c. Use of any temporary outdoor heater as authorized pursuant to this local law shall comply with guidance issued by the fire department and department of transportation. Such guidance shall include but not be limited to the following elements:

1. Safety regulations to mitigate the risk of fire, personal injury or damage to property caused by operation of a temporary outdoor heater;

2. The use of roadways, pedestrian plazas or other public outdoor locations to provide healthcare facilities with meaningful access to outdoor locations for the treatment or queuing of patients; and

3. Accessibility for people with disabilities in compliance with applicable federal, state and local law.
