Re: Statement of Debt Service

Dear Speaker Menin:

In accordance with Section 242 of the New York City Charter, enclosed is the Statement of Debt Service as of February 17, 2026, which is published in *The City Record* on or about February 27, 2026. I hereby certify that the attached exhibit sets forth the schedule of the estimated appropriations necessary for the City's debt service during FY 2026 and includes appropriations for several sinking funds.

The statement is based on the amount and nature of both the City's outstanding indebtedness on February 17, 2026, and the City's indebtedness that was assumed in the City's February 2026 Financial Plan. The attached schedule reflects debt service appropriations of \$8.96 billion for Fiscal Year 2027 for debt outstanding as of February 17, 2026. Appropriations required for debt service in Fiscal Year 2027 will increase by \$571 million to \$9.53 billion primarily as a result of borrowing that is scheduled to take place between February 17, 2026, and June 30, 2027. It should be noted that these amounts exclude the impact of the planned Fiscal Year 2026 prepayment of Fiscal Year 2027 debt service in the amount of \$238 million.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark D. Levine".

Mark D. Levine
New York City Comptroller
