for proposal, or other solicitation, or *to renew or [extend] amend* an existing contract:

(1) the displacement of a city employee within the agency who performs or has performed the services sought by the proposed contract [and/or] *or* services of a substantially similar nature or purpose; or

(2) the announcement of spending reductions in connection with a budgetary program, including but not limited to a Program to Eliminate the Gap, that could result or has resulted in the displacement of a city employee within the agency who performs or has performed the services sought by the proposed contract [and/or] *or* services of a substantially similar nature or purpose; or

(3) any other statement by an agency or the mayor of a specific anticipated employment action that could result or has resulted in the displacement of a city employee within the agency who performs or has performed the services sought by the proposed contract [and/or] *or* services of a substantially similar nature or purpose.

[b.] (b) If the agency determines that displacement would not occur, it shall include a certification to that effect, signed by the agency head, in any invitation for bids, request for proposals, or other solicitation, or with any contract renewal or [extension] *amendment*. Such certification shall detail the basis upon which the agency determined that displacement would not occur, construing broadly the nature of the services sought and providing information including but not limited to: (i) whether any civil service title [and/or] *or* job title within the agency currently performs the services solicited [and/or] *or* services of a substantially similar nature or purpose, the names of such titles, and the extent to which agency employees within such titles currently perform such services; (ii) whether the solicited services expand, supplement, or replace existing services, and a detailed description comparing the solicited services with such existing services; (iii) whether there is capacity within the agency to perform the services solicited and, if there is no such capacity, a detailed description specifying the ways in which the agency lacks such capacity; (iv) for the term of the proposed contract, the projected headcount of employees within such titles or employees who perform such services [and/or] *or* services of a substantially similar nature or purpose; and (v) confirmation that none of the events set forth in subparagraph a of this paragraph occurred within the agency in the three year period preceding the date such agency intends to issue an invitation for bids, request for proposal, or other solicitation, or *to renew or [extend] amend* an existing contract.

[c.] (c) If the agency determines that displacement would occur, the agency shall determine the costs incurred and the benefits derived in performing the service, consistent with the scope and specifications within the solicitation, renewal, or [extension] *amendment*, with city employees, and shall submit such analysis, with all supporting documentation, prior to issuance of any solicitation or entry into any contract renewal or [extension] *amendment*, to the comptroller.

2. Immediately upon receipt of bids, proposals, and other solicitation responses, or prior to the renewal or [extension] *amendment* of an existing contract, the agency shall submit such determination, analysis, and supporting documentation to the council and to the appropriate collective bargaining representatives representing employees who would be affected pursuant to paragraph 1 of subdivision a of this section.

3. Prior to award of a contract, a renewal, or an [extension] *amendment*, the agency shall perform a comparative analysis of the costs expected to be incurred and the benefits expected to be derived from entering into, renewing, or [extending] *amending* a contract with the proposed vendor, based on such vendor's best and final offer, and such agency's analysis of the costs incurred and the benefits derived from providing the service with city employees. If the agency head intends to award, renew, or [extend] *amend* the contract, he or she shall submit the reasons therefor, together with such analysis, and all supporting documentation, to the comptroller, the council, and the appropriate collective bargaining representatives representing employees who would be affected pursuant to paragraph 1 of subdivision a of this section.

4. The council may, within thirty days after receipt of such reasons, analysis, and supporting documentation hold a hearing on this matter. No contract award, renewal, or [extension] *amendment* shall be made prior to the expiration of this thirty-day period or a council hearing, whichever is sooner.

5. [a.] (a) All cost and comparative analyses required under this section shall be conducted in accordance with standard methodology of the office of management and budget, and consistent with the rules of the procurement policy board, as both are modified herein, subject to further modification by local law. Such analyses shall include all reasonable costs associated with performing the service using city employees and all

reasonable costs associated with performing the service under the proposed contract or contract renewal or [extension] *amendment*.

[b.] (b) Such analyses shall further include the total number, qualifications, job descriptions, and titles of all personnel to be employed by the vendor under the proposed contract or contract renewal or [extension] *amendment*, as well as the nature and cost of salaries and benefits to be provided to such personnel.

[c.] (c) Such analyses shall further include, but not be limited to, the cost of employee supervision directly related to the provision of the service, vendor solicitation, contract preparation, contract administration, monitoring and evaluating the contractor, capitalization of equipment over the period such equipment shall be in use, supplies, the cost of providing the equivalent quantity and quality of service by city employees compared to the cost of providing such service by contract, based upon the best and final offer of the proposed vendor, and such other factors as will assist in arriving at full and accurate cost determinations and comparisons.

6. The reasons given to award, renew, or [extend] *amend* the contracts shall include all factors that have been considered in determining whether contracting for this service is in the best interest of the city, whether or not such reasons are contained within the cost or comparative analyses. Such factors shall include, but not be limited to, the potential for contractor default, the time required to perform the service, and the quality of the service to be delivered.

7. The mayor or his or her designee may prepare and implement a plan of assistance for displaced city employees, which may include, but need not be limited to, training to place such employees in comparable positions within the contracting agency or any other agency. The cost of such assistance plan may be included within the cost of contracting-out in the cost and comparative analyses.

8. [a.] (a) For the purposes of this paragraph, *the term* "agency" means a city, county, borough or other office, position, administration, department, division, bureau, board, commission, authority, corporation, advisory committee or other agency of government, the expenses of which are paid in whole or in part from the city treasury, and shall include but not be limited to, the department of education, the health and hospitals corporation, and the New York city housing authority, but shall not include any court, or any local development corporation or other not for profit corporation or institution, including such a corporation or institution maintaining or operating a public library, museum, botanical garden, arboretum, tomb, memorial building, aquarium, zoological garden or similar facility.

[b.] (b) The mayor shall, no later than July 31st of each year, produce and publish on the mayor's office of contract services website a plan and schedule for each agency detailing the anticipated contracting actions of each such agency for the upcoming fiscal year. The plan and schedule shall include: (i) information specific to each prospective invitation for bids, request for proposal, or other solicitation, including, but not limited to, the nature of services sought, the term of the proposed contract, the method of the solicitation the agency intends to utilize, the anticipated fiscal year quarter of the planned solicitation, the civil service [and/or] *or* job titles within the agency who perform the services sought [and/or] *or* services of a substantially similar nature or purpose, if any, and the headcount of employees within such titles who perform such services; and (ii) information specific to each proposed contract renewal or [extension] *amendment*, including, but not limited to, any modifications sought to the nature of the services performed under the contract, the term of the proposed renewed or [extended] amended contract, the reason(s) the agency intends to renew or [extend] *amend* such contract, the month and year of the expiration of the existing contract, the civil service [and/or] *or* job titles within the agency who perform the services sought [and/or] *or* services of a substantially similar nature or purpose, if any, and the headcount of employees within such titles who perform such services.

[c.] (c) If an agency intends to issue an invitation for bids, request for proposal, or other solicitation, or to renew or [extend] *amend* an existing contract, but the mayor fails to include such prospective invitation, request, solicitation, renewal or [extension] *amendment* in the plan and schedule *or such invitation, request, solicitation, renewal or amendment provides a longer contract term than the term provided in the plan and schedule or otherwise differs from the information included in the plan and schedule with respect to the nature of the services sought, the civil service or job titles within the agency that perform the services sought or services of a substantially similar nature or purpose, or the headcount of employees within such titles*, the mayor shall provide public notice [sixty] *ten* days before such agency issues such invitation, request, or solicitation, or enters into such renewal or [extension] *amendment*. Such notice, which shall be posted on the *website of the mayor's office of contract services [website]* and in the city record, shall include: (i) information specific to the prospective invitation for bids, request for proposal, or other solicitation, including, but not limited to, the nature of services

sought, the term of the proposed contract, the method of the solicitation the agency intends to utilize, the civil service [and/or] *or* job titles within the agency who perform the services sought [and/or] *or* services of a substantially similar nature or purpose, if any, and the headcount of employees within such titles who perform such services; or (ii) information specific to the proposed contract renewal or [extension] *amendment*, including, but not limited to, any modifications sought to the nature of the services performed under the contract, the term of the proposed renewed or [extended] *amended* contract, the reason(s) the agency intends to renew or [extend] *amend* such contract, the civil service [and/or] *or* job titles within the agency who perform the services sought [and/or] *or* services of a substantially similar nature or purpose, if any, and the headcount of employees within such titles who perform such services.

§ 2. Paragraph 1 of subdivision c of section 312 of the New York city charter, as added by a vote of the electors on November 7, 1989, is amended to read as follows:

1. For the purposes of this chapter, the term "special case" shall be defined as a situation in which it is either not practicable or not advantageous to the city to use competitive sealed bidding for one of the following reasons:

[i.] (a) specifications cannot be made sufficiently definite and certain to permit selection based on price alone;

[ii.] (b) judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality, and other factors;

[iii.] (c) the good, service or construction to be procured is available only from a single source;

[iv.] (d) testing or experimentation is required with a product or technology, or a new source for a product or technology, or to evaluate the service or reliability of such product or technology; or

[v.] (e) such other reasons as defined by rule of the procurement policy board.

§ 3. This local law takes effect 45 days after it becomes law.

Report of the Committee on Education

Report for Int. No. 118-A

Report of the Committee on Education in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to posting information and reporting on dress code policies in New York city public schools, and to repeal section two of such local law upon the expiration thereof.

The Committee on Education, to which the annexed proposed amended local law was referred on February 28, 2024 (Minutes, page 403), respectfully

REPORTS:

I. INTRODUCTION

On July 17, 2024, the Committee on Education, chaired by Council Member Rita Joseph, will consider Proposed Introduction Number (Int. No.) 118-A, sponsored by Council Member Diana Ayala, related to posting

information and reporting on dress code policies in New York city public schools, and to repeal section two of such local law upon the expiration thereof; and Resolution Number (Res. No.) 292, sponsored by Council Member Althea Stevens, calling on the New York City Department of Education to create an inclusive school dress code policy that complies with Title IX of the Federal Education Amendments Act and accounts for diverse cultures, gender expressions and body diversity.

