and understanding to the men and women
of this great assemblage,

It is these 51 members who debate what is good
and who make the laws for the residents of this great city.
Please help them to debate honestly
and with the best of intentions for their constituents.
Please guide their hands and their hearts
to craft proper legislation that will ensure
the safety and prosperity
of all who dwell in our five boroughs.
Provide inspiration and creativity
to the members of this great Council
as they chart a new direction forward
for all the citizens of New York.
Grant safety and security to our municipal workers,
to the brave members of
the New York City Police and Fire Departments,
Sanitation, Corrections, and Parks Departments,
who venture forth into the city each day
to carry out the will and direction of this Council.
Protect them from harm in the performance of their duties.
Indeed, protect all the millions of residents of this great city
as they go about their business
and as they raise their families,
hopefully in safety and in peace.
May the words of King David in *Psalms 145*
ring true for all New Yorkers:
Poteach et Yadecha u'masbiah l'chol chai ratzon -
"You open your hand and satisfy
the desire of every living thing".
May all our wishes, hopes, and desires

REPORTS:

(The following is the text of a Memo to the Finance Committee from the Finance Division of the New York City Council:)

September 14, 2022

TO: Hon. Justin Brannan
Chair, Finance Committee
Members of the Finance Committee

FROM: Jim Caras, Special Counsel

RE: Finance Committee Agenda of September 14, 2022 – Resolutions approving tax exemptions for three Land Use item (Council Districts 8 (1 Item), and 14 (2 items))

Item 1: 3300 Palmer Avenue

The project consists of two buildings with a total of 135 residential units located in the Coop City neighborhood of the Bronx. Of the 135 units, there are seven one-bedroom units, 83 two-bedroom units, and 45 three-bedroom units (one of which is reserved for the superintendent). The units are all rent stabilized and four are vacant.

The project was built in 1999 with construction financing from HDC and a 421-a tax exemption. That same year, HDC entered into a 25-year Regulatory Agreement with the sponsor. The regulatory agreement will expire in 2025 with the expiration of the 421-a tax exemption, after which the owner would have the opportunity to destabilize the units.

The New York City Department of Housing Preservation and Development (HPD) is requesting that the Council approve a 40-year partial tax exemption to preserve long term-affordability and viable operations. The regulatory agreement will require all units to be rent stabilized and rent restricted during the 40-year term. Upon approval of an Article XI tax exemption, the 421-a tax exemption would expire.

This building and 1730 Harrison Avenue (Item 3 below) have been owned by one legal entity, 1700 Harrison LLC, but they have had separate regulatory agreements and currently hold separate mortgages. HPD considers each a separate project and is seeking separate Article XI tax exemptions for each.

Under the proposed project, a new HDFC will acquire title to the building, with 1700 Harrison LLC being the beneficial owner and operating the property.

HPD is requesting the Council approve a partial 40-year tax exemption with a 40-year Regulatory Agreement expanding rent restrictions to all units in the building from the current restriction of 48% of units. The Regulatory Agreement will also add a 10 percent homeless set-aside and there will be a requirement on the owner to provide certain in-unit accommodations pursuant to HPD's Aging-in-place initiative.

This building and 1700 Harrison Avenue (Item 2 above) have been owned by one legal entity, 1700 Harrison LLC, but they have had separate regulatory agreements and hold separate mortgages. HPD considers each a separate project and is seeking separate Article XI tax exemptions for each.

5. In consideration of the New Exemption, the owner of the Exemption Area shall, for so long as the New Exemption shall remain in effect, waive the benefits of any additional or concurrent exemption from or abatement of real property taxation which may be authorized under any existing or future local, state, or federal law, rule, or regulation. By Council Members Salamanca and Riley.

WHEREAS, the Application is related to applications C 220196 ZMQ (Pre. L.U. No. 90), a zoning map amendment to rezone an M1-1 zoning district to a R7-3/C2-4 zoning district; N 220197 ZRQ (Pre. L.U. No. 91), a zoning text amendment to Appendix F to establish a Mandatory Inclusionary Housing (MIH) area; C 220198 ZSQ (L.U. No. 94), a waterfront special permit to modify bulk requirements; and C 220206 MMQ (L.U. No. 95), a city map change to demap a segment of Third Street north of 26th Avenue;

WHEREAS, the Authorization is subject to review and action by the Council pursuant to Section 62-822 of the Zoning Resolution of the City of New York;

WHEREAS, upon due notice, the Council held a public hearing on the Decision and Application on September 7, 2022;

WHEREAS, the City Planning Commission has made the findings required pursuant to Section 62-822(a)(1) of the Zoning Resolution of the City of New York;

WHEREAS, the Council has considered the land use implications and other policy issues relating to the Authorization and Application; and

WHEREAS, the Council has considered the relevant environmental issues, including the Positive Declaration issued February 19th, 2021 (CEQR No. 21DCP138Q) and a Final Environmental Impact Statement (FEIS) for which a Notice of Completion was issued on July 14, 2022, in which potential significant adverse impacts related to hazardous materials, air quality, and noise would be avoided through the placement of (E) designations (E-671) on Projected Development Sites 1 and 2 (Block 911, Lots 1 and 49, respectively). The FEIS determined that the proposed actions could have significant adverse impacts with respect to community facilities (elementary schools and early childhood programs), open space, transportation (transit, traffic, pedestrians, and noise), noise, and construction (transportation and noise); and the identified significant adverse impacts and proposed mitigation measures are summarized in Chapter 18, "Mitigation" of the FEIS, and are included in the Restrictive Declaration. The technical Memorandum dated July 22, 2022 concludes that the application as modified would not result in any significant adverse impacts that were not already identified in the FEIS issued on July 14, 2022 (the "Technical Memorandum").

RESOLVED:

Having considered the FEIS and Technical Memorandum with respect to the Decision and Application, the Council finds that:

1. The FEIS meets the requirements of 6 N.Y.C.R.R. Part 617;

2. The environmental impacts disclosed in the FEIS were evaluated in relation to the social, economic, and other considerations associated with the actions that are set forth in this report; and
3. Consistent with social, economic and other essential considerations from among the reasonable alternatives thereto, the action, with the modifications set forth and analyzed in the Technical Memorandum dated July 22, 2022, is one which minimizes or avoids adverse environmental impacts to the maximum extent practicable; and
4. The adverse environmental impacts disclosed in the FEIS will be minimized or avoided to the maximum extent practicable by incorporating, as conditions to the approval, pursuant to the restrictive declaration attached as Exhibit A to City Planning Commission report for C 220198 ZSQ, those project components related to environment and mitigation measures that were identified as practicable.

The Decision, together with the FEIS constitute the written statement of facts, and of social, economic and other factors and standards that form the basis of this determination, pursuant to 6 N.Y.C.R.R. §617.11(d).

Pursuant to Section 62-822(a) of the Zoning Resolution of the City of New York and on the basis of the Authorization and Application, the Council approves the Decision with the following modifications and subject to the following terms and conditions:

Report of the Committee on Mental Health, Disabilities and Addiction

Report for Int. No. 56-A

Report of the Committee on Mental Health, Disabilities and Addiction in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to establishing a nightlife opioid antagonist program.

The Committee on Mental Health, Disabilities and Addiction, to which the annexed proposed amended local law was referred on February 24, 2022 (Minutes, page 226), respectfully

REPORTS:

I. Introduction

On September 13, 2022, the Committee on Mental Health, Disabilities and Addiction (the Committee), chaired by Council Member Linda Lee, held a vote on Introduction Number 56-A (Int. 56-A) sponsored by Council Member Ossé, which would establish a nightlife opioid antagonist program. The legislation was previously heard at a hearing of the Committee on April 21, 2022, at which the Committee received testimony from the Office of Community Mental Health (OCMH), the NYC Department of Health and Mental Hygiene (DOHMH), mental health professionals, community-based organizations, and other interested parties. At the vote on September 13, 2022, the Committee passed Int. 65-A by a vote of 8 in the affirmative, 0 in the negative, with zero abstentions.

II. Background

In recent years, drug usage and overdose deaths have been on the rise. Most drug overdoses involve opioids, such as heroin and prescription painkillers. The presence of fentanyl – a potent opioid that can be mixed into illicitly sold substances – in drugs like cocaine is contributing to an overall increase in drug overdose deaths.¹ In New York City in 2015, just 17 of the city’s overdose deaths involved cocaine and fentanyl, without heroin; that number rose to 183 in 2019.² And although rates of drug overdose deaths were similar in 2016 to 2017, there was a dramatic shift in the demographics of those impacted: from 2016 to 2017, Black New Yorkers had the largest increase in the rate of overdose deaths.³ In the first two quarters of 2021, there were a total of 1,233 overdose deaths in New York City, compared to 965 deaths during that same period in 2020.⁴ If this trend continues, the New York City Department of Health and Mental Hygiene (DOHMH) expects the number of overdose deaths in 2021 to exceed those in 2020, which saw the highest number of overdoses in New York City since records began in 2000.⁵

III. Bill Analysis

Int. No. 0056-A – A Local Law to amend the administrative code of the city of New York, in relation to establishing a nightlife opioid antagonist program

This bill would require DOHMH to create the Nightlife Opioid Antagonist Program to help prevent opioid overdoses in nightlife establishments. The program would permit nightlife establishments in the City to request and retain up to 5opioid antagonist kits at a time, free of charge, to keep on premises for administration to patrons, staff or individuals on the premises experiencing an opioid overdose. This bill would also require DOHMH to offer free resources and training to staff of participating nightlife establishments on the administration of opioid antagonists. The bill would also require DOHMH to report annually to the Mayor and the Speaker of the Council on the program established under this bill. If passed, this bill would take effect 120 days after it became law.

