<p>FY26 Changes in Preliminary Plan:</p> <p>Total: (\$175,000)</p> <p>New Needs: \$0</p> <p>Other Adjustments: (\$175,000)</p>	<p>Significant Preliminary Plan Changes</p> <p>Other Adjustments</p> <ul style="list-style-type: none"> • DOP to MOCJ Transfer. The Preliminary Plan includes a reduction of \$87,500 in Fiscal 2025, then decreases of \$175,000 baselined through the outyears to transfer an administrative position from the Department, to the Mayor’s Office of Criminal Justice (MOCJ). • Supervision and Treatment Services for Juveniles Program (STSJP) Transfer. This Plan included \$4 million is in Fiscal 2025 to transfer funds from the Administration for Children’s Services (ACS) to the Supervision and Treatment Services for Juveniles Program. • Lease Adjustment. A one-time increase of \$109,000 is reflected in this Plan for Fiscal 2025 to accommodate a lease adjustment.
<p>Preliminary Mayor’s Management Report</p>	<p>The Preliminary Mayor's Management Report (PMMR) for Fiscal 2025 reports on three service areas and five goals for DOP. Noteworthy metrics that were reported are detailed below.</p> <ul style="list-style-type: none"> • Contribute to improved outcomes in adult and family court proceedings - These indicators present statistics regarding the timely production of pre-sentence investigations (PSI) and determinations of which youth would be appropriate for diversion programing when sentenced by formal juvenile court proceedings. <ul style="list-style-type: none"> ○ In the first four months of Fiscal 2025, the Department completed 2,390 PSIs for adults, which is a decrease from 2,440 PSIs for the same period in Fiscal 2024. The Department completed 385 juvenile investigations and reports in the first four months of Fiscal 2025, an increase over the 338 completed in the same period in Fiscal 2024. In the first four months of Fiscal 2025, 98.2 percent of adult investigations were completed on time, which is down a percent from the same period in Fiscal 2024. In the first four months of Fiscal 2025 87 percent of juvenile investigations were completed on time, which is a six percent decrease from the previous fiscal year. This decrease is likely due to the overall increase in investigations and reports for juveniles. • Monitor and enforce the conditions of probation- DOP uses these indicators to evaluate client risk and misconduct data to optimize supervision, monitoring, and program services while increasing client accountability. This is primarily completed during field visits and enforcement actions. <ul style="list-style-type: none"> ○ During the first four months of Fiscal 2025, probation officers completed 2,374 initial risks and needs assessments for adults beginning probation supervision, a decrease of 14 percent from the same period the previous year. Initial risk assessments for juveniles totaled 915 in the first four months of Fiscal 2025, an increase of 11 percent from the same period during the previous year. The average monthly violation rate for adults on probation supervision remained at the same percentage (1.6 percent) during the first four months of Fiscal 2025 as it had been in the same period of Fiscal 2024, while the juvenile rate decreased from 1.7 percent to 1.6 percent. The number of adults on probation that were rearrested as a percentage of total NYPD arrests increased from 2.5 to 2.6 percent over the first four months of Fiscal

2025, while the juvenile rate remained stable, at 0.2 percent between the same period of Fiscal 2024 and 2025.

- **Provide client support and enrichment services to improve probation outcomes -**
The Department utilizes Individual Action Plans (IAPs) to create goals for adults and juveniles who are under supervision. The DOP also uses these plans to provide community-based services.
 - During the first four months of Fiscal 2025, there were 21 new enrollments of juveniles in alternative-to-placement (ATP) programs, versus 39 during the first four months of Fiscal 2024. There were 937 new enrollments in DOP-managed programs during the first four months of Fiscal 2025, a 50 percent increase when compared to the same period the previous year. Adult probationer early completion rates decreased during the first four months of Fiscal 2025 when compared to the same period in Fiscal 2024, from 16 to 12 percent, while the approval rate for early completion increased from 92 to 95 percent during the same period. The PMMR shows that 78 percent of adult probationers and 90 percent of juvenile probationers completed their programs, an increase of four percent for adults and 16 percent for youth, when comparing the first four months of Fiscal 2024 and Fiscal 2025.
