Following the initial training each security guard shall be provided annually with an eight-hour refresher training of which at least two hours must be shelter-specific training. The 40- hour post hire training and the eight-hour refresher training shall be in addition to the minimum training required under article 7-A of the general business law. Such trainings must be provided by a security guard training school and by instructors with at least three years of security guard or law enforcement experience via classroom based interactive sessions or, if a declared public health emergency prohibits classroom-based instruction, via synchronous instruction delivered by a live instructor. Trainings must occur within 120 days of hire or 120 days after the effective date of the local law that added this section for existing security guards. Security guards shall be compensated at their regular hourly rate for the time spent participating in such trainings, and a shelter operator shall be reimbursed by the department for the training after it demonstrates that the training has been provided.

h. Severability. In the event that any requirement or provision of this section, or its application to any person or circumstance, should be held invalid or unenforceable by a court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other requirements or provisions of this section, or the application of the requirement or provision held unenforceable to any other person or circumstance.

i. Application to existing shelter contracts. No later than 30 days after the effective date of the local law that added this section, the commissioner shall provide notice of the provisions of this section to existing shelter operators. To the extent permitted under a shelter contract between the department and a shelter operator executed prior to the effective date of the local law that added this section, the commissioner shall commence to renegotiate such existing shelter contract to include the provisions of this section and shall terminate such existing shelter contract if the shelter operator does not accept the new terms within 90 days of receiving notice of the provisions of this section. The commissioner shall provide sufficient funding for shelter operators to fulfill the additional requirements imposed under this section.