The Committee previously held a hearing on Int. No. 118 and Res. No. 292 on June 18, 2024. At that hearing, the Committee heard testimony from the New York City (NYC) Department of Education (DOE), non-profits, community-based organizations, advocates, and members of the public.

II. BILL ANALYSIS

Proposed Int. No. 118-A – A Local Law to amend the administrative code of the city of New York, in relation to posting information and reporting on dress code policies in New York city public schools, and to repeal section two of such local law upon the expiration thereof

This bill would require the DOE to post dress code policies on its website and report on dress code policies in DOE schools, including information about whether each school has a dress code policy and data on dress code violations and penalties, broken down by month, week, and student race and gender. The reporting required in this bill would cease after 5 years.

Since it was heard, reporting requirements related to how dress code policies address gender and gender presentation, and whether dress code policies create different gender expectations were removed from this bill. Additionally, this bill was amended to require reporting on dress code violations and penalties disaggregated by race. This bill also received technical edits.

Report of the Committee on Health

Report for Int. No. 435-A

Report of the Committee on Health in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to expanding availability of rapid testing for sexually transmitted infections.

The Committee on Health, to which the annexed proposed amended local law was referred on February 28, 2024 (Minutes, page 887), respectfully

REPORTS:

I. INTRODUCTION

On July 18, 2024, the Committee on Health, chaired by Council Member Lynn Schulman, voted on Introduction Number 435-A (Int. No. 435-A), sponsored by Council Member Pierina Ana Sanchez, in relation to expanding availability of rapid testing for sexually transmitted infections. Int. No. 435-A passed with 9 votes in the affirmative, with no nays or abstentions.

The Committee on Health heard this legislation previously at a hearing on June 18, 2024. Witnesses who testified included representatives from the New York City Department of Health and Mental Hygiene (DOHMH), as well as advocacy groups, organizations, and other interested stakeholders.

II. BACKGROUND

A. AVAILABILITY OF TESTING FOR SEXUALLY TRANSMITTED INFECTIONS

Based on the most recently available data from DOHMH, cases of sexually transmitted infections (STIs), such as syphilis, gonorrhea, and chlamydia, rose significantly from 2021 to 2022, with Black and Hispanic individuals seeing notably higher rates of infections.¹ Many STIs have no symptoms or may only cause mild symptoms, therefore, it is possible to have an infection and not know it.² Thus, individuals who are sexually active are advised to get tested for STIs regularly.³ HIV, the virus that causes AIDS, can also be detected through testing.⁴ Sexual health clinics operated by DOHMH offer free or low-cost HIV tests for individuals 12 and older, regardless of immigration status.⁵ In June 2019, DOHMH established a “Quickie Lab” in Chelsea, Manhattan with capability to provide patients with rapid testing for HIV, syphilis, chlamydia, and gonorrhea.⁶ Rapid testing can be done in a clinical setting or at home, and rapid tests provide results within hours.⁷ Soon after, DOHMH established another “Quickie Lab” site in Fort Greene, Brooklyn, and currently these are the only 2 locations where DOHMH provides these rapid testing services full-time.⁸ During June of 2024, the Corona Sexual Health Clinic in Queens will offer express STI testing services every Thursday, from 3:30 to 6 p.m. The clinic will

provide HIV, chlamydia, gonorrhea, and syphilis testing on a walk-in basis for people who have no symptoms of an STI.⁹ DOHMH currently does not offer full-time rapid testing services in the Bronx, Queens, or Staten Island.¹⁰

III. LEGISLATIVE ANALYSIS

a. Int. No. 435-A

This bill would require DOHMH to make rapid testing sites for sexually transmitted infections available in at least four boroughs in the city. The bill would require that three sites be operational by February 15, 2026, and the fourth site by February 15, 2027. DOHMH would be required to determine the locations for such rapid testing services based on certain factors and to report to the Council on the considerations that went into making such determinations. DOHMH would also be required to conduct an outreach and education campaign in consultation or in partnership with relevant community-based organizations to inform communities of the locations and availability of rapid testing services. DOHMH would be required to submit to the Mayor and the Council a report detailing the availability of all rapid testing services in the city by August 15, 2025, and by each August 15 thereafter for 3 years. DOHMH would also be required to describe any concerns with opening and operating any of the sites by the deadlines required by the bill in such reports, as well as any progress.

Since its initial hearing, this bill was amended to include exact dates as deadlines for the opening of rapid testing sites and to clarify the reporting requirements—specifically—that DOHMH must report to the Mayor and Council by a specific date on any concerns with implementation. The bill was also amended to make clear what factors DOHMH should consider when determining the locations of the rapid testing sites and that they should work with relevant community-based organizations to perform outreach and education.

This bill would take effect immediately.

PROPOSED INTRO. NO: 435-A

TITLE: A Local Law to amend the administrative code of the city of New York, in relation to expanding availability of rapid testing for sexually transmitted infections.

⁹ *Supra* note 5.

¹⁰ *Supra* note 7.

SUMMARY OF LEGISLATION: This bill would require the Department of Health and Mental Hygiene (DOHMH) to make available rapid testing services for sexually transmitted infections in at least 4 boroughs. DOHMH would be required to determine the locations for such rapid testing services and report to the Council on the considerations that went into making such determinations. DOHMH would also be required to conduct an education campaign to inform communities of the locations and availability of rapid testing services and would be required to report to the Council annually for three years on the availability of rapid testing services throughout New York City.

EFFECTIVE DATE: This local law would take effect immediately.

FISCAL YEAR IN WHICH FULL FISCAL IMPACT ANTICIPATED: Fiscal 2026

FISCAL IMPACT STATEMENT:

	Effective FY25	FY Succeeding Effective FY26	Full Fiscal Impact FY26
Revenues	\$0	\$0	\$0
Expenditures	\$2,797,000	\$3,844,000	\$3,844,000
Net	\$2,797,000	\$3,844,000	\$3,844,000

IMPACT ON REVENUES: It is anticipated that there would be no impact on revenues resulting from the enactment of this legislation.

IMPACT ON EXPENDITURES: It is estimated that the annual fiscal impact of this legislation would be \$3.8 million when fully implemented. The cost estimate consists of Personal Services (PS) of approximately \$2.2 million, to fund 23 positions that include public health advisors, lab associates, microbiologists, and management, as well as Other Than Personal Services (OTPS) costs of approximately \$1.6 million for testing kits and materials. For Fiscal 2025, the prorated cost would be \$2.8 million of which \$1.1 million is for PS costs and \$1.7 million is for OTPS costs. These costs are dependent on where the rapid testing sites are located. If the Department can collocate the testing sites with sites where it provides existing services, it is likely that the cost would be diminished.

Within 30 days of determining each such location, the commissioner shall notify in writing the mayor and speaker of the council of the considerations that went into such determination.

§ 2. a. By Council Members Salamanca and Hanks.

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on June 7, 2024, its request dated June 7, 2024, that the Council take the following action regarding the proposed Urban Development Action Area Project (the "Project") located at 123 Father Capodanno Blvd. (Block 3124, Lot 116), 398 Hamden Avenue (Block 3728, Lot 20), 181-187 Moreland Street (Block 3734, Lots 38, 39, and 41), 176 Kiswick Street (Block 3736, Lot 20), 455-457 Lincoln Avenue (Block 3738, Lots 5 and 6), 111-113 Grimsby Street (Block 3795, Lot 37 (Tentative Lots 37 and 38)), 521 Lincoln Avenue (Block 3802, Lot 5), 770 Patterson Avenue (Block 3873, Lot 28), 527-529 Greeley Avenue (Block 3881, Lot 1 (Tentative Lots 1 and 3)), 1142-1144 Olympia Blvd. (Block 3884, Lots 14 and 15 (Tentative Lot 14)), Community District 2, Borough of Staten Island (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to Section 693 of the General Municipal Law;

3. Waive the requirements of Sections 197-c and 197-d of the Charter pursuant to Section 694 of the General Municipal Law; and
4. Approve the project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.
5. Approve the exemption of the project from real property taxes pursuant to Section 696 of the General Municipal Law (“UDAAP Exemption”).

WHEREAS, the Application is related to application G 240055 XAR (L.U. No. 100), a real property tax exemption pursuant to Section 577 of Article XI of the Private Housing Finance Law (the “Article XI Exemption”);

WHEREAS, the proposed project is to be developed on land that is an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

WHEREAS, upon due notice, the Council held a public hearing on the proposed project on June 12, 2024; and

WHEREAS, the Council has considered the land use and financial implications and other policy issues relating to the proposed project.

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the proposed project as an Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the designation requirement of the Disposition Area as an Urban Development Action Area pursuant to Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the proposed project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

The proposed project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council on June 7, 2024, a copy of which is attached hereto.

The exemption from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

- a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of 20 years commencing on the date of reconveyance of the Disposition Area to an owner which is not a housing development fund company (“UDAAP Commencement Date”); provided, however, that such exemption shall decrease in

ten equal annual decrements commencing upon the July 1st immediately preceding the tenth anniversary of the UDAAP Commencement Date.

- b. In consideration of the UDAAP Exemption, the owner of the Disposition Area shall waive the benefits, if any, of any Alternative Tax Benefit for so long as the UDAAP Exemption shall remain in effect.
- c. The UDAAP Exemption shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development (“HPD”) determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the transferee or any subsequent owner of such real property with, or for the benefit of, the City of New York. HPD shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than 90 days. If the noncompliance specified in such notice is not cured within the time period specified therein, the UDAAP Exemption shall prospectively terminate with respect to the real property specified therein.
- d. Notwithstanding any other provision to the contrary, the combined duration of the Article XI Exemption and the UDAAP Exemption shall not exceed 25 years.
- e. The provisions of the UDAAP Exemption shall apply separately to each individual property comprising the Disposition Area, and a sale or other event which would cause the expiration, termination, or revocation of the UDAAP Exemption with respect to one property in the Disposition Area shall not affect the continued validity of the UDAAP Exemption with respect to other properties in the Disposition Area.

