Int. No. 927-A

By The Speaker (Council Member Johnson) and Council Members Lander, Powers, Chin, Kallos, Cohen, Constantinides, Ayala, Rivera and Deutsch

A Local Law to amend the administrative code of the city of New York, in relation to creating an electronic tracking system for city-issued parking permits

Be it enacted by the Council as follows:

Section 1. Chapter 1 of title 14 of the administrative code of the city of New York is amended by adding a new section 14-183.1 to read as follows:

§ 14-183.1 Electronic tracking system for city-issued parking permits. a. For the purposes of this section, the term “city-issued parking permit” means a permit issued by a city agency that indicates permission to park in certain areas during certain times has been granted.

b. The department shall create a centralized electronic system to track all city-issued parking permits and to record all summonses issued by the department in connection with the improper use of city-issued parking permits. Such system shall allow the department to verify in real time the validity of city-issued parking permits.

c. The department of transportation and the department of education, if authority to issue city-issued parking permits is delegated pursuant to section 19-162.3, shall provide the department with information about city-issued parking permits to be included in the electronic system, including but not limited to the vehicle or vehicles and the permissible and non-permissible locations and uses associated with such permit.

d. The department shall report each month on summonses issued for misuse of a city-issued parking permit to the city agency whose employee was issued the permit for which the summons was issued. Such city agencies shall also have the ability to access such information on an as-needed basis.

§ 2. This local law takes effect December 31, 2021.