Since it was heard, the bill was amended to remove potential barriers for establishments that are looking to participate in the program.

UPDATE: At the vote on September 13, 2022, the Committee passed Int. 65-A by a vote of 8 in the affirmative, 0 in the negative, with zero abstentions.

Such term includes, but is not limited to, bars, entertainment venues, clubs and restaurants.

Opioid antagonist. The term “opioid antagonist” means naloxone, naran or any other medication approved by the New York state department of health and the federal food and drug administration that, when administered, negates or neutralizes in whole or in part the pharmacological effects of an opioid in the human body.

§ 17-2102 *Nightlife opioid antagonist program.* The commissioner shall coordinate with the director of the office of nightlife to establish a program whereby an employee of a nightlife establishment may request an opioid antagonist from the department that is intended to be administered to individuals on the premises of such establishment. Such program shall be operated in compliance with existing federal, state and local laws, rules and regulations relating to the distribution of an opioid antagonist.

§ 17-2103 *Terms and conditions.* a. An employee of a nightlife establishment may request up to 5 kits of an opioid antagonist at one time.

Report of the Committee on Public Safety

Report for Int. No. 518-A

Report of the Committee on Public Safety in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to a study and report on the trafficking of illegal firearms.

The Committee on Public Safety, to which the annexed proposed amended local law was referred on June 16, 2022 (Minutes, page 1499), respectfully

REPORTS:

I. INTRODUCTION

On September 13, 2022, the Committee on Public Safety, chaired by Council Member Kamillah Hanks, will vote on Proposed Introduction Number 518-A (“Prop. Int. No. 518-A”), sponsored by Council Member Abreu, in relation to a report on the trafficking of illegal firearms. The Committee previously heard this legislation on June 24, 2022, and received testimony from the New York City Police Department (“NYPD” or “the Department”), the Mayor’s Office for Criminal Justice (“MOCJ”), advocates, legal service providers and members of the public.

II. BACKGROUND

Following nearly a decade of relatively low rates of gun violence, New York City has experienced a rise in shooting incidents in recent years. Generally, this increase mirrors nationwide trends, which may indicate causes not unique to New York City—such as, the massive societal and economic disruptions from the COVID-19 pandemic. Nevertheless, high rates of gun violence persist in certain areas of the city and significant public discourse has focused on how to reverse these trends and improve public safety for all New Yorkers.

a. Historical Trends in Crime Rates

The rates of gun violence and murder decreased steadily and dramatically in NYC beginning in the early-1990s, before stabilizing at relatively low rates throughout the 2000s and 2010s. Shooting incidents dropped from 5,269 in 1993, to 1,794 in 2000, to 776 in 2019.¹ In 1993, there were 1,946 murders in NYC, which decreased to 613 in 2000, and 319 in 2019.² However, New York City experienced a notable increase in shooting incidents, and similar increases in murders beginning in 2020. For example, in 2021 there were 1,559 shooting

incidents, which is nearly double the number of shootings recorded in 2019; and 485 murders, which represents a 52% increase from 2019.

b. Nationwide Spike in Gun Violence

For national context, despite recent increases in shootings and murders, New York City is still relatively safe compared to other large U.S. cities;¹⁰ and increases in rates of shootings during the pandemic have been reported throughout the country.¹¹ Record increases in gun sales, masses of homebound schoolchildren, social isolation, and economic struggles due to COVID-19 placed many people at increased risk for gun violence. Researchers have cited such factors as potential causes for the gun crime spike during the last two years.¹² In fact, 2020 was one of the deadliest years on record for the United States; gun homicides and non-suicide-related shootings took approximately 19,300 lives, a 25% increase from 2019.¹³ There were 3,906 additional firearm deaths and 9,278 additional firearm injuries in 2020 compared to 2019,¹⁴ and three in four big cities saw increases in firearm homicides.

Moreover, gun sales have surged nationally during the COVID-19 pandemic. Industry data and firearms background checks show that nearly 23 million guns were purchased in 2020, according to Small Arms Analytics, representing a 65 percent increase from the 13.9 million guns purchased in 2019.¹⁵ Unintentional shooting deaths by children also increased by nearly one-third when comparing March to December of 2020 with the same period in 2019.¹⁶ The pandemic saw millions of children out of school while gun sales hit record highs, bringing more guns into homes. This resulted in a surge in the number of children accessing firearms and unintentionally shooting themselves or someone else. Lastly, stay-at-home orders and reduced capacity in shelters left domestic violence victims trapped with abusive partners. Data from over 40 states showed about half of domestic violence service providers surveyed saw an increase in gun threats toward survivors of intimate partner violence in their communities during the pandemic.¹⁷

III. ANALYSIS OF PROP. INTRO. NO. 518-A

This legislation will require the Mayor's Office for Criminal Justice to coordinate with the NYPD to study how to reduce the flow of firearms into the city. Such report will include information regarding each illegal firearm seized in New York City. More particularly, the report will include: (i) where the firearm originated; (ii) the location the firearm was seized or surrendered; (iii) whether the firearm was connected to a crime in NYC; (iv) the type of firearm and manufacturer or importer; (v) the firearm's point of entry into the City; (vi) the date the firearm was last sold; (vii) the dealer of the firearm, and whether the dealer is licensed; (viii) whether the firearm is registered; and (ix) is a ghost gun or 3-D printed. Public disclosure of certain firearm trace data gathered from the Bureau of Alcohol, Tobacco and Firearms ("ATF") is limited by federal law and instances where such information would otherwise be included in such report will be omitted.

Additionally, the report will include a review of ways firearms are illegally transported into the City; ways states and municipalities can better coordinate to prevent the illegal transportation of firearms; and recommendations for policies to prevent access to firearms by individuals likely to harm themselves or others; recommendations for youth programming to discourage use of firearms; and recommendations for crime prevention through environmental design improvements.

Since introduction, the legislation has been amended as follows. First, the study and report will be conducted by the Mayor’s Office for Criminal Justice, rather than the Mayor’s Office to Combat Gun Violence, due to MOCJ being better situated to conduct such work due to its existing research staff and expertise. Additionally, the legislation being voted on includes provisions to permit the Administration to withhold disclosure of certain gun trace information that is prohibited from being disclosed by Federal law; and requires the report to indicate the reason why any such information was withheld.

Report for Int. No. 602-A

Report of the Committee on Public Safety in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to determining and identifying the area commonly known as Times Square.

The Committee on Public Safety, to which the annexed proposed amended local law was referred on August 11, 2022 (Minutes, page 1970), respectfully

REPORTS:

I. INTRODUCTION

On September 13, 2022, the Committee on Public Safety, chaired by Council Member Kamillah Hanks, will vote on Proposed Introduction Number 602-A (“Prop. Int. No. 602-A”), sponsored by Speaker Adrienne Adams, in relation to determining and identifying the area commonly known as Times Square. The Committee previously heard this legislation on August 30, 2022, and received testimony from the New York City Police Department (“NYPD” or “the Department”), business owners, advocates, and members of the public.

II. BACKGROUND

a. New York State Rifle & Pistol Association, Inc. v. Bruen

On June 23, 2022, the United States Supreme Court struck down a century-old New York State law that restricted the concealed carry of firearms to those applicants who demonstrated a “proper cause” for possessing a concealed weapon in public.¹ In a 6-3 decision, the Court held that the U.S. Constitution protects an individual’s right to carry a firearm for self-defense outside the home, finding that New York’s regulatory scheme, which granted “public-carry licenses only when an applicant demonstrates a special need for self-defense . . .”, violated Constitutional protections guaranteed by the Second Amendment. In making this determination, the Court ruled that proper judicial review of government regulations that abridge Second Amendment rights, requires a “demonstrate[ion] that [such regulation] is consistent with the Nation’s historical traditional of firearm regulations.”² The “proper cause” language invalidated by the Court, is also incorporated in the Rules of the City of New York governing NYPD concealed firearm permitting procedures.³

b. New York State Legislative Action

Responding to the Supreme Court invalidating the New York’s concealed carry statute, on July 1, 2022, Governor Kathy Hochul signed legislation aimed to strengthen New York State’s gun laws and maintain constitutional validity as set out in the Supreme Court decision.⁴ The law, which goes into effect on September 1, 2022, includes provisions to regulate the issuance of firearm licenses and increase restrictions on the carrying of a concealed firearm. These provisions include standardized training and safe storage requirements for firearm licensees, creating a statewide license and ammunition database, and establishing so-called “sensitive locations,” geographic areas and categories of locations whereby individuals are restricted from carrying a concealed weapon. In addition to defining specific categories of buildings as “sensitive locations,” such as schools, government buildings, or religious institutions, the law established a sensitive location in the area commonly known as Times Square in Manhattan, “as such is determined and identified by the City of New York . . .”⁵ Any individual, regardless of whether licensed for concealed carry of a firearm, would face criminal liability for possessing a weapon in such defined “sensitive location.”⁶

⁶ Penal Law §265.01-E.