RESOLUTIONS

The following are the respective Committee Reports for each of the Resolutions referred to the Council for a voice-vote pursuant to Rule 8.50 of the Council:

Report for voice-vote item Res. No. 10

Report of the Committee on Veterans in favor of approving a Resolution recognizing July 27 annually as Korean War Veterans Armistice Day in the City of New York to honor the courage and sacrifice of those who served.

The Committee on Veterans, to which the annexed resolution was referred on February 8, 2024 (Minutes, page 241), respectfully

REPORTS:

On Thursday, July 18, 2024, the Committee on Veterans, chaired by Council Member Robert Holden, held a vote on Resolution Number (Res. No.) 10, sponsored by Council Member Holden, recognizing July 27 annually as Korean War Veterans Armistice Day in the City of New York to honor the courage and sacrifice of those who served. The Committee originally heard Res. No. 10 on April 2, 2024. At that hearing, the Committee received testimony from the Department of Veterans' Services and community members.

The Committee on Veterans passed the resolution by a vote of five in the affirmative, zero in the negative, and zero abstentions.

Accordingly, this Committee recommends its adoption.

(The following is the text of Res. No. 10:)

Res. No. 10

Resolution recognizing July 27 annually as Korean War Veterans Armistice Day in the City of New York to honor the courage and sacrifice of those who served.

By Council Members Holden, Brooks-Powers, Gennaro, Farías, Louis, Won, Dinowitz, Yeger, Narcisse, Bottcher, Rivera, Schulman, Ariola, Marmorato, Carr and Paladino.

Whereas, After World War II, the Korean Peninsula was split into a Soviet-backed government in the North and a United States (U.S.)-backed government in the South; and

Whereas, On June 25, 1950, North Korean soldiers attacked along the 38th parallel, which divided the North and South, and invaded South Korea; and

Whereas, After the attack was condemned by the United Nations (UN) Security Council, the U.S. and other member nations sent troops to aid South Korea; and

Whereas, The ensuing three-year war cost the lives of millions of Korean civilians and soldiers from many countries and forever changed the lives of hundreds of thousands of those who were wounded and those who were brutally treated as prisoners of war; and

Whereas, On July 27, 1953, the Korean Armistice Agreement was signed by military delegates from the U.S., on behalf of the UN Command, the Korean People's Army, and the Chinese People's Volunteer Army, which had aided North Korea, thus bringing an end to armed conflict; and

Whereas, This longest negotiated armistice agreement in history, spanning two years and 17 days, was not and is not a formal peace treaty signed by nations, but rather a military truce, which separated the two parts of the Korean Peninsula by a Demilitarized Zone, which exists today; and

Whereas, On the National Mall in Washington, D.C., in 1995, U.S. President William J. Clinton and South Korea’s President Kim Young-sam dedicated the Korean War Veterans Memorial, described by President Clinton as an “enduring testament to [the veterans’] valor and generosity of spirit”; and

Whereas, The haunting Memorial includes 19 “On Patrol” stainless steel standing sculptures of servicemembers in a triangular “field of service,” a wall with more than 36,000 names of Americans killed in the War, a pool of remembrance, a UN wall with the engraved names of the 21 countries that fought with the U.S., and a black granite mural wall with etchings of more than 2,400 candid photographs of servicemembers; and

Whereas, President Clinton wrote in Proclamation 6812 on July 26, 1995, that “we look back in awe and gratitude at what our Armed Forces and allies accomplished in Korea” and that “[u]nder the banner of the United Nations, they fought to defend freedom and human dignity in the Korean peninsula, demonstrating to the world’s totalitarian regimes that men and women of goodwill were ready to pay the ultimate price so that others might enjoy the blessings of liberty”; and

Whereas, President Joseph R. Biden, Jr., in a Proclamation on July 26, 2022, to commemorate National Korean War Veterans Armistice Day, wrote that the 1.8 million Americans who served “faced enormous challenges—often outnumbered by the enemy, facing extreme heat and cold while fighting in the mountains and valleys and in the rice paddies and rocky terrain of the Korean Peninsula”; and

Whereas, President Biden said in his Proclamation that thousands of soldiers remain unaccounted for even today and that he is committed to accounting for all U.S. prisoners of war and servicemembers still missing in action;

Whereas, In his Proclamation, President Biden also remarked on almost 70 years of “ensuing peace and the abiding relationship between the Korean and American people [that] has been the foundation for the thriving democracy and incredible economic progress of the Republic of Korea”; and

Whereas, In his Proclamation, President Biden encouraged all Americans on July 27, 2022, “to reflect on the strength, sacrifices, and sense of duty of our Korean War Veterans and bestow upon them the high honor they deserve” and further “to observe this day with appropriate ceremonies and activities that honor and give thanks” to those Veterans; and

Whereas, July 27, 2023, was the 70th anniversary of the signing of the Korean Armistice Agreement, which heralded decades of peace after the bitter conflict; now, therefore, be it

Resolved, That the Council of the City of New York recognizes July 27 annually as Korean War Veterans Armistice Day in the City of New York to honor the courage and sacrifice of those who served.

ROBERT F. HOLDEN, *Chairperson*; SANDY NURSE, JOANN ARIOLA, VICKIE PALADINO, KRISTY MARMORATO; 5-0-0; Committee on Veterans, July 18, 2024.

Pursuant to Rule 8.50 of the Council, the Majority Leader and Acting President Pro Tempore (Council Member Farías) called for a voice vote. Hearing no objections, the Majority Leader and Acting President Pro Tempore (Council Member Farías) declared the Resolution to be adopted.

Adopted unanimously by the Council by voice-vote.

INTRODUCTION AND READING OF BILLS

Res. No. 497

Resolution calling on the NYPD Protest Response Oversight Committee to examine and prevent nuanced ways in which protestors may be silenced when monitoring NYPD’s compliance of new reforms established in a recent legal settlement.

By Council Members Avilés and Cabán.

Whereas, In September 2023, The New York Police Department (“NYPD”) agreed to a settlement to reform its handling of demonstrations after the New York Attorney General sued the NYPD over alleged abuses during protests following George Floyd's killing in 2020; and

Whereas, The settlement includes an overhaul of the NYPD's response to protests, shifting from a command-and-control approach to a graduated response, which includes a tiered system of de-escalation before deploying officers, banning the tactic of kettling where protesters are boxed in and arrested, restrictions on arrest discretion, press protections, and stricter penalties for officers abusing protestors; and

Whereas, The settlement establishes a monitoring committee composed of representatives from various organizations, including a new position called the First Amendment Activity (“FAA”) Senior Executive to oversee the department's response to all public demonstrations, to oversee the implementation and compliance of the new reforms by the NYPD in three phases over a multi-year period; and

Whereas, The City Council applauds the recent settlement aimed at reforming the NYPD's response to protests and protecting 1st Amendment rights and the right to protest free from threats of invasive surveillance, and physical and legal aggression from law enforcement; and

Whereas, The NYPD’s protest response oversight committee can play a crucial role in safeguarding protestors' rights and preventing abuses as they can be called upon to thoroughly examine and prevent nuanced ways in which protestors may be silenced, including but not limited to the use of violence and confiscation of protest tools; and

Whereas, The recent settlement represents a significant step towards improving the NYPD's response to protests and protecting the rights of protestors through collaborative efforts and oversight, ensuring a City where peaceful assembly is respected, dissent is heard, and justice is upheld for all; now, therefore, be it

Resolved, That the Council of the City of New York calls on the NYPD Protest Response Oversight Committee to examine and prevent nuanced ways in which protestors may be silenced when monitoring NYPD’s compliance of new reforms established in a recent legal settlement.

Res. No. 498

Resolution calling on the Metropolitan Transportation Authority (MTA) to create a program that provides New York City's first responder agencies with real-time Global Positioning System (GPS) data for all MTA buses.

By Council Members Farías, Brooks-Powers and Restler.

Whereas, The Metropolitan Transportation Authority (MTA) is the largest public transportation agency in North America; and

Whereas, Among the MTA's operating agencies are New York City Transit (NYCT), which manages, maintains, and runs subway and bus services in New York City (NYC), and MTA Bus Company, which operates local, express, and Select Bus Service routes in the Bronx, Brooklyn, and Queens; and

Whereas, According to MTA ridership data, for 2023, the average weekday bus ridership for NYCT and MTA Bus Company buses was 1,082,428 and 279,247, respectively; and

Whereas, In addition, the annual total bus ridership for 2023 for NYCT and MTA Bus Company buses was 340,766,398 and 82,216,666, respectively; and

Whereas, While the MTA, through NYCT and MTA Bus Company, provides an invaluable service to New Yorkers daily, in recent years, concerns regarding the safety of passengers and employees within the MTA systems, including its bus network, have received significant attention; and

Whereas, This has been particularly true for workers on MTA buses, as according to the MTA, there were 76 assaults on MTA bus workers in 2022, and 70 assaults in 2023; and

Whereas, Although data for passenger assaults is not available, these concerns undermine the public's perception of the safety of mass transit; and

Whereas, According to the MTA, it trains with local and national emergency response partners and regularly reviews its processes to keep customers safe; and

Whereas, MTA buses are equipped with a number of safety features, including roof hatches, emergency window exits, emergency rear door exit releases, and bus numbers, which are three- or four-digit numbers inside

and outside the bus that allow for passengers to identify each vehicle, which is particularly useful in an emergency or if a crime is being committed on board; and

Whereas, In addition, MTA bus operators can call the Bus Command Center, as well as 911, if there is an emergency or crime on board; and

Whereas, To build upon the safety features and processes that already exist, the MTA could create a program to regularly share real-time Global Positioning System (GPS) data for its buses with NYC's first responder agencies, such as the Police Department and the Fire Department; and

Whereas, With real-time GPS data for every MTA bus, responders would be able to address emergencies and crimes that occur on board more efficiently, as they would have clear and reliable information on exactly where the bus is; and

Whereas, Ensuring that the NYC agencies that respond to emergencies and crimes receive real-time and accurate GPS data for all MTA buses could save MTA passengers' and MTA workers' lives, while restoring the public's sense of peace on public transportation; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Metropolitan Transportation Authority (MTA) to create a program that provides New York City's first responder agencies with real-time Global Positioning System (GPS) data for all MTA buses.

