Int. No. 1165

By Council Members Salamanca, Kallos, Rosenthal, Levine, Holden, Levin, Yeger and Ulrich

A Local Law to amend the administrative code of the city of New York, in relation to monitoring and reporting on the air quality around wastewater treatment plants

Be it enacted by the Council as follows:

Section 1. Chapter 5 of title 24 of the administrative code of the city of New York is amended by adding a new section 24-531 to read as follows:

§ 24-531 Wastewater treatment plant air quality monitoring. a. The commissioner, in consultation with the commissioner of health and mental hygiene, shall develop an air quality monitoring program pursuant to which the department shall monitor the air quality in the vicinity of any wastewater treatment plant operated by

File #: Int 1165-2018, Version: *

the department.

b. The program shall annually measure and record the levels of air pollutants that are hazardous to

human health, including but not limited to gases such as carbon dioxide, methane, nitrous oxide, hydrogen

sulfide, and pathogenic airborne microorganisms such as bacteria, viruses, protozoa, or parasites. Where, due

to conditions unique to a particular wastewater treatment plant the commissioner believes other hazardous air

pollutants may have been released into the air, the commissioner shall also monitor the air for such other

pollutants.

c. The commissioner shall report findings of the program for each wastewater treatment plant to the

Council on an annual basis. The report shall include at minimum what hazardous air pollutants were found

through the monitoring and in what quantities. The commissioner shall also make each report available on the

department's website in a machine-readable format.

§ 2. This local law takes effect 180 days after it becomes law, provided, however, that the commissioner

of environmental protection, in consultation with the commissioner of health and mental hygiene, shall take all

actions necessary for its implementation, including the promulgation of rules, before such date.