On August 30, 2022, the Council held its first hearing on Introduction Number 602. During that hearing, the Council received testimony in support of the boundaries of Times Square established in the legislation, including the following statement from the NYPD which captures the need for and intent of this law: "[We] would like to recognize the importance of Times Square. Times Square is the ‘‘Crossroads of the World,’’ an iconic piece of New York City and one of its most representative symbols. It is a location where people from every part of the globe can come together in a communal gathering. Located in the heart of Manhattan, it is home to some of the city’s most famous attractions and is one of the world’s most visited areas with over 50 million tourists visiting annually. In a typical year, over 360,000 people pass through Times Square each day . . . The state law and this introduction recognize that Times Square is a dense, complex and highly trafficked area, and the state and city are right to act to protect this iconic piece of New York City while at the same time recognizing the particular interests of those who live or work in the area by authorizing the Department to promulgate rules with respect to those licensees.”⁷

III. ANALYSIS OF INT. 602

This legislation would define the geographical boundaries of Times Square for the purposes of establishing such area as a ‘‘sensitive location’’ pursuant to New York State Penal Law. In doing so, the parameters largely follow the area identified as Times Square by the official NYC Tourism website and City’s Times Square Business Improvement District;⁸ covering an area bounded by W. 40th Street to W. 53rd Street and Sixth Avenue to Eighth Avenue, and part of Ninth Avenue and the Port Authority Bus Terminal. Additionally, provisions clarify that the Times Square restricted area does not include the interiors of buildings within the geographic boundaries; except, as such buildings might otherwise be categorized as restricted or ‘‘sensitive location’’ per State law due to their specific use. Finally, the legislation directs the Department to promulgate rules for implementation of the provisions; including, specifically requiring the NYPD to establish rules that address persons with firearms licenses who live and work in Times Square, in order to prevent violation and potential arrest of individuals who live and work in the area. If enacted, the legislation would be effective immediately.

Since introduction, the legislation has been amended as follows. First, the geographical area of Times Square described in the bill remains the same; however, instead of describing the area as two adjoining tracts, the amended legislation describes one-tract of land utilizing a metes-and-bounds description of the area. This change was made to comport with the description of the area provided in a related NYPD emergency rule published and in effect prior to Council hearing the legislation. Additionally, the legislation clarifies that the area described includes the sidewalks of all streets and avenues that define the boundaries of the area.

Topic IV: Landmarks Preservation Commission – (Candidate for re-appointment as Chair by the Mayor upon the advice and consent of the Council)

- **Sarah Carroll [Preconsidered M-90]**

Pursuant to the *New York City Charter* (“*Charter*”) § 3020, the New York City Landmarks Preservation Commission (“LPC”) is responsible for establishing and regulating landmarks, portions of landmarks, landmark sites, interior landmarks, scenic landmarks, and historic districts. The LPC also regulates alterations to designated buildings.

The LPC consists of eleven (11) members. The membership of this commission must include at least three architects, one historian qualified in the field, one city planner or landscape architect, and one realtor; and shall include at least one resident from each of the five boroughs. The mayor appoints the members of the LPC with the advice and consent of the Council. These members are appointed for staggered three-year terms. Each member continues to serve as a commissioner until his or her successor is appointed and qualified. The mayor also designates one of the members to serve as Chair of the LPC, and designates another member to serve as Vice Chair of the LPC. These members of the LPC shall serve until a

successor is designated. The members of the LPC, with the exception of the Chair, serve without compensation, but are reimbursed for necessary expenses incurred in the course of performing their duties. The current Chair's salary is \$223,319.00.

The LPC must appoint a full-time executive director, to perform duties of the LPC. The LPC may also employ technical experts and other employees, necessary to perform its duties, within the appropriations therefor.

As enumerated in the *Charter*, the LPC is required to provide opportunities for comment in advance of any hearing, regarding a proposed landmark designation, landmark site, interior landmark, scenic landmark, or historic district. Notices of proposed designations must be sent to the New York City Planning Commission (“CPC”), all affected Community Boards, and the Office of the Borough President, whose borough, which the property or district is located.

The LPC also has a duty to provide certain notices to the New York City Council (“the Council”). The LPC is required to file a copy of any designation with the Council and the CPC, within ten days of making the designation. Furthermore, within 60 days after such filing, CPC must hold a public hearing on any such designation of a historic district and must submit a report to the Council, with respect to the relation of any such designation to the *Zoning Resolution*, projected public improvements, and any plans for the development, growth, improvement or renewal of the area involved, whether it relates to the designation of a historic district or a landmark. The CPC must include in this report, its recommendation, if any, for the Council’s action with respect to the historic district designation.

The Council may modify or disapprove of any LPC designation by a majority vote, within 120 days, from date that a copy of such designation is filed with the Council, provided that either CPC has submitted the required report on the designation or at least sixty days has elapsed since the filing of the designation with the Council. The Council’s vote shall be filed with the mayor by the Council. The mayor has five days following the filing of the Council’s vote to disapprove of the Council’s action. If the mayor fails to disapprove of the Council’s action during this time, the Council’s action becomes final. If the mayor disapproves of the Council’s action, the mayor must file his/her disapproval, with the Council. Thereafter, the Council may choose to override the mayor’s disapproval, within ten days of the filing of the mayor’s disapproval, with a two-thirds vote of the Council.

In addition to the designation of landmarks, pursuant to *Administrative Code* § 25-303(i), the LPC also has the ability to make recommendations to the CPC, at any time, regarding amendments to the provisions in the *Zoning Resolution*, which are applicable to improvements in the historic districts. Moreover, pursuant to *Administrative Code* § 25-307, the LPC is also responsible for determining whether a proposed alteration or demolition, affecting a landmark, is consistent with the *Landmarks Preservation and Historic Districts* chapter of the *Administrative Code*. In instances where the LPC determines that the proposed change complies with the *Code*, it may grant a *Certificate of Appropriateness*. Otherwise, LPC may deny the applicant’s request.

A Hardship Appeals Panel also exists, which consisting of five members, whom are also appointed by the mayor, with the Council’s advice and consent. This panel operates independently of the LPC and reviews appeals from LPC determinations denying applications for *Certificates of Appropriateness*, on the grounds of hardship, to demolish, alter, or reconstruct improvements. However, this panel only has the power to review applications involving tax-exempt properties.

If re-appointed to the as Chair of the LPC, Ms. Carroll, a resident of the Borough of Queens, will serve the remainder of a three-year term that expires on June 28, 2025. A copy of the candidate’s résumé as well as the related associated message is attached to this briefing paper.

Report of the Committee on Women and Gender Equity

Report for Int. No. 458-A

Report of the Committee on Women and Gender Equity in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to supporting language access through a needs assessment examining language access services used by abortion providers and clients, and related recommendations.

The Committee on Women and Gender Equity, to which the annexed proposed amended local law was referred on June 2, 2022 (Minutes, page 1287), respectfully

REPORTS:

I. INTRODUCTION

On Wednesday, September 14, 2022, the Committee on Women and Gender Equity, chaired by Council Member Tiffany L. Cabán, will consider Proposed Introduction Number (Proposed Int. No.) 458-A, sponsored

by Speaker Adrienne Adams, a Local Law to amend the administrative code of the city of New York, in relation to supporting language access through a needs assessment examining language access services used by abortion providers and clients, and related recommendations. This legislation was originally heard at an oversight hearing of this Committee on July 1, 2022, at which the Committee heard testimony from the New York City (NYC) Department of Health and Mental Hygiene (DOHMH), advocacy groups, health professionals, and other interested parties.

