## **INTRODUCTION**

The District Resource Statement (DRS) is prepared annually by the Office of Management and Budget. Sections 2707 and 2708 of the New York City Charter require that agencies report to the City's 59 community boards expense budget and service information at the agency's service district level. The reporting levels vary by agency and by program. Service districts range from police precincts which can be smaller than community districts to multi-borough offices.

This edition of the DRS gives information for both FY 2017 and FY 2018. The current edition reports on agencies that deliver services directly to community districts and boroughs. These agencies manually generate the information in the DRS, except for the fiscal data which is provided by the Financial Information Services Agency. The agencies also provide performance indicators for a variety of services. An explanation of agency programs and performance indicators is included.

Personnel headcounts and corresponding fiscal data, equipment information, performance indicators, and contractual services are organized as follows:

- **Personnel Report** - FY 2017 headcounts and fiscal data are as of June 30, 2017. FY 2018 Adopted Budget data is as of the Budget Adoption in June.
- **Equipment Report** - Unless otherwise noted, FY 2017 information is as of June 30, 2017. FY 2018 information indicates proposed equipment levels.
- **Performance Report** - Once again, community boards will be able to compare select measures of agency

performance within their district to a borough-wide and/or citywide average of the agency's performance. Except where indicated, the performance figures are full year figures for FY 2017. Section 12(c)6 of the New York City Charter states that "for agencies with local service districts or programs within community districts and boroughs, the mayor's preliminary management report and management report insofar as practicable shall include schedules of agency service goals, performance measures and actual performance relative to goals for each such local service district or program." Indicator information in the DRS supplements the Mayor's Management Report by providing measures of performance at the local level. Totals for all the districts reporting in the DRS will be consistent with the citywide numbers reported in the MMR except where otherwise noted.

- **Contract Report** - Data on contractual services varies somewhat from program to program, but includes at least the time period of the contract, the cost of the contract, the kind of service provided and some measure of the service.

For each agency program, all pages for a particular local service district are grouped together in the following order: Personnel, Equipment, Performance, and Contract Reports. The Personnel Reports give a complete description of the service and the address of the local service district headquarters. The contract pages provide the names and addresses of vendors, and sometimes the location where the service is provided.

The District Resource Statement is useful to the community boards at all stages of the budget participation process. Community boards can use the DRS to monitor service delivery throughout the year. It provides a common data base which the agencies and community boards can use to discuss service delivery and to formulate specific budget requests. The Performance Reports can help the boards assess the quality of the service in relation to the resources which are deployed in or budgeted for the community district. By comparing this year's DRS with previous editions, community boards can also use the DRS to analyze trends in funding levels, resource allocation, and service delivery. Using the Mayor's Management Report, boards are able to compare service performance indicators in their district with citywide findings.

Caution must be used in interpreting the information contained in this document. Agencies often need to move personnel or equipment from one district to another or employ seasonal workers depending on the time of the year. These changes are not reflected in the DRS. A reduction in staffing levels does not necessarily signal a corresponding reduction in services. Where necessary agencies provide explanatory footnotes. Also, Financial Plan Savings are not reflected in the local district reports because these amounts are budgeted at the Unit of Appropriation level. It is not possible to predict the impact of financial savings on an individual service district level.

OMB publishes District Resource Statements for the following agencies:

## I. OVERVIEW AND SERVICE DEFINITIONS

The District Resource Statement indicates where services funded through the Department for the Aging are available for older New Yorkers. This section briefly describes the Department's major funding sources, services provided directly by the Department, and the definitions of contractual services and units of service.

Section II, *How To Use The District Resource Statement*, clarifies what information is available in this publication, how it is organized, and how it can best be located within this report.

### A. Sources of Funding<sup>1</sup>

The Department has three primary sources of funding for services. These are:

#### 1) Federal funding

Sources of Federal funding include Title III-B (supportive services), Title III-C1 (congregate meals), Title III-C2 (home delivered meals), Title III-D (health promotion), Title III-E (caregiver services), Title V (employment) and of the Older Americans Act and the U.S. Department of Agriculture Commodity Food Program.

#### 2) State funding

The New York State Legislature provides funding through the Community Services for the Elderly (CSE) program, the Expanded In-Home Services for the Elderly Program (EISEP), State Transportation Program, the Wellness in Nutrition (WIN), and the Congregate Services Initiative (CSI) programs.

#### 3) City funding

The City of New York provides broad support for a variety of services through general tax levy funds.

### B. Department Personnel

Department personnel provide direct services to older persons and are responsible for contract management activities for community-based programs.

### C. Definitions of Contractual Services<sup>2</sup>

This section provides information about community-based programs funded under contract with the Department. These programs provide services to older New Yorkers to maintain and improve their quality of life. The following are definitions and units of service for services funded by the Department:

- 1) **Case Assistance.** A service provided to older persons to link them with requested services or resources, or to assist them with personal crises or with problems of daily living. As appropriate to the individual's need, activities include information and referral, entitlement counseling, advocacy, supportive contact, and assistance in contacting resources, obtaining services or benefits, and navigating other service systems.

