Dollars in Thousands

Savings in this chart are the sum of all expense savings, from all revenue sources, including but not limited to, City, State, and federal savings.

## FY26 Significant Preliminary Plan Changes

## New Needs

• **253 Broadway**. The Preliminary Plan includes baselined City funding of \$43,000 starting in Fiscal 2026 for costs related to Voice over Internet Protocol (VoIP), WiFi, and other office-related technology in LPC's new offices at 253 Broadway. The newly added technology will provide computer networking and phone access for staff, as well as allowing for remote participation and livestreaming at LPC's hearings.

# **Other Adjustments**

- Certified Local Government Program. The Preliminary Plan includes \$38,000 in State Certified Local Government (CLG) program grant funding in Fiscal 2026 only. Each federal fiscal year, the State allocates ten percent of its federal historic preservation funds to CLGs as a matching grant. LPC applied for and received a grant from the State Office of Parks, Recreation, and Historic Preservation, which is financed in part with federal funds from the National Park Service, U.S. Department of the Interior. LPC will use the funds to develop a robust video library and educational resources. The funding will be used to hire a graphic designer to build the framework for inhouse video production and a consultant to create content.
- Save for America's Treasure Grant. In the Preliminary Plan, \$88,670 in federal funding was added in Fiscal 2025 only from the Save America's Treasures grant program which is administered by the National Park Service in partnership with the National Endowment for the Arts, the National Endowment for the Humanities, and the Institute of Museum and Library Services. LPC was awarded the grant to fund a two-year project that will make the City's archaeological collections more accessible to the public. The grant will be used for processing and scanning 20,595 documents

Changes in Preliminary Plan:

Total: \$95,000

New Needs: \$43,000

Other Adjustments: \$0

PEG Restorations: \$52,000

|                                 | <ul> <li>and photographing 8,400 artifacts from two significant City-owned archaeological collections. Additionally, the project will create at least two digital exhibits highlighting ground-breaking archaeological works.</li> <li>PEG Restoration         <ul> <li>Administrative Costs. The Preliminary Plan includes a baseline City funds restoration of \$52,000 starting in Fiscal 2026. This funding will be used for other than personal services expenditures, including maintenance and support costs for the online permitting software, file storage, and other non-capitally eligible software costs.</li> </ul> </li> </ul>  |
|---------------------------------|--|
| Preliminary                     | The Preliminary Mayor's Management Report (PMMR) for Fiscal 2025 reports on one service area and four goals. Noteworthy metrics that were reported are detailed below.   |
| Mayor's<br>Management<br>Report | <ul> <li>Landmark Designations. During the first four months of Fiscal 2025, the Commission designated one individual landmark. Landmark designations have declined recently when compared to those made in preceding Administrations. There was an average of 70 landmarks per year under Mayor Wagner, 48 under Mayor Lindsey, 34 under Mayor Beame, 35 under Mayor Koch, 26 under Mayor Dinkins, 25 under Mayor Giuliani, 26 under Mayor Bloomberg, 16 under Mayor DeBlasio, and but only 10 per year for the Adams Administration.<sup>1</sup> Additionally, a significant percentage of sites that the Commission has chosen to designate in the last few years are either already landmarked, City-owned buildings (which means the City can already preserve the site on its own), City-owned parks (which are protected from loss), cemeteries (which are legally difficult to remove), and interior landmarks over which the Commission has limited regulatory oversight powers due to the court ruling in <i>Matter of Save America's Clocks, Inc. v City of New York (2019).</i><sup>2</sup> These sites comprised a total of 62.5 percent of landmark designations in calendar year 2024, 36.3 percent in 2023, and 83 percent in 2022.<sup>1</sup> This data shows that the Commission in recent years has focused their efforts on designations for sites that seemingly face no immediate or foreseeable threat or where the landmark designation would have limited oversight.</li> <li>Complaints and Investigations. During the first four months of Fiscal 2025 the Commission's enforcement department received 298 complaints and investigated 372 complaints concerning 205 properties, compared to the first four months of 2024 when the commission received 172 complaints and investigated 372 complaints concerning 313 properties. This is a 73.3 percent increase in complaints and a 22.6 percent decrease in investigations. It is extremely concerning that the overall number of complaints are rising and investigations by the agency are decreasing. It casts doubt as to whether the agency can perform basic enf</li></ul> |

| Budget Issues<br>and Concerns        | • Office Conversions. In August 2023, the City launched an Office Conversion<br>Accelerator to expedite complex office-to-housing conversion projects in<br>potentially 136.0 million square feet of available office space in the City. The<br>Accelerator is a single point of contact within City government to help ensure<br>office conversion projects can be completed in a code-compliant and timely<br>manner. This includes analysis of project feasibility, securing necessary permits,<br>and other functions. LPC, along with sister agencies, such as the Department of<br>City Planning, the Department of Buildings, and the Mayor's office, support the<br>Accelerator. LPC should share additional details about its work in the Accelerator<br>and its ideas for how to move the City more quickly towards its goal of converting<br>available office space into housing. This project is extremely important as the City<br>has experienced a record influx of asylum seekers into the shelter system,<br>inflationary livability costs, and non-asylum shelter census continues to climb, due<br>at least in part to high housing costs |
|--------------------------------------|--|
| Federal and<br>State Budget<br>Risks | On January 27, 2025, the Trump administration issued a directive to pause federal loan<br>and grant spending. This directive was quickly rescinded two days later, but an executive<br>order issued by the President to review funding remains in effect. The outcome of the<br>executive order is currently uncertain. The Preliminary Plan includes \$1.6 million in<br>federal funding for LPC in Fiscal 2025 and \$698,287 in Fiscal 2026. If the City is unable to<br>collect this federal funding, LPC's budget could have a shortfall that would need to be<br>resolved in a future financial plan.   |