II. BACKGROUND

Reproductive Health

Reproductive health, broadly defined, refers to the health and social conditions of human reproductive systems during all life stages.¹ This includes, but is not limited to:

- Family planning services and counseling, terminating a pregnancy (also known as abortion), birth control, emergency contraception, sterilization and pregnancy testing;
- Fertility-related medical procedures;
- Sexual health education;
- Access to medical services and information; and
- Sexually transmitted disease prevention, testing and treatment.²

While this Committee Report adopts a broader definition in the interest of understanding the full spectrum of issues relating to reproductive health, it should be noted and is perhaps not surprising that many definitions of reproductive health focus more narrowly on addressing the reproductive health needs of women.³ These definitions include, but are not limited to, those addressing reproductive decisions—whether a woman seeks to reproduce or avoid reproduction, the impact of the process of reproduction on health and the associated issues related to a woman’s autonomy, privacy and agency over such decisions.⁴

The World Health Organization (WHO) identifies 17 “Reproductive Health Indicators” which further provide a framework for assessing the state of reproductive health.⁵ These WHO indicators include:

1. The total fertility rate;
2. Contraceptive prevalence;
3. The maternal mortality ratio;
4. The percentage of women attended by health personnel during pregnancy;

Research has shown that deficiencies in these indicators are largely conditions that can be alleviated with a combination of better access to health services, improvement in economic and social conditions and increased protections for those seeking reproductive health care services.⁸ Accordingly, in recent years, important measures have been established at the federal, state and local levels to ensure that the right to receive reproductive health services are protected, a process often referred to as reproductive justice.⁹ Generally speaking, reproductive justice seeks to ensure reproductive rights,¹⁰ or the rights of individuals to have access to sexual and reproductive healthcare and autonomy in sexual and reproductive decision-making.¹¹

Reproductive Rights

Reproductive rights comprise a range of civil, economic, political and social rights, including the rights to health and life, the rights of equality and non-discrimination, privacy, information, and the right to be free from torture or ill-treatment.¹² This may include an individual’s right to plan a family, terminate a pregnancy (also

⁶ Note: This paper utilizes the term “female genital cutting,” rather than “female genital mutilation” to give deference to the affected women and girls, often migrants, who live in the midst of a dominant discourse categorizing them as “mutilated” and sexually disfigured. While “female circumcision” is another common term, “female genital mutilation” is also referenced in recognition of the fact that it is the most commonly used term, including in terms of usage in legislation and treaties. Further, while this paper also utilizes the acronym FGC, FGM is also often shortened to FGM/C in recognition of updated and current language. See S. Johnsdotter, *The Impact of Migration on Attitudes to Female Genital Cutting and Experiences of Sexual Dysfunction Among Migrant Women with FGC*, 10(1) CURRENT SEXUAL HEALTH REPORTS 18-24 (2018), available at <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC5840240/>; S. known as abortion), and use contraceptives as well as to have access to reproductive health services and sex education in public schools.¹³ In fact, studies have shown that women and girls¹⁴ who are afforded such rights have better maternal/reproductive health outcomes, reducing rates of maternal morbidity and empowering women.¹⁵ Accordingly, comprehensive healthcare for women should include reproductive care.

Reproductive rights are fundamental to an individual's control over their own life, and are therefore crucial to achieving gender equity.¹⁶ They are founded upon the promise of human dignity, self-determination and equality;¹⁷ including those enshrined in and endowed by numerous international and national doctrines.¹⁸ The UDHR, the foundational document of international human rights law adopted by the United Nations General Assembly (UNGA) in 1948, affirms an individual's right to not be "subjected to torture or to cruel, inhuman, or degrading treatment or punishment."¹⁹ The International Covenant on Economic, Social and Cultural Rights (ICESCR), a multilateral treaty adopted by UNGA in 1966,²⁰ recognizes "the right of everyone to the enjoyment of the highest attainable standard of physical and mental health"²¹ as well as "to enjoy the benefits of scientific progress and its applications."²² Other examples of the enshrinement of reproductive rights are present in many other international doctrines which have been built on and affirmed over the years.²³ These include the right to access to educational information related to family planning and the right to safe, effective, affordable, and acceptable methods of family planning of their choice, such as the regulation of fertility.²⁴ However, comprehensive healthcare for women that even broadly includes reproductive healthcare is not yet the standard.²⁵

Since introduction, this legislation was amended to give providers access to common information and resources in multiple languages and to also require DOHMH to assess the availability of language access services for abortion and the demand for such services, so that the City may better understand, and therefore effectively and efficiently respond to, the needs of abortion providers in the city.

Res. No. 304

Resolution calling upon the New York State Legislature to pass and the Governor to sign A.9414/S.5806, in relation to authorizing the New York City Council to oversee the activities of the New York City Housing Authority.

By Council Members Avilés, Louis, Velázquez, Restler, Won, Hanif, Hudson, Ossé, Farías, Ayala, De La Rosa, Brooks-Powers, Schulman and Bottcher.

Whereas, The New York City Housing Authority (“NYCHA”) is a public housing authority with 335 developments, and 177,611 units that are home to 547,891 authorized residents, through public housing, section 8, and NYCHA’s implementation of the federal rental assistance demonstration (“RAD”) program; and

Whereas, For the past decade, there have been numerous articles that have reported on the frequent service interruptions to heat and hot water, and to gas services at NYCHA developments; and

Whereas, On January 2019, federal and city officials agreed to the appointment of a federal monitor to help address the history of maintenance issues that have created health and safety hazards at NYCHA; and

Whereas, The federal monitor has been charged with approving action plans that require NYCHA to meet certain benchmarks to resolve reoccurring lead, mold, heat, elevator and sanitation issues, but tenants are still struggling to get repairs; and

Whereas, According to The City, an online publication, nearly four years after New York City committed \$2 billion dollars to make building improvements, 92 percent of the 336 projects NYCHA intended to work on have yet to begin; and

Whereas, The same report stated that of the 24 projects that are underway, 92 percent of them have already had major postponements; and

Whereas, Some of the delayed projects included upgrades to heating systems, testing and cleaning for lead, upgrades to trash compactors and elevator repairs; and

Whereas, Tenants pay rent to NYCHA with a reasonable expectation for habitability and basic services, and NYCHA should be held accountable when it fails to make repairs; and

Whereas, Whereas, A.9414, sponsored by Assembly Member Edward Gibbs in the New York State Assembly, and companion bill, S.5806, introduced by State Senator Leroy Comrie in the New York State Senate, would increase the New York City Council’s ability to mandate NYCHA to produce reports and provide information the Council; and

Whereas, Allowing local elected officials to have more oversight over NYCHA’s operations would allow for more analysis over the effectiveness of programs, increase the transparency of NYCHA’s operations and help respond to conditions in a more timely matter; now, therefore, be it

Resolved, That the Council of the City of New York calls on the New York State Legislature to pass, and the Governor to sign, A.9414/S.5806, in relation to authorizing the New York City Council to oversee the activities of the New York City Housing Authority.

Referred to the Committee on Public Housing.

Res. No. 305

Resolution calling on New York state to create a program to provide food benefits for those not eligible for existing benefits, including anyone over 55 meeting income eligibility.

By Council Members Ayala, Louis, Restler, Hanif, Hudson, Brewer and Farías

Whereas, The Supplemental Nutrition Assistance Program (SNAP) is the Country’s largest benefit program geared toward eliminating hunger; and

Whereas, According to the most recent data, there were more than 41 million people, and more than 21 million households, utilizing SNAP in fiscal year 2022; and

Whereas, This is well above the pre-pandemic figures of over 35 million people and nearly 18 million households in fiscal year 2019; and

Whereas, Despite increases to SNAP benefits, many Americans face food insecurity, meaning that they lack consistent access to enough food to support a healthy and active life; and

Whereas, Prior to the COVID-19 pandemic, more than 37.2 million United States residents, or 11.5 percent, were food insecure, according to Food Bank NYC; and

Whereas, Meanwhile, in New York state, nearly 2.2 million New York state residents, or 11.1 percent, were food insecure; and

Whereas, In New York City nearly 1.1 million New York City residents, or 12.9 percent, were food insecure; and

Whereas, New York City's food insecurity rate is 12 percent higher than the national rate, and 16 percent higher than the New York state rate; and

Whereas, New York City residents make up half (50 percent) of all food insecure people living in New York state; and

Whereas, According to City Harvest, the pandemic has exacerbated the hunger crisis and food insecurity in New York City has increased an additional 36 percent of pre-pandemic levels; and

Whereas, According to City Meals on Wheels, one in ten older (over 60 years old) New York City residents face hunger; and

Whereas, However, according to a December 2021 report from the United Hospital Fund, around 40 percent of food insecure New Yorkers have incomes too high to be eligible for SNAP; and

Whereas, Due to the SNAP program being funded by federal funds, undocumented immigrants are also excluded from the program; and

Whereas, To address this, California established its own, state-funding food assistance program called the California Food Assistance Program (CFAP); and

Whereas, This program offers broader eligibility standards for immigrants, and covers lawful permanent residents, refugees, and asylum seekers, even if they have not lived in the Country for at least five years, in comparison to SNAP which requires at least five years of legal status; and

Whereas, Although the broad eligibility does not cover undocumented individuals, California recently passed a budget initiative to cover undocumented residents of the state over the age of 55; and

Whereas, New York state has previously established funds to help provide benefits to those excluded from federal programs; and

Whereas, For example, in 2021, New York state established an Excluded Workers Fund, which provided benefits to New Yorkers who lost income during the COVID-19 pandemic and were left out of various federal relief programs, including unemployment and pandemic benefits; and

Whereas, New York state could establish a similar program to CFAP to cover New Yorkers ineligible for the federal SNAP program; and

Whereas, Research has shown that reducing food insecurity has a profound and positive impact on the health of recipients; and

Whereas, According to research from the United Hospital Fund, decreasing food insecurity by 20 percent would reduce the State's healthcare burden by \$550 million; and

Whereas, The COVID-19 pandemic has exacerbated food insecurity and while programs like SNAP are useful in addressing the issue, too many New Yorkers fall outside of the eligibility requirements; now, therefore, be it

Resolved, That the Council of the city of New York calls on New York state to create a program to provide food benefits for those not eligible for existing benefits, including anyone over 55 meeting income eligibility.