Referred to the Committee on Transportation and Infrastructure.

Res. No. 499

Resolution calling on the United States Congress to pass, and the President to sign, the Protecting Consumers from Deceptive AI Act.

By Council Members Joseph, Farías, Avilés, Cabán, Salaam and Banks.

Whereas, The advancement of generative artificial intelligence (AI) models has led to a significant increase in the creation of convincing “deepfakes,” or computationally created media that falsely represent reality; and

Whereas, It is difficult to tell real and AI-generated images, audio, and videos apart, and multiple studies have shown that people cannot reliably detect deepfakes; and

Whereas, Bad actors can use deepfakes to deceive, misrepresent, and influence people, and researchers at cybersecurity company Mandiant have documented a number of instances of illicit actors using AI and deepfake technology for phishing scams, misinformation, and other illicit purposes; and

Whereas, Deceptive deepfakes have robbed millions of dollars from companies and individuals worldwide, including scams involving parents getting calls from cloned versions of their child’s voice asking for money, according to a 2023 *Bloomberg* report; and

Whereas, Deepfake celebrity endorsements of various products and scams have proliferated in the past year, including ads in which a deepfake of Tom Hanks endorsed a dental insurance plan and a deepfake of Taylor Swift promoted a cookware giveaway, as reported by *The New York Times*; and

Whereas, Deepfakes are also being used to influence politics, including an audio recording featuring a voice deepfake of Manhattan Democratic leader and former state Assemblyman Keith Wright disparaging Harlem Assemblywoman Inez Dickens posted online in 2023; and

Whereas, AI-generated content has led to numerous instances of harm to minors, particularly through the sharing of fake sexually explicit media; and

Whereas, Clear labeling of AI-generated content would help protect New Yorkers from deception; and

Whereas, As part of the Fiscal Year 2025 state budget, New York amended section 14-106 of the Election Law to require any entity that distributes or publishes any political communication altered with AI technology that could reasonably be perceived as authentic include a disclaimer that the material has been manipulated; and

Whereas, The Protecting Consumers from Deceptive AI Act, introduced in Congress by Representatives Anna Eshoo and Neal Dunn, attempts to mitigate the risks posed by deepfakes by requiring disclosures of all AI-generated content; and

Whereas, H.R.7766, the Protecting Consumers from Deceptive AI Act, would direct the National Institute of Standards and Technology to facilitate the development of standards for identifying and labeling AI-generated content; and

Whereas, The Protecting Consumers from Deceptive AI Act would require generative AI developers to include machine-readable disclosures such as watermarks within content generated by their AI applications; and

Whereas, The Protecting Consumers from Deceptive AI Act would require online platforms to use these disclosures to label AI-generated content; now, therefore, be it,

Resolved, That the Council of the City of New York calls on the United States Congress to pass, and the President to sign, the Protecting Consumers from Deceptive AI Act.

Referred to the Committee on Consumer and Worker Protection.

Res. No. 500

Resolution calling on the New York State Legislature to introduce and pass, and the Governor to sign, legislation entitled The New York State College Safety Act to require that all campuses of The State University of New York and The City University of New York permit autoimmune and immunocompromised students and faculty to learn and teach via remote instruction in as many courses as feasible whenever students or faculty are dealing with an unpredictable or temporarily debilitating impact of their condition.

By Council Members Joseph, Schulman, Avilés, Cabán, Salaam and Banks.

Whereas, According to the National Institutes of Health's Office of Autoimmune Disease Research, approximately 8 percent of Americans, or more than 25 million individuals, have an autoimmune disease, with almost 80 percent of those affected being women; and

Whereas, According to the Workers with Autoimmune Ailments Alliance, about 1.5 million of those individuals affected are college students; and

Whereas, There are between 80 and 150 conditions that are classified by various sources as autoimmune diseases, which produce chronic and sometimes debilitating symptoms and which have no known cure; and

Whereas, Some autoimmune diseases, such as Addison's disease or type 1 diabetes or Hashimoto's thyroiditis, target a specific organ while others produce symptoms throughout the body, such as rheumatoid arthritis and lupus; and

Whereas, In addition to being diagnosed with an autoimmune disease, individuals can become immunocompromised as a result of a variety of medical situations, such as being treated for some cancers or receiving an organ transplant; and

Whereas, Autoimmune and immunocompromised individuals who take or teach college courses can find themselves, at least from time to time, in need of remote instructional arrangements to protect their health, such as during flare-ups of an autoimmune illness or when dealing with the side effects of necessary medications; and

Whereas, Putting pressure on college students to attend class on campus or on college faculty to come to campus to teach class when they are dealing with a serious immediate impact of their condition is both inhumane and potentially dangerous to their well-being; and

Whereas, If introduced in and passed by the New York State Legislature, The New York State College Safety Act, initially proposed as a broader piece of federal legislation by the Workers with Autoimmune Ailments Alliance, would alleviate that pressure on both students and faculty and would ensure that their health is not further jeopardized by coming to a class in person; and

Whereas, The New York State College Safety Act would require that all campuses of The State University of New York and The City University of New York permit autoimmune and immunocompromised students and faculty to learn and teach via remote instruction in as many courses as feasible whenever students or faculty are dealing with an unpredictable or temporarily debilitating impact of their condition; and

Whereas, The New York State College Safety Act would require that The State University of New York and The City University of New York adopt clear regulations and policies regarding how remote instructional arrangements would be made for students and faculty on their campuses, including the length of time any such accommodation may last and an explanation for any courses in which class sessions cannot from time to time be taken or taught remotely; and

Whereas, The New York State College Safety Act would include an annual reporting mechanism to the State Legislature and a delineation of penalties to be incurred by The State University of New York and The City University of New York for noncompliance with the Act's provisions; now, therefore, be it

Resolved, That the Council of the City of New York calls on the New York State Legislature to introduce and pass, and the Governor to sign, legislation entitled The New York State College Safety Act to require that all campuses of The State University of New York and The City University of New York permit autoimmune and immunocompromised students and faculty to learn and teach via remote instruction in as many courses as feasible whenever students or faculty are dealing with an unpredictable or temporarily debilitating impact of their condition.

Whereas, According to the Centers for Disease Control, drowning is the leading cause of death for children aged one to four and the second leading cause of death for children under the age of 14; and

Whereas, Children who can swim are 88 percent less likely to drown than those who cannot swim, thus making the availability of swimming lessons for children an important strategy in preventing deaths by drowning; and

Whereas, For every child's death by drowning, five more children face brain and spinal cord injuries resulting from water accidents; and

Whereas, New York City has experienced tragic drowning deaths of teens this summer, including teenagers Elyjah Chandler and Christian Perkins, who drowned in the waters off Jacob Riis Park in Rockaway on June 21; and

Whereas, New York City also tragically lost teenaged sisters Zainab and Aisha Mohammed, who drowned at Coney Island Beach on July 5; and

Whereas, As a result of the recent drownings, elected officials from Queens and Brooklyn have called for more lifeguards to be hired, for lifeguards to work longer hours to protect swimmers who are tempted to swim after the beaches close, and for more free swimming lessons and other safety measures to be made available; and

Whereas, S.2545A, introduced on January 23, 2023, by State Senator Joseph Addabbo, Jr., representing the 15th State Senate District in Queens, would amend the State education law to allow school districts to provide water safety instruction to K-12 students in school and to require that schools send home to students' parents or guardians asynchronous water safety informational materials annually; and

Whereas, S.2545A also would permit the Commissioner of Education to provide technical assistance in developing age-appropriate water safety instructional curricula for students for grades K-12 and to make model curricula and resource materials available on the State Education Department's website; and

Whereas, Companion bill A.4846, introduced on February 23, 2023, by State Assembly Member Stacey Pheffer Amato, representing the 23rd State Assembly District in Queens, would provide for the same water safety instructional measures; and

Whereas, S.2545A/A.4846 would require that appropriate water safety instruction for use in schools and for use by parents and guardians at home be defined by the Commissioner of Education in regulations, after consulting with the Department of Health; and

Whereas, Such water safety instruction would include "the proper use of flotation devices, awareness of water conditions, how to respond if caught in a rip current, the proper lifeguarded supervision of swim areas, [and] safe behaviors in and around water"; and

Whereas, Such water safety instruction would include material on the importance of pool barriers and fencing, swim lessons, the avoidance of alcohol and drugs when swimming, cardiopulmonary resuscitation for drowning victims, and the order of administering first aid; and

Whereas, S.2545A/A.4846 would require each school district to notify the Commissioner of Education before the beginning of each school year as to whether the school district chooses to provide water safety instruction; and

Whereas, If passed, S.2545A/A.4846 would take effect on the following July 1; now, therefore, be it

Resolved, That the Council of the City of New York calls on the New York State Legislature to pass, and the Governor to sign, S.2545A/A.4846 to require school districts to send water safety informational materials home to students' parents or guardians and to permit school districts to provide water safety instruction in school for K-12 students.

Preconsidered Res. No. 504

Resolution authorizing the Speaker to commence legal action on behalf of the Council of the City of New York to oppose the Department of Correction's efforts to suspend Local Law 42 of 2024.

By Council Members Nurse and Rivera.

