TITLE:

A Local Law to amend the administrative code of the city of New York, in relation to trap-neuter-return information and activities in the city of New York.

ADMINISTRATIVE CODE:

Amends sections 17-804 and 17-807.

INTRODUCTION

On August 17, 2012, the Committee on Health, chaired by Council Member Maria del Carmen Arroyo, will hold a hearing on Preconsidered Int. No. ____, a local law to amend the Administrative Code of the City of New York, in relation to trap-neuter-return information and activities in the City of New York. Representatives from the New York City Department of Health and Mental Hygiene (“DOHMH”), animal advocacy organizations, and other concerned members of the community have been invited to testify.

BACKGROUND

On September 21, 2011, the New York City Council passed Local Law 59, which implemented various reforms to New York City’s animal shelter system.¹ One of these reforms required the DOHMH to promulgate rules providing for the registration of individuals or groups conducting trap-neuter-return (TNR) activities, as well as the establishment of criteria for such registration.² TNR is a strategy that is utilized to humanely and effectively manage feral cat populations and colonies.³ The TNR process begins by trapping the cats in a colony, then neutering the cats, identifying them through eartipping, vaccinating them for rabies, and finally, releasing them back into their territory.⁴ While New York City does not directly provide TNR services, many animal advocacy organizations, including but not limited to the Mayor’s Alliance for New York City’s Animals, Neighborhood Cats, the American Society for the Prevention of Cruelty to Animals, as well as a host of other animal welfare organizations and advocates, provide these services throughout the five boroughs.

PRECONSIDERED INT. NO. ____

Preconsidered Int. No. ____ would amend several sections of Chapter 8 of Title 17 of the Administrative Code. Section 1 of the bill would amend section 17-804 by adding a new subdivision e, which requires the Department of Health and Mental Hygiene to post and maintain on its website a regularly updated list of organizations in New York City that offer TNR information and conduct TNR activities.

Section 2 of Preconsidered Int. No. ____ would amend section 17-807, to remove the requirement that the Commissioner of DOHMH promulgate rules for the registration of individuals or groups conducting TNR activities and establish criteria for such registration.

Section 3 of Preconsidered Int. No. ____ would amend Local Law 59 of 2011, by removing the requirement that the Commissioner of DOHMH promulgate the rules required by section 17-807 of the administrative code of the city of New York within 180 days after its enactment into law.

Preconsidered Int. No. ____ would become effective immediately and shall be deemed to have been in full force and effect on September 21, 2011, although the requirement that DOHMH post and maintain on its website a regularly updated list of organizations in New York City that offer TNR information and conduct TNR activities would become effective 30 days after enactment.