Whereas, Individuals seeking asylum in the United States are required to obtain an employment authorization document (I-766) in order to work in the United States while their asylum claim is pending; and

Whereas, in order to obtain an I-766 employment authorization, asylum seekers must file an application for employment authorization (I-765); and

Whereas, Asylum seekers are ready and able to work and contribute to New York City's economy; and

Whereas, The United States Citizen and Immigration Service ("USCIS") is required to process employment authorization documents for asylum seekers within 30 days; and

Whereas, The COVID pandemic, lack of funding, and staffing vacancies at the United States Citizenship and Immigration Service have caused processing delays for I-765 applications; and

Whereas, According to the Federal Aviation Administration, not only do commercial helicopter tours create incessant noise pollution but they can also create health effects, such as hearing loss, stress, and memory impairments; and

Whereas, H.R. 389, also known as the *Safe and Quiet Skies Act of 2021*, was introduced during the 117th Congress by United States Congressman Ed Case, to better regulate commercial air tour flights; and

Whereas, The *Safe and Quiet Skies Act of 2021* seeks to limit the scope of commercial helicopter tour flights in certain areas; and

A Local Law to amend the administrative code of the city of New York, in relation to requiring district attorneys to report on retained and seized property

Be it enacted by the Council as follows:

Section 1. Title 9 of the administrative code of the city of New York is amended by adding a new chapter 5 to read as follows:

**CHAPTER 5
DISTRICT ATTORNEYS**

§ 9-501 Definitions. As used in this chapter, the following terms have the following meanings:

Office. The term “office” means an office of a district attorney or the special narcotics prosecutor.

Retained property. The term “retained property” means: (i) property other than U.S. currency that the office has obtained an ownership interest in; or (ii) U.S. currency that the office has obtained an ownership interest in that has been transferred to the general fund of the city pursuant to section 14-140, either because the ownership interest in such currency has been waived or forfeited or because such. currency remains unclaimed after the applicable legal period for claiming such currency has expired.

Seized property. The term “seized property” means property over which the office has obtained custody pursuant to section 14-140, the ownership of which has not been adjudicated, that is held for safekeeping, as arrest evidence, for forfeiture or as investigatory evidence.

§ 9-502 Reporting.

a. Each office shall submit an annual report to the council and the office of criminal justice, and post such report on such office’s website. Such reports shall be submitted within 30 days of January 1 each year, starting in 2023, and shall include the following information for retained and seized property during the previous calendar year:

1. The dollar amount of U.S. currency that has become property retained by the office after a settlement agreement entered into between the office and claimants for such currency;

2. The dollar amount of U.S. currency that has become property retained by the office after a judgment in a civil forfeiture proceeding;

3. *The dollar amount of U.S. currency returned by the office to the claimant following a dismissal, judgment, or settlement in a civil forfeiture proceeding pursuant to section 14-140;*

4. *The number of registered motor vehicles that have become property retained by the office after a settlement or judgement in a civil forfeiture proceeding;*

5. *The revenue generated by liquidation of registered motor vehicles that have become retained property, the number of such vehicles liquidated, and the entity contracted to liquidate such vehicles on behalf of the office;*

6. *The revenue generated by liquidation of retained property, other than registered motor vehicles and U.S. currency, and the entity contracted to liquidate such property on behalf of the office; and*

7. *The total amount of seized property in the form of U.S. currency, disaggregated by:*

(a) *The dollar amount of such U.S. currency classified and held for safekeeping, disaggregated by the police precinct and month in which such property was vouchered, and also disaggregated by the dollar amount returned to claimants;*

(b) *The dollar amount of such U.S. currency classified and held as arrest evidence, disaggregated by the police precinct and month in which such property was vouchered, and also disaggregated by the dollar amount returned to claimants;*

(c) *The dollar amount of such U.S. currency held for forfeiture, disaggregated by the police precinct and month that such property was vouchered, and also disaggregated by the dollar amount returned to claimants;*

Res. No. 309

Resolution calling on the New York State Legislature to pass and the Governor to sign S.2832B/A.4558B, the Promote Pre-Trial (PromPT) Stability Act, to ensure judicial review of orders of protection.

By Council Members Cabán, Avilés, Gutiérrez, Hanif, Louis, Restler, Hudson and Won.

Whereas, According to the New York State Office for the Prevention of Domestic Violence, an order of protection is a court order issued in cases involving domestic violence, requiring one person to do, or not do, certain things if a crime is committed; and

Whereas, Orders of protection often require the person charged to stay away from the protected person and children and anywhere they frequent like work or school; and

Whereas, A temporary order of protection (TOPs) is issued the same day that a complainant files for an order of protection and lasts only until the next court date, at which point it may be extended; and

Whereas, A full order of protection means that the subject of the order of protection must stay completely away from the complainant, their home, job and school, and must not abuse, harass, or threaten them; and

Whereas, A final order of protection is issued when the case results in a conviction (whether by plea or after a trial) in criminal court or in family court after a judge finds that a family offense was committed; and.

Whereas, According to the Battered Women Justice Program, orders of protection can be critical to survivor safety, however, orders will not be effective if survivors are not presented with an understandable, just and clear process to obtain an order; and

Whereas, According to the New York Civil Liberties Union (NYCLU), during New York Criminal Court arraignment, judges issue full temporary orders of protection as a matter of course on nearly every case if there is a complainant; and

Whereas, Prosecutors ask for TOPs based almost entirely on the representation of law enforcement officers who sometimes act with incomplete information and bias; and

Whereas, As a result, TOPs are also issued against survivors of intimate partner violence, with women of color, especially Black women, frequently criminalized even when defending themselves according to NYCLU; and

Whereas, According to NYCLU, unnecessary TOPs do not make New Yorkers safe, rather, they disfranchise the most marginalized New Yorkers by making housing, employment and education more difficult to obtain; and

Whereas, These orders exclude people from their homes and jobs, which has immense consequences for the most marginalized New Yorkers, according to NYCLU; and

Whereas, Unlike many other states and the District of Columbia, New York does not have a codified process for accused persons or protected parties to be heard when these orders are issued; and

Whereas, Recognizing this, the New York Appellate Division recently ruled in the matter of Crawford v. Ally (June 24th, 2021), that when a temporary stay-away order is issued which implicates defendant's due process rights, the Criminal Court should conduct a "prompt evidentiary hearing," thereafter; and

Whereas, The case bears the name of Shamika Crawford, who was removed from her own New York City Housing Authority apartment by a stay-away order, rendered homeless and separated from her children for nearly three months; and

Whereas, A hearing in her case would have offered an opportunity for a judge to examine the facts more closely than they could at arraignment to decide if the order should remain in place, or be limited; and

Whereas, However, the Crawford decision leaves numerous details open to interpretation by the courts, and as a result the ruling has been undermined and applied in an inconsistent manner; and

Whereas, According to The Bronx Defenders, Ms. Crawford's experience is a microcosm of the systemic harms that low-income people of color often face when issued a full order of protection in the absence of procedural due process in a way that violates their human right to housing and further perpetuates the poverty and homelessness crisis; and

Whereas, S.2832B, introduced by Senator Jessica Ramos, and A.4558B, introduced by Assembly Member Dan Quart, would give the charged parties the right to a hearing to determine whether a full TOP is necessary and appropriate during the pendency of a criminal proceeding; and

Whereas, The Promoting Pre-Trial (PromPT) Stability Act codifies Crawford's holding into law while clarifying key details of hearings; and

Whereas, It ensures that due process is complied with and that there is uniform application of the decision across the state; and

Whereas, The PromPT Stability Act allows judges to respond to the unique needs of a particular case while also allowing families to work out their differences, and teenagers and young adults to stay in their family's homes; and

Whereas, This legislation will allow judges to make decisions as to the appropriateness of a stay-away order based upon more complete information than they have at arraignment; and

Whereas, According to the Human Rights Watch, pretrial reform has made New York's system fairer by limiting punishment prior to a conviction, allowing people to contest charges against them without the pressure of being in jail and allowing people to keep their jobs and homes, maintain family connections, and access health care while contesting accusations against them; and

Whereas, We must continue the fight to reinforce one of the most basic tenets of justice to ensure that everyone is given the right to a prompt evidentiary hearing so courts will not impose punishments without first reviewing evidence; now, therefore, be it;

Resolved, That the Council of the City of New York calls on the New York State Legislature to pass and the Governor to sign S.2832B/A.4558B, the Promote Pre-Trial (PromPT) Stability Act, and ensure judicial review of orders of protection.

A Local Law in relation to requiring the department of citywide administrative services to develop a civil service ambassador program

Be it enacted by the Council as follows:

Section 1. Chapter 2 of title 12 of the administrative code of the city of New York is amended by adding a new section 12-204 to read as follows:

§ 12-204 Civil service ambassador program. a. Definitions. For the purposes of this section, the following terms have the following meanings:

City agency. The term “city agency” means any agency, office, department, division, bureau or institution of government, the expenses of which are paid in whole or in part from the city treasury.