Whereas, Prolonged solitary confinement is recognized as torture by the United Nations; and

Whereas, Research by scholars at Cornell University found that solitary confinement, even only for a few days, increases the likelihood a person in custody will die by suicide, violence, or overdose; and

Whereas, A large body of research has established that solitary confinement leads to anxiety, depression, psychosis, and other impairments that reduce a person in custody's ability to reintegrate into society when they are released, including studies published by the U.S. Department of Justice Bureau of Justice Statistics; and

Whereas, Several people have died after being held in solitary confinement at the Rikers Island jail complex over the last decade; and

Whereas, The Council of the City of New York ("Council") has a responsibility to New Yorkers who have been persistently harmed and failed by Department of Correction ("DOC") policies that maintain the status quo; and

Whereas, After extensive public debate and consultation with corrections experts, impacted families, advocates, and labor unions, on January 30, 2024, the Council passed Local Law 42 of 2024, over a Mayoral veto, to address these problems; and

Whereas, Local Law 42 effectively bans solitary confinement in City jails and establishes standards for the use of restrictive housing and emergency lock-ins; and

Whereas, Local Law 42 enhances fairness, transparency, and accountability by, among other things, providing individuals in DOC's custody due process protections prior to being placed in restrictive housing or in continued use of restraints; and

Whereas, Local Law 42 goes into effect on July 28, 2024; and

Whereas, On June 25, 2024 the Board of Correction voted unanimously to approve its rules for the implementation of Local Law 42; and

Whereas, The DOC seeks to suspend the requirements of Local Law 42, as made clear by its June 5, 2024 letter in *Nunez, et al. v. City of New York et al.*; and

Whereas, Seeking suspension of Local Law 42 prior to its effective date is premature and inappropriate; and

Whereas, Local Law 42 is a vital piece of legislation that will save lives and improve safety and security in City jails for both detained individuals and staff; and

Whereas, The DOC is duty bound to implement valid local laws like Local Law 42; now, therefore, be it

Resolved, That the Council of the City of New York authorizes the Speaker to engage in legal action on behalf of the Council to defend Local Law 42 of 2024.

Adopted by the Council by voice-vote (preconsidered and approved by the Committee on Criminal Justice).

Resolution calling on the New York State Legislature to pass, and the Governor to sign, legislation to convert the School Construction Authority from a public benefit corporation to a New York City agency.

By Council Member Paladino.

Whereas, The New York City School Construction Authority (SCA) was established by the New York State Government in December 1988 under Title 6 of the New York State Public Authorities Law, known as The New York City School Construction Authority Act (the Act); and

Whereas, The Act established the SCA as a public benefit corporation governed by a 3-member board of trustees consisting of the chancellor, or acting chancellor, and 2 other members, to be appointed by the mayor; and

Whereas, The SCA was created to build new public schools and manage the design, construction, and renovation of capital projects in New York City's (NYC) public school buildings; and

Whereas, Further, the SCA manages the NYC Department of Education's Capital Plan and is solely accountable for planning, real estate, and budgeting, as well as the scoping, design, and construction of new schools and additions, as well as capital improvements to existing schools; and

Whereas, According to its website, SCA’s mission is to design and construct safe, attractive, and environmentally sound public schools for children throughout New York City, and the SCA is dedicated to building and modernizing schools in a responsible, cost-effective manner while achieving the highest standards of excellence in safety, quality, and integrity; and

Whereas, The SCA has sole authority over NYC public school buildings, including design and construction of new schools and additions, as well as renovations and capital improvements to existing schools; and

Whereas, NYC school administrators, parents, and elected officials have complained of a lack of transparency and reporting, and poor performance on projects under control of the SCA; and

Whereas, Further, there have been complaints about a lack of respect for deadlines, with some projects taking much longer than expected, and facing funding shortfalls; and

Whereas, Particularly concerning are claims of a lack of supervision over underperforming subcontractors by SCA on some projects; and

Whereas, Converting the SCA into a NYC agency could consolidate local control over the SCA and improve accountability and transparency, as well as overall efficiency and effectiveness of school construction and capital projects in New York City; now, therefore, be it

Resolved, That the Council of the City of New York calls on the New York State Legislature to pass, and the Governor to sign, legislation to convert the School Construction Authority from a public benefit corporation to a New York City agency.

Referred to the Committee on Education.

A Local Law to amend the administrative code of the city of New York, in relation to requiring that tenant-occupied dwellings be provided with cooled and dehumidified air

Be it enacted by the Council as follows:

Section 1. The article heading of article 8 of subchapter 2 of chapter 2 of title 27 of the administrative code of the city of New York is amended to read as follows:

ARTICLE 8
HEAT, COOLING, AND HOT WATER

§ 2. Article 8 of subchapter 2 of chapter 2 of title 27 of the administrative code of the city of New York is amended by adding a new section 27-2030 to read as follows:

§ 27-2030 *Maximum indoor temperature to be maintained; provision of cooling systems. a. Definitions. For purposes of this section, the term “covered dwelling” means a multiple dwelling or a tenant-occupied one- or two-family dwelling.*

b. Cooling-related requirements. 1. During the period from June 15 through September 15, in any covered dwelling in which centrally-supplied cooling is provided, such cooling shall be furnished so as to maintain, in every interior space of such covered dwelling intended for human occupancy, an indoor temperature no greater than 78 degrees Fahrenheit at 50 percent relative humidity when the outdoor air temperature is 82 degrees Fahrenheit or higher and the coincident wet bulb temperature is 73 degrees Fahrenheit or higher.

2. (a) Except as otherwise provided in subparagraph (b) of this paragraph, the owner of a covered dwelling in which centrally-supplied cooling is not provided shall provide and install in each living room of each dwelling unit of such dwelling a cooling and dehumidifying system capable of maintaining an indoor temperature of 78 degrees Fahrenheit at 50 percent relative humidity when the outdoor air temperature is 82 degrees Fahrenheit or higher and the coincident wet bulb temperature is 73 degrees Fahrenheit or higher.

(b) The owner of a covered dwelling shall not be required to provide and install a cooling and dehumidifying system pursuant to subparagraph (a) of this paragraph where such a system is already installed, provided that if a tenant of a dwelling unit in a covered dwelling notifies the owner of such covered dwelling that a cooling and dehumidifying system already installed in such dwelling unit is not capable of maintaining the temperature specified in subparagraph (a) of this paragraph, such owner shall then be required to provide and install a cooling and dehumidifying system in such dwelling unit pursuant to subparagraph (a) of this paragraph.

(c) No later than 30 days before June 15 of each year, the owner of a covered dwelling shall inspect any cooling and dehumidifying system installed pursuant to this paragraph to ensure that it is capable of maintaining the temperature specified in subparagraph (a) of this paragraph.

3. For purposes of determining compliance with paragraphs 1 and 2 of this subdivision, indoor temperature and relative humidity are to be measured 3 feet above the floor and at least 3 feet away from any exterior wall.

4. The owner of a covered dwelling shall ensure that every dwelling unit in such dwelling has a device capable of displaying the ambient temperature and relative humidity.

5. Owners of covered dwellings shall be subject to the requirements of this subdivision beginning 4 years after the effective date of the local law that added this section.

c. 1. Disclosure. Each owner of a covered dwelling shall include in any lease offered to a tenant or prospective tenant a notice, conspicuously set forth therein, which advises such tenant of the obligations of such owner under subdivision b of this section. The department shall determine the form of such notice. Such owner shall provide such notice in, at a minimum, English and the designated citywide languages as such term is defined by section 23-1101.

2. Owners of covered dwellings shall be subject to the requirements of this subdivision beginning 4 years after the effective date of the local law that added this section.

d. Extension. Where the owner of a covered dwelling is unable to comply with paragraph 1 of subdivision b of this section or with subparagraph (a) or (b) of paragraph 2 of such subdivision because of undue hardship, including but not limited to financial hardship, the need to make major capital improvements, or designation of such covered dwelling as a landmark, as a landmark site, as an interior landmark, or within a historic district pursuant to chapter 3 of title 25, such owner may submit to the department, in a form established by the department, an application for additional time to comply with such paragraph or subparagraph. Such owner shall submit such application to the department along with supporting documents indicating the basis for a claim of undue hardship. After reviewing such application and documents, the department may grant such owner an extension of time to comply with such paragraph or subparagraph, provided that any extension granted under this subdivision not exceed 2 years.

e. Pre-enforcement reporting. 1. No later than 2 years after the effective date of the local law that added this section, the owner of a covered dwelling shall report to the department, on an electronic form established by the department, the following information about such covered dwelling:

(a) The street address;

(b) The number of existing dwelling units;

(c) The number of existing dwelling units for which such owner is required to provide and install a cooling and dehumidifying system pursuant to subparagraph (a) or (b) of paragraph 2 of subdivision b of this section; and

(d) Whether such owner has submitted or plans to submit under subdivision d of this section an application for additional time to comply with paragraph 1 or subparagraph (a) or (b) of paragraph 2 of subdivision b of this section, and if so, such owner's basis for a claim of undue hardship under subdivision d of this section.

2. The department shall make each report submitted under this subdivision available on the department's website no later than 30 days after the department's receipt of such report.

f. Post-enforcement reporting. 1. No later than 5 years after the effective date of the local law that added this section, and annually thereafter, the owner of a covered dwelling shall report to the department, on an electronic form established by the department, the following information about such covered dwelling:

(a) The street address;

(b) The number of existing dwelling units;

(c) If applicable, (i) whether such covered dwelling is compliant with paragraph 1 of subdivision b of this section, and (ii) if such covered dwelling is not compliant with such paragraph, the reason for non-compliance;

(d) The number of existing dwelling units for which such owner provided and installed a cooling and dehumidifying system pursuant to subparagraph (a) of paragraph 2 of subdivision b of this section during the previous year;

(e) The number of existing dwelling units for which such owner provided and installed a cooling and dehumidifying system pursuant to subparagraph (b) of paragraph 2 of subdivision b of this section during the previous year; and

(f) Whether such owner completed an annual inspection under subparagraph (c) of paragraph 2 of subdivision b of this section, and if not, the reason such inspection was not completed.

2. For each covered dwelling, the department shall make each most recent report submitted under this subdivision available on the department's website no later than 30 days after the department's receipt of such report.

g. Outreach and education. 1. Beginning no later than 3 years after the effective date of the local law that added this section, the department shall establish and implement an outreach and education program to raise awareness for tenants of covered dwellings of the obligations of owners of such dwellings under subdivision b of this section. The department shall increase its outreach and education efforts under this paragraph during

the 90 days leading up to June 15 of each year and during the period of June 15 through September 15 of each year.