Unit of service: Contact with the client.

- 2) **Caregiver Services.** Assistance designed to support caregivers in their efforts to provide care for an older person or to support grandparents or other older caregivers in their efforts to provide care for a child. Caregiver services include support groups and counseling.

Unit of service: Varies.

3) **Case Management.** A service provided only by designated case management agencies. Case management involves a comprehensive assessment to identify the needs and strengths of older persons with functional impairments, planning with these clients on how to meet their needs and build on their identified strengths and capacities, and arranging and coordinating services and resources on their behalf. Case management utilizes the development of a helping relationship with the client in order to foster the client's capacity to problem-solve and join in planning decisions. The goal of case management is to help clients maintain their independence to the extent possible, and improve their current quality of life.

Unit of service: Each hour of direct client service.

4) **Congregate Breakfast.** A hot or other appropriate breakfast meal served to eligible participants in a group setting. The meal served meets 1/3 of the Recommended Dietary Intake (RDI) and adheres to U.S. dietary and DFTA guidelines.

Unit of service: Each meal served.

5) **Congregate Lunch.** A hot or other appropriate lunch or dinner meal served to eligible participants in a group setting. The meal served meets 1/3 of the Recommended Dietary Intake (RDI) and adheres to U.S. dietary and DFTA guidelines.

Unit of service: Each meal served.

6) **Congregate Weekend Meal.** A hot or other appropriate lunch or dinner meal served to eligible participants either in a group setting or provided to participants to take home for the weekend. The meal served meets 1/3 of the Recommended Daily Intake (RDI) and adheres to U.S. dietary guidelines.

Unit of service: Each meal served.

7) **Counseling.** A planned and structured activity provided to alleviate an older person's stress and anxiety and help the individual solve personal problems or make appropriate choices. Qualified counselors conduct the service face-to-face on a one-to-one or group basis.

Unit of service: Each client.

8) **Education/Recreation.** This service consists of scheduled and organized activities that offer varied and diverse opportunities for: (1) satisfying use of leisure time; (2) physical exercise and other types of health-related activities or education; (3) social interaction; (4) enjoyment/development of interests, skills, creativity and talents; and (5) participant leadership.

Unit of service: Each group session.

9) **Employment.** All activities which result in increasing employment opportunities for older persons, including: recruitment of potential employees and employers; assessment of work experience and skills; job counseling; subsidized employment; training for upgrading job seeking skills; training in new job skills, job development, job placement, referral services, and supportive services.

Unit of service: Each hour of service.

10) **Escort.** Personal accompaniment of an older person to destinations in the community, including medical or other appointments. Persons accompanied by escorts have mobility, vision or cognitive impairments, or require assistance for other reasons.

Unit of service: Each one-way trip.

11) **Friendly Visiting.** This service provides organized visits by volunteers to homebound older persons with the purpose of reducing social isolation among the homebound elderly.

Unit of service: Each visit (contact) with a client.

12) **Group Respite.** Group respite is authorized by contracted caregiver programs and provides a structured program of activities and lunch for cognitively impaired or physically frail individuals in a group setting for at least a five hour day, but fewer than 24 hours. Core services include: planned and organized group activities that are appropriate to the population being served; client supervision and monitoring; at least some personal care assistance with the following activities of daily living (ADLs): toileting, mobility, transfer, and eating; and nutrition. The program must provide transportation, where needed.

Unit of service: Each hour of direct client service.

13) **Health Promotion.** Services or activities that promote or support good health and healthy habits among older persons. Service activities may include: lectures or presentations, group discussions, exercise or relaxation classes; health screening tests or other activities to assist in the early detection of possible health problems (e.g., through blood pressure monitoring, glaucoma testing, hearing tests) and the administration of influenza and other vaccines by the Department of Health.

Unit of service: Each participant of a group session, class or event.

14) **Home-Delivered Meals.** The delivery of one hot or other appropriate meal to older eligible participants in their homes. The meal delivered meets 1/3 of the Recommended Daily Intake (RDI) and adheres to U.S. dietary guidelines.

Unit of service: Each meal delivered.

15) **Homemaker/Personal Care and Individual Respite.** A service for functionally impaired older persons to assist with personal care needs and housekeeping. Assistance is provided with bathing, dressing, grooming, toileting, transferring from bed to chair and/or to wheelchair, walking and eating, as well as with housekeeping tasks.

Unit of service: Each hour of direct client service.

16) **Housekeeper/Chore.** A service for functionally impaired older persons to assist with housekeeping needs only. Assistance is provided with dusting and vacuuming; light cleaning of the kitchen, bedroom and bathroom; shopping or other essential errands; laundering, ironing and mending; meal preparation; etc.

Unit of service: Each hour of direct client service.

17) **Information.** Service provides individuals with current information on entitlements, services, and opportunities available for older persons within their communities. Includes linking individuals to services and opportunities available in the community.

Unit of service: Each contact.

18) **Legal Assistance.** A service provided by, or under the supervision of, an attorney to older persons. The service may include provision of legal advice, representation, and assistance with applications for public benefits, legal appeals, or other legal service.