Civil service. The term “civil service” means the competitive class as defined by section 44 of the civil service law.

Res. No. 310

Resolution calling on the State Legislature to pass, and the Governor to sign S.3062C/A.7503, raising the minimum wage annually by a percentage based on the rate of inflation.

By Council Members De La Rosa, Restler, Hanif, Hudson, Joseph, Brewer, Sanchez and Won.

Whereas, Beginning in 2012, the nationwide Fight for Fifteen movement publicized the inadequacy of the minimum wage, and played a role in leading former-Governor Cuomo to pass an Executive Order gradually increasing the minimum wage from \$7.25 an hour, at the end of 2013, to \$15.00 at the end of 2018; and

Whereas, However, According to the Bureau of Labor Statistics, the rate of inflation has remained at 7% or higher since December of 2021, decreasing the value of the minimum wage and reducing workers' purchasing power, leading to hardship for many; and

Whereas, Adjusted for consumer price inflation from the fourth quarter of 2018 through the first quarter of 2022, the purchasing power of New York City's \$15 minimum wage has declined by 13.6% and is now worth just \$12.96; and

Whereas, Each year that inflation increases and wages remain stagnant, workers in the lowest-paying sectors including food service, retail, and customer service, struggle with the rising cost of necessities; and

Whereas, According to estimates by the Economic Policy Institute, tying minimum wage to the rate of inflation, a practice known as indexing, would deliver raises to over 2 million workers, including 1.4 million workers of color and 1.1 million women, populations that also face significant barriers to advancement; and

Whereas, Dozens of high-cost cities are already raising their minimum wages above \$15, and many are reaching or exceeding \$17 in 2022; and

Whereas, By joining eighteen other states that have indexed their minimum wages, workers in New York State can maintain their purchasing power without yearly legislative action; and

Whereas, New York State Senate Bill S.3062C, sponsored by Senator Jessica Ramos, and Assembly Bill A.7503, sponsored by Assemblywoman Latoya Joyner, amends Labor Law Section 652, requiring the Commissioner of Labor to publish a new, increased minimum wage on or before October first of each year; and

Whereas, According to the bill, the new wage would be the current minimum wage increased by the June through June rate of inflation as measured by the consumer price index for all urban consumers (CPI-U) and would take effect on December 31st of each year; and

Whereas, The bill requires small and large New York City employers to pay their employees \$17.00 after January 2023, \$18.80 after January 1, 2024, and \$20.45 after January 1, 2025; and

Whereas, With prices rising at the fastest pace in 40 years, New Yorkers need livable wages and can no longer afford to wait; now therefore, be it

Resolved, That the Council of the City of New York calls on the State Legislature to pass, and the Governor to sign S.3062C/A.7503, raising the minimum wage annually by a percentage based on the rate of inflation.

Res. No. 311

Resolution calling on New York State to offer civil service exams, training materials, and assistance, at all Department of Corrections and Community Supervision (DOCCS) facilities.

By Council Members De La Rosa, Louis, Restler, Hudson, Joseph, Brewer and Sanchez.

Whereas, America has the highest incarceration rate in the world – 629 per 100,000 people – compared to Rwanda, the second highest with a rate of 580 per 100,000; and

Whereas, In 2019, there were approximately two million people behind bars in this country; and

Whereas, In New York State’s prison system, there were more than 7,500 people incarcerated as of March 2021; and

Whereas, Reentry into the workforce after release from jail or prison is crucial for those formerly incarcerated, their families, and society at large; and

Whereas, For instance, research shows that a steady job and regular income reduces recidivism, thereby increasingly public safety; and

Whereas, Meanwhile, the national economy is harmed when these individuals are excluded from the workforce; and

Whereas, Data from 2016, for example, showed that the country’s “annual gross domestic product (GDP) was reduced \$78-87 billion due to the exclusion of people with felony convictions from the workforce. When accounting for the exclusion from entrepreneurial opportunities and the exclusion of those with misdemeanor convictions, the impact to GDP is likely to be higher”; and

Whereas, Furthermore, with employment often being a condition of parole, those reentering the workforce after incarceration, even if they find employment, are vulnerable to exploitation, feeling forced to accept low-paying jobs or poor working conditions; and

Whereas, Alternatively, employment in the civil service offers job security, health and labor benefits and long-term career opportunities; and

Whereas, In order to ensure people are suitable for positions within the public service, the process involves taking an exam and being entering onto a hiring list; and

Whereas, The exams protect against nepotism and favoritism, but the process can be long and burdensome; and

Whereas, Offering assistance, information and training materials to those in DOCCS facilities would allow more incarcerated people the opportunity to join the civil service; and

Whereas, The Biden Administration recently recognized this important pathway and have developed a Guide to Federal Employment for Second Chance Applicants, and held webinars and briefing seminars in order to boost recruitment of previously incarcerated individuals into the federal workforce; and

Whereas, California is also taking steps to expand the opportunities of the civil service to those previously incarcerated; and

Whereas, In November 2021, the California State Prison in Solano held a civil service workshop and hiring event, the second time it has done so; and

Whereas, After the event, a number of incarcerated individuals took the entry-level Highway Maintenance Worker or Landscape Maintenance Worker exam; and

Whereas, Nearly all of the applicants were successful on the exam and secured conditional job offers; and

Whereas, In addition to making the civil service more diverse, helping formerly incarcerated individuals find secure, well-paying jobs that can lead to long-term careers is important; and

Whereas, Secure employment is a cornerstone of successful reentry and the civil service offers this foundation; now, therefore, be it

Resolved, That the Council of the city of New York calls on New York State to offer civil service exams, training materials, and assistance, at all Department of Corrections and Community Supervision (DOCCS) facilities.

Res. No. 312

Resolution calling upon the New York State Department of Environmental Conservation to deny National Grid's permit request for gas vaporizers at Newtown Creek, the New York State Public Service Commission to oppose rate recovery for gas vaporizers or any associated infrastructure, and opposing any "emergency" variance request to truck LNG that National Grid might make.

By Council Members Gutiérrez, Restler, Cabán, Won, Hudson, Ossé, Nurse, Avilés, Hanif, Joseph, Barron, Louis, Narcisse and Sanchez.

Whereas, According to the International Panel on Climate Change (IPCC), substantial reductions in greenhouse gas emissions will be required by mid-century in order to limit the global average increase in temperature to 1.5 degrees Celsius, and no more than 2 degrees Celsius, to minimize the worst impacts of climate change; and

Whereas, The IPCC’s most recent report found that “without immediate and deep emissions reductions across all sectors, limiting global warming to 1.5°C is beyond reach,” stating that no new fossil fuel infrastructure must be built; and

Whereas, In May 2020, National Grid applied to the New York State Department of Environmental Conservation for a permit to add two new Liquefied Natural Gas (LNG) vaporizers to its Newtown Creek facility; and

Whereas, The utility states that the vaporizers are necessary for heating up liquefied gas, enabling it to be pumped into the system during periods of peak demand, in order to maintain reliability for National Grid customers; and

Whereas, Environmental advocates and community advocates representing residents of Cooper Park Houses, a New York City Housing Authority development, have expressed concerns about the effect that the additional vaporizers would have on the already environmentally burdened neighborhood, citing the neighborhood’s historically poor air quality, status as an ozone nonattainment zone; and

Whereas, In March of 2021, Cooper Park Resident Council, other affected residents, and Sane Energy Project filed a lawsuit against the New York State Department of Environmental Conservation and National Grid alleging that expansion of National Grid’s Newtown Creek facility with the addition of two new LNG vaporizers would violate New York State’s Environmental Quality Review Act and Climate Leadership and Community Protection Act;

Whereas, In their lawsuit, Cooper Park Resident Council and Sane Energy asserted that data National Grid provided in its environmental assessment forms shows that the additional vaporizer infrastructure has the potential to increase vaporizer emissions from the Newtown Creek facility by 31%;

Whereas, In August of 2021, community and environmental advocates filed a complaint with the U.S. Department of Justice, the United States Environmental Protection Agency, Department of Transportation, and Department of Energy, alleging that National Grid breached the federal Civil Rights Act by purposefully building the North Brooklyn pipeline through Black and Latinx Brooklyn communities, while circumventing predominantly white neighborhoods; and

Whereas, The complaint estimated that approximately 70% of the community surrounding National Grid’s North Brooklyn pipeline is non-white, with Black and Latinx residents disproportionately more likely to live within a 1,275-foot proximity to the pipeline; and

Whereas, Advocates have noted that National Grid chose to route the pipeline through neighborhoods already burdened by the highest rates of asthma in the City and lower life expectancy rates, due in part to local pollution levels, ignoring proposed alternative routes through neighborhoods less burdened with environmental justice issues, with higher proportions of white residents, and without sufficient explanation for such routing; and