2. The department shall establish and implement an outreach and education program to inform owners of covered dwellings of their obligations under subdivisions b, c, e, and f of this section. Through such program, the department shall also provide such owners with the following information to assist in their compliance with the requirements of subdivision b of this section:

(a) The types of cooling and dehumidifying systems that have the capacity specified in subparagraph (a) of paragraph 2 of subdivision b of this section that are available;

(b) The cost, size, and energy efficiency of such cooling and dehumidifying systems; and

(c) Any government programs, including those involving financial resources and incentives, which are available to such owners to assist in their compliance with the requirements of subdivision b of this section.

h. Violations. Notwithstanding any other provision of law, an owner of a covered dwelling that violates paragraph 4 of subdivision b or subdivision c of this section is liable for a civil penalty of \$250 per violation. An owner of a covered dwelling that violates paragraph 1 or 2 of subdivision b of this section is liable for civil penalties as set forth in subdivision (k) of section 27-2115.

§ 3. Subdivision (k) of section 27-2115 of the administrative code of the city of New York, paragraph (1) of such subdivision as amended by local law number 65 for the year 2011, subparagraph (i) of such paragraph as amended by local law number 71 for the year 2023, and paragraph 3 of such subdivision as amended by local law number 16 for the year 2011, is amended to read as follows:

(1) (i) Notwithstanding any other provision of law, a person who violates section 27-2028, subdivision a of section 27-2029, *paragraph 1 or 2 of subdivision b of section 27-2030*, section 27-2031 or section 27-2032 [of this chapter] shall be subject to a civil penalty of not less than three hundred fifty nor more than one thousand two hundred fifty dollars per day for each violation from and including the date the notice is affixed pursuant to paragraph [two] 2 of this subdivision until the date the violation is corrected, and not less than five hundred nor more than one thousand five hundred dollars per day for each subsequent violation [of such sections] at the same dwelling or multiple dwelling that occurs *(i) in the case of section 27-2028, paragraph 2 of subdivision b of section 27-2030, section 27-2031 or section 27-2032*, within two consecutive calendar years [or,]; *(ii) in the case of subdivision a of section 27-2029*, during two consecutive periods of October [first] 1 through May [thirty-first] 31; or *(iii) in the case of paragraph 1 of subdivision b of section 27-2030*, during two consecutive periods of June 15 through September 15. A person who violates subdivision b of section 27-2029 of this chapter shall be subject to a civil penalty of fifty dollars per day from and including the date the notice is affixed pursuant to paragraph [two] 2 of this subdivision until the date the violation is corrected but not less than two thousand dollars. There shall be a presumption that the condition constituting a violation continues after the affixing of the notice.

(ii) Notwithstanding the provisions of subparagraph (i) of this paragraph and section 27-2116 [of this chapter], the civil penalties set forth in subparagraph (i) of this paragraph shall be deemed satisfied for a first violation of section 27-2028, subdivision a of section 27-2029, *paragraph 1 or paragraph 2 of subdivision b of section 27-2030*, section 27-2031 or section 27-2032 [of this chapter] if a notice, in a form prescribed by the department, that such violation has been corrected by the owner or an agent or employee of the owner within twenty-four hours of the affixing of the notice of such violation pursuant to paragraph [two] 2 of this subdivision, and a payment of two hundred fifty dollars, are submitted to the department within ten days of affixing the notice of such violation. A person who submits a false notice of correction shall be subject to a civil penalty of not less than two hundred fifty dollars for each false notice of correction, in addition to the other penalties herein provided. If the notice of correction and payment are not received within such ten-day period then the penalties set forth in subparagraph (i) of this paragraph shall be applicable to such violations and the department may commence a proceeding for an order to correct and to recover such penalties in accordance with this section and section 27-2116 [of this chapter]. A person who has violated section 27-2028, subdivision a of section 27-2029, *paragraph 1 or paragraph 2 of subdivision b of section 27-2030*, section 27-2031 or section 27-2032 [of this chapter] may allege as a defense or in mitigation of liability for civil penalties, compliance with the notice of correction and payment requirements of this subparagraph in any proceeding brought by the department seeking civil penalties under this subdivision. The process for submission of the notice of correction and payment set forth in this subparagraph shall not be available *(i) if a violation of section 27-2028, paragraph 2 of subdivision b of section 27-2030*, section 27-2031 or section 27-2032 [of this chapter] occurred at the same dwelling or

multiple dwelling during the prior calendar year [or,]; (ii) in the case of subdivision a of section 27-2029 [of this chapter], if a violation of such subdivision occurred at the same dwelling or multiple dwelling during the prior period of October [first] 1 through May [thirty-first] 31; or (iii) in the case of paragraph 1 of subdivision b of section 27-2030, if a violation of such paragraph occurred at the same dwelling or multiple dwelling during the prior period of June 15 through September 15.

(iii) Notwithstanding any other provision of law, within five business days from the date of receipt of the notice of correction by the department, the department shall mail to the occupant of any dwelling unit for which such violation was issued notification that the owner has submitted a notice of correction for such violation. The notification to the occupant shall include information on when the violation was reportedly corrected and how the occupant may object to such notice of correction. In addition, the provisions of paragraphs 4 and 5 of subdivision f of this section shall also be applicable to a notice of correction submitted in compliance with subparagraph (ii) of this paragraph.

(iv) Notwithstanding any other provision of law, a person who, after inspection by the department, is issued an immediately hazardous violation for a third or any subsequent violation of (i) section 27-2028, paragraph 2 of subdivision b of section 27-2030, section 27-2031 or section 27-2032 [of this chapter] at the same dwelling or multiple dwelling within the same calendar year [or, in the case of]; (ii) subdivision a of section 27-2029 [of this chapter,] at the same dwelling or multiple dwelling within the same period of October [first] 1 through May [thirty-first,] 31; or (iii) paragraph 1 of subdivision b of section 27-2030 at the same dwelling or multiple dwelling within the same period of June 15 through September 15 shall be subject to a fee of two hundred dollars for each inspection that results in the issuance of such violation as well as any civil penalties that may be due and payable for the violation, provided, however, that such fee shall not be applicable to inspections performed in a multiple dwelling that is included in the alternative enforcement program pursuant to article [ten] 10 of subchapter [five] 5 of this chapter. All fees that remain unpaid shall constitute a debt recoverable from the owner and a lien upon the premises, and upon the rents and other income thereof. The provisions of article [eight] 8 of subchapter [five] 5 of this chapter shall govern the effect and enforcement of such debt and lien.

(2) Notwithstanding any other provision of law, the department shall serve a notice upon the owner, his or her agent or other person responsible for the correction of violations by affixing such notice in a conspicuous place on the premises. The notice shall identify the condition constituting the violation, the provision of law applicable thereto, the date the violation was reported and set the penalty attendant thereto.

(3) Notwithstanding any other provision of law, the owner shall be responsible for the correction of all violations placed pursuant to article [eight] 8 of subchapter [two] 2 of this code, but in an action for civil penalties pursuant to this article may in defense or mitigation of such owner's liability for civil penalties show:

(i) That the condition which constitutes the violation did not exist at the time the violation was placed; or

(ii) That he or she began to correct the condition which constitutes the violation promptly upon discovering it but that full correction could not be completed expeditiously because of technical difficulties, inability to obtain necessary materials, funds or labor, or inability to gain access to the dwelling unit wherein the violation occurs, or such other portion of the building as might be necessary to make the repair; or

(iii) That he or she was unable to obtain a permit or license necessary to correct the violation, provided that diligent and prompt application was made therefor; or

(iv) That the violation giving rise to the action was caused by the act or negligence, neglect or abuse of another not in the employ or subject to the direction of the owner; or

(v) That in addition to any other defense or mitigation set forth in subparagraphs (i) through (iv) of this paragraph, with respect to an owner who may be subject to the penalty of not less than five hundred nor more than one thousand dollars per day with respect to a subsequent violation pursuant to paragraph [one] 1 of this subdivision, documentation of prompt and diligent efforts to correct the conditions that gave rise to an initial violation and that such conditions were corrected. Where demonstrated, such subsequent violation shall be treated as though it was an initial violation. However, this defense or mitigation may not be asserted or demonstrated where the initial and subsequent violations occurred (i) in the case of violations of section 27-2028, paragraph 2 of subdivision b of section 27-2030, section 27-2031 or section 27-2032, in the same calendar year [or,]; (ii) in the case of violations of subdivision a of section 27-2029, during the same period of October [first] 1 through May [thirty-first] 31; or (iii) in the case of violations of paragraph 1 of subdivision b of section 27-2030, during the same period of June 15 through September 15.

Where the aforesaid allegations are made by way of mitigation of penalties, the owner shall show, by competent proof, pertinent financial data, and efforts made to obtain necessary materials, funds or labor or to gain access, or to obtain a permit or license and such other evidence as the court may require.

If the court finds that sufficient mitigating circumstances exist, it may remit all or part of any penalties arising from the violation, but may condition such remission upon a correction of the violation within a time period fixed by the court.

A Local Law in relation to a feasibility study of carbon capture and sequestration of certain byproducts of the anaerobic digestion process used to break down compost, sewage, and other organic matter

Be it enacted by the Council as follows:

Section 1. The department of environmental protection, in consultation with the department of sanitation, shall study and report on the feasibility of capturing and sequestering greenhouse gas emissions produced as a byproduct of the department's anaerobic digestion process for compost, sewage, and other organic matter, where less than 100 percent of the byproduct will be repurposed for beneficial use. No later than one year after the effective date of this local law, the department of environmental protection shall submit to the mayor and speaker of the council and shall post conspicuously on its website a report on the findings of such study. Such study shall consider the following:

1. The methods by which capture and sequestration might be achieved depending on whether the byproduct not repurposed is in a solid, liquid, or gaseous state;
2. The capacity for capturing and sequestering byproduct not repurposed depending on the volume of such byproduct;
3. The challenges in ensuring that captured and sequestered byproduct not repurposed will remain sequestered and not enter the atmosphere as fugitive emissions; and
4. The costs of capture and sequestration compared to other methods of disposal.

