~~Section 121-115 (Certification and other requirements of preservation and conversion) for #uses# specified in Section 121-112 (Use Group B).~~

~~The amount of #floor area# to be preserved shall be equal to the amount of #floor area# changed to a Use Group 6B #use# or any #use# permitted by the underlying #use# regulations, as applicable. Such #floor area# may be preserved in the same #building# or in any other comparable #building# in Preservation Areas P 1 or P 2, subject to the provisions of Section 121-114 (Comparability).~~

~~#Floor area# may not be preserved on portions of floors. ~~Where the #floor area# to be preserved is not located within the same #building# where the #use# will be changed, such #floor area# must be comparable to #floor area# in the #building# where the #use# will be changed. Comparability, shown by an affidavit from a professional engineer or a registered architect, licensed under the laws of the State of New York, shall exist where the #floor area# to be preserved meets the following criteria:~~

~~(a) Elevators: Load and number~~

~~(1) Load~~

~~Each elevator shall have a minimum load of 2,000 pounds. The total load of all elevators servicing the #floor area# to be preserved shall be in accordance with the following ratio:~~

Total load _____	is greater than or equal to 90% of	Total load _____
Gross #floor area# of #building# to be preserved		Gross #floor area# of #building# that will be occupied by the change of

~~#use#~~

~~(2) Number~~

~~There shall be a minimum of two elevators. The number of elevators servicing the #floor area# to be preserved shall be in accordance with the following ratio:~~

$$\frac{\text{Number of elevators}}{\text{Gross #floor area# of #building# to be preserved}} \text{ is greater than or equal to } 90\% \text{ of } \frac{\text{Number of elevators}}{\text{Gross #floor area# of #building# that will be occupied by the change of #use#}}$$

~~Notwithstanding the above, where there is only one elevator servicing the #floor area# to be occupied by the change of #use#, there may be one elevator servicing the #floor area# to be preserved if the following exist:~~

- ~~(i) the #floor area# to be serviced by the elevator in the #building# to be preserved does not exceed the #floor area# serviced by the elevator in the #building# to be occupied by the change of #use# by more than 10 percent; and~~
- ~~(ii) the ratio of the volume of the elevator servicing the #floor area# to be preserved to the #floor area# to be preserved is at least 90 percent of the ratio of the volume of the elevator servicing the #floor area# to be occupied by the change of #use# to the #floor area# to be occupied by the change of #use#. If the number of elevators required pursuant to the above ratio includes a fraction of an elevator, this fraction shall be rounded to the nearest whole number.~~

~~(b) Floor load~~

~~The floors shall have a minimum live load capacity of 100 pounds per square foot (100 psf).~~

~~(c) Size of floors~~

~~The #floor area# shall be located on floors of not less than 3,000 square feet or 50 percent of the size of the floors in the #building# to be occupied by the change of #use#, whichever is greater. #Floor area# may not be preserved on portions of floors.~~

~~(d) Loading facilities~~

~~The loading facilities shall be at least equal in number to those in the #building# to be occupied by the change of #use#. In addition, if such #building# has an off-street loading dock, the #building# containing the #floor area# to be preserved must have such off-street loading facilities.~~

~~(e) Column spacing~~

~~There shall be a minimum distance between columns of 16 feet, measured on center. In addition, the average distance between columns shall not be less than 90 percent of the average distance between columns in the #building# to be occupied by the change of #use#.~~

~~(f) Height of #stories#~~

~~The #stories# shall have an average minimum height of ten feet.~~

121-115 Certification and other requirements of preservation and conversion

~~(a) Prior to the issuance of an alteration permit for the change of #use# of #floor area# to Use Group 6B #use# in Preservation Area P-1, or the change of #use# of #floor area# to any #use# permitted by the underlying #use# regulations in Preservation Area P-2, the Chairperson of the City Planning Commission shall certify compliance with the requirements of Section 121-113 (Floor area preservation), upon proof of a legal commitment to preserve and maintain the required #floor area# for a permitted #use# in Use Group B. Such legal commitment shall be executed by all parties having any interest in the #floor area# to be preserved as shown by a certificate issued by a title insurance company licensed to do business in the State of New York showing all such parties in interest.~~

~~A "party in interest" in the tract of land shall include only (W) the fee owner thereof, (X) the holder of any enforceable recorded interest superior to that of the fee owner and which could result in such holder obtaining possession of all or substantially all of such tract of land, (Y) the holder of any enforceable recorded interest in all or~~

~~substantially all of such tract of land which would be adversely affected by the preservation as required herein, and (Z) the holder of any unrecorded interest in all or substantially all of such tract of land which would be superior to and adversely affected by the preservation required herein and which would be disclosed by a physical inspection of the tract of land.~~

~~A copy of the legal commitment required herein shall be recorded in the Conveyances Section of the Office of the City Register of New York County upon certification.~~

~~(b) The amount of #floor area# required to be preserved in any #building# pursuant to Section 121-113 shall not be reduced by the existence of a previously issued legal commitment for preservation on a portion of the #floor area# in the #building#.~~

~~(c) If any #floor area# to be preserved for a #use# in Use Group B pursuant to Section 121-113 is damaged, destroyed or becomes unusable, it shall be repaired or reconstructed only in accordance with the conditions and restrictions set forth in the certification granted by the City Planning Commission and the legal commitment constituting part of such certification. Failure to comply with any other conditions and restrictions or failure to rebuild such preserved #floor area# set forth above shall constitute a violation of the certification and may constitute a basis for denial or revocation of the building permit or certificate of occupancy issued for the #building# containing preserved #floor area#.~~