Unit of service: Each hour of direct client service.

19) **Naturally Occurring Retirement Community (NORC).** NORC programs are coordinated, on-site supportive service programs for predominantly low and moderate-income elderly residents of designated housing locations.

Unit of service: Varies.

20) **Nutrition Counseling.** The provision of nutrition information and guidance by a Registered Dietician (RD), NYS Certified Dietician/Nutritionist (CDN) or Dietetic Technician-Registered (DTR) to an individual and/or a caregiver, in order to improve the older person's health through proper nutrition. Service involves an assessment of the older person's nutritional status, implementation of a nutrition counseling plan; and evaluation of client outcomes.

Unit of service: Each hour of direct client service.

21) **Nutrition Education.** A program to promote better nutrition, physical fitness and health through consumer health instruction or information provided by, or under the direction of, a Registered Dietician (RD), Registered Dietician-Eligible (RDE), NYS Certified Dietician-Nutritionist (CDN) or a Dietetic Technician-Registered (DTR).

Unit of service: Each participant of a group or individual session.

22) **Outreach.** Activities designed to identify, seek out and encourage hard-to-reach, isolated or homebound older persons (or their caregivers) to use existing services and benefits. The service does not include public information, e.g., newsletters, mailing, media announcements, or special events.

Unit of service: Each initial face-to-face or telephone contact with an individual.

23) **Residential Repair.** Repairs to upgrade substandard, unsuitable or unsafe housing for the elderly (excluding weatherization activities).

Unit of service: Each hour of direct client service.

24) **Shopping Assistance/Chore.** The provision of assistance to an older person to help with chores or with shopping needs. Activities include, but are not limited to running errands, doing heavy housework, yard work or sidewalk maintenance such as shoveling snow. Clients appropriate for this service have some functional impairment, but only need minimal assistance.

Unit of service: Each contact with the client.

25) **Telephone Reassurance.** This service provides organized, regularly scheduled phone calls by volunteers to homebound older persons with the purpose of reducing social isolation among the homebound elderly.

Unit of service: Each phone call in which contact is made with the client.

26) **Transportation.** A service to transport older persons to a variety of locations and appointments, including senior centers, service agencies, banks, stores, recreational activities, and medical and other essential appointments. There are two types of transportation services:

**Individual Transportation.** In this type, a vehicle is used to transport one person from point to point (like care service). At times, a vehicle may transport more than one person in a kind of car pool, but numbers are limited.

**Group Transportation.** This type of transportation has four variations: A multi-passenger vehicle: (1) picks up different individuals at different locations along a route and drops each one off at a different location along the route (e.g., like a public bus); (2) picks up different individuals at different locations along a route, but drops them all off at a common location (e.g., a senior center); (3) picks up different individuals at a common location (e.g., senior center) but drops them off at different locations (e.g., their homes); (4) picks up different individuals at a common location (e.g., senior center), and transports them to a common location (e.g., shopping mall).

Unit of service: Each one-way trip per client.

## II. HOW TO USE THE DISTRICT RESOURCE STATEMENT

The Department for the Aging provides funding under contract to over 600 programs in the five boroughs of New York City. Each borough, as mandated by the City Charter, is divided into community districts. Some programs serve multiple community districts, an entire borough, or even community districts across multiple boroughs. The following descriptions will help the user understand what information is available and how it is reported in this document:

- 1) For a listing of services to the elderly provided directly by the Department, please refer to *Section III: Department for the Aging Program Description & Locations: Direct Services*.
- 2) Within each borough, program information is presented by community district. At the beginning of each borough section there is a separate listing of programs that serve the entire borough. The city-wide programs are also listed in a separate section.
- 3) Programs are listed alphabetically within each community district they serve. Each borough section begins with a borough-wide map and a listing of programs that serve the entire borough. A community district map showing all senior centers located within that district precedes each community district summary. Citywide programs are listed in Section IX.
- 4) The following information is provided for each program:
  - a) the program's address and telephone;
  - b) the contract amount and a breakdown of the types and amounts of program services planned for the city fiscal year;
  - c) the program's Department for the Aging identification code;
  - d) the community district where the program is located;
  - e) a list of all of the community districts served by the program.
- 5) "NORC" indicates Naturally Occuring Retirement Community programs.
- 6) The **community district code** is a three-digit number with the first digit indicating the borough: Bronx = 1, Brooklyn = 2, Manhattan = 3, Queens = 4, and Staten Island = 5. The last two digits are the community district of the borough. For example, the code for Bronx community district 6 is 106. Services that are available throughout an entire borough have the last two digits "00". For example, services that are available throughout the Bronx have the three digit number 100, Brooklyn would be 200, and so on. Services that are available throughout the five boroughs have the three digit number 600.
- 7) The Department for the Aging's program identification number is a five-digit code (e.g., 31501). The first three digits are unique codes assigned to each program contract.
- 8) The types of service provided by a program, the number of units of service, and the program funding may be revised over the course of the year.