§ 2. Ninety days after completion of the study required by section two of this local law, the commissioner of environmental protection shall inform the speaker of the council in writing whether the department will implement capture and sequestration programs wherever practicable according to the results of the feasibility study. Such notification shall include a detailed written framework of the timeline for such capture and sequestration programs, including relevant milestones and implementation deadlines. If the department is not able to meet the implementation deadlines laid out, it shall promptly submit to the mayor and speaker of the council a memorandum detailing why the target will not be met and identify remedial steps the department has the authority to take to achieve the implementation timeframe. If the department will not implement capture and sequestration programs the commissioner of environmental protection shall inform the speaker of the council and the mayor in writing of such determination and the reasons therefor.

§ 3. This local law takes effect immediately.

Res. No. 506

Resolution calling on Congress to pass, and the President to sign, S.1302/H.R.2389, the “Resident Physician Shortage Reduction Act of 2023,” to increase the number of residency positions eligible for graduate medical education payments under Medicare for qualifying hospitals, including hospitals in rural areas and health professional shortage areas.

By Council Member Schulman.

Whereas, According to the Association of American Medical Colleges, it is estimated that by 2034, the United States (U.S.) will experience a shortage of between 37,800 and 124,000 physicians, including 48,000 primary care physicians and 77,100 specialists, with occupational burnout serving as a primary driver of the shortage; and

Whereas, Researchers at the American Medical Association, the Mayo Clinic, and Stanford Medicine found that the incidence of occupational burnout among U.S. physicians was 62.8 percent in 2021, as compared with 38.2 percent in 2020 and 43.9 percent in 2017; and

Whereas, Per the same research by the American Medical Association, the Mayo Clinic, and Stanford Medicine, 1 in 5 U.S. physicians intended to leave medicine within the next two years, while 1 in 3 U.S. physicians planned to reduce their hours; and

Whereas, Moreover, per the American Medical Association, as of October 2023, almost half of all practicing U.S. physicians were over the age of 55 years; and

Whereas, Furthermore, the American Medical Association stressed that as of 2023, the average medical school graduate was burdened with more than \$250,000 in student loan debt, which often compels new physicians to bypass primary care and less populated, rural areas in favor of more lucrative specialties in or near large metropolitan areas; and

Whereas, The American Medical Association emphasized that as of October 2023, over 83 million Americans resided in areas without adequate access to a primary care physician; and

Whereas, In addition, per the American Medical Association, as of October 2023, among U.S. counties, 90 percent had no pediatric ophthalmologist, 80 percent had no infectious disease specialist, and over 33 percent of Black Americans resided in cardiology care deserts; and

Whereas, According to an analysis by the Center for Health Workforce Studies at the School of Public Health at the State University of New York (SUNY), it is projected that by 2030, there will be a shortage of between 2,500 and 17,000 physicians in New York State, representing between 3 percent and 15 percent of the number of physicians necessary to meet the expected demand for physician services in 2030; and

Whereas, Per the same analysis by the Center for Health Workforce Studies at the SUNY, it is forecasted that by 2030, New York City will experience a deficit of physicians across multiple specialties, with the overall gap at around 10 percent, among adult primary care physicians at more than 12 percent, and among such specialties as urology, pathology, and ophthalmology at over 33 percent; and

Whereas, With the intent of addressing the shortage of physicians in the U.S., U.S. Senator Robert Menendez introduced S.1302 in the U.S. Senate, and U.S. Representative Terri A. Sewell introduced companion bill H.R.2389 in the U.S. House of Representatives, known as the “Resident Physician Shortage Reduction Act of 2023,” which would increase the number of residency positions eligible for graduate medical education payments under Medicare for qualifying hospitals, including hospitals in rural areas and health professional shortage areas; and

Whereas, The “Resident Physician Shortage Reduction Act of 2023” would focus on rectifying the negative effect of provisions included in the “Balanced Budget Act of 1997,” which imposed caps on the number of federally-funded residency positions, and would build upon the 1,200 new Medicare-supported graduate medical education (GME) slots enacted by Congress through the “Consolidated Appropriations Act of 2021” and the “Consolidated Appropriations Act of 2023;” and

Whereas, Specifically, S.1302/H.R.2389 would provide 2,000 new Medicare-supported GME positions per fiscal year from FY 2025 to FY 2031, for a total of 14,000 new GME positions, and would stipulate that at least 10 percent of the GME slots must be distributed to hospitals that are within rural or noncontiguous areas, such as Alaska and Hawaii, to hospitals training over their GME positions cap, to hospitals located in states with new

medical schools or branch campuses, and to hospitals serving designated health professional shortage areas, with priority given to hospitals affiliated with historically Black medical schools; now, therefore, be it

Resolved, That the Council of the City of New York calls on Congress to pass, and the President to sign, S.1302/H.R.2389, the “Resident Physician Shortage Reduction Act of 2023,” to increase the number of residency positions eligible for graduate medical education payments under Medicare for qualifying hospitals, including hospitals in rural areas and health professional shortage areas.

Res. No. 507

Resolution calling on the New York State Assembly to pass, and the Governor to sign, S.4786/A.8345A, to enact the “New York affordable drug manufacturing act”.

By Council Members Schulman, Ariola, Riley and Fariás.

Whereas, In the United States (U.S.), prescription drug prices and shortages have been on the rise, making it difficult for many Americans to access and afford their medications; and

Whereas, A 2024 study by the RAND Corporation, commissioned by ASPE (the principal advisor to the Secretary of the U.S. Department of Health and Human Services (HHS) on policy development) found that in 2022, drug prices in the U.S. were nearly three times higher than in 33 other Organisation for Economic Co-operation and Development (OECD) countries, with U.S. consumers paying an average of \$2.78 for every dollar spent on the same drugs abroad; and

Whereas, In 2019, 3.5 million adults aged 65 and older and 1.8 million Medicare beneficiaries under 65 had difficulty affording their medications, according to the 2022 “Prescription Drug Affordability among Medicare Beneficiaries” report by the ASPE; and

Whereas, Drug cost variations for prescription drugs are significant on both national and local levels, with New York being the third most expensive U.S. state for prescription drugs, where residents pay 17.6% above the national average for their medications, according to GoodRx Health; and

Whereas, The 2020 Drug Pricing report by the New York Public Interest Research Group Fund (NYPIRG) highlighted substantial prescription drug price variations within New York State (NYS) counties and New York City (NYC), with drugs such as Spiriva, a medication for asthma and COPD, costing around \$308.92 in Onondaga and ranging from \$224.95 to \$698.72 in NYC, creating a \$473.77 price difference within the five boroughs; and

Whereas, Despite high and varying drug prices, critical medication shortages continue to escalate, including those used in hospital emergency rooms, cancer treatments, prescription drugs, and even common over-the-counter medicines like children's cold and flu remedies; and

Whereas, According to the American Society of Health-System Pharmacists (ASHP), active drug shortages rose to 301 at the end of the first quarter (Q1) of 2023, up from 271 at the close of Q1 2021; and

Whereas, The U.S. Senate Committee on Finance reported that generic drugs comprised 67% of drug shortages between 2013 and 2017; and

Whereas, The U.S. Food and Drug Administration (FDA) estimates that 91% of all prescriptions in the U.S. are filled with generic drugs; and

Whereas, Despite the high demand for generic drugs, manufacturers often face intense pressure to reduce prices from purchasers or Pharmacy Benefit Managers (PBMs), depleting manufacturers' revenue and leading them to offshore production and cut costs on equipment and quality control, thereby jeopardizing drug quality and increasing vulnerability to unexpected shortages, as detailed in the 2024 Senate Committee on Finance report on generic drug shortages; and

Whereas, PBMs serve as intermediaries between health insurance companies, pharmacies, and drug manufacturers, playing a significant role in the prescription drug distribution chain by developing formularies

(covered medications lists) for health insurers, leveraging their purchasing power over drug manufacturers, and supplying drugs to individuals pharmacies; and

Whereas, Due to PBMs' influence over the prescription drug industry, drug manufacturers lower their prices or offer higher rebates to secure favorable formulary positions, ensuring their products are included in insurance-covered lists to maintain competitiveness and increase sales volume; and

Whereas, The three largest PBMs in the U.S.—OptumRx, CVS Caremark, and Express Scripts—control about 80% of prescription drug sales in America, according to the Kaiser Family Foundation; and

Whereas, HHS has identified a lack of competition as a key factor in the varying and high drug costs, advocating for measures to improve market conditions and promote generics and biosimilars; and

Whereas, In response, NYS Senator Rivera and Assemblymember Rajkumar, have introduced S.4786/A.8345A, which aims to address drug affordability by directing the commissioner of health to establish partnerships with FDA-approved drug manufacturers to produce and distribute prescription generic drugs that are high cost or prone to shortages to increase availability and reducing prices; and

Whereas, The New York Affordable Drug Manufacturing Act includes provisions for transparency in drug pricing, which can help prevent price gouging and ensure that cost savings are passed on to consumers; and

Whereas, This initiative aligns with successful models in other states, such as California's Cal Rx program, which aims to produce generic drugs to address shortages and high prices, demonstrating a viable path forward for New York; and

Whereas, This bill has already garnered the support of numerous advocates, community leaders, and policymakers, and was passed by the NYS Senate with an overwhelming majority of 52 to 10, earlier this year; and

Whereas, Implementing this act would support local economies by creating jobs in the pharmaceutical manufacturing sector and fostering partnerships with existing New York-based pharmaceutical companies; and

Whereas, The availability of affordable medications through a state-run program supports the NYC Healthy NYC goals by ensuring consistent access to necessary medications, promoting healthcare quality and equity, reducing hospitalizations and emergency room visits, and ultimately lowering overall healthcare costs while improving the health and life expectancy of New Yorkers; now, therefore, be it

Resolved, That the Council of the City of New York calls on the New York State Assembly to pass, and the Governor to sign, S.4786/A.8345A, to enact the "New York affordable drug manufacturing act."

Res. No. 508

Resolution designating October 10 annually as Casey Benjamin Day in the City of New York and celebrating the genius of his music and his unique contributions to a variety of music genres.

By Council Members Williams, Riley and Farías.