Whereas, Concerns have also been raised about the safety of National Grid expanding the gas delivery system without addressing widespread leakage, noting that the Brooklyn backbone of the utility’s gas delivery system has had over 22,000 leaks since 2016, and a backlog of 1,944 unaddressed leaks in 2020; and

Whereas, Advocates allege that the proposed addition of the vaporizers to the facility is part of a larger whole action that includes the North Brooklyn Pipeline, the new LNG trucking station at the Newtown Creek facility, and trucking operations that would enable the transport of LNG to the facility via truck, further increasing local emissions levels; and

Whereas, Advocates have also cited recent declines in natural gas usage and the natural gas industry’s own forecasts to call into question the need to build out new infrastructure, expressing concerns that ratepayers will be paying for the cost of the project well after it has become a stranded asset and that National Grid should therefore not be permitted to construct or recover costs of the vaporizers, Phase 5 of the Metropolitan Reliability Infrastructure (MRI), or the trucking station; and

Whereas, The New York City Mayor’s Office of Climate and Environmental Justice acknowledges that the City must reduce its reliance on fossil fuels in order to meet the goal of a 100% zero emissions grid by 2040; and

Whereas, On May 22, 2022, The New York State Department of Environmental Conservation delayed a decision on National Grid’s permit request for the vaporizers for the fifth time, citing proceedings before the state Public Service Commission evaluating whether the utility can prove the project is actually needed for reliability; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Department of Environmental Conservation to deny National Grid's permit request for gas vaporizers at Newtown Creek, the New York State Public Service Commission to oppose rate recovery for gas vaporizers or any associated infrastructure, and opposing any “emergency” variance request to truck LNG that National Grid might make.

Resolution calling on the United States Congress to Pass, and the President to sign, H.R. 8152, the “American Data Privacy and Protection Act,” which would limit the personally identifiable data that companies can collect, and give consumers expanded control over their own data.

By Council Members Menin, Gutiérrez, Hudson, Joseph, Brewer and Sanchez.

Whereas, In the wake of the Supreme Court’s decision in *Dobbs v. Jackson Women’s Health Organization* reproductive rights are under attack in the United States; and

Whereas, Many states are seeking to criminalize women seeking abortions; and

Whereas, New York State and City law protects access to reproductive care for all of its residents; and

Whereas, The internet is an essential tool for individuals seeking reproductive healthcare, whether it is using a search engine to find a practitioner or using an online system to make an appointment with a healthcare provider; and

Whereas, An investigation by *The Wall Street Journal* found, and the New York State Attorney General later confirmed, that certain websites including Facebook are collecting personal reproductive health data without the user’s knowledge or approval, and

Whereas, Some of the websites that collect personal healthcare data include password protected hospital appointment portals; and

Whereas, This personal reproductive health information may be shared with third parties without the user’s consent or approval; and

Whereas, This personal health data is being made available to anti-abortion groups; and

Whereas, Anti-abortion groups are using this personal reproductive health data to deliver targeted information aimed at deterring individuals from obtaining abortion; and

Whereas, Anti-abortion groups have frequently spread false and misleading information about abortion, contraception and other reproductive health topics to deter women from obtaining abortions; and

Whereas, Personal reproductive health information should remain personal between a patient and her doctor; and

Whereas, H.R. 8152 would prevent the collection of personal health data except under certain specific circumstances; and

Whereas, H.R. 8152 would require users to give their affirmative consent for their data to be shared with a third party and allow them to withdraw the consent once given; now, therefore, be it

Resolved, That the Council of the City of New York calls on the United State Congress to pass, and the President to sign, H.R. 8152, the “American Data Privacy and Protection Act,” which would limit the personally identifiable data that companies can collect, and give consumers expanded control over their own data.

Res. No. 314

Resolution calling on the New York State Governor to sign A.7661/S.6655A, an act to amend the social services law, providing that public welfare officials shall not be required to limit authorized child care services strictly based on the work, training, or educational schedule of the parents

By Council Members Menin, Cabán, Louis, Riley, Restler, Hudson and Sanchez.

Whereas, Equitable access to affordable, high quality child care and early learning can be life changing for the youngest New Yorkers, equipping them with a strong foundation for life; and

Whereas, Studies of at-risk children found that, by the age of 40, children who had received high quality early child care experienced fewer arrests, less drug abuse, higher earnings, more home ownership and greater educational achievement than a group of similarly situated children who did not receive high quality early care, according to the Center for American Progress; and

Whereas, In addition to the positive long-term impacts that high-quality child care have on children, early child care programs provide important benefits to working parents; and

Whereas, With access to affordable, quality child care options, families can pursue employment and educational opportunities that contribute to family stability and financial security, according to the Alliance for Quality Education; and

Whereas, While access to child care has long been an issue for New York’s working families, the COVID-19 pandemic and the economic crisis it caused have illustrated how essential child care is and shined a light on the devastating impact the lack of child care has on families and our economy; and

Whereas, Current New York law only allows social service districts to provide child care to those receiving public assistance when a parent is unable to provide care and supervision during a substantial part of the day, and limits care to the hours the parent is at work, in an educational or vocational activity, or seeking employment or housing; and

Whereas, Federal Child Care and Development Fund regulations (45 CFR 98.21(g)), state that the hours of child care are not required to be limited based strictly on the work, training, or educational schedule of the parent or the number of hours the parent spends in work, training or educational activities; and

Whereas, A.7661/S.6655A, sponsored by Senator Jabari Brisport and Assembly Member Andrew Hevesi, would amend the social services law to give counties the option to decouple child care subsidies from the exact hours a caregiver is working or engaged in an approved training, educational or other activity; and

Whereas, This legislation, which has passed in both the New York State Assembly and Senate, would help low-income families receiving public assistance who are working part time, have rotating schedules, have seen their work hours involuntarily reduced due to the economic impacts of the pandemic or who are participating in educational and vocational activities benefit from child care; and

Whereas, According to New York State of Politics, in NYC alone it is estimated that 12,000 families could benefit from this law; and

Whereas, Supporting parents and other caregiver’s ability to participate in the workforce, coursework, job training or workforce development while taking care of their children should be a fundamental right; now, therefore, be it

Resolved that the Council of the City of New York calls on the New York State Governor to sign A.7661/S.6655A, an act to amend the social services law, providing that public welfare officials shall not be required to limit authorized child care services strictly based on the work, training, or educational schedule of the parents.

Res. No. 316

Resolution calling upon the New York State Legislature to pass, and the Governor to sign, legislation that would expand the Senior Citizen Rent Increase Exemption (SCRIE) program and Disability Rent Increase Exemption (DRIE) program to New York City tenants who reside in market rate units.

By Council Members Powers, Louis, Bottcher, Restler, Hanif, Hudson, Joseph, Brewer, Ung, Sanchez and Menin.

Whereas, The New York City Department of Finance administers the Senior Citizen Rent Increase Exemption (SCRIE) program and the Disability Rent Increase Exemption (DRIE) program for rent stabilized and rent control tenants; and

Whereas, Seniors and tenants with disabilities who live in cooperatives that were incorporated under Article XI of the Private Housing Finance Law, federally assisted cooperatives, or Mitchell-Lama and Redevelopment Company developments may be eligible for SCRIE or DRIE; and

Whereas, The SCRIE program also requires senior citizens to be 62 years old or older, have a combined household income of \$50,000 or less and spend more than one third of their monthly income on rent; and

Whereas, The DRIE program also requires tenants to be over the age of 18, have an annual household income of \$50,000 or less, spend more than one third of their monthly income on rent and receive one of the following: federal supplemental security income (SSI), federal social security disability insurance (SSDI), United States Department of Veterans Affairs Disability Pension or Compensation, Disability-related Medicaid, if the applicant has received either SSI or SSDI in the past, or United States Postal Service (USPS) disability pension or disability compensation; and

Whereas, Tenants who have been approved for SCRIE and DRIE will have their rent frozen at the current rate and exempt from future rent increases; and

Whereas, Property owners who have SCRIE tenants or DRIE tenants would receive a credit towards New York real property taxes on the building where the tenant lives, which is the difference between the legal rent and the amount the tenant is required to pay under the SCRIE or DRIE program; and

Whereas, Senior citizens and tenants with disabilities who lease apartments that are not regulated are not eligible for SCRIE or DRIE benefits; and

Whereas, According to a report from the Center for an Urban Future titled, "New York's Older Adult Population is Booming Statewide," nearly 1 in 7 older New Yorkers are living in poverty, and an October 2019 report from New York State Comptroller Thomas DiNapoli titled "Employment Trends for People with

Disabilities in New York City” brought attention to how working age New York City residents with a disability are more than twice as likely to live in poverty as people without a disability; and

Whereas, New York State should expand the SCRIE and DRIE programs to include eligible tenants who reside in market rate units; and

Whereas, Low-income older adults and tenants with disabilities who live in market rate units should have the same benefits as low-income adults and tenants with disabilities who live in other types of affordable housing; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass, and the Governor to sign, legislation that would expand the Senior Citizen Rent Increase Exemption (SCRIE) program and Disability Rent Increase Exemption (DRIE) program to New York City tenants who reside in market rate units.