Whereas, Casey Bryon Benjamin was born on October 10, 1978, in Brooklyn to Gentle Benjamin, a television producer from Grenada, and Julieta McAlmon Benjamin, a nursing assistant from Panama; and

Whereas, Benjamin then moved to South Jamaica, Queens, where he grew up surrounded by Caribbean and Latin culture and musical influences, including the Jamaica Funk Crew; and

Whereas, Having become interested in jazz at the young age of four, Benjamin began playing the saxophone at the age of eight and was performing by the age of 12; and

Whereas, Benjamin graduated from Manhattan’s prestigious Fiorello H. LaGuardia High School of Music & Art and Performing Arts in 1996 and went on to study music at the New School’s School of Jazz and Contemporary Music, where he met Robert Glasper, who would become an important part of his music career; and

Whereas, Beginning their formal collaboration in 2004, Benjamin became a founding member of the Robert Glasper Experiment, led by keyboardist Glasper and later described by *The New York Times* critic Nate Chinen in 2012 as “specializ[ing] in deep, immersive grooves, nourished as much by hip-hop and R&B as any known species of jazz”; and

Whereas, Nominated for five GRAMMY Awards during his career, Benjamin won a GRAMMY in 2012 with the Robert Glasper Experiment for best R&B album for *Black Radio*, which featured Erykah Badu, Lupe Fiasco, and Yasiin Bey (Mos Def); and

Whereas, In 2015, Benjamin won another GRAMMY Award for best traditional R&B performance for the Robert Glasper Experiment’s cover of Stevie Wonder’s “Jesus Children”; and

Whereas, Benjamin was known for his vibrant stage presence and his swirl of braided hair, often streaked with color, gathered on top of his head; and

Whereas Benjamin’s “energy exuded freedom” before he even played a note, according to bass player and composer Derrick Hodge, who collaborated with him in the Robert Glasper Experiment and in Stefon Harris’s band Blackout; and

Whereas, Benjamin also collaborated, recorded, and toured with a long list of well-known jazz, Hip Hop, and R&B solo artists and groups, including Betty Carter, Drake, Nas, Kendrick Lamar, A Tribe Called Quest, Common, Wyclef Jean, Solange, Mary J. Blige, John Legend, Lady Gaga, and Beyoncé; and

Whereas, As an associate music producer working alongside rapper and producer Q-Tip, Benjamin lent his talents to *Ali*, a musical about the life of Muhammad Ali; and

Whereas, Although Benjamin was an acclaimed alto, tenor, and soprano saxophonist, *The New York Times* noted that “he never let himself be limited, by genre, style or even instrument” and that “he created a rainbow of sounds using not only reeds and woodwinds but also a vocal synthesizer manipulated with a keytar (a keyboard instrument worn with a strap around the neck), along with other synthesizers and effects pedals”; and

Whereas, In a 2018 interview on the *HighBreedMusic* website, Benjamin described his own style as “creat[ing] this lane for myself...this sort of thing that, you know, only I can do” and noted that “99 percent of my career, I have been hired to be myself...[people say] just let him do what he does; and

Whereas, In that same interview, Benjamin described the key to success as “find[ing] something that...nobody else does and, when you find it, do it every single time”; and

Whereas, On March 30, 2024, Benjamin died of a pulmonary thromboembolism at the age of 45, prior to the release of his new solo album; and

Whereas, According to his obituary in *DownBeat*, a jazz and blues music magazine, Benjamin “possessed a fluid, round sound on the alto saxophone and a unique sense of phrasing” and was described as “most recognizable by the layers of electronic effects” and for his distinctive “use of vocoder-processed vocals, often manipulated through the keytar he played onstage”; and

Whereas, His longtime collaborator Glasper told *Rolling Stone* magazine that Benjamin was the “epitome of what it means to be unique and one of a kind” and “the true meaning of a genius at his craft”; and

Whereas, In a recent tribute at a concert by Fall Out Boy frontman Patrick Stump, one of his collaborators, Stump said of Benjamin that “to be in his presence is to understand that music is supposed to be joy [and that] we are supposed to share this together”; now, therefore, be it

Resolved, That the Council of the City of New York designates October 10 annually as Casey Benjamin Day in the City of New York and celebrates the genius of his music and his unique contributions to a variety of music genres.

A Local Law to amend the administrative code of the city of New York, in relation to cooling centers

Be it enacted by the Council as follows:

Section 1. Chapter 1 of title 17 of the administrative code of the city of New York is amended by adding a new section 17-199.7 to read as follows:

§ 17-199.7 Cooling centers. a. For the purposes of this section, the following terms shall mean:

1. “Air quality index” means the index established by the United States environmental protection agency for the purpose of reporting daily air quality.

2. “Cooling center” means any facility that is designated by the city to provide air-conditioned relief to the public whenever there is an occurrence or a forecast of a heat-related emergency.

3. “Heat index” means a measurement of the combined air temperature and relative humidity that attempts to determine the human-perceived equivalent temperature.

4. “Heat-related emergency” means the level at which the heat index is deemed to be unsafe or unhealthy for vulnerable populations as determined by the department by rule.

5. “Poor air quality index” means the level at which the air quality index is deemed to be unsafe or unhealthy for vulnerable populations as determined by the department by rule.

6. “Vulnerable population” means any group of persons that are sensitive to or otherwise at a greater health risk than the general population from a heat-related emergency or a poor air quality index.

b. The department, in consultation with the New York city office of emergency management, shall open, maintain and operate cooling centers when there is a heat-related emergency or a poor air quality index in the city. The department shall determine by rule the number and locations of cooling centers to be located in the city, provided, however, that there shall be no fewer than the median number of locations that were operated on any given day that cooling centers were operated under the city’s previous program during the year ending in 2017. When determining establishing the locations of such centers, the department shall take into account the areas in which vulnerable populations reside and make best efforts to locate such centers in areas where such vulnerable populations would likely use such centers when they are in operation pursuant to this section.

c. The department shall post information on its website that contains information including, but not limited to, any health alerts triggered by heat-related emergencies or a poor air quality index, and the availability, hours of operation, and locations of cooling centers. The website shall list the availability, hours of operation, and locations of such cooling centers on or by May 1 of every year.

d. The department shall conduct a public education campaign on heat-related emergencies and poor air quality indexes, and how to prevent health risks associated with such conditions. Such education shall include, but not be limited to, encouraging vulnerable populations to limit exposure and to remain inside an air conditioned building or dwelling during heat-related emergencies and to minimize being outdoors on days where there is a poor air quality index. The department shall display written educational materials in buildings

designated by the department to be cooling centers and conduct outreach to communities where vulnerable populations are likely to reside.

e. On or before June 1 of 2025 and every year thereafter, the department shall conduct a citywide survey to determine public awareness of the cooling centers.

f. On or before December 31 of 2025 and each year thereafter, the department shall submit an annual report to the council and the mayor detailing the department's efforts to inform the public of the availability and value of cooling centers.

1. Such annual report shall include: (i) the median number of cooling centers made available on days that such centers are open and intended for use pursuant to subdivision b; (ii) an estimate of the number of persons seeking relief at each cooling center over the course of each year covered by such report, disaggregated by age group and community board; (iii) the results from the citywide survey conducted pursuant to subdivision e of this section; and (iv) a discussion of any measures taken by the department for the education and/or outreach to the public regarding the health hazards posed by heat-related emergencies and the presence of a poor air quality index, the need to limit exposure to such conditions, and the availability, hours of operations, and locations of cooling centers.

2. Such report shall also include (i) an evaluation of the effectiveness of the department's programs or initiatives to inform the public of the availability and value of cooling centers; (ii) recommendations for new programs and/or strategies that could be implemented by the department, non-governmental organizations or other entities to improve public outreach and the utilization of cooling centers; and an estimate of any additional funding needed for the implementation of any such recommendations.

§ 2. This local law takes effect 60 days after it becomes law, provided that the commissioner of the department of health and mental hygiene, in consultation with the commissioner of the New York city office of emergency management, shall take such actions, including the promulgation of rules, as are necessary for timely implementation of this local law, prior to such effective date.

Stated Council Meeting

Council Chambers – City Hall.....Agenda – 1:30 p.m.

The following comments were among the remarks made by the Speaker (Council Member Adams) during the Communication from the Speaker segment of this meeting:

The Speaker (Council Member Adams) acknowledged the recent passing of several New Yorkers who died during the course of their employment while on the job: Naveed Afzal, a ride share driver in Council Member Hudson's district; Efrain Patino Guerra, a hotel cab dispatcher in Council Member Bottcher's district; and Shigosh Chupa (*phonetic*) a construction worker in Deputy Speaker Ayala's district.

The Speaker (Council Member Adams) acknowledged the deaths of Luciano and Maria Tavares, a married couple who lost their lives during a deadly fire in Council Member De La Rosa's district on June 25, 2024. She also acknowledged the death of four teenagers who tragically drowned at New York City beaches in early July 2024: Zainab Mohammed and Aisha Mohammed who died at Coney Island; and Elyjha Chandler and Christian Perkins who died at Jacob Riss Park. The Speaker (Council Member Adams) reminded all New Yorkers and visitors to take precautions and to swim at the city's beaches only when a lifeguard is present.

The Speaker (Council Member Adams) acknowledged the death of NYPD recruit Edgar Ordonez who passed away at Rodman's Neck in Council Member Marmorato's district. She noted that recruit Ordonez, whose funeral was held earlier on the day of the Stated Meeting, had passed away five days before his graduation from the Police Academy.

On behalf of the Council, the Speaker (Council Member Adams) offered her thoughts and prayers to the loved ones of all of the deceased mentioned above.

The Speaker (Council Member Adams) acknowledged the recent tenth anniversary of the killing of Eric Garner at the hands of police officers in Staten Island on July 17, 2014. She noted how Mr. Garner's tragic death had sparked a mass movement demanding a more just and equitable world where all communities are safe. The Speaker (Council Member Adams) pointed out that his mother Gwen and his entire family had spent the past decade fighting for accountability in regard to Mr. Garner's death.

Whereupon on motion of the Speaker (Council Member Adams), the Majority Leader and Acting President Pro Tempore (Council Member Farías) adjourned these proceedings to meet again for the Stated Meeting on Thursday, August 15, 2024.