A Local Law to amend the New York city charter, in relation to the design of the ballot and content of ballot instructions for ranked choice elections

Be it enacted by the Council as follows:

Section 1. Subdivision d of section 1057-g of the New York city charter, as added by a vote of the electors on November 5, 2019, is amended to read as follows:

1. All candidates in a ranked choice election shall be listed on the ballot. The ballot shall permit a voter to rank five candidates, inclusive of any write-in candidate permitted by law, in order of preference for a ranked choice office, unless there are fewer than five candidates on the ballot for such office, in which case the ballot shall permit a voter to rank the total number of such candidates for such office inclusive of any write-in candidate permitted by law.

2. The sections of the ballot containing ranked choice elections shall be organized in the form of a grid, with dimensions and spacing sufficient to facilitate a ranked choice election pursuant to the requirements set forth in this subdivision. The title of the office shall be arranged horizontally in a row at the top of such grid, with columns underneath. The leftmost column shall contain the names of the candidates for such office and the slot or device for write-in candidates for such office, arranged vertically. For any election for a ranked choice office in which all candidates are nominated by independent nominating petition, the names selected for the independent bodies making the nomination of the candidates shall be included on the ballot in accordance with the election law. The subsequent columns shall contain ovals or squares, with one oval or square per each column and row. Each column containing ovals or squares shall be labeled [consecutively] with [the rankings] *a consecutive numeral*, starting from ["1st choice"] "1" and going up to a maximum of ["5th choice."] "5," representing the ranking for that column. The word "choice" shall appear once above the set of ranking columns.

3. (a) The ballot shall, in plain language, set forth instructions that indicate how to mark a ballot so as to be read by the voting equipment used to tabulate results or manually, as applicable, and how to rank candidates in order of the voter's preference, and any other information deemed necessary by the board of elections in the city of New York. Such instructions [and ballot heading information] shall be presented above or next to the first [election of each type] *ranked choice election on such ballot. The board shall also provide line drawing illustrations to supplement such instructions.* At a minimum, [the text for] *such ballot instructions and supplemental illustrations* shall be substantially as follows so that [it] *they accurately reflect* [reflects] the ballot layout:

INSTRUCTIONS

(The board shall provide an illustration here of correctly marked voting positions with multiple candidates ranked.)

Rank candidates in the order of your choice.

Use the (insert "ovals" or "squares") in the columns marked 1, 2, 3, and so on.

(The board may, in its discretion, provide an illustration here of incorrectly marked voting positions with more than one oval or square marked in the same column. Such illustration, if included, shall be overlaid with a large "X" or similar symbol to indicate that the depicted marking is incorrect.)

DO NOT mark more than one (insert "oval" or "square") in any column.

You may rank as many or as few candidates as the columns allow.

(The board may, in its discretion, provide an illustration here of incorrectly marked voting positions with more than one oval or square marked for the same candidate. Such illustration, if included, shall be overlaid with a large "X" or similar symbol to indicate that the depicted marking is incorrect.)

DO NOT mark more than one (insert "oval" or "square") for the same candidate.

Ranking more candidates will not hurt your first-choice candidate.

Any mark or writing outside the (insert "ovals" or "squares") for voting may void your ballot.

You have a right to a replacement ballot. If you make a mistake, or want to change your vote, (insert "ask a poll worker for a new ballot" or, for absentee ballots, "call the board of elections at (insert phone number here) for instructions on how to obtain a new ballot").

[INSTRUCTIONS Rank candidates in the order of your choice. Mark the (insert "oval" or "square") in the "1st choice" column for your first-choice candidate. Mark the (insert "oval" or "square") in the "2nd choice" column for your second-choice candidate, and so on. (Provide illustration of correctly marked voting positions here.) To rank a candidate whose name is not printed on the ballot, mark (insert "an oval" or "a square") next to the box labeled "write-in" and print the name clearly, staying within the box. You may mark as many or as few candidates as the numbered columns allow, but do not mark more than one (insert "oval" or "square") per candidate. Ranking a second-choice candidate, third-choice candidate, and so on will not hurt your first-choice candidate. Do not mark more than one (insert "oval" or "square") in any column. If you do, your vote may not count. Any mark or writing outside the spaces provided for voting may void the entire ballot. You have a right to a replacement ballot. If you make a mistake, or want to change your vote, (insert "ask a poll worker for a new ballot" or, for absentee ballots, "call the board of elections at (insert phone number here) for instructions on how to obtain a new ballot").

The board shall also provide line drawing illustrations to supplement these instructions. At a minimum, an illustration of the correct way to mark the ballot shall be provided, but nothing in this section shall be construed to limit the board in providing additional illustrations.]

(b) In addition to the instructions included pursuant to subparagraph (a) of this paragraph, the ballot shall also include brief instructions within the area for each ranked choice election. Such instructions shall be substantially as follows so that they accurately reflect the ballot layout for the relevant ranked choice election:

Rank up to (insert "5" or, if there are fewer than five candidates, the number of permitted rankings) candidates. Mark only one oval in each column.

(c) Nothing in this section shall be construed to prevent the board from providing additional instructions or illustrations as may be necessary to further the purposes of this section.

4. To the greatest extent practicable, the ballot design shall allow for electronic tabulation of all rankings and electronic detection of ballot marking in order to allow a voter to correct a ballot that assigns equal rank to two or more candidates.

5. If a ranked choice election is on the ballot with one or more elections using other methods of voting, to the extent practicable, the ranked choice elections shall be grouped together and presented either on a separate ballot page from the non-ranked choice elections, or on one side of a combined ranked choice and non-ranked choice ballot page.

6. *If a ballot page includes multiple ranked choice elections, each ranked choice election on such page shall be separated by a bold black line.*

7. *If the ballot includes text in multiple languages, any text included pursuant to this section shall be arranged, to the extent practicable, to ensure that non-English text can be easily compared to the corresponding English text and that each language is clearly separated and visually distinct.*

8. *To the extent practicable:*

(a) The text of any instructions included pursuant to this section shall be in black font set against a white background; and

(b) In the case of a primary ballot that uses coloring to indicate the relevant party, such coloring shall not cover the area of any instructions included pursuant to this section.

9. The final ballot design shall be based on the space and design limitations of the ballot design software, while following the best practices for ballot design to the greatest extent possible.

§ 2. This local law takes effect immediately and applies to any ranked choice election, as such term is defined in subdivision a of section 1057-g of the New York city charter, held on or after June 27, 2023.

Stated Council Meeting

Council Chambers – City Hall.....Agenda – 1:30 p.m

The following comments were among the remarks made by the Speaker (Council Member Adams) during the Communication from the Speaker segment of this meeting:

The Speaker (Council Member Adams) acknowledged the 21st anniversary of the attacks of September 11, 2001. She asked that we continue to honor the memory of those who were lost. She added that it was equally important to support the survivors of the attack as well as those who had lost family members to this tragedy. The Speaker (Council Member Adams) also asked that we remember the brave first responders who risked their lives in their official capacity to save their fellow New Yorkers as well as those who had sacrificed to serve simply because of their heroic humanity. She also acknowledged those first responders who came from all over the country to help New York City. She added that we must ensure that everyone who was impacted by 9/11 and its aftermath receive the health care that they need and deserve.

The Speaker (Council Member Adams) acknowledged the annual New York City Labor Day Parade that was held recently where labor and leaders of the labor movement were celebrated. She noted that she herself was the daughter of two long time union workers and was raised in a home and a community that understood the importance of organized labor. She added that it was important to recognize the continuing fight taking place in the present day for fair wages, safer workplaces, improved benefits, and for the right of all workers to organize without fear of retaliation.

The Speaker (Council Member Adams) acknowledged that it soon would be five years since Hurricane Maria devastated the Caribbean, and in particular, the islands of Dominica, Saint Croix, and Puerto Rico. She asked that we remember the victims and the people of these islands who were still being affected by this tragedy.

The Speaker (Council Member Adams) acknowledged that September is a month when many of the city’s diverse cultural communities are recognized and celebrated. She noted that the Council had marched down Eastern Parkway on September 5th for the 55th Annual West Indian Day Parade for the first time in three years. The Speaker (Council Member Adams) also noted that the city’s Asian-American communities had recently celebrated the Mid-Autumn Festival with friends and family. She added that the upcoming Hispanic Heritage Month will be the time when the contributions and achievements of Latino communities across the country are uplifted. The Speaker (Council Member Adams) additionally noted that black health professionals would be honored at the upcoming 53rd Annual African-American Day Parade in Harlem.

The Speaker (Council Member Adams) acknowledged that September 21st would mark Black Women’s Equal Pay Day. She noted that the first woman-majority Council was committed to narrowing existing disparities and achieving the equity which women deserve. She reiterated that the Council would not rest until women, especially women of color, were paid what they were owed.

Whereupon on motion of the Speaker (Council Member Adams), the Majority Leader and Acting President Pro Tempore (Council Member Powers) adjourned these proceedings to meet again for the Stated Meeting of Thursday, September 29, 2022.

MICHAEL M. McSWEENEY, City Clerk
